Standard Features

A Rugged 14 gauge two-sided A-40 galvanneal steel body shell with a six year warranty. Complete undercoating provides an additional layer of corrosion protection.

B Exclusive "Return Flange" floor design provides support for side compartments, adds floor strength, and eliminates rust-prone exposed seam between floor and side compartments.

C Interior light guards provide protection for recessed lighting and wiring package.

D Continuous stainless steel hinge for unmatched security and corrosion resistance, backed by Knapheide's six year warranty.

E Adjustable security ring strikers provide strength, security, and a weather tight seal throughout the entire life of the body.

F 250 lb. capacity adjustable divider shelves made of rugged spangled galvanized steel. Divider slots on 4" centers. Shelves are covered through Knapheide's six year warranty.

G Double spring over-center door retainer on all vertical doors eliminates involuntary swing and keeps the door in positive open or closed position.

Because Rust Never Sleeps

Rust shouldn't be a concern when you buy quality Knapheide we installed our state of the art, custom-designed electrodeposition an electroplating process, to give you a superior coat of primer methods. Complete immersion in our E-coat results in a prime Rust never sleeps, and neither does our E-coat protection so you

N Complete immersion in Knapheide's electro-deposition prime paint system for superior corrosion resistance.

M Slam lock tailgate with one hand center release for convenience. Durable double panel construction has flat interior surface for work bench use.

H Double-shell, 20 gauge, two sided A-40 galvaneal steel hat section reinforced doors for durability and long life.

I Stainless steel paddle activated, rotary-style latches close easily and stay closed. Individually lockable bolt-on latches can be removed for repair or maintenance and come with Knapheide's six year warranty.

J Interior cover secures the latch to the door and protects the internal latch mechanisms from being damaged.

K Thick automotive bulb-type neoprene door seals protect compartments from the weather.

L Quick mount installation permits quick, safe mounting of body and bumper and allows for easy transfer from chassis to chassis (meets FMVSS301 requirements).

products. To give you the best protection from rust and corrosion, prime paint system. Our E-coat system bonds paint to steel by resulting in better corrosion protection compared to spraying coat that provides the best chemical and solvent resistance. should never worry about the quality of your Knapheide products.

SERVICE BODIES

6

• No rust through
 • Door hinges will not fail or come off body
 • Latches and lock cylinders will not fail to operate
 • Shelves will not bend under max. load of 250lbs.
Year Limited Warranty

Compartment Configurations

**500 Series
Compartments**

The 500 Series Service Bodies feature a horizontal compartment that stretches from the first vertical compartment to the end of the body with a small rear lower compartment. 500 Series compartment configurations are available for most Service Body models.

**600 Series
Compartments**

The 600 Series Service Bodies feature a horizontal compartment that is positioned over the wheel well and one vertical compartment in the front of the body and one at the rear of the body. 600 Series compartment configurations are available for most Service Body models.

The 700 Series has 500 Series configuration on the curb side and 600 Series on the street side. The 700R has 500 Series on the street side and 600 series on the curb side.

Low Profile Body

Low Profile Bodies offer greater visibility from the cab while only sacrificing 4" of body height compared to a standard service body.

Low Profile Bodies are denoted by LPJ within the body model.

Standard Shelving

All Knapheide Service Bodies come with the following standard shelving units.

- Two adjustable divider shelves and dividers, street and curb side front vertical compartment. (1st and 2nd vertical 132" bodies only)
- One adjustable divider shelf and dividers, street and curb side full height rear vertical compartment.
- One adjustable divider shelf and dividers, curb side horizontal compartment

Plus 50 Compartments

Plus 50 models feature transverse compartment in curb side front vertical extending to street side compartment back.

Plus 50 models have 50% more effective storage capacity.

- 40" high bodies have a (3) drawer unit with 8.5" high tunnel under drawers.
- 36" and 37.25" high bodies have a (2) drawer unit with 8" high tunnel under drawers.
- W and D54 models have 69" long drawers with 46" extension. All other models have 59" long drawers with 41" extension.
- Drawers are 24" wide (20" clear) and 3" high and are removable.
- Ball bearing drawer guides for ease of movement.
- Drawers are 250lb. rated.
- Drawers have hemmed dividers on 4" centers.

Flip Top Compartments

Flip Tops allow for greater internal storage organization and flexibility. Knapheide's Flip Tops have a slammable top lid door and a convenient one hand release located in the horizontal compartment.

Two hydraulic cylinders ensure the Flip Top remains in the open position.

Flip Tops are denoted by "FJ" within the Service Body model. Available on most Knapheide Service Bodies.

Raised Front Compartments

Raised front vertical compartments are 60" tall and come with stainless steel rivetless rotary latches and double spring over center door retainers.

Standard raised front vertical compartments are located on the curb side for operator safety.

Bottle gas retainers are optional for the raised front vertical compartments.
