

Elantra Sport

2018

Power and precision.

Sport enhanced design cues are only the beginning. Underneath the hood is a powerful 1.6L turbocharged engine delivering 201 horsepower and 195 lb-ft of torque. But power is nothing without precision. At the core is the SUPERSTRUCTURE™. It's constructed with our Advanced High Strength Steel to deliver an ultra-rigid frame that allows even greater precision when tuning the key suspension components, so that when we outfitted and sport-tuned the Elantra Sport with an independent multi-link rear suspension... you would feel it.

2017 Best New Sports/
Performance Car

Feature highlights:

1. Performance-inspired accents

Detailed sport accents run along the dashboard of the Elantra Sport. To complement this, the cabin also features a black headliner and blacked-out trim along the shifter and door handles.

2. Heated, leather D-cut steering wheel

The Elantra Sport features a leather-wrapped, D-cut steering wheel that is heated for ultimate comfort and warmth during our Canadian winters. Standard steering wheel-mounted controls also make it easy to access your audio, phone and cruise control settings at the press of a button.

3. Black leather sport seats with red stitching

The seating in the Elantra Sport features heavily bolstered leather front seats with detailed red stitching.

4. Aggressive front grille

The unique front bumper design sets the tone with sharp body lines that frame an aggressive black and chrome front grille. An exclusive “Turbo” badge signals the performance of the Elantra Sport.

5. Bold lighting

Exclusive to the Elantra Sport are advanced HID headlights with a blacked-out housing design. Horizontal LED daytime running lights accentuate the aggressive front grille and exclusively designed LED tail lights add extra flare and increased visibility.

6. Ride and handling

To ensure that the most powerful Elantra ever is also the most fun to drive, the Elantra Sport is exclusively outfitted with an independent multi-link rear suspension designed to elevate on-road dynamics and feel. Standard 18” alloy wheels and larger front brakes add to the dynamic feel on the road and the sporty look.

1.6L Turbocharged GDI engine

The Elantra Sport is powered by a 1.6L Turbo Gasoline Direct Injection (GDI) four-cylinder engine generating 201 horsepower and 195 lb-ft of torque. Choose between a 6-speed manual or available 7-speed Dual Clutch Transmission with paddle shifters.

The SUPERSTRUCTURE™

At the core of the Elantra Sport is the SUPERSTRUCTURE™, a state-of-the-art platform that is the foundation of the Elantra lineup.

Over half of the SUPERSTRUCTURE™ is comprised of our Advanced High Strength Steel for exceptional stiffness and strength, and features an extended application of structural adhesives to further reinforce critical areas of the frame. In the event of a collision, the SUPERSTRUCTURE™ helps protect occupants inside the vehicle by absorbing harmful energy and redirecting it away from the passenger compartment.

The rigid composition of the SUPERSTRUCTURE™ not only delivers enhanced safety, the stronger and stiffer frame means our engineers can tune key suspension components more precisely to reach a balance between controlled handling and ride comfort.

Colours and wheels

Accessories

All-Weather Floor Liners

Protect the interior of your Hyundai with the most advanced floor protection available. These front floor liners feature raised edges to protect your carpet from dirt, rain, slush and snow. Designed to snap in using the factory carpet retention pins, these floor liners will protect your carpeting for years to come. Remove carpet mats prior to installation.

Hyundai WarmUp System

Keep the inside of your car warm in winter months without using a drop of fuel! The Hyundai WarmUp System includes an interior cabin heater and a fully programmable display unit as well as an integrated battery charger.

Premium All-Weather Cargo Tray

Protect your interior cargo area with style. This durable, custom-fit premium cargo tray protects from spills and messy loads while helping keep your cargo area looking new for years to come.

Side Visors

Complement your vehicle with a sleek and durable set of side visors that will help reduce glare while providing you with fresh air. Custom made for your vehicle using high quality reinforced tinted acrylic plastic, these visors will look good on your vehicle for years to come.
