A close-up, front-quarter view of a silver Mercedes-Benz S-Class car. The car is parked on a cobblestone street. The front grille is prominent, featuring the Mercedes-Benz logo in the center and a license plate that reads 'S C 2170'. The background shows a body of water and a distant city skyline under a hazy sky. A street lamp is visible on the left side of the frame.

Truly dazzling.

Breathtaking to look at. Exhilarating to drive. Command the road with an expansive view through uninterrupted glass thanks to the pillarless side profile design and panoramic sunroof with available MAGIC SKY CONTROL. Command attention thanks to the diamond radiator grille with chrome pins and available Swarovski Crystal LED headlamps, a world's first. With standard AMG sport bodystyling, this striking two-door is the ultimate expression of our flagship S-Class. It shines like nothing else on the road.

Exquisite comfort.

The interior of the new S-Class Coupe is designed to capture and comfort you. The PASSION Nappa leather seats with contrasting topstitching embrace you. The sculpted dashboard is clothed in fine leather and trimmed in wood, creating a harmonious environment. And the dual 12.3" high resolution COMAND displays combine analog-style gauges with 3D animated menus for driving systems, vehicle settings, entertainment, navigation and Mercedes-Benz Apps.

AMG performance styling.

Polished perfection in all the details.

A close look at the S-Class Coupe AMG models rewards those who appreciate fine details. The forged 20" multi-spoke wheels of the S 65 AMG feature a high-gloss ceramic finish. AMG high-performance brake calipers with AMG lettering on front and rear peek through, complementing the AMG sports exhaust system with chrome-plated

twin tailpipe trim and a rear apron with trim in high-gloss chrome. There is also an exhaust tuning feature that allows you to adjust the sound from growl to purr. Turning to the front, the AMG-specific radiator grille sports distinctive twin blades, large cooling intakes and a special front apron featuring an A-wing design with silver chrome trim.

AMG interior styling.

Fine craftsmanship with a performance edge.

The AMG model variants of the S-Class Coupe blend styling and sport to create a distinctive design language. The 16-way power adjustable AMG sport seats available in *designo* Exclusive PASSION Nappa leather, feature an AMG-specific diamond pattern design. The supple feel of this leather extends to the AMG performance steering wheel, with its distinctive AMG lettering. The centre console is also

clad in leather with contrasting topstitching, and holds an innovative touchpad that responds to single or multiple-finger gestures, recognizes handwriting and allows you to control COMAND Online. At your feet, the sports pedals are formed from brushed aluminum and rubber studs for firm traction. The overall effect grips your heart and prepares you for the enthralling drive ahead.

Beauty, intelligence and power.

The S-Class Coupe comes replete with Mercedes-Benz innovations. Intelligent Drive networks a range of technologies that continuously monitor your driving and surrounding environment to enhance your safety and comfort. Standard on the S 65 AMG, MAGIC BODY CONTROL with curve tilting function guarantees optimum handling by compensating for body roll and pitching. And the engines are also designed to impress: the S 550 4MATIC™ boasts a 449 horsepower 4.6L Bi-turbo V8. The S 63 AMG 4MATIC™ features a hand-built 577 horsepower 5.5L AMG Bi-turbo V8. And the S 65 AMG features a hand-built 621 horsepower 6.0L AMG Bi-turbo V12.
