ARGO is built to outperform in extreme, challenging terrains.

ARGO is dedicated to freedom and independence. Begin your next adventure with the amphibious, all season, all-wheel drive, off-road ARGO. Go wherever your dreams lead you – through virtually any terrain, over hills, water, ice and snow. Unsurpassed in versatility and reliability, the ARGO carries you, your friends and supplies to those far away and remote locations. With ARGO, go ahead and dare to dream.

NEW ARGO 8x8 FRONTIER EFI

NEW ARGO 8x8 trailer for hauling material or transporting additional equipment.

NEW Sure Grip Gun Rack.

NEW 3500 lb. winch for increased performance.

NEW Universal Mounting System to easily install sprayers, tanks and other equipment.

NEW ARGO Roof provides protection against the elements and greater operator comfort. (mounts onto ARGO ROPS)

Optional Extras: Chain lubrication system to reduce maintenance. High torque transmission for better performance in extreme terrains.
ARGO: Personal Utility Vehicles

Fishing, waterfowl and hunting enthusiasts agree... ARGO is the best way to go!

Fully Amphibious without Vehicle Preparation
ARGO vehicles are designed to float on bodies of water and flooded areas allowing transport for up to 4 passengers or a total load capacity of 1,000 lb. (454 kg). The specially designed tires propel the ARGO at a speed of 3 mph (5 kph).

Designed for Those Who Truly Appreciate the Outdoors
The ARGO is your essential off-road vehicle for hunting and exploration. The ARGO combines many of the advantages you get from a snowmobile, 4x4 ATV, 6x6 UTV and a small boat. Take your friends and all the equipment you need to track the best game. You’ll still have plenty of space to take home whatever you bag.

Stability
The lightweight design provides safe operation in challenging terrain and allows 9" (225 mm) of ground clearance at the center of the vehicle. The specified load capacity of ARGO models is maintained in most off-road applications while the load capacity of UTV and other vehicles often is considerably reduced to allow for safe operation in challenging terrain.

Driver Operation and Control
Specific ARGO models feature a technologically advanced, direct drive triple differential ADMIRAL steering transmission, feeding even torque to all 8 of the big 25" (635 mm) ARGO tires. Operating in high range, these superior extreme terrain vehicles steer smoothly through challenging terrain. In low range, the ARGO can turn within its own length with minimal effort, allowing for extremely tight turns.* The ARGO has excellent approach and departure angles to easily overcome obstacles.

*Applies to tires-only application.

Safety
The low center of gravity and all-wheel drive provide sure-footed traction and maneuverability through demanding weather and terrain conditions. ARGO models are equipped with a standard emergency/parking brake and a skid plate for lower body protection is available as a standard or optional feature.

ARGO models can be equipped with an optional rollover protective structure (ROPS) with integral driver / passenger seat belts and optional windshield.

Seat belts must be worn by all occupants if a ROPS is installed however, they must be unfastened before water entry. For safety, we recommend wearing approved helmets and eye protection. When operating in water, always wear approved Personal Floatation Devices. Always remain seated while in the ARGO.

ARGO vehicles go from land to water without vehicle preparation!

The all season, all terrain ARGO provides safe transport across ice and snow.

Jim and Eva Shockey - world renowned hunters rely on ARGO vehicles. www.jimshockey.com

ARGO vehicles operate in deep snow and offer space for 4-6 passengers plus gear.

**Environmental Impact:** From the unique tread pattern of the tires to the low ground pressure, every ARGO model is designed to minimize its environmental footprint.
ARGO gets the work done around your home, cottage, farm or woodlot.

The rugged ARGO can tow, carry a load, and allows you to work in areas and terrain that are inaccessible. The ARGO is the perfect multi-passenger vehicle for wilderness exploration, scenic tours, photo safaris and everything in-between. Outfitters, lodges and ecotour operators can offer their customers a unique and reliable outdoor experience. The ARGO is also a proven performer for Public Sector, Utilities and Resource Management.

Tour operators, hunt clubs and outfitters use the reliable ARGO to go where others can’t follow.

An ARGO equipped with a plow can be used to clear snow and perform additional tasks around the farm.

Property owners and hobby farmers enjoy the ARGO all year round - and the ARGO can pull a trailer weighing up to 2,000 lb.

The all terrain ARGO 8x8 transports personnel and equipment to remote accident sites and can evacuate the injured.

The ARGO can safely cross ponds or small streams with up to 4 passengers.

The ARGO provides safe and economical transportation for personnel and equipment.
This 8-wheel drive amphibious off-road vehicle is powered by a 4-stroke OHV V-Twin liquid cooled 748cc, 30 hp (22 kW) Kohler Aegis LH 775 engine with electronic fuel injection. It has a load capacity of up to 1,150 lb. (521 kg) on land or 1,000 lb. (454 kg) on water, can transport 6 passengers on land, 4 on water and features a towing capacity of 1,800 lb. (817 kg).

### Overview
The ultimate machine for those who don’t like compromise solutions! This ARGO has it all – a powerful yet quiet, liquid cooled, fuel injected engine, efficient ADMIRAL steering transmission and large 25” (635 mm) wheels combine to give this machine great top speed handling and best-in-class extreme terrain capability while carrying its full payload. It is equally well-suited for hard work and hard play.

### Features
- Innovative triple-differential ADMIRAL transmission with independent steering brakes
- Optional high torque transmission for extreme terrain performance
- Increased steering efficiency for more constant power to the wheels
- Electronic Fuel Injection provides:
  - Increased fuel efficiency
  - Reliable cold weather starting
  - Improved high altitude performance
  - On-board diagnostics
- Large rear cargo capacity
- Long wheel base for increased ride comfort over rough terrain
- Large triple-sealed outer axle bearings
- Front and rear bearing extensions
- 8-wheel traction with low centre of gravity for extra stability
- Electronic ignition
- Self-adjusting hydraulic brakes with vented discs
- Low emissions

*This vehicle is also available as ARGO 8x8 750 HDi EU featuring road approval in Europe. Comes with a front hitch mount.*

For all vehicle configurations, rubber tracks are available for better traction in soft terrain or snow. Appearance and specifications subject to change without notice. Vehicles shown with optional accessories. See specification page and ARGOtv.com for more details.
This 8-wheel drive amphibious off-road vehicle is powered by a 4-stroke OHV V-Twin liquid cooled 748cc, 30 hp (22 kW) Kohler Aegis LH 775 engine with electronic fuel injection. It has a load capacity of up to 1,150 lb. (521 kg) on land or 1,000 lb. (454 kg) on water, can transport 6 passengers on land, 4 on water and features a towing capacity of 1,800 lb. (817 kg).

**Overview**
Great multipurpose vehicle for hunting, personal utility use and commercial applications. The large 25" (635 mm) wheels will take a full load over rocks and stumps with ease while providing extra stability and floatation in water. The powerful 30 hp (22 kW) liquid cooled engine will pull even the heaviest game out of the bush, or carry equipment and gear. The engine starts at the turn of the key, even on the coldest morning, thanks to the electronic fuel injection.

**Features**
- Electronic Fuel Injection provides:
  - Better fuel economy
  - Reliable cold weather starting
  - Improved high altitude performance
  - On-board diagnostics
- Large rear cargo capacity
- Long wheel base for better ride comfort over rough terrain
- Large triple-sealed outer axle bearings
- Front and rear bearing extensions
- 8-wheel traction with low centre of gravity for extra stability
- Proven, state-of-the-art automatic continuously variable transmission with high and low range forward and reverse
- Optional high torque transmission for extreme terrain performance
- Electronic ignition
- Self-adjusting hydraulic brakes with vented discs
- Low emissions

**ARGO Limited Warranty**
One year for vehicles, 3 years for Kohler engines and 2 years for Briggs & Stratton engines.
Extended warranty plans available.
Visit www.ARGOOutv.com/warranty for details.

*This vehicle is also available as ARGO 8x8 700 HD EU featuring road approval in Europe.
This 8-wheel drive amphibious off-road vehicle is powered by a 4-stroke OHV V-Twin air cooled 747cc, 23 hp (17 kW) Kohler Command Pro engine with electronic fuel injection. It has a load capacity of up to 1,000 lb. (454 kg) on land or 900 lb. (408 kg) on water, can transport 6 passengers on land, 4 on water and features a towing capacity of 1,400 lb. (635 kg).

Overview
The most affordable ARGO 8x8 vehicle features great performance in difficult terrain and has excellent water crossing capabilities. Great load carrying capacity and powerful towing capabilities at an attractive price.

Features
- Electronic Fuel Injection provides:
  - Better fuel economy
  - Reliable cold weather starting
  - Improved high altitude performance
  - On-board diagnostics
- Large rear cargo capacity
- Long wheel base for smooth ride comfort over rough terrain
- Large triple-sealed outer axle bearings
- Front bearing extensions
- 8-wheel traction with low centre of gravity for extra stability
- Electronic ignition
- Proven, state-of-the-art automatic continuously variable transmission with high and low range forward and reverse
- Self-adjusting hydraulic brakes with vented discs
- Low emissions

When equipped with tracks, XT models are not fully amphibious, however water crossing is possible with a fording depth of 26” (660 mm).

These 8-wheel drive amphibious off-road vehicles feature Kohler diesel or EFI engines plus ODG patented, triple differential, ADMIRAL transmissions. The main chassis of these vehicles has been engineered using field-proven technology, allowing for increased payloads and greater durability.

For complete information on the ARGO 8x8 XT Models visit our Web site at: www.ARGOOutv.com/catalog/XT-models

ENVIRONMENTAL IMPACT: From the unique tread pattern of the tires to the low ground pressure, every ARGO model is designed to minimize its environmental footprint.

Appearance and specifications subject to change without notice. Vehicles shown with optional accessories. See specification page and ARGOOutv.com for more details.
This 6-wheel drive amphibious off-road vehicle is powered by a 4-stroke OHV V-Twin air cooled 627cc, 23 hp (17 kW) Briggs & Stratton “Cooler Cleaner” engine. It has a load capacity of up to 700 lb. (317 kg) on land or 500 lb. (227 kg) on water, can transport 4 passengers on land, 2 on water and features a towing capacity of 1,400 lb. (635 kg). Rear seat weight restriction of 140 lb. (63 kg) applies.

**Overview**

Powerful top-of-the-line ARGO 6x6 extreme terrain vehicle for challenging terrain, deep mud, flooded areas and snow. For even better performance rubber tracks are available. State-of-the-art triple differential steering transmission provides a smooth ride, easy turns and quick response to overcome obstacles when it counts. Best in category towing capacity allows you to transport all the gear you need.

**Features**

- Innovative triple-differential ADMIRAL transmission with independent steering brakes
- Increased steering efficiency for more constant power to the wheels
- Large triple-sealed outer axle bearings
- Front and rear bearing extensions
- Full skid plate for lower body protection
- 6-wheel traction with low center of gravity for extra stability
- Electronic ignition and back-up recoil starter
- Self-adjusting hydraulic brakes with vented discs
- Low emissions

For all vehicle configurations, rubber tracks are available for better traction in soft terrain or snow.
World Leader In Amphibious Vehicles
ARGO is the best selling all season, off-road amphibian in the world! No other vehicle satisfies so many needs. Hunters, outdoor enthusiasts, property owners, farmers, search & rescue teams, utility and exploration companies all benefit from ARGO’s versatile and unique abilities. ARGO goes where others can’t follow!

Proven Track Record
ARGO vehicles are manufactured by ODG in New Hamburg, Ontario, Canada at ODG’s 121,500 sq.ft. (11,350m²) facility. Since 1962, ODG has been an innovative manufacturer of gears and transmissions, amphibious extreme terrain vehicles, and rovers for future lunar exploration. ODG introduced the world famous amphibious ARGO in 1967 and has sold more than 50,000 vehicles around the globe. Our dedicated team of engineers, production and technical support staff has made ARGO the most reliable, amphibious, off-road, utility vehicle you will ever drive.

Solid Investment
The all season capabilities of ARGO models provide optimized utilization resulting in fast payback on your investment. Proper operation and adherence to a scheduled maintenance program will ensure maximum uptime and usage for years to come.

ARGO DVDs
All DVDs contain brochures in PDF format.

ARGO Personal Utility Vehicle DVD 678-143
Includes the following ARGO videos: Models - 8x8 750 HDi, 8x8 700 HD, 8x8 Frontier EFI, 6x6 650 HD and 6x6 Frontier 580. Applications and capabilities as well as ARGO Rubicon Trail Challenge, ARGO Adventures, and Chile Volcano Expedition.

ARGO Hunting DVD 678-144
Experience the ultimate hunting vehicle: Models - 8x8 XT Models, 8x8 750 HDi, 8x8 700 HD, 8x8 Frontier EFI, 6x6 650 HD and 6x6 Frontier 580. ARGO Hunting with Jim Shockey, Alan Warren, The Outdoor Quest, Southern and Outdoor Experience.

ARGO Commercial DVD 678-145
ARGO and Centaur at Work including detailed model information on ARGO 8x8 XT Models, 8x8 750 HDi, 8x8 700 HD, 8x8 Frontier EFI and 8x8 Centaur. Applications and capabilities.

ARGO Tri-lingual DVD 678-115
Experience extreme off-road performance with ARGO and Centaur. Contains ARGO 8x8 750 HDi, model overview, applications and capabilities in English, French and Spanish.

Availability and content subject to change without notice.

***** Requires Stretcher Mount Adapter (850-100)

Tracks add greater maneuverability in difficult and varied terrain. www.argoutv.com/catalog/tracks

Maximize the utilization of your ARGO with a snow plow and trailer.

For greater speed on water add an outboard bracket and up to 9.9 hp motor.

A bedliner will protect your ARGO and facilitate transportation of equipment and tools.

An ARGO equipped with search and rescue solutions can reach and evacuate injured in remote terrain.
Converti**ble Top
Protects occupants from the weather. Has removable side and rear doors and stores folded down with boot cover. Requires fold-down windshield. (Optional roll bar light cannot be used with full convertible top).

Converti**ble Half-Top
Protects operator and side passenger from the elements. Features removable side and rear doors, allowing easy access to the rear cargo compartment area. Requires fold-down windshield.

Suspension Seats
3-way adjustable suspension seats for increased ride comfort.

Windshield
Scratch-resistant acrylic in an aluminum frame, features mounting hole for the optional windshield wiper accessory.

Windshield Wiper
Complete with everything needed to assemble and fit to your ARGO windshield. The wiper motor mounts quickly and easily, requiring no drilling on newer style prerdilled windshields.

CONVENIENCE
Auto Chain Lubrication System
(Not shown) Reduces maintenance requirements. Increases chain life.

Cargo Tie-Down Rings
(Not shown) Six rings mount around the rear compartment (four rings for 6x6 models).

Entry Step
Convenient and easy access to the vehicle. Can be mounted in four different positions.

Gas Can Holder
Adjustable gas can holder mounted at the rear of the vehicle.

Please refer to page 10 for a complete overview of accessories.

PROTECTION
Battery Shu**t-Off
(Not shown) Positive battery cable interrupt located under the driver seat. Disconnects battery to prevent accidental battery drain.

Bedliner
(Photos on page 10) Protect your cargo storage space. Simple installation, removable and easy to clean.

Roll Bar
Protects driver and passenger. Comes with two seat belts and fits all 6x6 models. (Reduces seating capacity to 2).

Bed Liner
Cover protects cargo area from dirt, debris, and weather. Easy to install and remove.

Utility Rack
Mount adapter can be adjusted for repositioning of front bench seating. Note: Front bench backrest is folded down when basket or stretcher are deployed.

ARGO Mount Adapter Solutions
Accepts Ferno RE1125 or Ferno #9. Fits ARGO 8x8 700 HD and 750 HD. Mount adapter can be adjusted for repositioning of front bench seating. Note: Front bench backrest is folded down when basket or stretcher are deployed.

Some vehicle applications shown are for demonstration purposes, originating from third parties and not available from ARGO. In all cases vehicle load limits have been considered. For safety, always wear approved helmets and eye protection. When operating in water, always wear approved Personal Flotation Devices. Always remain seated while in the ARGO. When equipped with tracks, XT models are not fully amphibious, however water crossing is possible with a fording depth of 28" (660 mm). 678-003 • Printed in Canada 8/2014
