CORONADO® SD

CONSTRUCTION SEVERE DUTY DUMP

CORONADO® SD SEVERE DUTY DUMP

SEVERE DUTY IS ALL IN A DAY'S WORK.

Freightliner's flagship vocational truck, the Coronado® SD, is engineered to take on severe environments and extreme conditions. The durable and dependable SD combines time-tested performance with the latest advances in engineering and technology. Customizable to meet your specific operational or business needs, the Coronado SD is tough on the outside, comfortable on the inside and, as always, ready for a hard day's work—no matter how severe.

122" BBC CORONADO SD

Choose the set-back axle to provide greater maneuverability or the set-forward axle to allow maximum weight distribution for carrying heavy loads.

ENGINE VERSATILITY

The Coronado SD offers engines and ratings for the job at hand: Detroit Diesel DD13™, DD15™ and DD16™, and the Cummins® ISX. All engine and exhaust systems use Selective Catalytic Reduction (SCR) emissions technology and are EPA 2010 compliant.
