

SERVICE A\$96

- Replace Engine Oil & Filter w/Synthetic Oil
- Rotate Tires
- Front & Rear Brake Inspection
- Fill Washer Fluid
- Check/Top All Fluids & Set Tire Pressure
- Battery Inspection & Performance Test
- Lubricate Door Locks, Latches & Hinges
- Complete Multipoint Vehicle Inspection & Report

SERVICE B\$196

- Replace Engine Oil & Filter w/Synthetic Oil
- Rotate & Balance Tires
- Front & Rear Brake Inspection
- Install Fuel Injection Cleaner
- Replace Engine Air Filter
- Inspect Exhaust & Fuel Systems
- Fill Washer Fluid
- Check/Top All Fluids & Set Tire Pressure
- Battery Inspection & Performance Test
- Lubricate Door Locks, Latches & Hinges
- Complete Multipoint Vehicle Inspection & Report

OIL CHANGE PRICING

- Change Oil & Filter
- Top All Fluids
- Set Tire Pressure

ADDITIONAL RECOMMENDED SERVICES

Vehicle Diagnostic Service.....\$99/hour

Using factory specialized, digital equipment, our trained technicians will perform complete engine computer, electrical, and emissions diagnostics on your vehicle.

4 Wheel Alignment (every 15,000 miles).....\$89.95

Using state of the art computerized laser equipment, our trained technicians will measure, adjust, and align your vehicles suspension and steering to factory settings to ensure proper tire wear and improved fuel mileage.

Brake System Fluid Flush (every 30,000 miles)\$109

Our trained technicians will power flush the brake fluid from the entire braking system to remove all moisture and contaminants from the system that cause premature failure of brake components. New factory Honda fluid will then be installed and all air bled from the system.

Coolant System Fluid Exchange (every 90,000 miles)\$134

Our trained technicians will exchange the antifreeze in your engine coolant system with fresh Honda factory antifreeze for extended protection and performance.

Fuel Injection System Flush.....\$99

Using the Wynns Fuel Injection System Flush system, our trained technicians will remove carbon deposits and contamination from the engine fuel lines, cylinder heads, intake valves, fuel tank and lines, and fuel injectors. Cleaning the air induction and fuel system in the engine will improve fuel economy and overall engine performance and longevity.

Rear Differential Fluid Exchange (every 30,000 miles).....\$129

Our trained technicians will exchange the contaminated rear differential fluid with fresh Honda factory differential fluid for extended protection and performance.

Power Steering Fluid Flush (every 30,000 miles)\$139

Using the Wynn's Power Steering Fluid Flush system, our trained technicians will flush and exchange the power steering fluid in the complete steering system. This will remove harmful deposits and impurities, restore power steering system performance, and condition and revitalize the power steering system seals to prevent leaks and ensure longevity.

Transmission System Fluid Exchange (every 30,000 miles).....\$149

9-Speed Auto Transmission Vehicles\$299

Our trained technicians will exchange the contaminated transmission fluid with fresh Honda factory transmission fluid for extended protection and performance.
