

PREMIER
LEGEND VANS

PROJECT PROPOSAL

ABOUT US

We started building vans with one goal in mind: to deliver the highest quality product possible, using the best materials and fine craftsmanship. From the beginning, we also wanted to provide greater value than what we saw in the market. To achieve this, we partnered with an experienced build team with over 30 years of expertise in RVs and Sprinters. Together, we've brought this vision to life—creating vans that combine durability, luxury, and practicality at a fair price. At the heart of everything we do is customer service. We're passionate about helping our clients bring their dream van to reality, and we take pride in making the process seamless, personal, and enjoyable.

FLOOR PLAN

“KIDS AND CLIENTS” Floor Plan (Starting at 67,484.00)

This custom Sprinter van is designed to seamlessly blend executive-level luxury with family-friendly functionality. Premium materials, thoughtful seating, integrated technology, and climate comfort create a refined travel experience for both clients and kids.

Standard Features

- Kids & Client Floor Plan – Flexible layout designed for comfort, conversation, and versatility
- Fabric-Covered Walls & Headliner – Soft-touch, upscale interior finish
- Full Insulation Package – Improved climate control and sound reduction
- Wood Flooring – Durable, refined flooring with a luxury aesthetic
- Complete Electrical System – Professionally integrated power management
- USB Charging Ports at Seats – Convenient charging for passenger devices
- Rear Heating & Air Conditioning – Independent climate control for rear cabin
- LED Lighting Throughout – Clean, modern illumination across the interior

Seating & Comfort

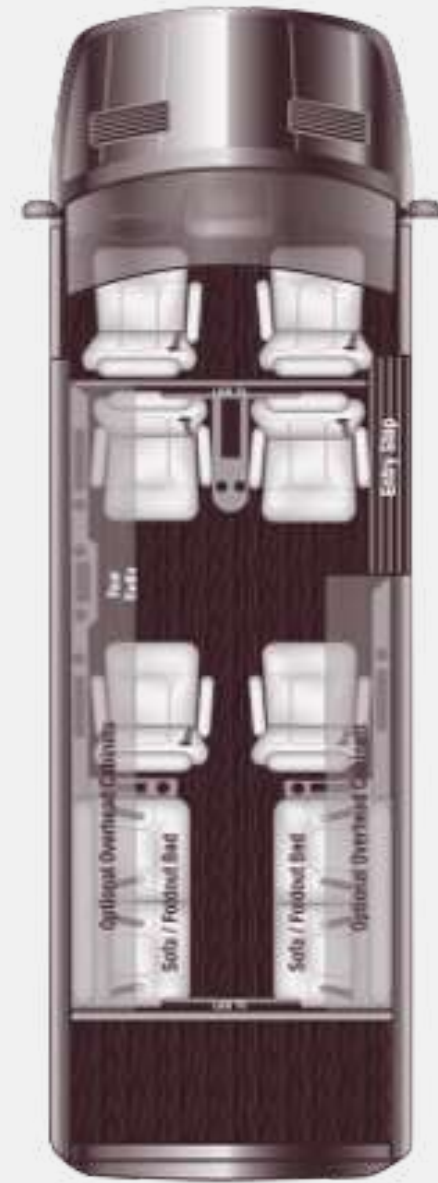

- (4) Rear Captain’s Chairs – Premium seating for maximum comfort
- (2) Side-Facing Sofas – Ideal for lounging or conversation
- Manual Fold-Into-Bed System
 - Fixed base design
 - Manual recline
 - Integrated cup holders
 - No footrest for a streamlined look

Entertainment & Technology (Standard)

- 32" Front TV Package with Speakers – Includes half partition
- 43" Rear TV Package with Additional Speakers – Includes full floor-to-ceiling partition
- Starlink Mini Package – Satellite internet capability
 - Monthly data plan not included; customer activates separately

Interior & Exterior Enhancements (Standard)

- Matching Front Seat Covers – Coordinated finish with rear seating
- Paint-Matched Exterior Cladding – Mercedes 170" body
- Window Tint – Front cab, all side windows, and rear doors (170")

FLOOR PLAN

“NON STOP FUN” Floor Plan (Starting at 76,484.00)

This custom Sprinter van is designed to seamlessly blend executive-level luxury with family-friendly functionality. Premium materials, thoughtful seating, integrated technology, and climate comfort create a refined travel experience for both clients and kids.

Standard Features

- Non Stop Fun Floor Plan – Flexible layout designed for comfort, conversation, and versatility
- Fabric-Covered Walls & Headliner – Soft-touch, upscale interior finish
- Full Insulation Package – Improved climate control and sound reduction

CUSTOM

CUSTOM FLOOR PLAN

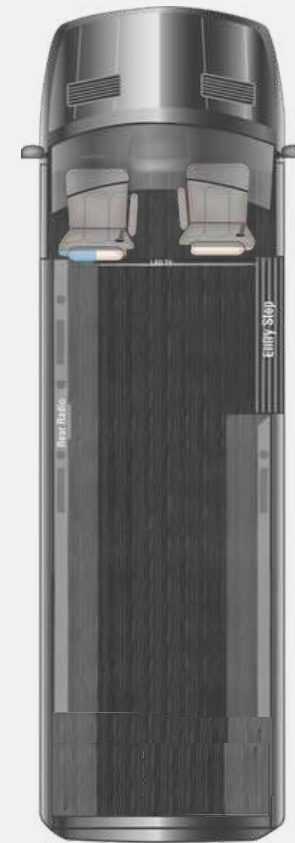

Don't see a floorplan that perfectly fits what you're looking for? That's exactly where we come in.

Our build team brings over 30 years of experience designing and building custom RVs, Sprinter vans, Ford Transits, and Ram ProMasters. We understand that every customer's needs are different whether it's for family travel, business use, luxury transport, or full off-grid capability.

Instead of settling for a pre-built layout, we'll work with you one-on-one to create a fully customized design tailored to your lifestyle. From seating configurations and sleeping arrangements to entertainment systems, storage solutions, and off-road or luxury upgrades every detail is built around how you plan to use your van.

We'll walk you through different layout options, materials, features, and packages to make sure your build is both functional and high-end. Whether you have a clear vision or just a few ideas, our team will help bring it to life.

Set up a design call today and let's create a van that's truly built for you

What is possible.

All of our luxurious seats are available with countless material choices. We can custom build your seats with the interior color you are looking to match in a leather, leather/vinyl, or faux leather configuration. We offer two tone combinations and can build each of our seats with matching or complimenting piping and stitching. Each of our seat models are available with various options.

Options

Embroidered Logo in Head Rest
Heat/Cool/Massage with wand
Integrated Seat Belts Massage
Power Headrest Power Leg-Lift Power Lumbar Self
Leveling Arms Six-Way Power Base

Bench Seats

We offer forward facing bench seating in both power and manual. For side facing bench we offer in a variety of lengths 2-4 seats per side.

EXTERIOR OPTIONS

Luxury Exterior Package

Refined, sleek, and built to stand out this luxury exterior package elevates your Sprinter with a clean, high-end finish.

Off Road Exterior Package

Built for adventure and rugged capability, this off-road package gives your Sprinter the aggressive look and functionality to go anywhere with confidence.

DESIGNS

Huracan

The Huracan Captain Chair features a hexagonal sew pattern and is known for its comfort. Once placed inside of your van or RV, you'll never want to sit in another chair.

Diablo

The Diablo Captain Chair offers a simple look which is great for your family van or RV. Our high-density foam offers extra upper and lower back support great for an extra long haul.

GT

The GT Captain Chair is super comfortable/stylish and is great for any Van and RV. Available in any color combination down to the stitching, piping, and embroidered logo on the headrest.

DESIGNS

Vanquish

The Vanquish Captain Chair is easily noticeable because of the signature "V" pattern. This Chair can be built with contrasting colors as well as stitching and piping.

Aventador

The Aventador Captain Chair pattern is made with our high tech CNC sewing machines and will add a modern look to your van or RV.

Enzo

The Enzo Captain Chair features a diamond pattern and looks unique with contrasting stitching and piping. We can embroider your logo on the headrest for an ultra custom feel.

DESIGNS

Wraith

The Wraith Captain Chair features a hexagonal sew pattern and is available in any color combination.

This includes the stitching, piping, and embroidered logo on the headrest

Maybach

The Maybach Captain Chair features a diamond sew pattern and is our most popular Captain Chair. Available in any color combination down to the stitching, piping, and embroidered logo on the headrest.

Benz

The Benz Captain Chair is a stylish yet subtle seat often seen in an RV, Sprinter, or Metris. Available in any color combination down to the stitching, piping, and embroidered logo on the headrest.
