

Elantra

2018

A class above the rest.

The Elantra has received two of the most highly regarded awards in the automotive industry: named AJAC's 2017 Best New Small Car and designated a Top Safety Pick by the Insurance Institute for Highway Safety in the U.S. With its sleek styling and sporty, dynamic lines, the feature-packed Elantra dares to go beyond what you might expect from a car in its class.

AUTOMOBILE JOURNALISTS
ASSOCIATION OF CANADA

2017 Best New Small Car

Efficiently powerful.

Powering the 2018 Elantra is a 2.0L engine delivering 147 horsepower, which can be paired with a 6-speed manual or 6-speed automatic transmission. The standard 6-speed manual transmission includes an EcoShift indicator that identifies ideal shifting points to help you save fuel. The available 6-speed automatic features SHIFTRONIC[®] manual shift mode and features Hyundai's Active ECO System for smarter acceleration to help improve fuel efficiency.

Smart technologies, for your safety and convenience.

The Elantra offers an array of available driver assistance and situational awareness technologies that provide visual and audible cues along your journey to help inform you of potential driving dangers. There are also features available to keep you connected no matter where you go, including a Bluetooth[®] hands-free phone system, as well as Android Auto[™] and Apple CarPlay[™] smartphone connectivity.

Features for you, Canada.

Heated front seats are standard, a class-exclusive[†] feature that only the 2018 Elantra offers Canadians! Plus, you don't have to go to the top trim to enjoy the comfort of a heated steering wheel. The Elantra is also equipped with two other segment firsts: an available Driver's Integrated Memory System that will store seating and mirror preferences for two driver settings, and an available hands-free Smart Trunk^Ω that opens automatically for your convenience.

Limited model shown. May not be exactly as shown.

The SUPERSTRUCTURE™

At the core of the Elantra is the SUPERSTRUCTURE™, a state-of-the-art platform that is the foundation of the Elantra lineup.

Over half of the SUPERSTRUCTURE™ is comprised of our Advanced High Strength Steel for exceptional stiffness and strength, and features an extended application of structural adhesives to further reinforce critical areas of the frame. In the event of a collision, the SUPERSTRUCTURE™ helps protect occupants inside the vehicle by absorbing harmful energy and redirecting it away from the passenger compartment.

The rigid composition of the SUPERSTRUCTURE™ not only delivers enhanced safety, the stronger and stiffer frame means our engineers can tune key suspension components more precisely to reach a balance between controlled handling and ride comfort.

+ An array of advanced safety technologies:

Available Blind Spot
Detection with Lane
Change Assist

Available Lane Departure
Warning System with
Lane Keep Assist

Available Rear
Cross-Traffic Alert

The SUPERSTRUCTURE™

To demonstrate the remarkable strength of the SUPERSTRUCTURE™, we put it to the ultimate test and stacked over 27,000 lbs on its roof. After holding this weight for over four days during the filming of a TV commercial, the vehicle frame (weighing merely 654 lbs) not only witheld the weight without distorting – so did each, fully functioning, Elantra placed on top.

Accessories

Premium All-Weather Floor Liners - Front

Premium all-weather floor liners were designed to cover the interior carpet, providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long lasting premium look. Remove carpet mats prior to installation.

Plastic Hood Protector

Help prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector.

Premium All-Weather Cargo Tray

Protect your interior cargo area with style. This durable, custom-fit premium cargo tray protects from spills and messy loads while helping keep your cargo area looking new for years to come.

Accessory Frame

An accessory frame makes it quick and easy to attach hitch-mounted cargo equipment, such as bikes and ski racks. Frame not intended for towing.

The Elantra Family

Looking for more power? Or hatchback versatility? Be sure to check out the rest of the Elantra family!

2018 Elantra Sport – featuring a 1.6L Turbocharged engine with 201 horsepower, multi-link rear suspension and larger 18” alloy wheels.

All-new 2018 Elantra GT hatchback – featuring 705 litres of cargo capacity and standard features such as the 8.0” touch-screen display with Android Auto™ and Apple CarPlay™.

5 YEAR/100,000 KM
