

Innovation  
that excites

2014  
**LEAF™**

Zero Emission

**WELCOME TO THE 2014 NISSAN LEAF™ DIGITAL BROCHURE**

Full of images, feature stories, and all the specification and trim level information you need to help select your Nissan LEAF™

## 100% ELECTRIC NISSAN LEAF.™ IMAGINE WHAT YOU'LL BE SAVING.

How much money would you save if you never had to stop for gas again? And how much time would you save, zipping along in the carpool lane? This is innovation that rewards, because Nissan LEAF™ is the 100% electric car that works for you. It even nabbed the 2014 Green Vehicle of the Year Award from *Auto123.com*, beating out Porsche® Cayenne® Diesel and Volkswagen® Jetta® TDI.<sup>1</sup> But it's more than just a planet friendly way to get around. With seating for five and a lower total cost of ownership, Nissan LEAF™ makes driving electric an everyday reality. Plus loads of fun – because 1.9 Le/100 km (153 MPGe) city<sup>2</sup> and freedom from the pump come with amazing acceleration and a corner-hugging ride. Did we mention all the great perks, too?

- never buy gas again
- carpool lane access<sup>3</sup> (select provinces)
- no more oil changes
- designated EV parking<sup>3</sup>

Discover how the innovative Nissan LEAF™ fits into your day – no matter what life you lead.

Go to [www.nissan.ca/dayinleaf](http://www.nissan.ca/dayinleaf)

Vehicles in brochure are shown without front and rear splash guards, which are standard equipment on all Nissan LEAF™ models.

<sup>1</sup>2014 Nissan LEAF™ Auto123.com's Green Vehicle of the Year is selected by a panel of voting automotive journalists. <sup>2</sup>2014 Fuel Economy Estimates. Based on Natural Resources Canada formula of 8.9 kW/hour equal to one litre of gasoline energy, EPA rated the Nissan LEAF™ equivalent to 1.9 Le/100 km or 153 MPGe (Imperial) measured as gasoline fuel efficiency in city driving. Actual mileage may vary with driving conditions – use for comparison only. <sup>3</sup>2014 EPA range of up to 135 kilometres. <sup>4</sup>The additional perks referenced are for informational purposes only. These additional perks are not within Nissan's control and may not be available in all provinces and/or locations and are subject to change without notice. Interested parties should confirm the accuracy of the information before relying on it to make a purchase. Porsche® and Cayenne® are registered trademarks of Porsche Cars North America, Inc. Volkswagen® and Jetta® are registered trademarks of Volkswagen of America, Inc.

Nissan LEAF™ SV shown in Pearl White with optional equipment. U.S. model shown.

# CHARGE. DRIVE. REPEAT. IT'S THAT EASY.

On average, most people drive less than 42 kilometres a day.<sup>1</sup> Nissan LEAF™ gets you 3 times that on a single charge.<sup>2</sup>

Just plug it in to charge overnight and in the morning you'll be ready to go, with tools to help you manage your range along the way. Of course, driving at moderate, more constant speeds is always a good idea. You can even switch to Eco mode to improve your range up to 10% in certain conditions. With Nissan LEAF™ the little things can make a big difference. And for added peace of mind, Nissan provides three years of complimentary roadside assistance with every Nissan LEAF™.<sup>3</sup>

## “Fill up” at home. Faster than ever.

With the 240-volt home charging dock, Nissan LEAF™ charges in as little as 5 hours.<sup>4</sup> All you have to do is plug it in, like you would your laptop or cell phone. To take advantage of off-peak rates, you can set a charging timer right on the dash. And check your charging status remotely from a computer, or from your smartphone with the CARWINGS® app.<sup>5</sup>

U.S. model shown.

## battery warranty 8 years | 160,000 km<sup>6</sup>

The Nissan LEAF™ lithium-ion battery limited warranty also protects against capacity loss below 9 bars of capacity (out of 12) as shown on the Nissan LEAF™'s capacity gauge for a period of 5 years/100,000 kilometres (whichever occurs first).<sup>6</sup>

eco drive indicator

U.S. model shown.

## The tools to go the distance.

There are plenty of tools right on your dashboard to help you get the most out of every charge. You'll always see your battery level, and how many kilometres remain in your driving range.<sup>8</sup> Driving efficiently? You won't have to guess. The power meter shows how much power you're using – and generating, thanks to Nissan LEAF™'s regenerative braking system that captures the energy created while you coast or brake and recycles it back into the power supply. And if you're doing really well, you'll grow a virtual forest on the Eco drive indicator.

## Charge on the go. In more places than ever.

With approximately 5,000 public charging stations that will be in place by 2015, you can head out in confidence. You can even plan trips in your Nissan LEAF™ based on the availability of charging stations near your destination. Visit <http://www.plugndriveontario.ca/support> to find a ChargePoint station near you.<sup>9</sup>

<sup>1</sup>Natural Resources Canada, 2010. <sup>2</sup>2014 EPA range of up to 135 kilometres. Actual range may vary. Use for comparison only. <sup>3</sup>See your Nissan dealer and read the Roadside Assistance section of your Warranty Information Booklet for complete details and eligibility requirements. <sup>4</sup>Approximate time, with available 240-V home charging dock, purchased separately. <sup>5</sup>CARWINGS® requires compatible 2G GSM/GPRS cellular network provided by independent cellular companies not within Nissan's control. 2G cellular network not available in all areas and/or available at all times. In areas with 2G network coverage, signal strength may vary and/or not be available at all times. Cellular technology is evolving, and changes to cellular networks may affect future CARWINGS® functionality. Ask your cellular network carrier for details on anticipated 2G network availability in your area and how this may affect your planned usage. Should a cellular provider terminate/further restrict 2G network service, CARWINGS® service may be suspended or terminated without notice or liability to Nissan and/or its agents. Like other devices that rely on 2G network coverage, once the 2G network is terminated, CARWINGS® will not function unless equipment replacements, upgrades, or alternative 2G network coverage are available at that time, which Nissan cannot guarantee. Nissan not responsible for associated costs that may be required for continued CARWINGS® operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Certain remote functions require compatible smartphone, not included with vehicle. CARWINGS® subscription service requires owner consent to activate. Subscription service for first 36 months included in vehicle price. Subscription available for purchase thereafter. Standard text rates and/or data usage may apply to CARWINGS® communications received by email or SMS/text message. Terms and conditions of Subscription Agreement apply. <sup>6</sup>The limited Nissan LEAF™ lithium-ion battery warranty includes coverage for defects in materials or workmanship for 8 years/160,000 kilometres (whichever occurs first) as well as protection against capacity loss below 9 bars of capacity (out of 12) as shown on the Nissan LEAF™'s capacity gauge for a period of 5 years/100,000 km (whichever occurs first). <sup>7</sup>The additional perks referenced are for informational purposes only. These additional perks are not within Nissan's control and may not be available in all provinces and/or locations and are subject to change without notice. Interested parties should confirm the accuracy of the information before relying on it to make a purchase. <sup>8</sup>Mileage estimates only. Range will vary depending upon driving/charging habits, speed, conditions, weather, temperatures, and battery age. <sup>9</sup>Availability/accessibility of charging stations is not guaranteed. <sup>10</sup>Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. <sup>11</sup>For tailpipe emissions.

## A DAY IN THE LIFE OF NISSAN LEAF™

Wake up fully charged and start off comfy with available remote climate control (a great way to help extend range). Nissan LEAF™ is ready. Let's go!

Whoosh! Nissan LEAF™ has highway speeds and 100% available torque right off the line.

Get places faster with single-occupancy access to the carpool lane. Your reward for driving electric (select provinces only).<sup>11</sup>

Thanks to regenerative brakes, Nissan LEAF™ charges anytime you slow down. Stop-and-go traffic is your new best friend.

You've got lots of errands and just a little time. Good thing you don't need to stop for gas. Meanwhile, those daily savings on fuel are adding up.<sup>10</sup>

Just another day of driving electric. No gas, no emissions.<sup>11</sup> Then charge at home during off-peak hours while you sleep.

## LOOKS GOOD, SOUNDS GOOD, FEELS GOOD.

Inside Nissan LEAF™ you'll find five seats and plenty of smart storage throughout. Plus all the available high-tech features you'd expect from a car this innovative, like a Nissan Navigation System, a Bose® audio system and Stitcher® radio compatibility.<sup>1</sup> Of course, we didn't forget the essentials, like heated front and rear seats, Bluetooth,<sup>2</sup> a RearView Monitor,<sup>3</sup> and six airbags to help keep you safe.<sup>4</sup> Top it off with sleek, black leather-appointed seats exclusive to the SL trim. All this, and 100% electric, too.

### Energy-efficient Bose® Audio System

Bose® came onboard with their own energy-efficient solution designed just for Nissan LEAF.<sup>TM</sup> An available ultra-lightweight, compact, energy-saving speaker system with the concert-hall sound Bose® is known for. Thank you, Bose® engineers.

### Around View® Monitor<sup>5</sup>

Thanks to this handy available feature, four cameras give you a virtual 360° bird's-eye view of your Nissan LEAF,<sup>TM6</sup> with selectable split-screen close-ups of the front, rear, and curbside views. Now you can snag that space right in front – exactly where Nissan LEAF<sup>TM</sup> should be.

U.S. instrumentation shown.

<sup>1</sup>Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. <sup>2</sup>Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth™ word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. <sup>3</sup>Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. <sup>4</sup>Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. <sup>5</sup>Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. <sup>6</sup>Virtual composite 360° view. Bose® is a registered trademark of The Bose Corporation. Stitcher® is a registered trademark of Stitcher, Inc.

### S

- 80 kW AC synchronous electric motor
- 24 kWh lithium-ion (Li-ion) battery
- 6.6 kW onboard charger
- Zero Emissions Vehicle (ZEV)
- Front and rear disc brakes with regenerative braking system
- Vehicle Dynamic Control (VDC)<sup>1</sup> with Traction Control System (TCS)
- Portable trickle-charge cable
- Normal charge port
- RearView Monitor<sup>2</sup>
- Charge port light and lock
- Nissan Intelligent Key<sup>®</sup> with Push Button Start
- Heated front and rear seats
- Heated leather-wrapped steering wheel
- Automatic Temperature Control (ATC)
- 60/40 Split fold-down rear seats with rear seat heater ducts
- Bluetooth Hands-Free Phone System<sup>3</sup>
- AM/FM/CD audio system with four speakers
- USB connection port for iPod<sup>®</sup> and other compatible devices<sup>4</sup>
- Splash guards
- Six standard airbags<sup>5</sup>
- Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert<sup>6,7</sup>

### SV

#### INCLUDES S EQUIPMENT PLUS:

- Nissan Navigation System with 178 mm (7") touch-screen monitor<sup>8</sup>
- NavTraffic<sup>9</sup>
- CARWINGS<sup>®</sup>: allowing for remote connection to vehicle<sup>10</sup>
- Six speakers
- 16" Aluminum-alloy wheels
- Hybrid heater system
- Steering wheel-mounted cruise control
- Auto-dimming rearview mirror
- Partially recycled cloth seats
- Passenger side map pocket
- B-mode (regenerative braking drive mode)
- Quick charge port

### SL

#### INCLUDES SV EQUIPMENT PLUS:

- Leather-appointed seats
- Aerodynamic LED headlights
- Automatic on/off headlights
- Fog light
- 17" 5-spoke aluminum-alloy wheels with P215/50R17 all-season tires
- HomeLink<sup>®</sup> universal garage-door opener
- Photovoltaic solar-panel rear spoiler
- Cargo cover
- Bose<sup>®</sup> audio system with AM/FM/CD and seven speakers
- Around View<sup>®</sup> Monitor<sup>11</sup>

## SPECIFICATIONS

Mechanical	S	SV	SL
80 kW AC synchronous electric motor			
24 kWh lithium-ion (Li-ion) battery			
6.6 kW onboard charger			
Battery heater			
Hybrid heater system			
Emissions – Zero Emissions Vehicle (ZEV)			
Portable trickle-charge cable (110–120 V)			
Normal charge port			
Quick charge port			

#### Drivetrain

Single-speed reduction gear			
Palm-shift drive selector			

#### Brakes

Front and rear vented disc brakes			
Regenerative braking system			
B-mode (regenerative braking drive mode)			
4-wheel Anti-lock Braking System (ABS)			
Electronic Brake force Distribution (EBD) with Brake Assist			

#### Suspension/Steering

Independent strut front suspension with coil springs			
Torsion bar axle rear suspension with coil springs			
Front and rear stabilizer bars			
Vehicle-speed-sensitive electric power steering			

#### Wheels/Tires

16" Steel wheels			
16" 5-spoke aluminum-alloy wheels			
17" 5-spoke aluminum-alloy wheels			
P205/55R16 all-season tires			
P215/50R17 all-season tires			

#### Exterior Features

Aerodynamic LED headlights			
Aerodynamic halogen headlights			
Automatic on/off headlights			
Fog lights			
Photovoltaic solar-panel rear spoiler			
Rear spoiler			
Splash guards			
Aerodynamic underbody cover and rear diffuser			
Dual power body-colour heated outside mirrors			
Charge port with light and lock			
One-touch rear hatch release			

#### Comfort/Convenience

Nissan Navigation System with 178 mm (7") QVGA colour monitor <sup>8</sup>			
NavTraffic <sup>9</sup>			
RearView Monitor <sup>2</sup>			
Around View <sup>®</sup> Monitor <sup>11</sup>			
Nissan Intelligent Key <sup>®</sup> with Push Button Start			
Bluetooth <sup>®</sup> Hands-Free Phone System <sup>3</sup>			
CARWINGS <sup>®</sup> allowing for remote connection to vehicle: <sup>10</sup>			
Monitor battery state of charge/charging status			
Start vehicle charging			
Activate heating and air conditioning systems			

Comfort/Convenience (continued)	S	SV	SL
HomeLink <sup>®</sup> universal garage-door opener			
Automatic Temperature Control (ATC)			
Power windows and door locks			
Auto-dimming rearview mirror			
Cruise control with steering wheel-mounted controls			
Rear window defroster			
Front passenger seatback pocket			
Sun visors with vanity mirrors and extensions			
Two cup holders and four bottle holders			
Remote charge door release			
Cargo cover			
Auxiliary 12-volt DC power outlet			

#### Seating/Appointments

Heated front and rear seats			
6-way manual adjustable driver's seat			
4-way manual front-passenger's seat			
Cloth seat trim			
Partially recycled cloth seat trim <sup>12</sup>			
Leather-appointed seats			
Heated leather-wrapped steering wheel			
60/40 Split fold-down rear seats			
Rear seat heating and cooling ducts			

#### Audio/Entertainment

AM/FM/CD audio system with 109 mm (4.3") QVGA colour monitor			
AM/FM/CD audio system with 178 mm (7") QVGA colour monitor			
Bose <sup>®</sup> audio system with AM/FM/CD			
MP3/WMA CD playback capability			
Six speakers (four for S)			
Seven speakers			
SiriusXM <sup>®</sup> Satellite Radio <sup>9</sup>			
Auxiliary audio input jack and USB connection port <sup>4</sup>			
Steering wheel-mounted audio controls			

#### Safety and Security

Six standard airbags <sup>5</sup>			
Vehicle Dynamic Control (VDC) <sup>1</sup> and Traction Control System (TCS)			
3-point seat belts for all seating positions			
Front seat belts with pre-tensioners and load limiters			
Front- and rear-seat height-adjustable head restraints			
LATCH System (Lower Anchors and Tethers for CHildren)			
Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert <sup>6,7</sup>			
Nissan Vehicle Immobilizer System			
Vehicle Security System			

#### Dimensions — mm (Inches)

Wheelbase	2700 (106.3)	Head room (front/rear)	1045/946 (41.2/37.3)
Overall length	4445 (175)	Leg room (front/rear)	1070/847 (42.1/33.3)
Overall width	1770 (69.7)	Hip room (front/rear)	1313/1271 (51.7/50.0)
Overall height	1550 (61.0)	Shoulder room (front/rear)	1378/1334 (54.3/52.5)

#### 2014 Fuel Consumption Estimates – Le/100 km (MPGe)<sup>13</sup>

City/Hwy	1.9 (153) / 2.3 (121)
Actual mileage may vary with driving conditions – for comparison only.	

■ Standard

<sup>1</sup>VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. <sup>2</sup>Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. <sup>3</sup>Availability of specific features is dependent upon the phone's Bluetooth<sup>®</sup> support. Please refer to your phone Owner's Manual for details. Bluetooth<sup>®</sup> word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. <sup>4</sup>Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. iPod<sup>®</sup> is a registered trademark of Apple, Inc. - Nose Mask
- Licence Plate Protector
- Zero Emission Body Design Graphics
- And More

Nissan LEAF™ SL shown in Blue Ocean with Nose Mask, Zero Emission Body Design Graphics and Splash Guards.

## 100% ELECTRIC NISSAN LEAF™ FAQs

### Does the Nissan LEAF™ use gasoline?

No, never. Nissan LEAF™ runs off of 100% electric battery power, no gas needed. In fact, it doesn't even have a tailpipe.

### Will the price include the battery pack? Or will there be an option to rent/lease the battery pack?

The total cost of the vehicle includes the battery pack. Both lease and purchase options are available for the vehicle, but not for just the battery pack.

### Can I charge if I'm not at home?

Yes. Across the country you'll find a public infrastructure of charging stations. Visit <http://www.plugndriveontario.ca/support> to find a station near you.<sup>4</sup>

### Will there be more public charging stations in the future?

The public charging network is expanding every day, with 5,000 stations expected to be in place by 2015. Nissan is also beginning to roll out DC quick-charging stations. These are capable of giving you an 80% charge in just 30 minutes.<sup>5</sup>

### Am I required to buy the home charging station when I purchase Nissan LEAF™?

No. However, the home charging dock is recommended.

### How long will it take to charge my Nissan LEAF™ at home?

With the 240-volt home charging dock, your 2014 Nissan LEAF™ will be fully charged in as little as 5 hours (SV and SL trims, available S trim) or as little as 8 hours (S trim).<sup>6</sup>

### Will charging my Nissan LEAF™ increase my electricity bill?

The average driver should see only a moderate bump in their monthly electricity bill – and if you charge during off-peak hours, even less – though the savings in gas money should more than make up for it.

### Can I drive Nissan LEAF™ on the freeway?

Of course! Nissan LEAF™ is freeway-ready, with instant torque and freeway-capable speeds. Even better, Nissan LEAF™ qualifies for a single-occupancy HOV sticker in select provinces, so you can use the carpool lane any time you want.<sup>7</sup>

### What happens if I run out of charge?

Nissan LEAF™ comes with helpful tools that keep you aware of your battery level at all times. However, for added peace of mind, every Nissan LEAF™ comes with three years of complimentary roadside assistance.<sup>8</sup>

### Does the battery come with a warranty?

Yes, Nissan LEAF™'s advanced battery comes with an 8-year/160,000 km limited warranty.<sup>9</sup>

### Does Nissan LEAF™ have the same safety features as a conventional car?

Yes. Nissan LEAF™ comes with a comprehensive list of safety equipment, including six standard airbags<sup>10</sup> and advanced safety features like Vehicle Dynamic Control (VDC)<sup>11</sup> and Traction Control System (TCS).
