2013 CALLAWAY CORVETTE

The 2013 model year is your last chance to get a sixth generation "C6" Corvette and Chevrolet certainly saved the best for last. The 427 Convertible Collector Edition and 60th Anniversary Design Package join the Corvette line-up as very special, limited production, supercharged Callaway Corvettes. All Callaway Corvettes are assembled to stringent engineering standards exclusively by expert technicians at Callaway factories in Old Lyme, Connecticut, and Santa Ana, California. They are sold and serviced by a network of Callaway Authorized Dealers across the US and Canada.
