

RX

2013 LEXUS

 **LEXUS**
THE PURSUIT OF PERFECTION.

THE PURSUIT OF PERFECTION.

It is a philosophy that extends well beyond the confines of meticulously assembled sheet metal. An approach to the automobile not as a machine, but rather, an art form. Every curve, deliberate. Every detail, inspired. And where every aspect of the ownership experience is intended to be as rewarding and accommodating as the vehicles themselves. Because while there are certainly easier ways to build an automobile, pursuing perfection is the only way to create a Lexus.

With outstanding craftsmanship and innovation in every 2013 RX, you can experience the comfort of owning a true luxury vehicle, and enjoy all of life's perfect moments.

the new 2013
RX

Three new models. One

DEFINITIVE

statement

INTRODUCING THE NEW RX

As the very first luxury crossover, the Lexus RX invented a language of its own. With its innovative approach to design, safety and utility, the RX interpreted the needs of discerning drivers into a new expression of luxury. For 2013, Lexus continues to evolve the RX, adding the all-new performance-oriented RX F SPORT to a model line that includes the RX 350 and the RX 450h, the latest iteration of the world's first luxury hybrid.

RX 450h

Advanced performance and technology come together with the proven Lexus Hybrid Drive System, delivering 295 total system horsepower^{11,13} with the efficiency of a compact car.

RX 350 F SPORT

F SPORT brings a new level of performance to the RX. A bolder look inside and out, backed by performance enhancements like an eight-speed Electronically Controlled Transmission with intelligence (ECT-i) and paddle shifters. The standard suspension has been tuned for precise response. Available late Summer 2012.

RX 350

Luxury and style, meet performance and versatility. The RX 350 features a 270-hp, 3.5-litre V6, six-speed sequential-shift automatic, Dual Variable Valve Timing with intelligence (Dual VVT-i) and All-Wheel Drive.

ALL-NEW RX F SPORT

Look at it from any angle, and its form speaks volumes about its function. Behind the aggressively-styled F SPORT mesh grille is a potent 3.5-litre V6 mated to an eight-speed Electronically-Controlled Transmission with intelligence and paddle shifters that helps enhance acceleration and response. Behind the F SPORT 19-inch alloy wheels with Dark Graphite finish, the RX suspension system has been tuned to performance specs. And behind the F SPORT name is the inspiration of Fuji Speedway, the legendary racetrack where Lexus engineers pursue higher levels of precision.

The all-new RX F SPORT. Tuned to
PERFORM

Open the door of the RX 350 F SPORT and you enter a cabin that exudes performance attitude: aluminum pedals, stylish leather-wrapped steering wheel and shift knob, and F SPORT perforated black leather seats with contrast stitching. F SPORT engineering sharpens the already nimble RX by adding larger stabilizer bars, performance dampers and new bushings.

Innovation that lets you
FOCUS on the road

REMOTE TOUCH

The available Remote Touch was ergonomically designed with a fingertip-controlled toggle that allows you to easily move through the logical menus of the RX's features. Located centrally for your comfort and convenience, Remote Touch is accessible to both the driver and front passenger.

ADVANCED TECHNOLOGIES

It's not enough for a luxury vehicle to surround its passengers in leather and wood trim – though the RX does so elegantly. In the new 2013 RX, you'll find advanced technologies that go beyond its state-of-the-art information capabilities like the available Heads-up Display which is designed to help you stay focused on the road. For added convenience, the available dual-screen Rear-Seat Entertainment System⁸ enables two video sources to be viewed at the same time. Best of all, it comes equipped with wireless headphones.⁹

Advanced performance and
FUEL EFFICIENCY
without compromise

When the first RX Hybrid was introduced, it made a statement: The world's first luxury hybrid proved that technology, innovation, and optimism can change how luxury is perceived. Now with the new 2013 Lexus RX 450h, the RX hybrid is even further ahead of its time. With an intelligent Shift Control System and a new Sport Mode, the RX 450h delivers even more dynamic performance.

THE POWER OF h

By combining a powerful electric motor with an efficient gasoline engine, the RX Hybrid's Lexus Hybrid Drive System delivers a powerful 295 net system horsepower^{11,13} while providing the fuel efficiency of a compact car and nearly 70% fewer smog-forming emissions than a comparable gasoline or diesel vehicle.¹² With innovation based on over 10 years of real world experience, Lexus hybrids are not only advanced, but also proven. That's the power of h.

All-Knowing. All-Conquering. ALL-WHEEL DRIVE

ACTIVE TORQUE CONTROL AWD

On the RX 350 an Active Torque Control All-Wheel Drive (AWD) system efficiently manages the relationship of the RX to the road. During normal traction conditions, it sends 100% of the engine's power to the front wheels. But if sensors detect a drive wheel that starts to lose grip, it will automatically reallocate up to 50% of the power from the front wheels to the rear to help maintain traction. It's so advanced, in fact, that it's designed to predict your course around a turn and proactively distribute torque to the rear wheels to help keep you on your intended path.

VEHICLE DYNAMICS INTEGRATED MANAGEMENT¹⁶

AWD isn't the only traction technology offered on the RX. Utilizing a network of sensors that monitor everything from speed, to steering, to braking, the available Vehicle Dynamics Integrated Management (VDIM)¹⁶ system can anticipate a loss of traction and help correct it before it occurs. All within a fraction of a second. The RX can even sense if the wheels are braking on different surfaces—a wet road on the left and an icy shoulder on the right, for instance—and add steering torque to either side to help the driver account for the difference.

At Lexus, our approach to safety is about more than just airbags²¹ – though you'll find a class-leading 10 of them on the new 2013 RX. It's about pursuing safety from every perspective. One of the outcomes of the 233 crash tests performed on the RX during development is a reinforced and overlapping pillar design that provides increased buckling strength and reduces the likelihood of deformation of the area around the pillars. If an impact does occur, you're surrounded not only by a 10-airbag system²¹, but active front headrests¹⁹ that can move upward and forward in the event of certain types of rear-end collisions to help prevent whiplash.

To help make it more secure, first make it
SMARTER

CLASS-LEADING 10-AIRBAG²¹ SYSTEM

The RX is equipped with dual-stage front, knee and side airbags for the driver and front passenger, and side airbags for the rear outboard passengers. Also included are roll sensing side-curtain airbags that cover the length of the cabin.

PRE-COLLISION SYSTEM¹⁸

Utilizing advanced radar technology, the available Pre-Collision System (PCS)¹⁸ can detect an imminent frontal collision and, while retracting the seatbelts, automatically prepare Brake Assist¹⁷ to provide increased braking pressure the moment you forcibly step on the brake pedal.

THE DEALERSHIP EXPERIENCE

When you visit one of our dealerships, make yourself at home by helping yourself to a beverage and internet access.[†] When picking up your new Lexus, our associates will make the transition seamless. We can help you with everything from setting your favourite radio stations to connecting and transferring your compatible cell phone's contacts to the available Bluetooth® system on your vehicle. Rest assured your car will experience the finest treatment as well, with a complimentary car wash with every service.

CLUB LEXUS

A complimentary Club Lexus membership is offered to all new, pre-owned or leased Lexus owners. Club Lexus provides an exceptional compilation of services, offers, special events, and pertinent information that's of interest to Lexus drivers. You can also view your service history, the status of your factory warranty or Extra Care Protection (ECP) coverage, and the current status of your Lexus Financial Services (LFS) loan or lease. Sign up today and start taking advantage of all of the features at www.clublexus.ca.

LEXUS LIFESTYLE COLLECTION

Enhance your ownership experience even further with the "The Lexus Lifestyle Collection" Catalogue. Every year, Lexus assembles a wide range of brand name products that exemplify the finest design and craftsmanship in the world, which include designer luggage, Lexus apparel, stunning watches, Royal Doulton Glassware and much more. An exceptional item can be found for every driver.

To learn more about the various exclusive services that Lexus offers, please visit www.lexus.ca.

SERVICE COMMITMENT

On top of enjoying the highest quality product, Lexus also delivers through a professional Dealer network, a unique and uncompromising level of after-sales service: First Class Service Concept. The highest level of professionalism and vehicle support ensure that the Lexus ownership experience is as luxurious as the vehicles.

MAINTENANCE

We offer the first two scheduled maintenance services at no charge to you. The first service at 1,600 km will include a thorough vehicle inspection and a road test. The second inspection at 8,000 km will include a change of engine oil and oil filter.

EXTRA CARE PROTECTION

Extend beyond the new vehicle warranty and enhance your peace of mind with Lexus Extra Care Protection.

WARRANTY

Our Lexus Warranty Comprehensive Coverage includes:

- 48 months/80,000 km (includes tires).
- Hybrid-Related Components: 96 months/160,000 km (applies to battery control module, hybrid vehicle control module, hybrid battery and the inverter/converter).
- Powertrain: 72 months/110,000 km.
- Corrosion Perforation: 72 months/unlimited kilometres.
- Major Emission Control Components: 96 months/130,000 km.

Please see your Lexus Dealer for details.

Lexus will even provide five days of alternate transportation if your vehicle is required to stay at the dealership for an extended period of time due to a warrantable condition.

ROADSIDE ASSISTANCE

As a proud owner of a Lexus vehicle, you won't have to worry about obtaining assistance when mishaps requiring Emergency Roadside Service or Mechanical Breakdown Towing are needed. Throughout Canada and the continental U.S., our Central Emergency Roadside Services Operator will always be there to ensure you receive prompt, efficient services from one of the many facilities qualified under our approved Roadside Assistance Program. Twenty-four hours a day, 365 days a year, we will be there to help.

[†]Internet is available in most Lexus locations.

STANDARD LUXURY FEATURES

LUXURY AND CONVENIENCE

- SmartAccess²² with push-button Start/Stop
- Dual-zone automatic climate control with interior air filter
- Rear seat heater ducts
- Driver seat memory system (RX 350 F SPORT, RX 450h)
- Power tilt-and-telescopic steering wheel
- Power windows with one-touch auto open/close
- Remote-linked opening for windows and available moonroof
- Power moonroof (RX 350 F SPORT, RX 450h)
- Electrochromic (auto-dimming) inside rear view mirror (RX 350 F SPORT)
- Electrochromic (auto-dimming) inside rear view mirror with compass (RX 350, RX 450h)
- Power door locks
- Power rear door with jam protection
- Hybrid blue accented front headlamps, rear tail lamps, logos and badges (RX 450h)
- Cruise control
- Multifunction, in-key remote entry system with rolling-code technology
- Illuminated entry system with fadeout
- Accessory power outlets (12 V) in front console, lower dash and rear cargo area
- HomeLink^{®4} universal transceiver to operate compatible garage, gate, home lighting and home security systems
- F SPORT shift lever, scuff plates and aluminum pedal set (RX 350 F SPORT)
- F SPORT steering wheel with paddle shifters (RX 350 F SPORT)
- F SPORT exterior badges (RX 350 F SPORT)
- Lexus Personalized Settings (LPS) to customize select electronic functions
- Roof mounted spoiler
- Silver painted roof rails (RX 450h)
- Rear privacy glass
- Centre console with sliding lid and storage bin
- Dual illuminated vanity mirrors
- Retractable tonneau cover

SEATING AND TRIM

- Espresso bird's-eye maple wood trim with parchment or saddle tan interiors
- Ebony bird's-eye maple wood trim with light-grey or black interiors
- Premium fabric seat surfaces (RX 350)
- Perforated leather seat surfaces (RX 350 F SPORT, RX 450h)
- Leather-wrapped steering wheel and shift knob
- 10-way driver's and front passenger's (including lumbar) power seats
- Heated and ventilated front seats (RX 350 F SPORT, RX 450h)
- Reclining and sliding rear seat (40/20/40 split)

AUDIO, COMMUNICATION AND INSTRUMENTATION

Lexus 9-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer (RX 350, RX 450h)

Mark Levinson® 15-speaker Surround Sound Audio System³ with 7.1 channel architecture and CD/DVD player (RX 350 F SPORT)

Voice-activated HDD Navigation System¹ with remote touch (RX 350 F SPORT)

8-inch LCD multi-information display

Heads-up display (RX 350 F SPORT)

Integrated backup camera² (RX 350 F SPORT, RX 450h)

Bluetooth® capability⁷

Integrated XM® satellite radio⁵

Satellite roof-mounted fin antenna

USB and auxiliary iPod®⁶/MP3/Windows Media Audio (WMA) port

Drive Mode Select (RX 450h)

Steering-wheel-mounted audio and display controls

Electroluminescent instrumentation

Outside temperature gauge

Organic Light Emitting Diode (OLED) multi-information display in gauge cluster

STANDARD SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

Four-wheel ventilated power-assisted disc brakes

Electronic Controlled Braking (ECB2) (RX 450h)

Smart Stop Technology²³

Four-sensor, four-channel Anti-lock Brake System (ABS)

Vehicle Dynamics Integrated Management (VDIM)¹⁶
(RX 350 F SPORT, RX 450h)

Vehicle Stability Control (VSC)¹⁶

Traction Control (TRAC)

Brake Assist (BA)¹⁷

Electronic Brake-force Distribution (EBD)

Direct Tire Pressure Monitor System²⁰

Projector style halogen headlamps (RX 350)

Bi-xenon High-Intensity Discharge (HID) headlamps with dynamic auto-levelling (RX 350 F SPORT, RX 450h)

Headlamp washers

Integrated fog lamps

Light Emitting Diode (LED) rear tail lamps

Rear-window defroster with auto-off timer

Water-repellent front-door glass

Rain-sensing intermittent windshield wipers with mist cycle and deicer

Power-adjustable, side view heated mirrors with puddle lamps and integrated turn indicators

Power folding electrochromic (auto-dimming) side view mirrors (RX 350 F SPORT)

PASSIVE SAFETY

Driver's and front passenger's dual-stage airbag system (SRS)²¹

Front and rear seat-mounted side airbags (SRS)²¹

Roll-sensing front and rear side curtain airbags (SRS)²¹

Driver's and front passenger's knee airbags (SRS)²¹

Active front headrests¹⁰ with whiplash protection

Three-point seatbelts for all-seating positions, pre-tensioners with force limiters for front and outboard rear seats

Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for front and outboard mounted rear passenger seating positions. Emergency Locking Retractor (ELR) only for driver's seat and centre rear passenger seating position

Height-adjustable front shoulder belt anchors

Height-adjustable headrests for all seats

Child Restraint Seat (CRS) tether anchor brackets for rear outboard seating positions

Rigid body structure with front and rear crumple zones

Side-impact door beams

Reinforcements in pillars and door sills

Impact-dissipating upper interior trim

Collapsible steering column and brake pedal

Rear bumper protector (RX 350 F SPORT, RX 450h)

Front and rear splash guards (RX 350 F SPORT, RX 450h)

SECURITY

Vehicle theft-deterrent and engine-immobilizer system, with in-key transponder

Front door handle touch sensor lock/unlock

Tool kit

First aid kit

OPTION PACKAGES

RX 350

PREMIUM PACKAGE 1

- Perforated leather-seat surfaces
- Heated and ventilated front seats
- Driver seat memory system
- Power folding electrochromic (auto-dimming) side view mirrors
- Power moonroof
- Silver painted roof rails
- Rear bumper protector
- Front and rear splash guards
- Cargo area multi-purpose net
- Cargo mat

PREMIUM PACKAGE 2

Includes Premium Package 1 plus:

- Bi-xenon High-Intensity Discharge (HID) headlamps with dynamic auto-levelling
- Rear view mirror with integrated backup camera²

TOURING PACKAGE

Premium Package 2 plus:

- 19-inch triple split-5-spoke aluminum alloy wheels with P235/55R19 tires
- Voice-activated HDD Navigation System¹ with remote touch
- XM Real-Time Traffic^{®1} capability
- 12-speaker Lexus premium audio system with CD/DVD player
- Rear subwoofer
- Backup camera² in navigation display
- One wallet size smart card key
- (Delete digital compass in electrochromic rear view mirror and six-disc CD auto-changer)

ULTRA PREMIUM PACKAGE 1

Touring Package plus:

- Vehicle Dynamics Integrated Management (VDIM)¹⁶
- Premium leather seat surfaces
- Mark Levinson[®] 15-speaker Surround Sound Audio System³ with 7.1 channel architecture and CD/DVD player
- Front seat power thigh support
- Intuitive Parking Assist
- Heated wood- and leather-wrapped steering wheel
- Wood- and leather-wrapped shift knob
- Front illuminated doorsill trim
- Heads-up display
- Rear cupholder wood grain trim

ULTRA PREMIUM PACKAGE 2

Ultra Premium Package 1 plus:

- Dual-screen DVD Rear-Seat Entertainment System (RSES)⁸
- Audio and DVD remote control
- Two sets of wireless headphones⁹
- 120 V/400-watt power outlet

RX 450h

TOURING PACKAGE

- 19-inch triple split-5-spoke aluminum alloy wheels with P235/55R19 tires
- Voice-activated HDD Navigation System¹ with remote touch
- XM Real-Time Traffic^{®1} capability
- 12-speaker Lexus premium audio system with CD/DVD player
- Rear subwoofer
- One wallet size smart card key
- Power folding electrochromic (auto-dimming) side view mirrors
- (Delete digital compass in electrochromic rear view mirror and six-disc CD auto-changer)

ULTRA PREMIUM PACKAGE 1

Touring Package plus:

- LED headlamps
- Premium leather seat surfaces
- Mark Levinson[®] 15-speaker Surround Sound Audio System³ with 7.1 channel architecture and CD/DVD player
- Front seat power thigh support
- Intuitive Parking Assist
- Heated wood- and leather-wrapped steering wheel
- Wood- and leather-wrapped shift knob
- Front illuminated doorsill trim
- Heads-up display
- Rear cupholder wood grain trim

ULTRA PREMIUM PACKAGE 2

Ultra Premium Package 1 plus:

- Pre-Collision System (PCS)¹⁸
- Dynamic Radar Cruise Control²⁴
- Dual-screen DVD Rear-Seat Entertainment System (RSES)⁸
- Audio and DVD remote control
- Two sets of wireless headphones⁹
- 120 V/400-watt power outlet

1. The Navigation System is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available for every city or roadway. Periodic updates available at an additional cost. See your Navigation System *Owner's Manual* for further details. Navigational systems in some vehicles are available with bilingual capability. XM NavTraffic® requires a monthly service fee and is designed to provide real-time traffic or alternative routes of travel. NavTraffic will only be available in Montreal, Vancouver and Toronto. Both Montreal and Vancouver will only have incident data and Toronto will have both incident and flow data. 2. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. 3. Mark Levinson is a registered trademark of Harmon International Industries Inc. 4. HomeLink is a registered trademark of Johnson Controls. 5. Functioning Satellite Radio requires a compatible receiver and monthly service fee. Please see your Lexus Dealer for further details. Reception of satellite signal may vary depending on location. 6. iPod is a registered trademark of Apple Inc. All rights reserved. 7. Lexus tests certain Bluetooth® capable phones for compatibility with Lexus vehicles. Please see your Lexus Dealer for details. Note that the recommendation of Lexus is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the phone software version or the service coverage available in your area. Some vehicles equipped with Bluetooth® technology are available with bilingual capability. 8. A single disc DVD player is standard on vehicles equipped with the dual-screen Rear-Seat Entertainment System. A separate DVD player or game system utilizing the centre console's video/audio inputs is required in order to use the split-screen function. 9. Headphones are for passenger use only. Do not use while operating vehicle. 10. Active headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 11. Maximum output indicates engine plus HV battery output. 12. The Lexus Hybrids have nearly 70% fewer smog-forming emissions compared against similarly equipped conventional gasoline power vehicles. Based on North American sales data and Federal Tier 2 engine emission requirements. 13. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. 14. FUEL CONSUMPTION RATING. Fuel efficiency estimates were determined using approved Government of Canada/Transport Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. 15. The RX 450h is not designed to be driven off-road. 16. Vehicle Stability Control (VSC) and if applicable Vehicle Dynamics Integrated Management (VDIM) are electronic systems designed to help the driver maintain vehicle control under adverse conditions. They are not substitutes for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC and VDIM will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 17. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. 18. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your *Owner's Manual* for further information. 19. HAC is designed to help minimize backward rolling on steep ascents. These suggestions are not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 20. The Lexus Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner's Manual* for details. 21. All the airbag ("AB") systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts. Do not use a rearward-facing child seat in any front passenger seat. Please see your *Owner's Manual* for further information/warnings. 22. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 23. Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes to bring the vehicle to a stop. Factors including speed, road conditions, driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. 24. Dynamic Radar Cruise Control was designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important cautions and instructions. 25. Roof rack capacity is 130 lb. Crossbars are not recommended for luggage. Please see your *Owner's Manual* for details. 26. Before towing, confirm your vehicle and trailer are compatible, hooked up properly and you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer-hitch manufacturer and vehicle *Owner's Manual*. The maximum amount you can tow depends on the total weight of any cargo, occupants and available equipment.

Vehicles in this brochure shown with optional equipment. Some features mentioned and/or shown in this brochure may only be available as part of an optional package.

Under very cold conditions, the operation of some vehicle electronic systems using liquid crystal technology (such as CD, DVD, NAV and Audio displays) may be adversely affected until a warmer interior vehicle temperature is reached.

Lexus reminds you to place small children in CSA-approved car seats - in the rear seats, to always wear your seatbelts, and to drive safely.

THE BEST WAY TO FINANCE YOUR NEW RX - EASILY, QUICKLY, AFFORDABLY.

• Lexus Financial Services does nothing but finance or lease Lexus vehicles; thus, we know financing and we know Lexus. • Our interest rates are fully competitive and our terms flexible (up to 72 months). • Since we offer Web services, you can: A: check out our rate; B: save time by getting credit approved on-line - before checking out the vehicle(s) of your interest. • Finally, one-stop shopping (at all Lexus Dealerships) saves you time. We invite you to visit us at lexus.ca or call us at 1-800-26-LEXUS.

LEXUS CANADA. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in standard equipment, options or product delays may occur, which would not be reflected in this brochure. Lexus Canada reserves the right to make these changes without notice or obligation. Your Lexus Dealer is the best source for up-to-date information.

Lexus invites you to join us in Club Lexus, a very exceptional compilation of services, offers, special events and pertinent information available only to Lexus owners. To register for Club Lexus, please visit lexus.ca or call 1-800-26-LEXUS.
