Certified quality. Assured luxury.

Own a Certified Pre-Owned Mercedes-Benz

Mercedes-Benz Certified
Pre-Owned Vehicles

CERTIFIED PRE-OWNED

What certification adds

01 Eligibility

A certified Mercedes-Benz is a model 6 years or newer, with less than 75,000 miles and a CARFAX Vehicle History Report.

02 Inspection

Our technicians perform the 165+ point inspection on certified models with a combustion engine, starting with the exterior. All-electric models have their own inspection points.

03 Covered

The Certified Pre-Owned Limited Warranty covers the engine and powertrain, suspension, steering, electrical systems, climate control, and audio and navigation. Brakes are covered too, apart from normal wear of discs and pads.

04 Extended

When the Certified Pre-Owned Limited Warranty ends, you can add a Certified Pre-Owned Extended Limited Warranty for one or two more years with unlimited miles.

05 Exchange

Within the first seven days or 500 miles, whichever comes first, a certified vehicle can be exchanged for another Mercedes-Benz of equal or greater value.
