

2019 Avalon

Ready for your next move.

From here on out, every mile is what you make of it. Follow your inspiration in the all-new 2019 Toyota Avalon, and never look back. Its low, wide stance and flowing roofline give it a sleek silhouette, while strong character lines add definition to its shape — creating an undeniable presence wherever you go. Available signature LED headlights and taillights feature dynamic auxiliary turn signaling and display a laser-etched design with precise detailing. It's a new level of refinement, and it's ready to face tomorrow head-on.

“Sit in it. Drive it. Gaze at it.
Give it a chance, and it's going
to reward you.”

— Randy Stephens, Chief Engineer

See numbered footnotes in Disclosures section.

TOURING

Daring in every detail.

Standing out with a style of its own, Avalon Touring adds to the dynamic look of the exterior with piano-black accents. From the sport mesh front grille all the way to the rear diffuser, subtle contrasts in color leave you with a clean, modern look while hinting at its aggressive side.

19-IN. SPORT WHEELS

Take on corners in style. Avalon Touring's 3-D machined and gloss-black-finished 19-in. wheels have been manufactured with depth and precision to complement its distinctive design.

Touring shown in Wind Chill Pearl⁵³ with available Advanced Safety Package.

See numbered footnotes in Disclosures section.

TOURING

QUAD EXHAUST TIPS

Beneath the rear bumper, a dual exhaust with quad chrome tips, along with a rear diffuser, gives Avalon Touring a powerful look. Start the engine and hear the inspiring sound of a specially tuned sport exhaust system, letting you know it's ready to perform.

REAR SPOILER

The piano-black rear spoiler on Avalon Touring adds to its sporty look while also reducing lift by disrupting the air that flows over it.

Touring shown in Wind Chill Pearl⁵³ with available Advanced Safety Package.

See numbered footnotes in Disclosures section.

Purpose meets performance.

The all-new Avalon has been designed to be smarter and more rewarding. By taking advantage of the Toyota New Global Architecture (TNGA), engineers have been able to deliver a higher level of both handling and ride comfort. The lower, wider and longer platform gives you confidence in every turn, while the available steering wheel-mounted paddle shifters provide responsiveness by allowing you to shift gears manually. Inside, expansive cabin space gives you the exceptional rear shoulder, knee and head room you've come to expect from a flagship sedan.

AERODYNAMICS

Move effortlessly. Avalon features tangential vents on the sides of its front bumper, a rear diffuser, underbody panels and an available rear spoiler — all to help shave its coefficient of drag to 0.27, increase fuel efficiency and improve vehicle quietness.

Touring shown in Wind Chill Pearl⁵³ with available Advanced Safety Package.

See numbered footnotes in Disclosures section.

SPORT-EXCLUSIVE SOUND

Found on Avalon Touring and available on XSE, Engine Sound Enhancement (ESE) bumps up the engine's voice through the vehicle's audio system. The Intake Sound Generator (ISG) and sport exhaust will also produce an aggressive note during acceleration. For those times you just want to cruise quietly around town, Active Noise Control (ANC) sends noise-canceling sound waves into the cabin to filter out unwanted sound.

Touring shown in Wind Chill Pearl⁵³ with available Advanced Safety Package.

See numbered footnotes in Disclosures section.

Touring interior shown in Black SofTex® and Ultrasuede® trim with genuine stitching and available Advanced Safety Package.

See numbered footnotes in Disclosures section.

SPORT AND SPORT+ MODES

Press Sport Mode to indulge your spirited side and Sport+ Mode to unleash Avalon Touring's full driving potential. These modes change the driving characteristics by responding in a more dynamic way. Touring's new Adaptive Variable Suspension (AVS) provides instantaneous damping adjustments to maximize handling and stability on every road.

3.5L V6 ENGINE

Feel a rush every time you step on the pedal. The 3.5-liter V6 engine delivers more power with less fuel consumption. Equipped with the latest technology, like Variable Valve Timing-intelligent Wide (VVT-iW) and D-4S direct-injection paired with a smooth Direct Shift 8-speed transmission, Avalon can deliver whenever you feel the urge.

Touring shown in Wind Chill Pearl⁵³ with available Advanced Safety Package.

See numbered footnotes in Disclosures section.

INTERIOR

AVALON TOURING INTERIOR

Inside, the sleek look of Avalon Touring continues. From its leather-wrapped steering wheel, to the Ultrasuede® material found on the seat surfaces and door panels, to the real aluminum trim, you'll appreciate the dedication that goes into every detail. And with its advanced Engine Sound Enhancement, it's quality you can hear, feel and see in every drive.

Touring interior shown in Black SofTex® and Ultrasuede® trim with genuine stitching and available Advanced Safety Package.

Smart technology that keeps up with you.

Discover more control at your fingertips. Avalon is filled with an array of seamless multimedia features like *Bluetooth*⁸⁹ connectivity, Amazon Alexa⁵⁴ connectivity, and Entune™ 3.0⁴ — allowing you to bring all the best technology with you, no matter where you go. What’s more, smartwatch connectivity allows you to stay in touch with Avalon even while you’re away. It’s time to pursue more and enjoy more of what your adventures have to offer.

WEARABLE CONNECTIVITY

Newly enhanced available Toyota Remote Connect¹⁷ gives you amazing control of Avalon, all from your Apple Watch⁵⁵ or Android™ smartwatch⁵³. Through touch or voice commands, you can locate your vehicle, lock or unlock the doors, or even start the engine!^{7, 64} Apple Watch® shown.

APPLE CARPLAY⁶¹²

A Toyota first, Avalon offers Apple CarPlay® support as a standard feature. Pair your compatible iPhone⁶⁷ and get directions, make calls, send and receive messages, and listen to your own playlist — all while maintaining focus on your drive.

ENTUNE™ 3.0⁴

Found within the floating center stack is Avalon’s next-generation Entune™ 3.0 system. A large 9-in. multimedia touch-screen display comes with pinch-and-zoom navigation controls that are intuitive and easy to use. Get important information and fun for the road with Entune™ 3.0⁴ App Suite, and connect up to five devices using its onboard Wi-Fi Connect Powered by Verizon¹⁸ hotspot.

Intensify every moment.

Loaded with a wealth of state-of-the-art technology, Avalon will take your day-to-day drives to the next level. Thoughtful features include an available 10-in. color Head-Up Display (HUD) that's projected onto the windshield for a distraction-free view of vehicle speed, turn-by-turn directions, and more. Advanced technology is present even in the things you can't see. The crisp sound of an available 14-speaker JBL^{®56} Audio system, the convenience of Wi-Fi capability¹⁸ and the comfort of available heated and ventilated front seats all help take you beyond your expectations.

JBL^{®56} AUDIO SYSTEM

Experience the sound of luxury through Avalon's available JBL[®] w/Clari-Fi™²⁰ audio system. With its 1200 watts, 14 speakers, 7.1-channel surround sound, and high-quality hardware, software and structural engineering, phenomenal sound is delivered to amp up every drive.

QI WIRELESS CHARGING^{3, 21}

No wires. No worry. Avalon features available Qi-compatible wireless smartphone charging. Simply place your Qi-compatible device underneath the center stack's nonslip surface to easily charge it up. For more convenience, five USB 2.0 ports⁶ let anyone find a connection from any seat.

MULTI-INFORMATION DISPLAY

Get all the vital info you need at a glance. Avalon's 7-in. Multi-Information Display (MID) in the instrument cluster is easy to use and shows safety info and alerts, your current mpg, turn-by-turn directions, and more — all on one display.

INTERIOR

AVALON LIMITED INTERIOR

The craftsmanship inside Avalon Limited will make you never want to leave. Authentic materials, such as real wood trim and available Cognac Leather-trimmed seat surfaces, highlight the uncomplicated interior, while the supportive seats display a unique perforation pattern and two-tone quilted stitching that raise its premium feel. Even road noise has been suppressed for a quieter cabin during every drive.

Hybrid Limited interior shown in available premium perforated Cognac Leather trim with genuine stitching and available Advanced Safety Package.

Driven for more.

Avalon Limited makes a statement wherever you go. Whether it's equipped with the powerful 3.5-liter V6 or the newly developed 2.5-liter Dynamic Force Engine and hybrid system, you'll be surprised how far you can go. Avalon Hybrid helps maximize fuel efficiency in ECO Mode, or can run entirely on the electric motors, under certain conditions, to help reduce noise and emissions when switched to EV Mode.^{25, 26} From its compact battery and lightweight power control unit to its auto-glide control that promotes efficient coasting, Avalon Hybrid has up to an impressive estimated 44 hwy mpg⁵⁷ and amplified fun.

Hybrid Limited shown in Opulent Amber with available Advanced Safety Package.

See numbered footnotes in Disclosures section.

Safety that helps look out for you.

Avalon's standard Toyota Safety Sense™ P (TSS-P)³⁸ is a suite of active safety features that are designed to help protect you from potential danger and, in the event of an accident, reduce the extent of the damage. TSS-P's comprehensive features use radar and a camera, as well as vehicle controls, to help keep you safe under certain circumstances.

PRE-COLLISION SYSTEM³⁹ WITH PEDESTRIAN DETECTION⁴⁰ (PCS w/PD)

Using an in-vehicle camera and radar to help detect a vehicle or a pedestrian in front of you, the Pre-Collision System with Pedestrian Detection (PCS w/PD) can help you mitigate or avoid potential collision. If the system determines that a frontal collision is likely, it prompts you to take action using audio and visual alerts. If you notice the potential collision and apply the brakes, PCS w/PD may apply additional force using Brake Assist (BA)³³. If you don't brake in time, it may automatically apply the brakes to reduce your speed, helping to minimize the likelihood of a frontal collision or reduce its severity.

LANE DEPARTURE ALERT WITH STEERING ASSIST (LDA w/SA)⁴¹

Under certain circumstances, Lane Departure Alert (LDA) is designed to detect lane departure on roads with visible lane markings. LDA only activates when you're traveling at a speed of 32 mph or faster. When you hear and see the alert, after carefully checking the road around you, you should safely direct your vehicle back to the center of your lane. In addition, if the system senses that you're unintentionally drifting, it may automatically make small corrective steering inputs to help keep your vehicle in its lane.

AUTOMATIC HIGH BEAMS (AHB)⁴²

Automatic High Beams (AHB) are a safety system designed to help you see more clearly at night — without blinding other drivers. Designed to activate at speeds above 25 mph, AHB rely on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggle between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow earlier detection of pedestrians and obstacles.

DYNAMIC RADAR CRUISE CONTROL (DRCC)²⁴

Intended for highways and similar to "constant speed" cruise control, Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance. If a driver is traveling slower than you, or within your preset range, DRCC will automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes are applied. When there's no longer a vehicle driving slower than your set speed in front of you, DRCC will then accelerate and regular cruise control will resume.

SAFETY

Touring shown in Wind Chill Pearl⁵³ with available Advanced Safety Package.

Reduce the element of surprise.

Safety is at Avalon's core. A comprehensive suite of six advanced safety features helps keep you out of harm's way. This system includes Enhanced Vehicle Stability Control (VSC),³² Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)³³ and Smart Stop Technology® (SST)³⁴ — all standard on every Avalon. Available adaptive cornering lights not only light up every turn, but will also illuminate when in Reverse.

BIRD'S EYE VIEW CAMERA²⁷ WITH PERIMETER SCAN

Avalon's available Bird's Eye View Camera with Perimeter Scan uses front-, side- and rear-mounted cameras to display a composite view as seen from above.

INTELLIGENT CLEARANCE SONAR⁴⁴ WITH REAR CROSS-TRAFFIC BRAKING⁴⁵

See more of what matters. Avalon's available Intelligent Clearance Sonar (ICS) warns you both audibly and visually when it detects nearby pedestrians or vehicles. Under certain low-speed conditions, Rear Cross-Traffic Braking (RCTB) is designed to reduce engine power and apply the brakes if necessary.

BLIND SPOT MONITOR² WITH REAR CROSS-TRAFFIC ALERT⁴³

Blind Spot Monitor (BSM) is designed to warn you when a vehicle in the next lane enters Avalon's blind spot on either side. When in Reverse, Rear Cross-Traffic Alert (RCTA) helps detect vehicles approaching from either side, warning you with side mirror indicators and a warning tone. When Avalon is equipped with the available Bird's Eye View Camera,²⁷ visual alerts are also shown on the multimedia display.

XLE

Powertrain

- 3.5-Liter V6 with 301 hp @ 6600 rpm
- 22 city/32 hwy/26 combined est. mpg⁵⁸
- Direct Shift-8AT (8-Speed Electronically Controlled automatic Transmission)

Exterior Features

- LED reflector headlights and LED Daytime Running Lights (DRL)
- Front chrome grille surround with dark gray insert
- Color-keyed heated power outside mirrors with turn signal and blind spot warning² indicators
- 17-in. silver-painted alloy wheels with P215/55R17 tires
- Dual exhaust with chrome tips

Interior Features

- Dual zone automatic climate control with air filter and rear-seat vents
- Entune™ 3.0⁴ Audio Plus with App Suite⁴, Apple CarPlay^{®12} compatible, Scout[®] GPS Link¹⁰ compatible and Toyota Connected Services
- Integrated backup camera²² with dynamic gridlines
- 7-in. TFT Multi-Information Display (MID)
- SofTex[®]-trimmed heated front seats
- 60/40 split folding rear seats with two adjustable and one fixed headrest, armrest with cup holders
- 3-mode switch (ECO, Normal, Sport)
- Smart Key System²⁶ on front doors and trunk with Push Button Start
- Four USB 2.0 charge ports⁶
- One USB media port⁶

Safety/Convenience

- Star Safety System™
- Ten airbags³⁵
- Toyota Safety Sense™ P (TSS-P)³⁸ — Pre-Collision System³⁹ with Pedestrian Detection⁴⁰ (PCS w/PD), Lane Departure Alert with Steering Assist (LDA w/SA)⁴¹, Automatic High Beams (AHB)⁴² and Full-Speed Range Dynamic Radar Cruise Control (DRCC)²⁴
- Safety Connect^{®15} — includes Emergency Assistance, Stolen Vehicle Locator, Roadside Assistance³⁷ and Automatic Collision Notification; with three-year trial subscription⁶⁵
- Blind Spot Monitor (BSM)² with Rear Cross-Traffic Alert (RCTA)⁴³
- ToyotaCare⁴⁸ featuring a no cost maintenance plan with roadside assistance³⁷

Options and Packages

- JBL^{®56} Audio Upgrade — includes Entune™ 3.0⁴ Audio Plus with App Suite⁴ — includes JBL^{®20} w/Clari-Fi™²⁰ with 14 speakers

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Warranty and Maintenance Guide for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

DISCLOSURES

1. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order. 2. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. 3. Power tilt/slide moonroof with sliding sunshade and Qi wireless smartphone charging available early fall 2018 on XLE and Hybrid XLE models. 4. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 5. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 6. May not be compatible with all mobile phones, MP3/WMA players and like models. 7. iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. 8. Advanced voice recognition capabilities vary by head unit. 9. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 10. The Scout® GPS Link app is compatible with select vehicle models. Availability and accuracy of the information provided by Scout® GPS Link is subject to change at any time without notice and is dependent upon many factors, including smartphone connectivity, capability and cellular reception. Always use safe driving practices and follow all traffic rules. Data charges may apply. Scout® and Telenav® are registered trademarks of Telenav, Inc. 11. Always drive safely, obey traffic laws and focus on the road while driving. Siri® is available on select iPhone®/iPad® models and requires Internet access. Siri® is not available in all languages or all areas and features vary by area. Some Siri® functionality and commands are not accessible in the vehicle. Data charges may apply. See apple.com and phone carrier for details. Siri® is a registered trademark of Apple Inc. 12. Apple CarPlay® is a registered trademark of Apple Inc. Apps and services subject to change at any time without notice. 13. SiriusXM® audio services require a subscription sold separately by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. ©2018 Sirius XM Radio Inc. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. 14. Trial length and service availability may vary by model, model year or trim. 15. Toyota Entune™ 3.0 services are dependent upon an operative telematics device, a cellular connection, and other factors outside of Toyota's control, which can limit the ability to reach the response center or receive emergency support or otherwise limit the functionality or availability of the system. Terms and conditions of subscription service agreement apply. To learn about Toyota Entune™ 3.0's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. 16. Information provided is based on the last time data was collected from the vehicle and may not be up to date. System functionality depends on vehicle connectivity. 17. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space). Functionality depends on many factors, such as vehicle and smartphone connectivity. Registration and app download are required. Subscription purchase required after trial. See usage precautions and service limitations in *Owner's Manual*. 18. Verizon Wireless is the network provider for Wi-Fi Connect, which uses Verizon's 4G LTE network to transmit data. Data usage applies. Coverage not available everywhere; see vzw.com. See verizonwireless.com/bestnetwork for details. LTE is a trademark of ETSI. Other terms apply. Up to 5 devices can be supported using in-vehicle connectivity. Verizon Wireless data subscription required upon end of 6-month trial period or use of 2 GB data (whichever comes first). Use of Wi-Fi Connect subject to Verizon Wireless' Customer Agreement (verizonwireless.com/legal/notices/customer-agreement/), Privacy Policy (verizon.com/about/privacy/privacy-policy-summary), and data use policies (verizonwireless.com/support/vz-email-legal/). 19. Dynamic Navigation is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Toyota's control, which can limit the ability or functionality of the system. To learn about Toyota Entune™ 3.0's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Subscription required upon end of trial service period. See *Navigation System Owner's Manual* for additional details. 20. JBL® and Clari-Fi™ are registered trademarks of Harman International Industries, Incorporated. 21. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 22. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. 23. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for details. 24. Full-Speed Range Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. 25. CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in EV Mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off or approaching them, so take extra care while driving. EV Mode works under certain conditions at low speeds. See *Owner's Manual* for details. 26. EV Mode works under certain conditions at low speeds up to one half mile. See *Owner's Manual* for details. 27. The Bird's-Eye-View Camera does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. 28. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 29. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 30. When the system is on, Automatic Electric Parking Brake is designed to automatically engage the Electric Parking Brake under limited conditions. It may not hold the vehicle under all conditions and does not function when the vehicle is in Reverse. Automatic Electric Parking Brake is not a substitute for manual use of the Electric Parking Brake. See *Owner's Manual* for additional limitations and details. 31. When the system is on, Brake Hold is designed to keep the brakes engaged after the driver brings the vehicle to a complete stop. It may not hold the vehicle under certain conditions and does not function when the vehicle is in Reverse. Brake Hold is not a substitute for safe and attentive driving. See *Owner's Manual* for additional limitations and details. 32. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. 33. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, and tire and road conditions. See *Owner's Manual* for additional limitations and details. 34. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for details. 35. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatbelt. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. 36. Whiplash-Injury-Lessening front seats can help reduce the severity of whiplash injury in certain rear-end collisions. 37. Roadside Assistance coverage is 2 years unlimited mileage. See Toyota Dealer for details and exclusions. Valid only in the Continental U.S. and Alaska. 38. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 39. The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 40. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. 41. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert, and slight steering force when lane departure is detected. It is not a collision-avoidance

DISCLOSURES (continued)

system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **42.** Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **43.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **44.** Intelligent Clearance Sonar (ICS) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the ICS to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **45.** Do not rely exclusively on the Rear Cross-Traffic Braking system. Always look over your shoulder and use your mirrors to confirm rear clearance. The system cannot prevent all collisions, and performance is dependent on road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **46.** Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **47.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. **48.** ToyotaCare plan covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska. **49.** Meets Tier 2/Bin 3 Federal emissions standard. **50.** Hybrid vehicle battery expected life is 150,000 miles based on laboratory bench testing. **51.** Cargo and load capacity limited by weight and distribution. **52.** 2019 preliminary mpg estimates determined by Toyota. EPA estimates not available at time of posting. Actual mileage will vary. **53.** Extra-cost color. **54.** Amazon, Alexa, and all related logos and marks are trademarks of Amazon.com, Inc. or its affiliates. Not all Amazon Alexa skills are available for in-vehicle use. **55.** Apple and the Apple logo are trademarks of Apple Inc., registered in the U.S. and other countries. App Store is a service mark of Apple Inc. **56.** JBL® is a registered trademark of Harman International Industries, Incorporated. **57.** 2019 Toyota Avalon Hybrid XLE preliminary 43 city/44 highway/44 combined mpg estimates determined by Toyota. EPA estimates not available at time of posting. Actual mileage will vary. **58.** 2019 Toyota Avalon XLE preliminary 22 city/32 highway/26 combined mpg estimates determined by Toyota. EPA estimates not available at time of posting. Actual mileage will vary. **59.** This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. **60.** The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details. **61.** The universal tablet holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the event of an accident. Tablet sold separately. **62.** Availability and accuracy of the information provided is dependent upon many factors. Use common sense when relying on this information. Services and programming subject to change. Service not available in every city or roadway. See *Owner's Manual* for details. **63.** Not all smartwatches are compatible with Remote Connect: Samsung Gear, Fitbit, Garmin are not compatible. **64.** Remote start/stop not available on manual transmission-equipped vehicles. **65.** The Safety Connect® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. Terms and conditions apply.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles will vary.
