

2017 DODGE GRAND CARAVAN

This is the Brand our grandparents drove. It's the Brand that started with humble beginnings but now boasts intense horsepower ratings and must-have technology. It's the Brand that doles out both style and power, and never makes you choose between the two. With more than 100 years under their belts, each vehicle in the 2017 Dodge lineup pays homage to its iconic bloodline with

award-winning features and superior craftsmanship. The powerful engines and bold exteriors of each vehicle beg to be taken out on the open road. The Dodge name continues to live on with the same determination that the Dodge brothers had when first creating the Brand. It's time to put the pedal to the metal and live fast.

DOMESTIC. NOT DOMESTICATED.

DODGE

2017 DODGE GRAND CARAVAN

It's hard to remember what life was like before satellites bounced 150 channels into our homes, meals could be cooked within minutes and the World Wide Web could be accessed from the palm of our hand. It's also hard to remember what life was like before Dodge created the first minivan more than 30 years ago. But once built, families flocked. Weekend warriors arrived. Small business owners lined up. Today, Grand Caravan powers forward by offering drivers unlimited versatility and more than 55 standard and available safety, security and technology features.

It holds a bounty of premium features and the latest technology.

But most importantly, it holds the confidence of families, their hobbies and their livelihoods.

In our opinion, nothing tops this original.

A silver Dodge Grand Caravan minivan is parked on a sandy beach. The liftgate is open, and the side doors are also open, revealing the interior. The car is positioned on the left side of the frame. In the background, there is a clear blue sky, some trees, and a playground with colorful structures. A red and white striped beach towel is lying on the sand in the foreground to the right of the car.

OPEN TO *ADVENTURE*

Regardless of where your travels take you, Grand Caravan gets you there with ease. Available dual power sliding side doors and an available power liftgate let you load your most precious cargo easily. Once inside, even a commute that used to feel more like a Himalayan trek becomes enjoyable thanks to plush surroundings and a bevy of standard and available entertainment features.

GRAND CARAVAN: BECAUSE OUR LAWYERS COULDN'T SUBSTANTIATE MOST-AWESOME-MINIVAN-IN-THE-UNIVERSE.

Properly secure all cargo.

STOW 'N GO®: THE SURPRISE INSIDE

When you think minivan, you think flexible seating, tons of storage, cup holders that accommodate juice boxes and available dual power sliding side doors. But superior craftsmanship, comfort and luxury? Well that's Grand Caravan putting the cherry on top of your people-hauling sundae.

- 1 // Third-row Stow 'n Go floor storage
- 2 // Available second-row Captain's Chairs
- 3 // Premium Super Console
- 4 // Grand Caravan SE shown with Light Graystone cloth interior
- 5 // Available USB port in glove box
- 6 // Second-row Super Stow 'n Go in-floor storage

Properly secure all cargo.

81 DIFFERENT SEATING CONFIGURATIONS

////// This is true versatility. Flip, fold and tumble your way to the perfect interior without physically removing any seats. They're simply stowed in-floor. Go configure!

81

Where you go, what you do and who's with you today won't be the same tomorrow. That's why this interior has been designed to move, fold, tumble and stow. **Grand Caravan offers second-row Super Stow 'n Go® seats that fold into the floor to give you flexibility, easy access and a flat load floor for optimum cargo capacity.** In fact, there are 81 different seating configurations available on Grand Caravan.

Another storage system includes second-row in-floor storage bins. When Super Stow 'n Go seats are upright, travel essentials can be tucked away for uncluttered access to the third-row seats — making life easier, especially for those helping little ones into child restraint seats. The 60/40 split-folding Stow 'n Go third-row seats also fold into the floor bin with a few easy pulls on the conveniently numbered straps. When the vehicle is in Park, the seat can flip completely rearward for tailgate seating. It's no wonder Grand Caravan is adored by families everywhere.

DRIVER-DRIVEN DESIGN

The back is where all the fun is for the littlest passengers, but the front is for adults only. There are soft-touch surfaces and must-have features at every turn, including different levels of available Uconnect® touchscreen systems. Uconnect features easy-to-navigate icons for radio and SiriusXM® Satellite Radio^{[3]*} controls, personal devices like an iPod® or smartphone, climate controls and available navigation. Visit driveuconnect.com for a list of available options.

The instrument panel houses gauges surrounded by upscale touches of Chrome. Opt for the available full-circumference heated steering wheel for comfort in chilly climates. An available fully integrated Super Console contains four cup holders, two power outlets and covered storage to conceal your technology. This is the kind of smart, well-designed interior that outshines the competition.

*First year of service is included.

*A note about this brochure: all disclaimers and disclosures can be found on page 23.

//// Grand Caravan SXT shown with optional equipment.

EPICALLY AWESOME MULTIMEDIA-VAN

Grand Caravan is the multiplex of minivans. It has all the technology that kids crave and adults aren't overwhelmed by. Opt for the available DVD player and watch the latest movies in high quality on the second-row VGA screen.

With the available DVD player and HDMI inputs, passengers have the ultimate choice in how they pass the time. They can watch a movie or even opt to connect their gaming system.

Rear-seat passengers can tap into the entertainment system via conveniently located ports, or charge their personal electronics.

Properly secure all cargo.

BORN **ROAD-READY**

AWARD-WINNING 3.6-LITER DOHC PENTASTAR® VARIABLE VALVE TIMING (VVT) V6. Grand Caravan's confident swagger isn't just rooted in its safety and security. It's in its ability to tow up to an impressive 3,600 lb (when properly equipped). It's also found in the acceleration of the 283-horsepower 3.6-liter V6 engine. Advanced engine technology allows for a generous 25 mpg highway.*

Grand Caravan's 3.6-liter V6 is also Flex Fuel-capable, offering consumers the choice of using either gasoline or ethanol (E85) fuel. The suspension tuning, an efficient and easy-to-operate gated shifter, and a fuel-economizer feature that alters shift patterns work together to boost overall ride quality and help improve real-world fuel efficiency. For a tighter-tuned ride, choose Grand Caravan GT. The GT's standard performance suspension offers increased damper force and higher spring rates for an exceptionally smooth ride and optimal cornering.

283 HP // UP TO 25 MPG HIGHWAY*

*EPA estimated 17 mpg city/25 mpg highway. Actual mileage may vary. Properly secure all cargo.

FIND OUT MORE AT DRIVEUCONNECT.COM

SAFETY & SECURITY FEATURES

PARKSENSE® REAR PARK ASSIST^[12] //// When the vehicle is in Reverse, this system can sense objects at low speeds; if imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring the vehicle to a stop. (Available on Durango.) For Journey and Grand Caravan, this available system detects objects within 6.5 feet of the backup pathway and provides both an audible chime and visual warning.

RAIN BRAKE SUPPORT //// When the windshield wipers have been activated, the system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security. Standard on Durango.

BLIND SPOT MONITORING (BSM)^[7] WITH REAR CROSS-PATH DETECTION^[12] //// Radar continually monitors rear vehicle blind zones and will visually and audibly alert the driver when a vehicle is sensed in the zones. When the vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle. Available on Durango and Grand Caravan.

ADAPTIVE CRUISE CONTROL (ACC)^[13] WITH STOP //// Helps maintain driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention. Available on Durango.

FORWARD COLLISION WARNING (FCW)^[14] WITH ACTIVE BRAKING //// Forward-facing radar sensors detect when the vehicle may be approaching another object too rapidly and the system alerts the driver with both an audible chime and a visual warning. Available on Durango.

PARKVIEW® REAR BACK-UP CAMERA^[12] //// This system displays an accurate visual reference of what is behind the vehicle when it's in Reverse. Available on Durango, Journey and Grand Caravan.

READY ALERT BRAKE (RAB) //// The system anticipates situations when the driver may initiate an emergency brake stop and uses the Electronic Stability Control (ESC)^[5] pump to precharge the brake system in order to decrease the time required for full brake application. Standard on Durango.

ELECTRONIC STABILITY CONTROL (ESC)^[5] //// This system is designed to assist drivers in maintaining control of their vehicle during extreme steering maneuvers. ESC^[5] senses when a vehicle is starting to spin (oversteer) or plow (understeer), and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels. Standard on Durango, Journey and Grand Caravan.

ALL-WHEEL DRIVE (AWD) //// A system that automatically detects wheel-slip and sends additional power to the wheels with the most traction. Available on Durango and Journey.

ANTILOCK BRAKE SYSTEM (ABS) //// Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions. Standard on Durango, Journey and Grand Caravan.

DODGE GEAR

DODGE.COM/LIFE //// Check out an extensive line of gifts and gear for the Dodge enthusiast. From authentic apparel to die-cast replica cars for the collector, as well as electronics and office supplies, all lifestyle items are as bold as your Dodge vehicle. ///// ALWAYS AT YOUR SERVICE. The story of Mopar began nearly 80 years ago with a focus on motor parts and the introduction of a simple can of antifreeze. Through the decades, we have grown into so much more. Today, as the official service, parts and customer care provider for FCA US LLC Brand vehicles, we walk alongside you as your partner in the vehicle ownership experience. That's why we offer authentic parts and accessories designed by the same engineers that created your vehicle to make it truly *yours*. It's why our team is comprised of expert dealer technicians who know your make and model best, armed with leading-edge diagnostic technology no one else can match. And it's why we've created unique services like Mopar Owner Connect, Express Lane Service and Mopar Vehicle Protection® plans to offer convenience and peace of mind. In short, we are not only here to service cars, trucks, minivans and SUVs — we are here to service people's lives. It's this commitment that fuels who we are. And it's our promise to you that Mopar will always be at your service. See your dealer for the full line of Authentic Accessories available for your Dodge vehicle, or visit mopar.com

5 YEAR / 60,000 MILE¹⁸
POWERTRAIN LIMITED WARRANTY

[1] Based on 2016 *Ward's* Mid-size Sport Utility Vehicle. Excludes other FCA US LLC vehicles. [2] Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. [3] SiriusXM subscriptions for audio and data services are sold by SiriusXM to follow your trial subscription. **If you decide to continue listening after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms and more information at www.siriusxm.com. All fees and programming subject to change. Your equipment and features for SiriusXM services will vary depending upon the vehicle you select and may be limited in select markets. [4] For children 48 – 85 lb and up to 4'9" [5] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [6] The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. [7] Always check visually for vehicles prior to changing lanes. [8] Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit UconnectPhone.com for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Visit UconnectPhone.com for system and device compatibility. [9] WiFi subscription required. Vehicle must be registered with Uconnect Access and fulfill minimum subscription requirements. Vehicle must be properly equipped and in active and usable cellular range for WiFi usage. WiFi Hotspot does not enable direct communication between multiple in-vehicle devices. Factors affecting the performance of WiFi Hotspot include: cellular network, signal strength and quality, time of day, number of channels used by the service provider, type of connection, number of clients using WiFi Hotspot and client device. This feature is not intended for use by the driver while the vehicle is in motion. Always drive safely. [10] The 9-1-1 Call button will connect you directly with Emergency Assistance. If you accidentally press the button, you have 10 seconds to cancel the call by either pressing the 9-1-1 button on the rearview mirror or the Cancel button on the Uconnect touchscreen. [11] Provides direct-dial access to Roadside Assistance Service. Vehicle must be within the United States, have network coverage and be registered with Uconnect Access with an active subscription that includes the applicable feature. Additional roadside assistance charges may apply. Check warranty for details. [12] Always look before proceeding, electronic drive aid is not a substitute for conscientious driving, always be aware of your surroundings. [13] ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [14] FCW system is solely an alert system for the front of the vehicle which does not take any actions to change the vehicle dynamics to avoid a collision and is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [15] Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraints. [16] Uconnect Access is available only on equipped vehicles purchased within the 50 United States. Services can only be used where cellular coverage is available, see coverage map for details. For a complete list of Uconnect Access services, please visit http://www.driveuconnect.com/features/uconnect_access/packages/. Vehicle must be registered for Uconnect Access and fulfill minimum subscription requirements. [17] LDW is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. [18] Transferable. See dealer for complete details and a copy of the 5-Year/60,000-Mile Powertrain Limited Warranty.
