PLATINUM PLUS  
VEHICLE COVERAGE

YOUR TRUSTED DRIVING COMPANION SINCE 1979

**PLATINUM BENEFITS  
INCLUDE:**

**Paintless Dent Repair**

Dings and dents from things such as runaway shopping carts and wind blown car doors are more than annoying, they reduce your vehicle's value and appearance. Unfortunately, most cars have them or are going to get them. Paintless Dent Repair (PDR) is an innovative process developed by automotive manufacturing production teams to remove small dings and dents from painted sheet metal surfaces without harming the vehicle's factory finish. PDR works from the inside and therefore, does not require sanding, painting, or body fillers. In most cases, there is no evidence a dent ever existed. Certified PDR Service Technicians are highly skilled craftsman who utilize specialized hand tools to manipulate and flex the metal back to its original form.
