## Good looks

The GL-Class is a vehicle that makes a statement with style. And when it comes to interpreting its good looks in a highly individual way you have plenty of choices.

Genuine Accessories from Mercedes-Benz add eye-catching highlights: our range of exclusive **incenio** designer wheels extends to an impressive 20" size – in high-sheen silver or the latest two-tone look, depending on your preference.

Good looks begin with GL.

### Tomeko | 10-spoke wheel

**incenio** designer wheel

Finish: two-tone

Wheel: 8.5 J x 20 ET 56 | Tire: 275/50 R20  
B6 647 4528

On all light-alloy wheels, use wheel bolt B6 647 0161 and the corresponding rim lock B6 647 0156

Light-alloy wheels are supplied without tires, wheel bolts or hub caps

### Tire pressure gauge

Compact design. Saves readings. Suitable for all tire valves (including bicycle tires). Keeping tires at the optimum pressure saves fuel and reduces tire wear. Supplied with leather pouch

**Perim | Multi-spoke wheel**

**incenio** designer wheel

Finish: two-tone (see pages 04/05) or titanium silver, high-sheen (left)

Wheel: 8.5 J x 19 ET 56 | Tire: 275/55 R19

### Mud flaps

Protect the underbody and the sides of the car from stone chips and dirt. For front and rear axles

### Snow chain systems

The RUD-matic snow chain has a user-friendly design and can be fitted and removed quickly. With extra-reinforced chain links for the toughest conditions and excellent traction on snow and ice, it is a reliable companion on wintry roads. Your Mercedes-Benz partner will be happy to advise you on this and other snow chain systems. Please always check local laws for legal road use of snow chains

# TELEMATICS

# Great listening

Listen to all those favourites you have saved on your iPhone, your iPod or another MP3 player via your in-car audio system – with the iPod Interface Kit.

You can even watch videos on the COMAND system screen with the aid of the Media Interface video cable – although only, of course, when the car is stationary – so there's nothing to spoil that genuine feel-good factor.

## Media Interface video cable<sup>1</sup>

Transforms your Mercedes-Benz into a cinema: the Media Interface video cable allows various video sources (e.g. camcorder, iPod video, iPhone, video players produced by various manufacturers, etc.) to be connected to the Media Interface via AUX. The videos are played on your COMAND APS monitor when the vehicle is stationary. (Only in conjunction with Media Interface, Code 518)

<sup>1</sup> Does not support your iPhone's phone function. Please contact your Mercedes-Benz partner for details of other function restrictions

## Rear-seat entertainment system

The DVD rear-seat entertainment system will provide hours of enjoyment for your passengers. Two brilliant 7" colour screens so that your children can watch different movies at the same time. Game consoles are also easily connected.

## iPod/iPhone holder<sup>3</sup>

Black plastic holder for the glove compartment. Holds your iPod in place. Soft, flock surface protects the player from scratches and prevents it sliding around

<sup>2</sup> The Mercedes-Benz Interface Kit allows you to listen to the music or watch the videos saved on your iPhone (videos with Video kit only). It does not support the phone function

<sup>3</sup> For details and a list of supported devices, please contact any Mercedes-Benz service outlet

*iPod Interface Kit

#### **Mercedes-Benz iPod® Interface Kit<sup>2</sup>**

It's easy to control your iPod via the multifunction steering wheel: scroll through the menus [A], adjust the playback and volume [B] and display the title of your choice in the instrument cluster [C].

The iPod is connected and charged in the glove compartment, where it is hidden from prying eyes. No factory-fitted optional extra required

#### **Mercedes-Benz iPod® Interface Kit, Video<sup>2</sup>**

Like the iPod Interface Kit, offers straightforward control of your iPod. Videos are played on the COMAND display (when vehicle is stationary only). Only in conjunction with COMAND (Code 527 or Code 512)

# INTERIOR

#### Back cushion

Ergonomic, individually adjustable cushion, designed to support the back on long journeys. Available in anthracite

#### Cleanbag

The ideal way to keep the interior clean when you're on the move: the small "Cleanbag" is simply attached to the net in the front passenger footwell

#### Coat hanger

Robust coat hanger made from chromed metal and plastic. Easy to fit to the front head restraints. The ideal way to transport items of clothing without creasing them

## Genuine luxury

The distinctive blue light of the illuminated door sill panels lets you know you've arrived before your journey has even begun.

The feel of the wood/leather steering wheel in your hands adds to the sensation. Welcome on board.

#### AMG floor mats

Velour, anthracite, with embroidered AMG lettering

#### All-season floor mats

Durable and practical, these Mercedes-Benz all-season floor mats will help protect the interior of your GL-Class from dirt and snow. Available in black. (Similar to photo).

#### Vario bag

Plenty of extra space for the really important things in life. Available in three designs: "DaimlerSquare" fabric (pictured), "Angel & Driver" fabric and Alcantara, java fabric

#### Wood/leather steering wheel

poplar | black

The wood/leather steering wheels are also available in other colours to match the interior

#### **Illuminated door sill panels**

The blue illuminated Mercedes-Benz lettering is activated every time you open the door to get in or out. These illuminated door sill panels, in ground stainless steel, are a further “highlight” of the GL-Class

# Green light

Often it's the little things that have the biggest effect. Detailed solutions that work perfectly can make that crucial difference to the overall product.

The accessories shown here for your Mercedes-Benz are immaculately designed down to the smallest detail, making them ready for any challenge.

Giving the green light to all your leisure activities.

## Crossbars

Robust yet attractive: the crossbars offer a secure hold for the New Alustyle ski and snowboard rack and the Mercedes-Benz roof boxes. And even when unladen they accentuate the individual, sporty look of your GL-Class. The crossbars are available in black or with a high-sheen chromed finish to match your roof rails

## Transport and storage bag

*For crossbars and New Alustyle basic carrier bars*

Robust bag, made from a high-quality nylon fabric.  
Protects the basic carrier bars or crossbars

*To transport bicycles on the roof,  
please use New Alustyle basic carrier  
bars (see page 25)*

# CARGO & CARE

**New Alustyle ski and snowboard rack "Standard"\***

*For crossbars and New Alustyle basic carrier bars*

For up to 4 pairs of skis or 2 snowboards. Lockable

**New Alustyle basic carrier bars**

*Suitable for all roof-mounted carriers*

Used in conjunction with other roof accessories, the New Alustyle system opens up a wealth of flexible options when it comes to transporting sports equipment and luggage. The basic carrier bars also ensure the highest degree of safety and aerodynamics

**New Alustyle ski and snowboard rack "Comfort"\***

*For crossbars and New Alustyle basic carrier bars*

For up to 6 pairs of skis or 4 snowboards. Lockable. Practical pull-out function makes loading and unloading easier

*\*Ski and snowboard rack "Comfort" in conjunction with adapter B6 687 0115. No adapter required for "Standard" version*

### **New Alustyle bicycle rack**

*Can only be fitted to basic carrier bars*

Depending on the maximum roof load, up to four bicycle racks can be fitted per pair of basic carrier bars. Each bicycle rack can hold one bicycle with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). The support frame folds down when not in use, reducing drag when travelling without bicycles. Bicycles can either be attached to the rack once it has been fitted to the roof or before it is fitted | also pictured right |

*The convenient design of the Mercedes-Benz bicycle rack allows the bicycle to be attached at ground level. The bicycle is simply mounted on the rail alongside the vehicle and both are then fitted to the basic carrier bars*

### **Coil lock**

Designed to help prevent theft. Available as an option for the bicycle rack

### **Mercedes-Benz Bikes**

These sporty and elegant bicycles, with their exclusive Mercedes-Benz design, are suitable for everyday all-round use and for touring.

# CARGO & CARE

### **Ski bag for interior**

For up to four pairs of skis. With carrying strap and straps for attaching to load-securing rings in load compartment

#### **Rear-mounted bicycle rack for trailer hitch**

The rear-mounted bicycle rack is easy to attach to the trailer hitch. A simple fold-down mechanism means that the load compartment can still be opened. Basic version for two bicycles. Lockable

#### **Extension kit for rear-mounted bicycle rack**

Allows you to add a third bicycle | not pictured |

Please note:

European bicycle rack shown. Canadian version is not equipped with lights and licence frame.

*The laden bicycle rack can be pivoted downwards, allowing the load compartment to be opened*

*When the rear-mounted bicycle rack is unladen, simply fold down the vertical retaining bar to access the load compartment. This function also allows space-saving storage of the rack when removed*

### Coolbox

black/grey | Hard case with fabric cover featuring pockets for extra items. Cold/hot switch. Capacity: 24 litres. 12V connection. Adjustable carrying strap

### Coolbag

black | Fabric outside – plastic liner inside. Outside pockets offer plenty of room for extra items. Capacity: 12 litres. 12V connection. Adjustable carrying strap

### Charger with trickle charge function

With its cutting-edge technology, the Mercedes-Benz charger ensures the longest possible battery life. Available in a 3.6 amp version (below)

#### Reversible mat with load sill protection

This reversible mat features high-quality velour on one side and non-slip rubber on the other. It not only helps keep the original floor of the load compartment clean but the integral load sill protection also protects the load sill from scratches. When the rear seats are folded flat, the reversible mat covers the entire load area. Available in black

#### Partition net

Separates the load compartment from the passenger compartment

#### Deep trunk tray

Offers superior carpet protection when transporting items in the cargo area of your GL-Class

#### Shallow trunk tray

Simple to clean. Non-slip thanks to PP-Flex material. Suitable for transporting foodstuffs

#### Storage crate

Can be divided into four sections using the adjustable partitioning elements. Ideal for transporting items you don't want to tip over or slide around. Full functionality only in conjunction with the shallow trunk tray

#### **Non-slip mat**

black | Non-slip mat made from oil and acid-resistant polyester. Designed to fit the contours of the load compartment

#### **Tie-down strap**

Even heavy objects can be secured in place easily using this strap

#### **Luggage nets**

Available for the floor of the load compartment and the load sill. Prevent lightweight objects from sliding around during your journey. All nets are in pocket format

#### **Luggage-securing feature**

Ingenious solution to the problem of luggage sliding around in the load compartment. Attaches securely around the object in question thanks to Velcro fastening

#### **Shopping crate**

Snow chain systems: please contact your Mercedes-Benz partner to find out about using snow chains with your light-alloy wheels

A word of advice: because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tire combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your Mercedes-Benz dealer, however, has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you

With low-profile tires, the tires, wheels and parts of the suspension are subject to higher loads and are generally, therefore, more susceptible to damage, e.g. from uneven road surfaces

All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz reserves the right to make changes at any time, without notice, in colours, materials, equipment, specifications and models. Any variations in colours shown are due to reproduction variations of the printing process. Illustrations may include test situations. Some vehicles may be shown with non-Canadian equipment. Vehicles are shown with optional equipment.

Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-down hooks. Cargo nets and organizers are not intended to prevent objects of excessive weight and bulk from sliding or rolling in the event of a collision or sudden stop. Always drive with caution when driving with cargo.

Certain accessories may require additional components to complete the installation in your vehicle. Please consult your authorized Mercedes-Benz dealer for specific information about automotive accessories.
