PROTECT ENHANCE CUSTOMISE

SIMPLY BRILLIANT

We've all done it...that awful feeling when you hear the sound of your expensive rim grating along the curb. No matter how careful a driver you are, there is always that situation when parking that you accidentally get too close to the curb. Well, thanks to Alloygator, now you have that protection!

Designed and manufactured in the UK, it's a simple idea, but then the best ones usually are. Alloygator fits between your wheel and tire and when the inevitable happens, it takes the impact, not your rims.

A FEW FACTS...

- Suits 90% of wheel and tire combinations
- Tires can be changed with Alloygators in place
- Suitable for run-flat tires
- Fully tested by MIRA (Motor Industry Research Association)
- Protects tire wall from damage

"We are not reinventing the wheel - Just Protecting it"

Protect all 4 rims for less than it normally costs to refinish just one!

DISCREET

It's a matter of personal taste; protect your rims with our discreet Alloygators produced in colours that blend into the tire or wheel. Our black, silver and graphite grey range are perfect for those who simply want discreet rim protection, and can live without the bling!
