

LOJACK® WORKS DIRECTLY WITH POLICE TO TRACK DOWN YOUR STOLEN VEHICLE. OR YOUR MONEY BACK.*

A VEHICLE IS STOLEN EVERY 39 SECONDS. MAKE SURE YOURS IS PROTECTED.

LoJack's proven technology is so effective because it works directly with the police. Covert installation makes it difficult for thieves to know it's there. If your vehicle is stolen, LoJack goes into action, silently leading police to your vehicle's exact location. With LoJack, your vehicle gets recovered—with little or no damage and before it's gone for good.†

LOJACK® IS THE ONLY SYSTEM OPERATED BY POLICE.

- **24-hour theft recovery or your money back***
- **No monthly fees**
- **90% recovery rate on cars and trucks**
- **Device installed in covert locations**

DON'T GIVE THIEVES A HEAD START

Upgrade your LoJack system with Early Warning and know when your car is on the move ... without you.

With Early Warning, your car is equipped with a motion sensor that is uniquely linked to a Key Pass you add to your keychain. If your car moves and the sensor cannot detect your Key Pass, you will be notified by e-mail, phone or text. Once you notify the police, your LoJack unit will be activated.**

* As per the terms of the LoJack Limited Recovery Warranty.

† LoJack's Standard and Limited Recovery Warranties do not cover the costs of damage to a vehicle.

**Please consult the LoJack Owner's Manual for details regarding the timing and circumstances of the Early Warning notification.

The ONLY stolen vehicle recovery system operated by the police.

How LoJack® works:

- 1 NOTIFICATION**
With LoJack, if your car goes missing, one call to the police puts your LoJack system into action. With optional LoJack Early Warning, if your car moves, we notify you by e-mail, phone or text.

E-MAIL

PHONE

TEXT

- 2 ACTIVATION**
As soon as your vehicle is reported stolen, your LoJack is activated, emitting a uniquely coded signal to a network of police cars, helicopters and airplanes.

- 3 RECOVERY**
Police use the LoJack Tracking Systems installed in their vehicles to pick up your car's signal. And because LoJack can work where GPS can't—through concrete, buildings and steel—police can easily track your vehicle. Returning it within 24 hours or your money back.
