This brochure is for general information and marketing purposes only and is not a contract. The coverage described may not mirror the actual coverage purchased at the time of sale. Specific coverage varies depending upon, among other things, the service contract purchased, optional coverage selections, and the state of purchase. Please read the actual contract documents for important details on coverage, limits, conditions, and terms. If there is any conflict between the information in this brochure and the contract documents, the contract documents will control. Total Care Auto Powered by Landcar is a division of the Larry H. Miller Group of Companies.

INSIDE YOUR VEHICLE

Did you know that the average vehicle contains 10 times more of the germs, viruses, bacteria, and mold spores that negatively affect your family's health than the typical household? And that includes toilets and kitchen sinks!

Think about it: you use your vehicle every day, often eating, transporting sports gear, and tracking dirt and other debris from your shoes, clothes, and purse in the process. But how often do you really clean your vehicle's interior from top to bottom?

Exactly.

Independent studies have shown that your vehicle is one of the unhealthiest environments you and your family are exposed to each day. But DrivePur can change all that.

WHAT IS DRIVEPUR?

DrivePur is an airborne sanitization product that kills all those unseen germs and bacteria inside your vehicle. It utilizes a non-toxic combination of two chemicals (chlorine dioxide and titanium dioxide—the same stuff they use to clean operating rooms) that shocks and kills the bacteria, and then creates a barrier on the interior surfaces of your vehicle that will reactivate with heat, light, and moisture to continue working for up to a year.

It doesn't leave a film, and your vehicle is safe to enter right after DrivePur has been applied. It's quick, simple, and helps keep you and your family healthy and happy.

To have your vehicle treated with DrivePur, ask your dealership or call Total Care Auto Powered by Landcar today:
