Attraction.

Arrive in style and comfort in your Mercedes.

The wind stop for the E-Class Cabriolet helps protect you from the wind, while the light-alloy wheels and wheel accessories add to your car's appeal. So, at the end of your journey, you're all set to make a grand entrance.

01 Wind Stop

A fine-mesh net in a sturdy frame easily snaps into place over the rear seats of your E-Class Cabriolet to block drafts, helping keep the front-seat occupants riding in calm comfort even with the top down. It removes just as easily and folds in quarters, for convenient storage in the trunk.

Product is available for Cabriolet only.

QUALITY

Precision tailored and impeccably styled for your E-Class, Mercedes-Benz Light-Alloy Wheels do so much more than enhance your vehicle's looks.

To help ensure safe travels, all wheel designs must pass a variety of endurance tests, based on exacting Mercedes-Benz standards. These include special test routines which simulate real challenges on the road and material tests in cutting-edge x-ray facilities. High-shine wheels undergo additional durability testing, such as exposure to highly corrosive salt spray.

Only after these wheels have passed rigorous testing may they be included in the range of Genuine Mercedes-Benz Light-Alloy Wheels offered to you, allowing you to hit the open road with confidence.

Entertaining.

Whether you're on your daily trip to work or traveling with family and friends, you can rely on the extensive range of genuine accessories such as Drive Kit Plus for the iPhone®, Navigation and In-Vehicle Hot-spot to keep you and your passengers entertained.

01 Drive Kit Plus for the iPhone®

The "Drive Kit Plus for the iPhone®" comprehensively integrates your iPhone® 4/4S into the E-Class. Integration is based on the combination of the Mercedes-Benz "Digital DriveStyle" app and the "Drive Kit Plus for the iPhone®" – the on-board interface to which the iPhone® is connected and via which it is charged.

The "Digital DriveStyle" app is available free of charge from the iTunes® App Store¹. In the app an extensive range of functions are seamlessly integrated into the new, revolutionary user interface which appears on the vehicle display². When an iPhone® is connected, the "Digital DriveStyle" app can be operated safely and conveniently using the ergonomic central controller.

Some functions of the "Digital DriveStyle" app:

- Advanced navigation solution from Garmin®, with internet-based real-time traffic information, point of interest search and 3D map views.
- Local search for points of interest powered by Google™ – with Street View™ and transfer of destination to navigation system.
- Siri™³ can act as a personal assistant, providing answers to questions or carrying out commands which would otherwise require manual input.

- AUPEO! Personal Radio for an individual music program.
- Internet radio from national and international broadcasters.
- Access to songs saved on your iPhone®.
- Facebook® feeds and Twitter® tweets from friends are read aloud⁴.
- Socially interactive experience with option, for example, of sharing and posting current song choice or navigation destination on Facebook® and Twitter®.
- Glimpse™: share your location and estimated time of arrival with your friends in real time.
- Intuitive CarFinder – automatically stores vehicle's location in iPhone®. Integral pedestrian navigation on the iPhone® makes it easy to find your vehicle again.

¹ "Digital DriveStyle" app available in iTunes® App Store.

² In conjunction with Audio 20 CD or COMAND Online.

³ Audio support only. A list of Siri™ commands can be found at <http://digitaldrivestyleapp.com>

⁴ Languages: English, Spanish, German, Italian, French, Dutch, Danish, Swedish, Norwegian, Finnish, Portuguese.

01 Mercedes-Benz In-Vehicle Hotspot

Checking your email and browsing the web is not a problem when you're in the office or from the convenience of your home. However, this is a different story when you're traveling on the road. With the Mercedes-Benz In-Vehicle Hotspot you can add internet connectivity to your vehicle. The In-Vehicle Hotspot allows you to connect up to four wireless end devices such as a laptop, tablet PC, or mobile device at the same time for a fast and secure internet connection. The router is securely installed and easily accessible. An encrypted password ensures limited access to your wireless connection.

May require an initial activation fee and monthly service subscription. Six months of service are included upon initial activation.

The hotspot allows you to connect up to four wireless end devices such as a laptop, tablet PC, or mobile device at the same time for a fast and secure internet connection.

02 SD Memory Card

The COMAND® system in your E-Class features a slot for SD Memory Cards. Use the SD Memory Card as a convenient way to play music, view pictures and more. Can also be used in other compatible devices such as digital cameras.

Card capacity: 2 GB | Read speed: 12.5 MB/s | Write speed: 5.5 MB/s.

Navigation Map Update

03 Navigation Map Update

The Mercedes-Benz COMAND® Navigation System is a fully integrated system that combines Global Positioning System (GPS) technology with electronic mapping software to help you plan trips, navigate detours and avoid getting lost. GPS satellites continuously track your vehicle's location and the system relies on mapping information in order to give you the most accurate and efficient routes. Notice however, how quickly the surroundings change: roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the navigation data the system relies on changes every year. That is why Mercedes-Benz offers reliable, and updated navigation data to help get you where you need to go effortlessly. The Navigation Map Updates are available for purchase from your authorized Mercedes-Benz dealer. The system can route you through more than 6.2 million miles of navigable roads in the United States and Canada. Just enter the address on the intelligent destination input screen, and the system takes over, guiding you audibly and with a clear and detailed 7" LCD map display. Do you need an idea of where to go? The Navigation System also offers 2.3 million Points of Interest in 70 categories including ATMs, restaurants, hotels, airports, museums and more.

Navigation system data includes the United States, Canada, Puerto Rico, Hawaii and Virgin Islands. Directional assistance provided only when GPS coverage is available. Maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place. See your authorized Mercedes-Benz dealer for availability and details.

Flexibility.

You decide where you're heading. And versatile, intelligent carrier systems and trunk accessories from Mercedes-Benz make your journey possible. Sit back and enjoy the drive.

Whether you're off to the beach, the mountains or just shopping, everything can be safely stowed away in your E-Class Coupe or Cabriolet. And within easy reach if you have a change of plans.

BabySmart/OCS Safety Information:

Most Mercedes-Benz vehicles from MY 1998 through 2003, select models from 2004 through 2006, and current G-Class vehicles are equipped with BabySmart™. Mercedes-Benz vehicles equipped with BabySmart™ have a device that recognizes the presence of BabySmart™-equipped child seat when properly installed in the front passenger seat and deactivates the passenger front airbag (check your vehicle's Operator's Manual or labels located on the sides of your dashboard to verify).

All current Mercedes-Benz models are equipped with the Occupant Classification System (OCS) (with exception of the G-Class) which is designed to turn off the front passenger's front airbag when the system senses the weight of a typical child 12 months old or less plus the weight of a standard child restraint. See vehicle's Operator's Manual for important additional information on this system and further information regarding the transportation of children heavier than a typical 12 month old.

All Mercedes-Benz child safety seats meet or exceed U.S. Department of Transportation standards. They are also suitable for use in older vehicles that do not have integrated LATCH (Lower Anchors and Tethers for Children) attachment points. Visit the National Highway Traffic Safety Administration's website at <http://www.NHTSA.gov> for additional information about child safety seat laws and proper use.

05 BabySafe Plus Infant Seat (up to 29 lbs.)

Deep, molded rear-facing seat design provides extra protection and padding designed to help protect very young children up to 29 lbs. or 31 in. long. Features integrated head support, adjustable sun/wind canopy, comfortable three-position carry handle, and variable recline angle adjustment. Light grey fabric cover is removable for washing. Can be used in the vehicle with or without the base. Approved for use in commercial aircrafts. Weighs less than 8 lbs. This seat is BabySmart* compatible and LATCH* compatible with provided LATCH belt*.

06 DUO Plus Toddler Seat (20 to 40 lbs.)

Designed to afford excellent protection for children approximately 1 to 4 years of age. Features include single-handed adjustment to change from the upright position to the reclined and sleeping positions, height-adjustable shoulder belt, back area ventilation channels, and an additional tether for securing the top section. Fabric cover is removable for washing. This seat is LATCH* and BabySmart* compatible.

07 KidFix Child Seat (33 to 79 lbs.)

Booster seat for optimum side-impact protection, with height-adjustable backrest. The KidFix seat is secured using the three-point seat belt and ISOFIX attachment points. Available with automatic child seat recognition as an option. For children between the ages of around 3.5 and 12.

Important information regarding use of KidFix child seat in the rear seat of the Cabriolet: Due to the vehicle's low roof height in the rear seat, it is important to ensure there is no contact between the vehicle's soft top and child seat headrest (when in extended position). This is necessary to avoid any potential damages to roof or child seat.

*Please consult your Owner's Manual or dealer for proper installation of your child seat.

Mercedes-Benz through and through

When you drive a Mercedes-Benz, you do so for the best of reasons. Why should your choice of accessories be governed by different standards? Pioneering when it comes to design and technology, Genuine Mercedes-Benz Accessories deliver on the promises of a major brand.

DESIGN & DEVELOPMENT

Genuine Mercedes-Benz Accessories make your dream car a reality – while ensuring that it remains a Mercedes-Benz through and through:

All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz reserves the right to make changes at any time, without notice, in colors, materials, equipment, specifications and models. Any variations in colors shown are due to reproduction variations of the printing process. Illustrations may include test situations. Some vehicles may be shown with non-U.S. equipment. Vehicles are shown with optional equipment.

Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-down hooks. Cargo nets and organizers are not intended to prevent objects of excessive weight and bulk from sliding or rolling in the event of a collision or sudden stop. Always drive with caution when driving with cargo.

Certain accessories may require professional installation and/or additional components to complete the installation in your vehicle. Please consult your authorized Mercedes-Benz dealer for specific information about automotive accessories. Speak with a representative at your local authorized Mercedes-Benz dealership for current pricing on Genuine Mercedes-Benz Accessories. Visit mbusa.com/genuineaccessories for more information.
