CHEVROLET

Silverado 1500 LD 4-door Double Cab
Standard Box LT Z71 4x4 in Black
with available Midnight Edition.

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

SILVERADO 1500 LD DOES MORE. BECAUSE NOTHING LESS WILL DO. Strong. Capable. Advanced. These aren't just words to us. They're the cornerstones of every Silverado 1500 LD we produce. Building on a legendary small block heritage, the standard 5.3L V8 engine generates 355 horsepower and 383 lb.-ft. of torque, providing driving confidence whenever

you're behind the wheel. High-strength steel and available advanced safety and connectivity features create a formidable combination of durability and intelligence. The 2019 Silverado 1500 LD. Built for truck people, by truck people. That's true for the 2019 Silverado 1500 LD, and it will be just as true for our all-new Silverado introduced this year.

A STRONG BED AND BOX. Demonstrations by Chevrolet have shown aluminum beds are more susceptible to puncture than the Silverado 1500 LD high-strength steel bed. Our bed is stronger, lighter and more durable than a traditional stamped steel bed. For easy access to the box, you'll find pocket hand grips built into the top of the side rails as well as a CornerStep rear bumper.

Z71 SPORT PACKAGE. Dress up Silverado 1500 LD and head out. This package includes 4-in. Black round assist steps, Black bowtie emblems, 18-in. Black-painted aluminum wheels, Goodyear Wrangler DuraTrac® tires with a bold, aggressive tread design, Z71 door decals, a Black front skid plate, Rear Park Assist¹ and all-weather floor liners.

1. REAR VISION CAMERA! Standard on Silverado 1500 LD, this feature incorporates dynamic guiding lines that show where the vehicle will track, providing confidence when hitching up a trailer.

2. TRAILER BRAKE CONTROLLER. Utilize your trailer brakes with an available integrated trailer brake controller. The level of brake force or “gain” is displayed in the Driver Information Centre. The brake controller seamlessly integrates with your trailer brakes during normal braking and includes Trailer Sway Control.

3. SPRAY-ON BEDLINER. When you need a thick layer of durable protection between your bed and cargo, this available bedliner does the job. The tailgate is also covered to help protect its surface.

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

1. STAY INFORMED AND ENTERTAINED.

In Silverado 1500 LD, you can arrange icons and features on the standard Chevrolet Infotainment System¹ with colour touch-screen. Store up to 60 favourites, including radio stations and contacts.

2. WORK YOUR CONNECTIONS. Whether your Silverado is a mobile office or a family hauler, you can always stay connected. That's because Chevrolet offers an available built-in 4G LTE Wi-Fi² hotspot² (data plan required) providing a fast Internet connection for up to seven compatible devices.

3. AVAILABLE myChevrolet[®] MOBILE APP³

Simply download the app to your compatible smartphone and with an eligible active service plan⁴ and a properly equipped vehicle, you can start or turn off your engine⁵, lock or unlock your doors⁵, send destinations to your available navigation⁶ system, view key vehicle diagnostic information⁷, set parking reminders and more.

4. SAFETY IS OUR STRONG SUIT.

To help protect your most important cargo, Silverado 1500 LD features a high-strength steel safety cage and six airbags⁸ (Crew Cab structure shown).

¹ Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Data plan rates may apply. ² Feature is standard for 1 month on LT and LT Z71 and available on WT and Custom with a factory-installed equipment purchase. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. ³ Available on select Apple and Android devices. Service availability, features and functionality are subject to limitations and vary by vehicle, device and the plan in which you are enrolled. Device data connection required. Visit onstar.ca for more details. ⁴ Requires subscription to Remote Access Plan or Premium Access Plan. Available plans can be enabled on LT and LT Z71 and are available on WT and Custom with a factory-installed equipment purchase. Remote Access Plan does not include emergency or security services. Services are subject to user terms and limitations, and vary by vehicle model. Visit onstar.ca for more details. ⁵ Unlock feature requires automatic locks. Remote start requires GM factory-installed and enabled remote start system. Visit onstar.ca for more details. ⁶ At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ⁷ Diagnostic capabilities vary by model and do not cover all vehicle conditions. Additional message and data rates may apply. Requires email address on file and enrollment in Vehicle Diagnostics. ⁸ A NOTE ON CHILD SAFETY: Sitting too close to an airbag when it deploys can increase the risk of serious injury or death. Always properly wear your seat belt. Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

Silverado 1500 LD Crew Cab LT
interior in Jet Black with
available features.

ALL-DAY DRIVING COMFORT.

Resilient dual-firmness foam helps the seats retain their support over time, which is especially important for Silverado 1500 LD drivers and passengers who spend a lot of time in their trucks.

STORAGE FOR ALL YOUR STUFF. Upper and lower gloveboxes and “grab and go” storage pockets are integrated into the doors so everything is within easy reach.

YOU'RE IN CHARGE. You're never far from a power supply: Depending on the model you choose, there are multiple USB ports¹, up to four auxiliary power outlets and an available 110-volt AC outlet.

ONE TOUCH. TOTAL CONTROL.

With available steering wheel-mounted controls, you can activate Bluetooth^{®2} phone functions, set the cruise control and more. All knobs and buttons are large enough to accommodate gloved hands.

¹ Not compatible with all devices. ² Visit mychevrolet.ca to find out which phones are compatible with the vehicle.

A WORD ABOUT THIS BROCHURE Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on the latest available competitive information. Excludes other GM vehicles.

ENGINES Chevrolet products are equipped with engines produced by GM Global Propulsion Systems or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.
