

HONORING THOSE WHO HAVE SERVED.

No facet of our community is more deserving of our respect and gratitude than those who have served our country – a sacrifice that we acknowledge and appreciate every day.

That's why, as part of the **Mitchell Community Connection** initiative, we deeply honor those active and retired military personnel and their spouses by

making the first payment up to \$500 on their purchase of any new or pre-owned vehicle from us.

Mitchell Subaru was the first Subaru dealership in the United States, and we owe our prosperity and freedom to those women and men who serve this great nation.
