

Innovation that excites

2014 MURANO®

NISSAN MURANO®

What if getting behind the wheel could put a smile on your face, confidence in your hands and goose bumps all over? That would be cool. Here are just a few ways Nissan Murano® gives you an unforgettable drive.

Smooth power. Murano®'s virtually gearless intelligent CVT transmission eliminates gear hunting and lets you ride a seamless wave of power.

Easier parking. The available RearView Monitor helps you see what's directly behind you. Great for tight parking spots.¹

Great grip. Murano®'s intuitive All-Wheel Drive not only helps enhance traction in slippery conditions, it's also designed to be responsive and great fun to drive.

Looking for more? Visit Murano® on Facebook® or Twitter® to see what owners have to say. Find walkarounds, product demos and more on YouTube®.

And follow Nissan Canada on:

Innovation that excites

WHAT IF_

EVERY DAY COULD FEEL THIS GOOD?

Welcome to Nissan Murano®, where every detail has you in mind. Starting with your arrival – when Murano®'s innovative features welcome you, catering to your senses. Clever technology keeps you one step ahead, while being right at your fingertips. Your vehicle seems to know your next move, no matter the conditions. Murano® offers the unmistakable smoothness and refined power of a V6 engine, and advanced suspension for confident handling. And whether you're looking for efficient cruising or a quick rush of seamless acceleration, the Continuously Variable Transmission (CVT) eliminates gear hunting to keep you in the engine's sweet spot.

An upgrade where innovation makes every day extraordinary. Step inside and get comfortable as the available Driver's Memory System adjusts the driver's seat, steering column and outside mirrors to your customized settings. Everyone stays comfortable with Dual-zone Automatic Temperature Control (ATC) and available heated front and rear seats. And an available heated steering wheel and outside mirrors make for a cozy drive, no matter what the weather. Enjoy additional touches, like the warm glow of accent lighting, available contrasting wood and metal trims, and double-stitched leather-appointed seating. All this in an aerodynamic body designed to eliminate noise and vibration, making your ride quiet and luxuriant.

Now, everyone can enjoy the view. Double the blue skies with an available glass Dual Panel Moonroof that extends to the back row. Press a button to close the power shades.

Generous space is now fingertip-close. You can double your cargo volume to 1812 L (64 cubic feet) when you collapse the 60/40 split rear seats with the pull of a lever. Or for more passenger space, just push a button from the dash or cargo area to power the seats back up (available only in the SL and Platinum models)¹

¹When operating the rear power-seatback return, make sure that the vehicle is stopped and the transmission is in the P (Park) position.

NISSAN TECHNOLOGY HAS YOU COVERED.

Murano®'s built-in technology gets you there with easier manoeuvring and hands-free technology. And, of course, seamless iPod® connectivity provides your soundtrack all the way there!

iPod®/USB input. An available USB Interface System for iPod® displays song info playlist-style, and lets you control your iPod® by touch-screen or steering wheel-mounted controls.^{1,2}

Bose® Premium Audio. Your music has never sounded better. The available Bose® audio system gives you nine speakers plus dual subwoofers for scintillating highs and deep, rich bass.

Bluetooth®. With the available Bluetooth® Hands-Free Phone System, even your phone book is downloadable, so hands stay where they need to be. Then take calls through Murano®'s speakers, which adjust music volume for each call.³

RearView Monitor. Wouldn't it be helpful to see what you might have missed behind you? The available RearView Monitor helps show you, anytime you're in reverse.⁴

BLUETOOTH®

REARVIEW MONITOR

¹Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included. ²Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. ³Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

Nissan Murano® Platinum shown in Pearl White.

IN CONTROL THE WHOLE WAY THERE.

Get to where you're going on a wave of seamless power, with intuitive AWD that constantly adjusts for superior confidence and control.

All-Wheel Drive. The second you pull away, the AWD turns on, delivering power to both front and rear wheels for improved grip. Once you're up to speed, no sense powering all four wheels, so Nissan Murano® efficiently sends the power all up front. Then, for enhanced cornering control and traction, AWD compensates by transferring some of that power from the front wheels to the rear.

Scan this with your QR code-reader app to see a short video on Murano®'s CVT. Or go to bit.ly/XtronicCVT-EN

Engine. Murano®'s 260-horsepower 3.5-litre V6 engine keeps you ahead of the pack when you need to be. An efficient fuel economy of 8.5 L/100 km (33 MPG) on the highway keeps it practical!

(CVT) Continuously Variable Transmission. Innovation beyond gears. Unlike conventional automatic transmissions, the virtually "gearless" Xtronic CVT® (Continuously Variable Transmission) makes gear hunting a thing of the past. Fully variable gear ratios mean the CVT keeps you in the sweet spot, so power is amazingly quick and smooth whenever you push the throttle.

NISSAN SAFETY SHIELD® TECHNOLOGIES

INNOVATION THAT DOUBLE CHECKS YOUR DOUBLE CHECK.

Wouldn't it be cool if extra reassurance was easy to spot? Whether you're changing lanes on the highway or deftly manoeuvring your way into a parking spot, Murano®'s available Safety Shield® technologies take advantage of the rearview camera to act as a second set of eyes, giving you a whole new way to double check.

Blind Spot Warning. If another vehicle is detected in your blind spot area, an indicator appears in the driver's or front passenger's door. Put your turn signal on, and the indicator flashes with a warning chime to alert you.²

Lane Departure Warning. If Murano® detects that you're straying from your lane, the Lane Departure Warning System will give both a visual and audible alert. So smart, the system is designed to stop the warnings whenever your turn signal is engaged.³

Moving Object Detection. Shift into Reverse, and the available RearView Monitor displays what's behind you. If it detects something moving by the rear of the vehicle, it gives a visual and audible alert. And whenever you want a wider rear view, just push the camera button.^{4,5}

¹2014 Fuel Economy Estimate 8.5 L/100 km (33 MPG) highway. Actual mileage may vary with driving conditions – use for comparison only. ²The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ³Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁵Moving Object Detection cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

MONITOR

Smart technologies help monitor conditions. Like a rearview camera that helps you see something behind you, or a system that helps ensure you're travelling on properly inflated tires. Tire Pressure Monitoring System lets you know when a tire is low.¹

Enjoy additional features like available automatic on/off headlights that sense when light is needed, available rain-sensing wipers that respond and adjust to rainfall, available Blind Spot Warning,² available Lane Departure Warning³ and available RearView Monitor⁴ with Moving Object Detection⁵

RESPOND

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.⁶

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield® technologies are a comprehensive approach to safety that guide the engineering and development of every vehicle we make. By keeping an eye on the vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident, the Nissan Safety Shield® technologies are our way of looking out for you and yours.

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact, while the advanced seat belt and airbag systems help protect passengers.

Nissan Advanced Airbag System with dual-stage supplemental front airbags with seat-belt and occupant-classification sensors⁷

Front seat-mounted side-impact supplemental airbags⁷

Roof-mounted curtain side-impact supplemental airbags⁷

LATCH System (Lower Anchors and Tethers for Children)

CHOOSE YOUR TRIM LEVEL

S

Intuitive All-Wheel Drive (AWD), 18" aluminum-alloy wheels, fog lights, black roof rails, LED taillights, in-dash 6-CD changer with MP3 CD capability, auxiliary audio input jack, Dual Zone Automatic Temperature Control (ATC), Nissan Intelligent Key® with Push Button Ignition, power windows, power door locks, dual power heated outside mirrors, 6-way manual driver's seat with manual lumbar support, 60/40 split fold-down rear seatbacks with cargo area-accessible releases, six standard airbags and Vehicle Dynamic Control (VDC)⁶ with Traction Control System (TCS)

SV

INCLUDES S EQUIPMENT PLUS:

Dual Panel Moonroof, automatic on/off headlights, heated front seats, 8-way power adjustable driver's seat, 4-way power front-passenger's seat, Vehicle Information Centre with 178 mm (7") QVGA colour monitor, RearView Monitor,⁴ Bluetooth® Hands-Free Phone System, auto-dimming rearview mirror with compass, HomeLink® universal garage-door opener, Bose® audio system, USB connection port for iPod® interface, SiriusXM Satellite Radio, leather-wrapped steering wheel, illuminated steering wheel-mounted audio controls, anti-theft system

SL

INCLUDES SV EQUIPMENT PLUS:

Leather seating surfaces, heated steering wheel, driver's seat and outside mirror position memory, High Intensity Discharge (HID) bi-functional Xenon projector headlights, power-return rear seatbacks, power liftgate, rain-sensing variable intermittent windshield wipers

PLATINUM

INCLUDES SL EQUIPMENT PLUS:

Silver-accented roof rails, heated rear seats, wood-tone trim, power-tilt and telescoping steering column with memory position, Nissan Hard Drive Navigation System, NavTraffic, streaming audio via Bluetooth® wireless technology, Blind Spot Warning (BSW),² Lane Departure Warning (LDW),³ Moving Object Detection (MOD),⁵ 20" 7-spoke aluminum-alloy wheels, rear bumper protector

¹Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ²The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ³Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁵Moving Object Detection cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁶VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ⁷Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment. The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc. and any use of such marks by Nissan is under licence. GENUINE NISSAN ACCESSORIES

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan's 3 year/60,000 km Accessories limited warranty; and can be financed when installed by dealer at time of purchase.²

A. Roof Rail Crossbars³

Made of steel, so you know they're good.

B. Stainless Steel Rear Bumper Protector

Keep your bumper snazzy and scratch-free.

C. Illuminated Kick Plates

Let your door sills play dress up.

D. Hatch Tent

It's a Murano.[®] It's a campsite. It's both!

Additional Accessories:

- Rear Cargo Liner
- Trailer Hitch, Class II⁴
- All-season Floor Mats
- Cargo Mat
- Side-window Deflectors
- Emergency Road Kit
- Hood Deflector
- And More

See your Nissan dealer for details, or go to accessories.nissan.ca

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive purchase and lease programs, all with competitive rates and terms. With our flexible finance options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2014 Nissan is covered by a 3 year/60,000 km⁵ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁵ Powertrain Warranty, an 8 year/130,000 km⁵ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honored at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

²See your Nissan Dealership and read the actual limited warranty. ³Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the SUV with cargo, especially on the roof, will affect handling and stability of the vehicle. ⁴See Nissan Towing Guide and Owner's Manual for proper use. ⁵Whichever occurs first.

■ Standard

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF.™ Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee.
