FORD FLEET

Go Further

ARRESTING

FORTIFYING YOUR FORCE

Our elite squad of law-enforcement vehicles can meet a multitude of tasks. Whether it's patrol or pursuit, surveillance or special investigation, off-road or operations tactical, K-9 unit or communications command – not to mention prisoner transport and public safety – we've got you covered. The formidable Ford lineup of Police Interceptors and Special Service Vehicles featured within is designed to be both effective and protective.

POLICE INTERCEPTOR[®] UTILITY

QUICKEST AND FASTEST UTILITY¹

Armed with the 365-hp² EcoBoost[®] V6³ and standard AWD, it out-accelerates the competition's V8-equipped utility (and all base V6-powered sedans too).¹ In the most recent official tests by the Michigan State Police and Los Angeles Sheriff's Department, this Police Interceptor clocked the quickest 0-60-mph and 0-100-mph acceleration times, the fastest quarter-mile time, the best top speed in the quarter mile, and the fastest average lap time compared to all utility vehicles! Dominant is the word for it.

An intimidating presence, offering commanding views and more. Front seats feature slim, uniquely shaped bolsters that enable officers to quickly get in, get going and get out. Those minimized bolsters supply ample room for a holstered pistol (left- or right-hand). To allow for a finessed fit, the 6-way power driver's seat is standard. Reconfigure the rear 60/40 split-fold bench as desired, or fold it fully out of the way for 85.1 cu. ft. of load space and a 1,630-lb. standard payload capacity. Devices and dogs can be kept cooler with the auxiliary air conditioning.³ The liftgate release switch in the overhead console is not only handy, but helps provide added security by relocking the mechanism after 45 seconds if unopened. A rear view camera with washer is standard – the camera display in the 4" center-stack LCD screen is standard too, or choose to have that display in the rearview mirror as a no-charge option.

It's purpose-built in the U.S.A.⁴ – engineered in Dearborn and assembled in Chicago. As a cost-control measure, a number of components on the Utility are identical to the Sedan. The standard 3.7L V6 and available 3.5L EcoBoost V6 share many parts for simplified service. This holds true for the front seats and brakes. Furthermore, the Police Interceptor key doesn't contain a microchip, meaning cost is minimal for copies and the entire fleet can run with one common design.

¹Based on Michigan State Police and Los Angeles Sheriff's Department test results for 2016 models. ²Horsepower and torque ratings achieved with 93-octane fuel. ³Available feature. ⁴Assembled in the U.S.A. with domestic and foreign parts.

POLICE INTERCEPTOR® SEDAN

QUICKEST AND FASTEST SEDAN¹

Outfitted with the 365-hp² EcoBoost® V6³ and standard AWD, it bests pursuit-rated police vehicles (including the V8-equipped competition): This Police Interceptor turned in the quickest 0-60-mph and 0-100-mph acceleration times, the fastest quarter-mile time, the best top speed in the quarter mile, and the fastest average lap time versus every other vehicle in the latest official testing by the Michigan State Police and Los Angeles Sheriff's Department! That's pure domination.

Comfort is first-rate and accommodations are first-class.

Finely upholstered in heavy-duty cloth, the power driver's seat accommodates 6 ways and includes manual lumbar support. Slim seat bolsters make getting in and out of the vehicle a quick affair, and they supply ample room for a holstered pistol. The rear bench maximizes space and is wrapped in heavy-duty vinyl. Access is made easy with wide-opening rear-door hinges (a Sedan exclusive). Within the super-capacity trunk, 16.6 cu. ft. of low-liftover room stows equipment out of sight. Pull up the flat load floor for the standard full-size spare stationed inside. It's identical to the other 4 wheels and comes ready-to-roll with a TPMS sensor. A slide-out, custom-fit electronics tray³ and an auto-running circulation fan³ are designed to keep conditions temperate for sensitive devices.

It's made in America⁴ specifically for police duty, and it's built on the same platform as the Police Interceptor Utility. That makes for proficient fleet management due to shared parts and maintenance routines, such as when it comes to servicing the standard 3.7L V6 and available 3.5L EcoBoost V6. This applies to the brake pads, rotors, calipers and much more. Crucially, exact-spec components can also help keep downtime to a minimum.

¹Based on Michigan State Police and Los Angeles Sheriff's Department test results for 2016 models. ²Horsepower and torque ratings achieved with 93-octane fuel. ³Available feature. ⁴Assembled in the U.S.A. with domestic and foreign parts.

SSP SEDAN

SPECIAL SERVICE POLICE

NOW, PURSUIT-RATED EFFICIENCY

It's official: Testing by both the Los Angeles Sheriff's Department (LASD) and Michigan State Police (MSP) certify this street-smart sedan with a pursuit rating.

It passed the MSP's 32-lap Grattan Vehicle Dynamics test, and then it completed the LASD's 32-lap Fontana Vehicle Dynamics course with flying colors. As a matter of fact, the SSP Sedan – with its standard I-4 engine – achieves faster 0-60-mph and 0-100-mph acceleration times than the legendary V8-powered Crown Victoria Police Interceptor.

The front-wheel-drive SSP Sedan has an EPA-estimated rating of 28 hwy mpg,¹ thanks to its turbocharged, direct-injection 2.0L EcoBoost® I-4. Performance figures peak at 240 hp, 270 lb.-ft. of torque,² and a top speed of 120 mph. While durability, upfit features, and parts commonality remain an integral element, the unique fascia accommodates an Active Grille Shutter System that manages airflow to optimally balance engine cooling and aerodynamics. Accessory-friendly, the 200-amp alternator helps power almost everything an officer could need. A quasi-dual exhaust sports bright tips. Tires are H-speed rated. And unique nameplate badging designates Special Service Police. Without a doubt, the SSP Sedan is the sensible choice to fulfill the need for a capable vehicle with the DNA of a Police Interceptor.

Administrative, detective or investigative ops. Add the Interior Upgrade Package,³ which includes heavy-duty cloth rear seating **A**, a uniquely finished center floor console with cupholders **B**, plush carpeted floor mats and premium floor carpeting. Delete exterior police badging,³ then clip on the set of full-face wheel covers³ **C** to create a stealth-like appearance.

¹EPA-estimated rating of 19 city/28 hwy/22 combined mpg. Actual mileage will vary.
²Horsepower and torque ratings achieved with 93-octane fuel. ³Available feature.

EXPEDITION/EL SSV

SPECIAL SERVICE VEHICLE

SUPERSIZED CRIME-FIGHTER

Expedition/EL SSV delivers bold styling, extraordinary capability, incredible versatility, exceptional comfort and comprehensive safety measures. Ideal for tactical work and extreme off-road duty, this strapping SSV is supplied with a state-of-the-art 3.5L EcoBoost® twin-turbocharged direct-injection engine that delivers a confident 365 hp and 420 lb.-ft. of torque. The benefits of this tenacious powerplant become all the more apparent when taking advantage of the best-in-class¹ max. 9,200-lb. towing capacity² and standard trailer sway control³.

You're fortified with 4x4 skid plates, a pair of front tow hooks, and a 3.73 limited-slip rear axle. All-terrain tires with outlined white letters, along with 17" steel wheels, come standard. The grille and door handles are blackened, and running boards are deleted. Well-cushioned cloth adorns the front-row bucket seats, with smooth, heavy-duty vinyl for the reclinable and 40/20/40 foldable 2nd row. Easy-clean vinyl also covers the floor. A handy set of storage bins replaces 3rd-row seating spaces, while the column-mounted shifter creates added room and flexibility up front. Opt for more "show on the go" with the available SSV Upgrade Package (shown) that features 20" bright-machined aluminum wheels with Magnetic-painted windows and black-sidewall tires. The rear axle is reconfigured to the 4.10 non-limited-slip variety. No matter the situation, you'll take charge of the action in an Expedition/EL SSV.

¹Class is Extended Utilities based on Ford segmentation. ²When properly equipped. ³Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

THIS IS THE FUTURE OF TOUGH

When your agency's work calls for the extreme capability and go-anywhere aptitude of a truck, don't settle for anything less than the first and only one in its class¹ with a body and bed fabricated from high-strength, military-grade, aluminum alloys.² These aluminum panels don't rust, and they're dent- and ding-resistant. In other words, this SSV is engineered to stand up to punishment. To carry all the material innovation, high-strength steel now comprises up to 78% of its fully boxed, modular frame. It's the strongest frame ever in an F-150. The SSV edition is available on XL SuperCab and SuperCrew,³ with either the 5.0L Ti-VCT V8 FFV or 3.5L EcoBoost[®] V6 torque-heavy engines. Pair the EcoBoost V6 with the Max. Trailer Towing Package³ and a remarkable 12,200 lbs.⁴ of class-best max. towing capacity is on tap. Special features also include a 240-amp alternator, cloth front seating without the center section, a vinyl rear bench for ease of maintenance, and the space-saving convenience of a column-mounted shifter. Beyond the standard SSV provisions, class-exclusive smart technologies like the tailgate step and BoxLink™ with locking cleats are available to help you take it all to task.

As a member of America's best-selling truck line⁵ 39 years in a row – F-150 is Built Ford Tough[®] to tow, haul and work hard. The latest F-150 amassed more than 10 million cumulative miles of testing before the first one rolled off the line. In fact, new tests were developed: From acidified spray to the unforgiving heat and abrasive sand of Baja, this truck's been through it all. And back.

¹Class is Full-Size Pickups under 8,500 lbs. GVWR based on Ford segmentation.
²6000-series aluminum alloy. ³Available feature. ⁴Maximum capacity when properly equipped. See your Ford Dealer for specific equipment and other limitations.
⁵Ford F-Series.

F-150 SSV

SPECIAL SERVICE VEHICLE

TRANSIT PTV

PRISONER TRANSPORT VEHICLE

IMPRESSIVE ACCOMMODATIONS

Compartmentalize with single, double or triple prisoner-transport inserts; customize with surveillance cameras, lighting, heating/cooling and more. Versatility also extends to the best-in-class¹ choice of vehicle configurations. Transit Van is available in 3 roof heights, 3 body lengths, 3 engines and 2 wheelbases. Best-in-class¹ cargo height² in the high-roof model lets you carry the big items without hindrance. The cargo box floor is flat, with near-vertical sides for maximum usable space. Max. payload increases 500 lbs. or more, across the board, in Transit Van versus comparably equipped Ford E-Series vans. At up to 4,650 lbs.², this gain in hauling capacity helps Transit master demanding challenges. When extra muscle is required, an impressive gross vehicle weight rating (GVWR) of up to 10,360 lbs.² comes in handy. As does the front overhead console – with built-in storage compartments and dual grab handles – that’s standard on medium- and high-roof vans.

To ensure Transit fulfills its missions day after day, development vehicles were punished in durability testing. They had to tow fully loaded trailers up long inclines in 120°F heat. They were also started at -40°F and at over 14,500 ft. They even underwent 250,000 door-slam evaluation cycles, which is nearly 3 times as much scrutiny as what would normally be expected of a vehicle. Built Ford Tough[®] is built into the DNA of Transit Van, meaning every technological advance has passed exhaustive engineering standards.

¹Class is Full-Size Vans based on Ford segmentation. Based on body type, body length, wheelbase and roof height. ²When properly equipped.

THE FULL FORD FAMILY

Meeting diversified needs. Ford Fleet offers you a balanced, high-quality portfolio, ranging from the extraordinarily efficient to the time-tested tough. Visit fleet.ford.com for more specifics, including color options.

THE NEXT LEVEL OF OFFICER SAFETY

Ford Telematics™ powered by Telogis® – Law Enforcement Edition! This powerful, purpose-built solution provides insights based on real-time data feeds from Police Interceptor® computer systems.

VIEW REAL-TIME REPORTS

Make smarter fleet management decisions by getting a real-time status of your drivers and vehicles via a single web portal.

PROMOTE DRIVER SAFETY

Safety scorecards and dashboards provide driving insights and help promote safer habits behind the wheel.

INCREASE FLEET EFFICIENCY

Reduce idle time to help improve fuel economy and overall fleet efficiency.

MANAGE VEHICLE HEALTH

Maintain vehicles based on real-world usage, and utilize proactive maintenance alerts to identify issues before they become problems.

To learn more or request a free consultation, go to telogis.com/ford/law-enforcement or call **1.888.463.8945**.

STANDARD FEATURES

Miles driven	Stability/traction-control events	Fleet overview dashboard

Harsh acceleration	Light-bar status	Secure access
Hard braking	Real-time insight alerts	
ABS events	Fuel economy	

¹Available feature. Ford Licensed Accessory.

FORD TELEMATICS™
Powered by Telogis® - Law Enforcement Edition

SAFETY

OFFICER PROTECTION COMES FIRST (THE PROOF IS IN THE DETAILS)

A. 75-mph rear-impact crash tested.¹ Ford Police Interceptors continue a proud tradition of being the only pursuit-rated vehicles to pass extreme rear-impact crash testing.¹

B. Surveillance Mode.^{2,3} This system warns that someone is approaching the rear of the vehicle. Upon detection, a chime sounds, the driver's window automatically rises and all doors lock. Intermittent Fault Filter[®] (IFF) technology sifts out erroneous changes in sensor signals.

C. Manual key lock cylinders. The 3 exterior cylinders – on the front doors and decklid/liftgate – provide quick, reliable access with a simple fleet key.

D. Type III or new Type IV Ballistic front-door panels.^{2,4} Ford pursuit-rated vehicles now offer National Institute of Justice Standard Type IV protection against armor-piercing, .30-caliber rifle ammunition. Type III panels can resist all handgun and non-armor piercing bullets up to .30 caliber, plus special-threat rounds identified by the Los Angeles Police Department.

E. SPACE (Side Protection And Cabin Enhancement) Architecture. A hydroformed cross-vehicle beam solidifies the vehicle's sides.

F. Multiple airbags.⁵ Just in case, the front-seat Personal Safety System[™] (with front airbags), front-seat side airbags, and 1st- and 2nd-row Safety Canopy[®] System (housing side-curtain airbags) are at the ready.

G. Hidden rear door-lock plungers.² These out-of-sight plungers are manually operable only by officers in front.

H. Virtual force field of assurance. In the event of a crash, advanced safety technology helps to absorb the energy of the collision and to direct the impact forces away from the occupants. Additionally, crumple zones are strategically placed in the frame or body of the vehicle, further absorbing and dissipating the energy of a crash to reduce intrusion into the occupant compartment.

I. Extra-tough anti-stab plates. To help keep unruly types at bay, deflective steel intrusion plates are built into the driver and front-passenger seat backs.

Police Interceptor[®] Sedan

Police Interceptor Utility

¹The full-size spare tire secured in the factory location is necessary to achieve police-rated 75-mph rear-impact crash-test performance attributes. ²Available feature. ³System can be configured to meet specific agency needs. For new-production ship-through, contact Crown North America at 1.800.321.4934, ext. 3425, or visit crown-na.com. For aftermarket system ordering, contact Intermotive Vehicle Controls at 1.800.969.6080, or visit intermotive.net. ⁴Contact 1.800.34.FLEET for panel performance specifications. Visit fleet.ford.com for more details. **Warning: As with any body armor, protection provided by the ballistic door panel is limited. Certain rounds or combinations of rounds may penetrate the panel and cause serious injury or death.** ⁵Always wear your safety belt and follow airbag warning label instructions.

AWD¹ IS STANDARD ISSUE

Police-calibrated Intelligent AWD isn't an add-on package – for every Ford Police Interceptor[®], it's a full-time, always-active system that continually adjusts torque distribution during all conditions. And it's easy to operate: Just drive. Pre-emptive torque is delivered by the millisecond among all 4 wheels to help maximize traction in snow or rain, on ice or gravel, and even when maneuvering on dry pavement. An active, on-demand coupler allocates a precise amount of torque from the front to the rear; up to 100% of available torque to either axle. There's no delay in delivery, and no wayward noises or clunks emanate from the system. Aggressive handling at any speed is predictable and easy. Intelligent AWD was co-developed with EVOC (Emergency Vehicle Operator Course) instructors for the utmost responsiveness and performance in challenging situations.

In addition, police-programmed AdvanceTrac[®] electronic stability control provides the confidence to hit corners hard.² Monitoring driving situations through wheel speeds, steering angle, lateral acceleration, and vehicle rotation for both the vertical yaw axis and horizontal roll axis, AdvanceTrac adjusts automatically. To help avoid skidding and fishtailing, it utilizes the Anti-Lock Brake System (ABS) and all-speed traction control whenever wheelslip, understeer, oversteer or roll motion is detected. Roll Stability Control[™] is unique to the Utility; gyroscopic sensors check body-roll angle at least 100 times per second.

¹Front-wheel drive available on Sedan; standard on SSP Sedan. ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. Visit fleet.ford.com for more information on AdvanceTrac electronic stability control or AdvanceTrac with RSC[®] (Roll Stability Control).

PURPOSE-BUILT

BECAUSE TAKEDOWNS SHOULD BE RAPID AFFAIRS

High-powered Police Interceptor® V6 output is just the ticket to optimize closing speed. Generating a formidable 365 hp,¹ the twin-turbo, direct-injection EcoBoost® V6 – tuned exclusively for police operations, and now available on both the Utility and Sedan – also delivers a powerful flat torque curve across the rev range. Output for the standard 3.7L V6 Interceptor Utility is a robust 304 horses. A 305-hp flex-fuel² 3.7L V6 is standard on the Interceptor Sedan AWD, while the available FWD-configured Interceptor Sedan performs with a 288-hp, flex-fueled 3.5L V6. Naturally aspirated V6 muscle employs twin independent variable camshaft timing (Ti-VCT) to help achieve peak power or efficiency, as conditions warrant.

Shift points for the 6-speed automatic are programmed to maximize V6 acceleration. The transmission adapts to officer driving habits, tracking maneuvers for optimal response in cruising situations as well as pursuit mode. Police-tuned, electric power-assisted steering (EPAS) ensures light turning effort at low speeds. Suspension components are finely calibrated for deft maneuvering at any speed. All of which reinforces the maxim of “Just drive.”

Engine and transmission components are backed by the assurance of the earlier of 5 years or 100,000 miles with Ford Protect PowertrainCARE.³ This coverage is further proof of the faith in dependability – backed by Ford Motor Company, honored at all Ford Dealerships, and fixed with Ford authorized parts installed by factory-trained and -certified technicians.

6 EXTRAORDINARY POWERTRAINS – EMPLOYING SMART 6-SPEED TRANSMISSIONS – OFFER DISTINCT PERFORMANCE AND EFFICIENCY ADVANTAGES OVER THE COMPETITION:

	 Interceptor Utility 3.7L Ti-VCT V6 FFV ² (Standard)	 Interceptor Utility 3.5L EcoBoost V6 (Optional)	 Interceptor Sedan 3.7L Ti-VCT V6 FFV ² (Standard)	 Interceptor Sedan 3.5L Ti-VCT V6 FFV ² (Optional)	 Interceptor Sedan 3.5L EcoBoost V6 (Optional)	 Special Service Sedan 2.0L EcoBoost I-4 (Optional)

¹Horsepower and torque ratings achieved with 93-octane fuel. ²Flex fuel is not available in states with California emissions standards: CA, CT, MA, MD, ME, NJ, NY, OR, PA, RI, VT and WA. ³The earlier of 5 years or 100,000 miles with PowertrainCARE coverage is a Ford Protect extended service plan – with a zero deductible – that’s standard on all Police Utility and Sedan models, except in Florida and New York, where it is the earlier of 5 years or 100,000 miles with a PowertrainCARE Limited Warranty. See your dealer for full details. In Texas, a Ford Protect extended service plan is a Service Contract from Ford Motor Service Company (License #SCP-165). ⁴Electronically limited in police powertrain calibrations. ⁵Actual mileage will vary.

DURABILITY

GOING ABOVE AND BEYOND THE CALL OF DUTY

Heavy-duty steering and suspension components on the Sedan and Utility respond in the name of control, capability and comfort. Electric power-assisted steering (EPAS) adjusts to vehicle speed, crowned roads and crosswinds. For smooth, predictable, high-speed handling at every turn, the front and multilink rear suspensions are fully independent – each one also incorporates a sturdy stabilizer bar to combat body lean. Helical coil springs and stiffened, gas-pressurized hydraulic shocks are made for the rigors of police work. Premium hubs and bearings are extra-large for extra-long durability. The unique Ford designed underbody deflector plate¹ **A** helps divert debris and guard against scrapes – crucial to the integrity of the oil pan. The plate's shape facilitates oil-filter changes.

Heavy-duty anti-lock disc brakes contribute to extreme high performance. This is because police vehicles don't just need to go fast, they must halt rapidly – under control. Developed in association with the Los Angeles Sheriff's Department and Michigan State Police, this long-wear-life system's unique inverted-hat vented rotors **B** are paired with large swept-area calipers **B** and unique pads for high thermal capacity.

Heavy-duty cooling system regulates extreme heat. The high-capacity radiator, engine oil cooler and transmission fluid cooler – working with the police-calibrated fan and grille – optimize operation in times of pursuit or periods of idling.

Heavy-duty wheels are teamed with police-purposed tires. Hefty 18" steel wheels **C** are designed to withstand the punishment of daily duty no matter where the trail leads. The 5-spoke design lets the brakes breathe freely and stay cool. Tires **C** are constructed to maximize grip, handling, rigidity and tread wear. To keep things rolling, the spare is not only full size, it's equipped with a Tire Pressure Monitoring System (TPMS) sensor. While TPMS is a standard vehicle feature, the Utility now takes it one step further with Individual TPMS, which can display exact pressure figures – tire by tire.

Heavy-duty alternator meets demands. There's ample support for radar, lights, radios, cameras, computers and more.

Heavy-duty door tethers strengthen hinge action during police work. These supplemental, front-door tethers **D** were thoroughly tested for structural and mechanical integrity.

¹Standard on Sedan and EcoBoost® Utility. Available on 3.7L Utility.

UPFIT-FRIENDLY

MADE TO LAW-AND-ORDER

Police-purposed cabin. Within the ergonomically designed living quarters of the Sedan and Utility, police-specific amenities are numerous. An engineered-in, column-mounted shifter **A** is a durable space saver. For convenience, pedals **B** are adjustable, and the Sedan trunk release **C** or Utility liftgate release are finger-touch-activated. Specific to the Utility, the all-new global lock/unlock capability for the doors and liftgate can be ordered as a no-charge option. Dual 12-volt powerpoints **D** are easily accessed. A pair of LCD screens are packed with helpful details – including an engine-idle meter readout – and can be operated by 5-way steering wheel-mounted controls. Once paired, SYNC^{®1,2} recognizes a cell phone and supports hands-free voice calling: Press a switch on the steering wheel, then speak commands. Additionally, the certified speedometer (also available in digital format) provides readouts at a glance, and BLIS[®] (Blind Spot Information System) with cross-traffic alert^{1,3} can lend an assist before changing lanes.

Aftermarket cost-savings potential. A recessed universal top tray **E** is centrally located and sized ideally for speed-sensing systems. The removable, Ford-designed steel console mounting plate **F** is another solid foundation for aftermarket equipment. Center-console space measures a wide-open 9" between the driver and front-passenger seats, matching the width of the Crown Victoria Police Interceptor (CVPI) center console. So transfer of an existing CVPI apparatus is easy and direct, since wiring can be channeled from the back of the vehicle and/or the instrument panel. On the Utility, the power distribution junction block – with a pair of 50-amp battery ground circuits – is repositioned from the passenger-side rear quarter panel to the back of the 2nd-row, passenger-side floorboard; this is now a standard feature.

To assist fleets – and help dramatically reduce upfitting time – Ford offers compatible, factory-direct police equipment.¹ Save administrative time, shop time and vehicle downtime with install and components – available individually or in complete packages – that are verified exactly as part of the Ford Quality System. Crash testing, cycle testing, vibration, severe temperature, humidity and corrosion are evaluated extensively. Every part – such as the Ready-for-the-Road Package¹ system control **G** and police headlamp housing **H** (also available separately) is validated to vehicle manufacturer safety standards and backed by Ford Dealers and authorized Ford Fleet maintenance facilities. To obtain detailed and technical information, simply download the comprehensive *Police Modifier Guide* at ford.com/fordpoliceinterceptor (go to “GET UPDATES” and then select “Brochures/Upfit Guide”).

Customizable, auxiliary control buttons.¹ Minimize distraction while performing police tasks on the go: Ford engineers integrated 4 remappable switches **I** (Sedan shown) on the steering wheel. They can connect the driver to aftermarket equipment, including lights, sirens, speakers and canine door releases. Whatever the need, grounded outputs are on board for use with the switches.

A tool chest made especially for law enforcement. Exclusive to the Police Interceptor Utility, this 3-drawer, high-strength lock box⁴ **J** adds ample room to store, sort and secure gear – big and small. The tough, protective unit keeps supplies out of sight while reserving room under each end of the box to haul extra-large loads when the need arises.

An all-new way to keep operations under wraps. Activate user-configurable Silent Mode^{1,5} to disable all courtesy lamps, chimes and daytime running lamps.

¹Available feature. ²Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. ³Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ⁴Aftermarket equipment. ⁵Requires daytime running lamps; daytime running lamps do not disable where required by law.

STANDARD FEATURES

- 4.2" color LCD screens including digital speed readout in police instrument cluster and center stack "smart display"
- 9" space between driver's seat and front-passenger seat for aftermarket consoles
- 12-volt powerpoints (2)
- 75-mph rear-impact crash tested¹ (Police Interceptors)
- All-wheel drive (AWD) (Police Interceptors)
- Alternator – Heavy-duty 220-amp²
- Audio – AM/FM stereo/single-CD player with MP3 capability, clock and 4 speakers (Sedan), 6 speakers (Utility)
- Badge – Police Interceptor²
- Battery – Heavy-duty (78-amp-hr/750 CCA)
- Brakes – 4-wheel heavy-duty disc with Anti-Lock Brake System (ABS) (police-calibrated)
- Built-in steel intrusion plates in both front seat backs
- Climate controls – Manual air conditioning and rear defroster
- Column-mounted shifter
- Console mounting plate – Front
- Cooling system – Heavy-duty
- Cruise control
- Door-sill scuff plates – Front and rear
- Easy Fuel[®] capless fuel filler
- Electric power-assisted steering – Heavy-duty
- Engine – 3.7L Ti-VCT V6 FFV
- Engine-hour meter
- Engine idle meter
- Exterior key locks – Driver and front-passenger doors and decklid/liftgate
- Fleet key – Low-cost replacement
- Flooring – Heavy-duty vinyl
- Front fascia lower grille
- Front-wheel drive (FWD) (SSP Sedan)
- Full-size spare wheel and tire with TPMS
- Glass – Solar-tinted (Sedan)
- Glass – Solar-tinted 1st row; privacy glass 2nd row and rear quarter and liftgate (Utility)

- Headlamps – Projector-beam halogen (Sedan)
- Headlamps – LED low beams; incandescent (halogen) high beams (Utility)
- Headliner – Easy-to-drop
- Independent front and rear suspensions
- Liftgate unlock switch – Overhead console (Utility)
- Mirrors – Power sideview, manual foldaway with integrated blind spot mirrors
- Power-adjustable pedals
- Power distribution junction block with two (2) 50-amp battery ground circuits
- Power door locks
- Power windows with one-touch-up/-down driver's side with disable feature (Sedan)
- Power windows with one-touch-up/-down driver/front-passenger side with disable feature (Utility)
- Powertrain mounts – Heavy-duty
- Rear recovery hook (Utility)
- Red/white dome light – 1st row
- Redundant digital speedometer display
- Seat – Front heavy-duty cloth, 6-way power driver's with manual lumbar
- Seat – Front heavy-duty cloth passenger
- Seat – Rear vinyl bench (Sedan)
- Seat – Rear vinyl 60/40 split (Utility)
- Taillamps – Halogen (Sedan)
- Taillamps – LED (Utility)
- Tilt/telescoping steering column (Sedan)
- Tilt steering column (Utility)
- Tires – 245/55R18 all-season BSW (Police Interceptors)
- Tires – 235/55R18 all-season BSW (SSP Sedan)
- Transmission – 6-speed automatic (police-calibrated)
- Trunk/cargo area – Flat load floor
- Underbody deflector plate² (Sedan; Utility with 3.5L EcoBoost[®])
- Universal top tray for police equipment
- Wheels – Heavy-duty 18" 5-spoke steel

STANDARD SAFETY & SECURITY

- Advanced, ultra-high-strength boron steel in the A-, B- and C-pillars
- AdvanceTrac[®] electronic stability control (Sedan)
- AdvanceTrac with RSC[®] (Roll Stability Control[™]) (Utility)
- Airbag – Front-passenger knee (Utility)
- Airbags – Front-seat side, plus Safety Canopy[®] System with side-curtain airbags and rollover sensor
- Child-safety rear door locks
- Ignition-wired trunk release (Sedan)
- LATCH – Lower Anchors and Tether Anchors for Children in rear outboard seating positions
- Personal Safety System[™] for driver and front passenger³
- Rear view camera with washer (Utility)
- SOS Post-Crash Alert System[™]
- SPACE (Side Protection And Cabin Enhancement) Architecture
- Tire Pressure Monitoring System (TPMS); Utility features a true location Individual TPMS
- Traction control

DRIVETRAINS

- Police Interceptor Sedan (AWD) – Standard P2M
- Police Interceptor Sedan (FWD) – Optional; 501A – Standard P2L
- Police Interceptor Utility (AWD) – Standard K8A

POWERTRAINS

- Sedan**
- 3.7L Ti-VCT V6 FFV with 6-speed automatic transmission – Standard (top speed 131 mph) 99K/44J
 - 3.5L Ti-VCT V6 FFV with 6-speed automatic transmission – Optional (top speed 131 mph) 998/44J
 - 3.5L EcoBoost V6 with 6-speed automatic transmission – Optional (top speed 148 mph) 99T/44C
 - 3.5L EcoBoost V6 with 6-speed automatic transmission – Optional (top speed 131 mph) 99T/12T
 - 2.0L EcoBoost I-4 with 6-speed automatic transmission⁴ – Optional (top speed 120 mph) 999/446
- Utility**
- 3.7L Ti-VCT V6 FFV with 6-speed automatic transmission – Standard (top speed 131 mph) 99R/44C
 - 3.5L EcoBoost V6 with 6-speed automatic transmission – Optional (top speed 131 mph) 99T/44C

WHEELS

Standard: Set of 5 heavy-duty 18" 5-spoke steel wheels with center caps (5th wheel is full-size spare)

Optional: Set of 4 18" full-face wheel covers with metal clips (65L)

Optional: Set of 4 18" painted aluminum wheels (Sedan 642/Utility 64E)

Confidence in the capability of police equipment authorized by Ford. Components and installations are verified through the comprehensive Ford Quality System for exacting evaluation in terms of crash testing, cycle testing, vibration testing, hot/cold testing, humidity testing, corrosion testing and the like.

FREE-STANDING OPTIONS

- A. Trunk electronics tray** – Aluminum, retractable locking tray installed at plant; no height adjustment (Sedan only)
 - B. Auxiliary air conditioning** – Offers climate control for the rear cargo area; not available with storage vault (Utility only)
 - C. Rear console plate** – Interfaces with front console mounting plate and extends through 2nd-row occupant area to seat bottom; acting as wiring conduit on top of transmission tunnel
 - D. Trunk circulation fan** – Wired to ignition to turn on; circulates air from the cabin to the trunk; wiring harness not included (Sedan only)
 - E. Trunk/cargo area storage vault** – Lockable; ideal for contraband/small arms; located on driver's side
 - F. Hidden door lock plungers** – Manual lock rods; rear door handles inoperable
 - G. 100-watt siren/speaker** – Includes wire
 - H. Fender side marker LED lamps¹** – Backlit flashing, linear high-intensity (Sedan only)
 - I. Rear quarter-glass side marker LED lamps¹** – Wide angle, backlit flashing, linear high-intensity (Utility only)
 - J. Sideview mirror side marker LED lamps¹** – Backlit flashing, linear high-intensity (Utility only)
 - K. Spot lamp** – High-intensity incandescent or LED (shown) with swivel mount
- Pre-wiring for grille lamp, siren and speaker²** – Electrical harness inlay (14290) includes: (2) light connectors that support up to (3) LED lights each (in engine compartment), (1) grille LED light connector that supports (2) LED lights, and (1) front driver's side speaker siren cable (not shown)

POLICE INTERIOR UPGRADE PACKAGE³

(Sedan 12P/Utility 65U)

- L. Cloth rear seat** – Heavy-duty fabric
- M. Center floor console** – 2 cupholders and unique police finish
- Front and rear floor mats** – Carpeted and custom-fit (not shown)
- Front and rear carpeted floor covering** – Premium-grade (not shown)

HEADLAMP HOUSING (13P)

Police front housing. Eliminates the need to drill or modify housing assemblies; with incremental hole for side marker lights.

FRONT HEADLAMP LIGHTING SOLUTION (661)

Police headlamp. Includes base headlamp with high-beam wig-wag function and (2) white LED side warning lights.

SIDE MARKER LED LAMPS (96E)

Police side lamps. Fender side markers feature backlit flashing, linear high-intensity LED lamps.

TAILLAMP LIGHTING SOLUTION (662)

Police taillamp. Includes halogen base lamp, plus (2) integrated hemispheric lighthead LED side warning lights.

REAR LIGHTING SOLUTION (663)

Police back-window lights. Includes (2) backlit flashing, linear high-intensity LED lights with surround cover (driver side red; passenger side blue) – mounted inside the back window glass.

Police trunk lights. Includes (2) backlit flashing, linear high-intensity LED lights (driver side red; passenger side blue) – mounted on the inside of the trunk decklid. Lights activate when trunk is open.

HEADLAMP HOUSING (86P)

Police front housing. Eliminates the need to drill or modify housing assemblies; with incremental hole for side marker lights.

FRONT HEADLAMP LIGHTING SOLUTION (66A)

Police headlamp. Includes base headlamp with high-beam wig-wag function and (2) white LED side warning lights.

SIDE MARKER LED LAMPS (63L)

Rear quarter-glass side marker LED lamps. Features backlit flashing, linear high-intensity LED lamps.

TAILLAMP LIGHTING SOLUTION (66B)

Police taillamp. Includes halogen base lamp, plus (2) integrated hemispheric lighthead LED side warning lights.

REAR LIGHTING SOLUTION (66C)

Police liftgate-glass lights. Includes (2) backlit flashing, linear high-intensity LED lights with surround cover (driver side red; passenger side blue) – mounted inside the liftgate glass.

Police liftgate lights. Features (2) backlit flashing, linear high-intensity LED lights (driver side red; passenger side blue) – mounted inside the liftgate lip. Lights activate when liftgate is open.

SIDE MARKER LED LAMPS (63B)

Sideview mirror side marker LED lamps. Features backlit flashing, linear high-intensity LED lamps.

AUXILIARY WARNING LAMPS (21L)

Front warning auxiliary lamps. Features integrated, custom-designed LED assemblies.

POCKET WARNING LAMPS (21W)

Forward indicator pocket warning lamps. Custom-designed, multifunctional Park/Turn/Warn (PTW) LED assemblies integrated into the headlamp system.

NEW – VISOR LIGHT BAR (96W)

Front interior visor light bar. Includes (2) backlit flashing, linear high-intensity LED lights (driver side red; passenger side blue) – mounted inside the windshield glass. Lights can be programmed for tricolor (red, white, blue) patterns.

TRUNK UPFIT PACKAGE

(Sedan 854)

- A. Trunk electronics tray** – Aluminum, retractable locking tray installed at plant; no height adjustment
- B. Trunk circulation fan** – Wired to ignition to turn on; circulates air from the cabin to the trunk; wiring harness not included
- C. Rear console plate** – Interfaces with front console mounting plate and extends through 2nd-row occupant area to seat bottom; acting as wiring conduit on top of transmission tunnel
- D. Wiring harness** – Includes (2) light connectors – supports up to (3) LED lights each (engine compartment); (1) grille LED light connector – supports (2) LED lights; (2) 50-amp battery ground circuits in power distribution junction block (in-trunk); (1) 10-amp siren/speaker circuit (engine to trunk); trunk circulation fan maintains airflow from cabin to trunk; trunk electronics tray (4 sq. ft.) with 18" of travel when fully extended; and pre-wiring for grille LEDs and siren/speaker

LIGHT CONTROLLER PACKAGE

(Sedan 855)

- A. Trunk electronics tray** – Aluminum, retractable locking tray installed at plant; no height adjustment
- B. Trunk circulation fan** – Wired to ignition to turn on; circulates air from the cabin to the trunk
- C. Rear console plate** – Interfaces with front console mounting plate and extends through 2nd-row occupant area to seat bottom; acting as wiring conduit on top of transmission tunnel
- D. Wiring harness** – Includes (2) light connectors – supports up to (3) LED lights each (engine compartment); (1) grille LED light connector – supports (2) LED lights; (2) 50-amp battery ground circuits in power distribution junction block (in-trunk); (1) 10-amp siren/speaker circuit (engine to trunk); trunk circulation fan maintains airflow from cabin to trunk; trunk electronics tray (4 sq. ft.) with 18" of travel when fully extended; and pre-wiring for grille LEDs and siren/speaker
- E. Control system** – Includes PCC8R controller, control head, and wire

CARGO WIRING UPFIT PACKAGE

(Utility 67G)

- C. Rear console plate** – Interfaces with front console mounting plate and extends through 2nd-row occupant area to seat bottom; acting as wiring conduit on top of transmission tunnel
- D. Wiring harness** – Includes (2) light connectors – supports up to (6) LED lights (engine compartment); (2) grille light connectors; and (1) 10-amp siren/speaker circuit (engine to cargo area)
- E. Control system** – Includes PCC8R controller, light relay center, control head, cable from controller to control head (console to cargo area), and wire

READY-FOR-THE-ROAD PACKAGE

(Sedan 856/Utility 67H)

Police headlamp housing. Eliminates the need to drill or modify housing assemblies; with incremental hole for side marker lights.

Police rear lighting. Includes (2) backlit flashing, linear high-intensity LED lights (driver side red; passenger side blue) – Sedan lights are mounted on the inside of the trunk decklid and Utility lights are installed on the inside lip of the liftgate. (Lights activate when trunk/liftgate is open.)

Hidden door lock plunger. Manual lock rod; rear door handles inoperable.

Police headlamp. Includes base headlamp with high-beam wig-wag function and (2) white LED side warning lights.

Trunk storage vault (Sedan only). Lockable – ideal for contraband/small arms – located in driver's side of trunk.

100-watt siren/speaker. Includes wire.

Grille LED lights. Includes (2) backlit flashing linear high-intensity LED lights (driver side red; passenger side blue).

Trunk electronics tray (Sedan only). Aluminum, retractable locking tray installed at plant; no height adjustment.

Control system. Includes CenCom™ controller, control head, and wire.

Police taillamp. Includes halogen base lamp, plus (2) integrated hemispheric lighthouse LED side warning lights (Sedan with red lens; Utility with white lens).

Trunk circulation fan (Sedan only). Wired to ignition to turn on; circulates air from the cabin to the trunk.

Wiring harness (Sedan). Includes (2) light connectors that support up to (3) LED lights each (engine compartment); (1) grille LED light connector that supports (2) LED lights; (2) 50-amp battery ground circuits in power distribution junction block (in-trunk); (1) 10-amp siren/speaker circuit (engine to trunk); trunk circulation fan; trunk electronics tray (4 sq. ft.); and pre-wiring for grille LEDs and siren/speaker.

Police rear lighting. Includes (2) backlit flashing, linear high-intensity LED lights with surround cover (driver side red; passenger side blue). Sedan lights are mounted on the inside of the back window and Utility lights are mounted on the inside of the liftgate glass.

Rear console plate. Interfaces with front console mounting plate and extends through 2nd-row occupant area to seat bottom (acting as wiring conduit on top of transmission tunnel).

Wiring harness (Utility). Includes (2) light connectors – supports up to (6) LED lights (engine compartment); (2) grille light connectors; and (1) 10-amp siren/speaker circuit (engine to cargo area).

FRONT INTERIOR VISOR LIGHT BAR (96W)

Ford now offers a low-profile visor light bar that mounts inside the Police Interceptor® Utility to enable a stealth appearance.

- Interior visor light bar is fully integrated at the top of the windshield to allow for maximum visibility
- Dark shade band at the top of the windshield is replaced by clear glass when the visor light is ordered, providing superior color visibility and brightness
- When activated, the visor lights flash bright, alternating red and blue bars; can be programmed for red/red or blue/blue operation
- Also features bright white “take down” and “scene” capabilities, which give excellent forward visibility; can be set up to meet California Title 13 regulations
- Program the visor light bar from full intensity down to 20%, as needs dictate
- Comes with a limited warranty and maintains the spacious interior feel that many agencies love

POLICE ENGINE IDLE (47A)

Keep the engine running when you remove the key and step outside – this feature not only allows for a constant idle, it helps prevent your vehicle from unauthorized use.

SWITCHING THE SYSTEM ON

- With the vehicle running and transmission in Park (P), press the engine idle button on the instrument panel
- A warning lamp illuminates to confirm the system is on
- Turn the ignition off and remove the key; the engine remains idling

WHEN THE SYSTEM IS ON

- Power windows are disabled; all windows remain in their current state
- Power door locks are disabled; all doors remain in their current locking state

Note: The doors, along with the decklid or liftgate, can be unlocked with the key or key fob.

SWITCHING THE SYSTEM OFF

- Press the engine idle button
- OR –
- Insert the key and turn the ignition on

Note: If the system is switched off before turning the ignition switch to the run position, the vehicle shuts down.

TWO-TONE VINYL PACKAGE #1

(Sedan 141/Utility 91A)

Vinyl on front doors, rear doors and roof. (Not available with Two-Tone Vinyl Package #2 or #3, or vinyl word wrap.)

TWO-TONE VINYL PACKAGE #3

(Sedan 143/Utility 91C)

Vinyl on front doors and roof. (Not available with Two-Tone Vinyl Package #1 or #2, or vinyl word wrap.)

TWO-TONE VINYL ROOF

(Sedan 148/Utility 91H)

Vinyl on roof only.

TWO-TONE VINYL FRONT DOORS

(Sedan 149/Utility 91J)

Vinyl on front doors only.

EXCLUSIVE VINYL WORD WRAPS

These bold graphics are stop-in-your-tracks arresting. The POLICE wrap comes in your choice of non-reflective white, reflective white or reflective black. And the SHERIFF wrap is offered in non-reflective white only. (Available on both the Sedan and Utility; not available with Two-Tone Vinyl Packages.)

EXTERIOR COLORS

INTERIOR FABRICS

Note: Because of occasional variations in printing, consult your Ford Dealer to ensure the true color choice you make is correct. Colors shown are representative only. Colors are metallic except for Oxford White and Shadow Black. See your dealer for actual paint/trim options. Visit fleet.ford.com for more information on colors and special paint options.

VSO provides special paint and equipment options that are not currently available through regular – fleet-only – production. VSO offers a means of creating customized solutions that can meet the unique requirements of your force.

VSO color and equipment availability! VSO offers a variety of unique paint finishes; bright Fire Engine Red is a very popular choice. In addition, VSO lighting packages – such as those listed at right – offer a distinctive appearance and help ensure adherence to state law requirements.

New option development (VSO inquiries). Establishing new VSO options is initiated by a customer request called a “VSO inquiry.” Your dealer representative will submit the VSO inquiry. All requests are received, reviewed and approved by the VSO department to ensure the end product is compatible with regular and limited options. The end product must also meet Ford Motor Company standards of quality, durability, safety and performance.

Production timing. VSO vehicles with existing VSO options take 60-90 days to go from order receipt to production. For vehicles with newly developed VSO options, please include the development timing provided within the inquiry response. For your fleet planning purposes, VSO production typically begins a month after Job One and balances out a month prior to Job Last.

Before ordering and to help you plan better, please visit fleet.ford.com/orders/vehicle-special-order to view the most current VSO options.

VSO EXTERIOR COLOR

Fire Engine Red

ESSENTIAL RESOURCES

How many units can you add to your fleet this year? The Ford Credit Municipal Lease Purchase Finance Program is a flexible funding plan available to state and local governments that will let you acquire the units you need when you need them.

BENEFITS

- Maximize limited budget funds – typically, you can get the benefit of cost-efficient tax-exempt financing
- Avoid the high cost and downtime of maintaining older high-mileage vehicles
- Add units to your fleet with current technology
- Finance add-on equipment, upfits and extended warranty plans
- No down payment or security deposit required
- Accumulate equity with each payment, and realize ownership at lease-end
- Flexible payment schedules, including monthly, quarterly or annual payments, can be arranged to meet your needs

Best of all – Ford Credit Municipal Finance Specialists will assist you in handling the transaction from start to finish.

LEARN MORE

Ford Motor Credit Company LLC is not acting as a municipal advisor or financial advisor, and has no fiduciary duty to you pursuant to Section 15B of the Securities Exchange Act of 1934. The information contained in this brochure is not intended to be and should not be construed as “advice” within the meaning of Section 15B of the Securities Exchange Act of 1934 and the municipal advisor rules of the SEC.

OPTION A

Purchase today in cash!¹

OPTION B

Purchase with the Ford Credit Municipal Lease/Purchase Finance Program.¹

Note: Vehicles shown for illustrative purposes only.

¹Based on the assumption that you could purchase Option A for \$125,000 from your annual budget, or you could lease/purchase Option B with a total equipment cost of \$356,000 at 5.35% APR, resulting in 3 annual payments of \$124,902.22. This is an example and rates are subject to change. Funding subject to credit approval by Ford Credit.

Ford Motor Credit Company (“FMCC”) is providing the information contained in this document for discussion purposes only in connection with a proposed arm’s length commercial leasing transaction between you and FMCC. FMCC is acting for its own interest and has financial and other interests that differ from yours. FMCC is not acting as a municipal advisor or financial advisor to you, and has no fiduciary duty to you. The information provided in this document is not intended to be and should not be construed as “advice” within the meaning of Section 15B of the Securities Exchange Act of 1934 and the municipal advisor rules of the SEC. FMCC is not recommending that you take an action and you should discuss any actions with your own advisors as you deem appropriate.

FORD PROTECT IS AVAILABLE FOR ALL FORD SPECIAL SERVICE VEHICLES

Upgrade your protection: Select the extended warranty that best suits your needs. There are 4 plans available that wrap around or extend the powertrain warranty – PowertrainCare, BaseCare, ExtraCare, PremiumCare – with comprehensive coverage for up to 8 years and 150,000 miles on new vehicles. In addition, drop-off first-day rental is included on all plans.

FORD COLLISION PARTS

Dependability is crucial. To do your job, you depend on every piece of your equipment to function as it was designed. The same goes for your police unit, and if you’re ever in an accident, you can depend on Ford Collision Parts: sheet metal, bumpers and lights to help restore your vehicle to pre-accident condition. Ford Collision Parts are equal in quality, fit and structural integrity to the original parts that came on your vehicle because they are the same parts used in the production of new vehicles. Designed, engineered, and produced by Ford Motor Company to meet Federal Motor Vehicle Safety Standards. Cheap imitation parts can’t make that claim. So don’t settle for anything less dependable than Ford Collision Parts.

FORD FLEET CARE

Ford Fleet Care is a centralized billing service you can use to make a single monthly payment on behalf of your entire fleet for maintenance and repairs performed at participating Ford Dealers and Quick Lane Tire & Auto Centers. Over-the-counter parts purchases at participating Ford Dealers can also be included. There is no enrollment fee, no per-vehicle fee and no administration fee for warranty-covered repairs. Plus, you preset your drivers’ spending limits, which cannot be exceeded without your approval. Visit fleetcare.ford.com or call **1.800.367.3221** for more information.

ELITE POLICE ADVISORY BOARD

An industry first. Acting as a liaison and resource for law-enforcement agencies nationwide, the Police Advisory Board (PAB) provides frank and direct feedback on the products, programs and policies of Ford. These standout officials help refine current vehicles and create future offerings. Input on safety, reliability and durability is essential to serving unique operational needs, and proves invaluable to the ongoing development of Ford Police Interceptors and Special Service Vehicles. Please visit fleet.ford.com for more PAB specifics.

FORD FLEET

North American Fleet, Lease & Remarketing Operations

fleet.ford.com • 1.800.34.FLEET

Some features discussed may be optional. Vehicles shown may contain optional or modifier-installed equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Information in this brochure was developed from Order Guides as of May 2016. Following publication of this catalog, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. • Always wear your safety belt, secure children in the rear seat and follow airbag warning label instructions. • SYNC®: Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. • For more information, visit fleet.ford.com. • Ford Motor Company reserves the right to change product specifications at any time without incurring obligations. Comparisons based on competitive models, publicly available information and Ford certification data at time of printing. • Unity is a registered trademark of Unity Manufacturing Co. • Whelen is a registered trademark of Whelen Engineering Co., Inc.
