

# The new 2015 GLA.

The new compact SUV from Mercedes-Benz.

**Mercedes-Benz**  
The best or nothing.

# Discover at will.

Nimble enough for exploring city streets and rugged enough for dirt road travels, the new GLA is built for curious wanderers and four-wheel adventurers who don't wish to compromise luxury for practicality.

## The new GLA.

Design	2
Entertainment & Connectivity	10
Engine & Transmission	12
Off-road Performance	14
Safety	16
AMG	18
Colours & Materials	26
Accessories & Ownership	30
Test Drive & Website	32

# Ready. Set. Go.

The new GLA projects self-assured athleticism, with its fitted roof rails, dual hood powerdomes and iconic front lamps, featuring tri-functional LED fibre optics. The twin-louvre grille adds to this sculpted effect. With diamond-pattern grilles in front of the cooling air intakes and fog lamps integrated into the bumper, the GLA always looks ready for whatever lies ahead.

# Start packing.

When you have a full life, you need a lot of space.

Whether you're on an urban shopping expedition or leaving the city behind for a weekend jaunt, the GLA's 1,235 litres of cargo space is ample room for whatever gear, luggage or goods you wish to take with you. And the cargo opening, thanks to the divided taillights, is wide enough to load larger objects in and out. Optional tail lamps are available with two LED fibre optic elements

that mirror the contours of the headlamps for a signature 'eyebrow' look. The rear of the GLA features muscular shoulders over the rear axle, a curved rear window of privacy glass and sweeping chrome handle. The large roof spoiler catches the eye, as does the simulated rear underguard with integrated dual rectangular exhaust pipes. The effect is both dramatic and visually unified.

## Sportier utility vehicle.

The optional Sport Package for the GLA features a sport brake system with perforated front rotors and Mercedes-Benz inscribed calipers, aluminium trim, 19" AMG wheels, AMG body styling with inserts in the front splitter, side sill panels and a rear bumper in matte titanium grey.

## Even the cabin will move you.

The interior of the GLA ensures you are comfortable, no matter what your journey. Settle into the 12-way power front seats with ARTICO or optional leather upholstery. Grip the Nappa leather three-spoke steering wheel with 12 function keys and shift paddles and note the flowing horizontal lines of the dash. High-grade materials invite your touch. Because there's no reason to leave comforts behind when you're leaving home.

# Hear the call of the road. And much more.

Stay connected, even when you're getting away from it all.

The GLA's entertainment and navigation systems are both worlds worth exploring. The available entertainment system features a 10 GB MUSIC REGISTER, DVD audio and video, an SD-Card slot and CD/USB interfaces. Discover advanced Bluetooth connectivity for music streaming and hands-free calling. Then discover the latest generation of COMAND on the 7 inch colour display, now equipped to allow you to browse the internet while stationary and use Mercedes-Benz Apps while on the move.

You can search via Google, download your route via Google maps and view images from available traffic cameras. Check on worldwide weather information and 5-day forecasts for your present location or your destination. Use Yelp to search for places to eat, drink, shop, relax and play. And even update your status on Facebook. COMAND also comes with LINGUATRONIC voice control, which understands normally spoken words and enables telephone, radio and navigation functions.

# Get up and go.

Wherever you're exploring, the GLA will power you on your way.

The GLA 250 4MATIC™ features a 208 hp turbocharged engine outputting 258 lb-ft of torque. Third generation direct injection technology utilizes fast responding piezo injectors and a multi-spark ignition system. This engine boasts a remarkable reduction in noise levels and vibration. Combined with our 7G-DCT 7-speed dual clutch automatic transmission, with 'Economy', 'Sport' and 'Manual' modes, and 4MATIC™ all-wheel drive, the GLA will delight you with its sporty drive. Dual clutches provide for comfortable gear shifting without interruptions in power delivery. And ECO stop-start technology will also impress with its fuel saving and emissions reduction.

Choose from a range of distinctive wheel styles to make your GLA your own.

# Lose the map.

On or off road, the GLA will get you there safely.

The GLA 250 4MATIC™ offers fully variable 4MATIC™ all-wheel drive that is up to 25% lighter than competitors' systems. A two-piece propeller shaft transfers power from the engine to the rear axle. And the electro-hydraulically controlled multi-disk clutch is integrated into the rear axle and channels the engine torque to the rear wheels as necessary, so you can feel complete confidence on any road surface. In normal driving, the 4MATIC™ system uses front wheel drive for optimum efficiency. But during spirited driving, it will split the torque between front and rear axle up to 50:50.

The enhanced On-Off road mode offers even better off-road performance at the push of a button by modifying transmission shift points, the accelerator curve and ABS to optimize traction, particularly on loose surfaces. Downhill Speed Regulation (DSR), helps handle steep downhill driving through engine and transmission control and braking intervention. ESP with Dynamic Cornering Assist stabilizes the GLA during fast cornering by improving traction and slightly braking the inside drive wheel, generating a stabilizing yaw effect and reducing the steering required.

## Travel with confidence.

Mercedes-Benz has developed the world's foremost assistance technologies to ensure that your journey is as stress-free as possible. COLLISION PREVENTION ASSIST PLUS continuously monitors the distance from the vehicle ahead, warning you if it senses a danger of collision and optimizing the braking power based on distance. ATTENTION ASSIST is particularly helpful in alerting drivers when they are fatigued or drowsy, especially on long trips. And optional PARKTRONIC with Active Parking Assist facilitates automatic parking.

Shown with AMG Night Package available via special order.

# Your rocket is ready.

The GLA 45 AMG 4MATIC™ sets a new standard in the category for driving dynamics. Exhilaration starts with your eyes; the twin blade AMG grille in matte titanium grey challenges the road ahead. Red brake calipers draw your eye to the 19-inch AMG twin 5-spoke wheels wrapped in high performance tires. The rear bumper features a trim element, also in matte titanium grey finish. The AMG sport exhaust system features a twin-pipe design with chrome-plated trim elements. And the excitement continues with your ears; the throaty growl of the engine adapts to the transmission mode, creating a level of emotion unprecedented with 4-cylinder engines.

## Dynamic outside, dynamic inside.

The cockpit of the GLA 45 AMG 4MATIC™ confirms that this is a compact SUV like no other. Face the AMG instrument cluster with its 4.5 inch colour display. Note the stainless steel sports pedals and red contrast stitching on the 3-spoke Nappa leather flat bottom steering wheel and ARTICO/DINAMICA sport seats. *designo* red seatbelts are also available.

# This heart beats faster.

At the heart and soul of the GLA 45 AMG 4MATIC™ lies a hand-built engine that is the most powerful series production 4-cylinder in the world. It's a 2.0L, turbocharged beast that outputs 355 hp and 332 lb-ft of torque at 2,500-5,000 rpm. And amazingly, all without sacrificing fuel economy.

Shown with AMG Night Package available via special order.

# Prepared for take-off.

The GLA 45 AMG features AMG 4MATIC™ all-wheel drive specially tuned for performance. During spirited driving, the torque is split between front and rear axle up to a ratio of 50/50. The AMG SPEEDSHIFT DCT 7-speed sports transmission offers shorter gear-engaging times thanks to carbon-fibre synchronizer rings. And the Race Start function launches you from 0-100 km/h in an astonishing 4.8 seconds.

Shown with AMG Night Package available via special order.

# Dress for adventure.

Choose the paint colour that reflects your sense of style. Metallic and solid options are available.

# Accessorize accordingly.

Take your GLA to new places with Mercedes-Benz accessories, all crafted to the highest standards of quality, function and style.

## **Illuminated Mercedes-Benz star**

Light up the central star emblem on your GLA when you remotely lock/unlock the vehicle or open any of the doors. Fibre optic cables and LED technology only function when the engine is switched off. Does not function with DISTRONIC.

## **Multifunctional aluminium bars**

Based on aircraft design, these bars have an aerodynamic profile that significantly reduces wind noise. Precision-tailored to the body of your GLA, these are the foundation for a range of transport accessories: ski and snowboard rack; bicycle rack, or roof boxes. Crash tested and lockable.

## **Easy-care trunk tray**

Tailored to the shape of the trunk of your GLA, this robust tray is made from impact-resistant, non-split polypropylene. With its slightly raised edge, it is suitable for foodstuffs and liquids.

## **Drive kit plus for iPhone**

Integrate your iPhone into your GLA using a combination of the Mercedes-Benz Digital DriveStyle app and this on-board interface. Functions include Siri™ personal assistant; advanced navigation from Garmin; internet radio and Intuitive CarFinder.

# Drive with assurance.

You already do. But Mercedes-Benz adds to your assurance, and enhances your GLA ownership experience, with these benefits:

## **24-hour Roadside Assistance.**

For the duration of the basic warranty coverage period of 48 months, (and the duration of the Extended Limited Warranty, if you've opted for it) Mercedes-Benz Roadside Assistance will be at your service. We'll bring you gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown – if attempts by our Roadside Assistance technician have not made your vehicle safely operable – towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.<sup>1</sup>

## **Wear and tear period.**

These parts are covered for wear and tear during the first 24 months or 40,000 km, whichever comes first: brake pads, brake discs, brake pad wear sensors and light bulbs.

## **Mercedes-Benz warranties.**

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever comes first. For enhanced confidence, you can opt for a Mercedes-Benz Extended Limited Warranty.<sup>2</sup>

## **Customer service.**

Owning a GLA is unquestionably an inspiration to any driver. But should you have a question, we're here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday. Knowledgeable Mercedes-Benz experts can advise you on all matters GLA. From the finer points of your car's audio system, to the location of our nearest dealership. Just call 1-800-387-0100.

## **Trip interruption reimbursement.**

If a breakdown covered by your New Vehicle Limited Warranty or optional Extended Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, you're covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternative travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.

<sup>1</sup>Vehicle must be accessible from main roads. Roadside Assistance may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service provider, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. <sup>2</sup>Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options.
