

Maintenance Records

Routine maintenance is the best way to get the performance, dependability, and longevity you expect from your vehicle. This Scheduled Maintenance Guide outlines what service your vehicle requires and when. Performing the simple services in this guide goes a long way toward preventing major services/repairs and expenses later.

You should have routine maintenance checks and inspections performed to help keep your vehicle operating at top condition.

With genuine Sprinter parts and service, you can be assured that your vehicle is getting first-quality care. Our Sprinter technicians are experts on your vehicle and use only Mercedes-Benz authorized parts to keep your vehicle operating at peak performance. We recommend that only Genuine Mercedes-Benz Parts are used for servicing and repairs, as only these are approved to meet the specifications of your vehicle. It is also important to only use fuels, lubricants, and anticorrosion antifreeze/engine coolant meeting factory specifications.

Tires

Our dealership also offers a wide variety of high-quality tires that are approved by Mercedes-Benz and designed for your model's suspension and performance capability. Ask about our MBUSA Tire Program with 24-Month Tire Road Hazard Protection.

We accept all major credit cards.
