

*“The savings were significant.”*

Monique Ayotte-Sevcik,  
customer since 2003

*“We’re so impressed with their fairness and honesty.”*

John and Josephine Morrison,  
customers since 1983

## Our dealerships...

- ✓ have been selling and servicing used vehicles for over 40 years;
- ✓ are members of the Used Car Dealers Association (UCDA), the Ontario Automobile Dealer Association (OADA), and the Ontario Motor Vehicle Industry Council (OMVIC);
- ✓ provide full disclosure about the state of our vehicles in the written bills of sale;
- ✓ guarantee through CarProof and UCDA reports that all vehicles are free of liens and that full histories are available;
- ✓ extend limited warranties on our vehicles, and many vehicles we sell still have remaining manufacturers' warranties;
- ✓ through OMVIC, contribute to a compensation fund for your protection in Ontario;
- ✓ ensure a tax advantage to you when trading in your vehicle on another used or new vehicle. Without the trade-in, you pay the full tax on the new purchase;
- ✓ offer free towing within 150 kilometres of our locations for the first year of ownership.

## Buyer beware!

Each year, thousands of Canadians who are in the market for used vehicles fall victim to imposters— curbsiders and private sellers of vehicles that have been stolen, rebuilt, or odometer-tampered!

Eleven exceptional brands,  
one exceptional company.

## You are protected with Performance Used Cars

### The Performance 30-Day Vehicle Replacement Promise

- ✔ If you are not 100% satisfied with the performance or appearance of the used vehicle you have purchased, we will give you a full-value exchange on any vehicle that is offered for sale on the premises.

### The Performance 90-Day Powertrain Promise

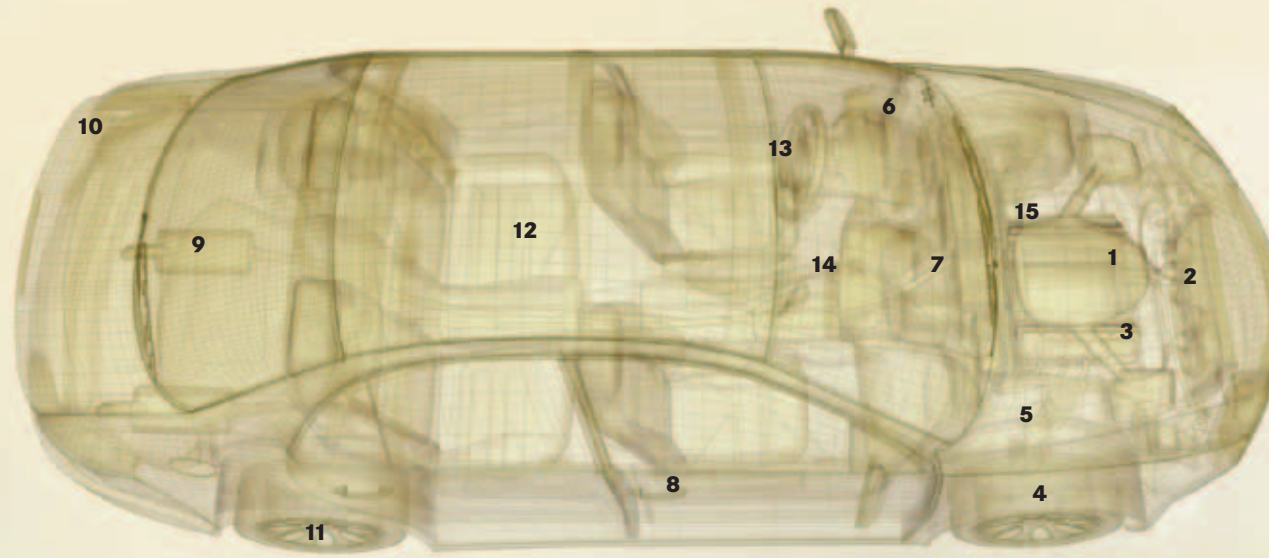

- ✔ All our used vehicles are covered by a 90-day/6,000 kilometre limited Powertrain Warranty.

### The Performance Certification Promise

- ✔ All our used vehicles are quality inspected and exceed Ministry of Transportation specifications.

### The Performance Pricing Promise

- ✔ For your confidence, we place our prices on the windshields of all our used vehicles and on [www.performanceusedcars.ca](http://www.performanceusedcars.ca)

## The Performance Certification Promise

### 1. ENGINE

Engine performs and accelerates smoothly. Starter operates properly. Fuel pump filters, gas lines, belts, horn, and 4-wheel drive all function properly. All fluid levels, oil, brake, clutch, battery, power steering, transmission and differential fluids topped up to specifications. Battery connections are checked.

### 2. COOLING SYSTEM

Coolant level is full and clean. All hoses and radiators are free of leaks and in good condition. Heating system and heater fan work properly.

### 3. AIR CONDITIONING

Air conditioning is blowing cold within normal range, and all controls work properly.

### 4. BRAKES

All brake lights, brake master cylinder, lines, and parking brake function normally. Pads, shoes, rotors, and drums exceed safety requirements.

### 5. CHASSIS/SUSPENSION

The vehicle has no structural damage. Suspension components function properly. All front end parts, c/v joints, boots, steering rack, gear box, tie rod ends, sway bars, idler arms, shock/struts/related bushings, power steering pump, reservoir, wheel bearings, and wheel hubs operate and function properly.

### 6. ELECTRICAL SYSTEM

Electrical system performs normally.

### 7. DASHBOARD CONTROL

Dash pad in good condition. All panel and steering wheel dash lights, warning lights, and gauges work properly. Steering wheel tilts and operates properly. Cruise control function and climate control work properly.

### 8. WINDOWS & DOORS

Door locks, windows, and handles all operate properly.

### 9. EXHAUST SYSTEM

Complete exhaust system checked for leaks and operates within normal range.

### 10. EXTERIOR

Windshield is free of stone chips in wiper swipe area. Front fenders, hood, doors, roof, trunk lid, weather stripping, mudguards, windshield wipers, all lights, emergency flashers, sunroof, fuel cap release, and turn signals operate properly.

### 11. TIRES & WHEELS

Tires exceed safety requirements. Spare tire and tire jack are present and in proper condition.

### 12. INTERIOR

All seats adjust properly. Seats, door, and carpet are in good condition.

### 13. SAFETY EQUIPMENT

Air bags are intact. Mirrors and all seatbelts work properly. Child proof door locks work properly.

### 14. AUDIO SYSTEM

Audio system operates properly.

### 15. TRANSMISSION

Transmission fluid is at full level. The transmission is performing and shifting properly.
