

Stud Luncheon El Ranchito 10-25-24

While all of the PSCC "Studs" had a great time laughing and carrying on away from their Divas, the 21, or is it 22 with Garry...enjoyed some fine South of the Border fixings...an hour or two of good times. The big news out in the parking lot was the two brand-new E-Ray C-8 Corvettes. Duane Rons arrived in the Valley from Colorado just in time for the lunch....and by the looks of his car, he must have arrived with enough time to dust off that road film from his run through the Rockies and into Utah and down. We now have 33 C-8's in the Club according to Secretary Ron Singer's count, along with 2 E-Rays! Pretty good!
