The all-new 2017 **Chrysler Pacifica**

There are no typical days for the modern family, only equally chaotic. The all-new Chrysler Pacifica is up to the multitask and what happens between the schedule lines — moments that aren't planned. They remind us of what it's like to be a kid again. Introducing 37 segment-first<sup>1\*</sup> features invented to calm the storm of busy lives, together.

\*A note about this brochure: all disclaimers and disclosures can be found on the inside back cover.

Generation us.

What's yours is theirs, and Pacifica stands for family pride as much as your home, while it raises the neighborhood bar. This all-new ultimate family vehicle displays a sleek, athletic stance with a sculpted body. Features like LED lighting, available chrome accents and 20-inch wheels highlight the sharp style to the new silhouette.

## Engineered for strength.

The all-new Pacifica architecture is built from the ground up, starting with strategically placed dual-phase, high-strength, lightweight steel, resulting in a strong safety cage that contributes to impact protection.

The all-new Pacifica is the quietest vehicle in its class.<sup>2</sup>

Noise, vibration and harshness (NVH) take a backseat to a smooth and quiet ride.

The sculpted shape offers advanced aerodynamics, while the enhanced low-sound exhaust and motor volumes, laminated glass, Active Noise Cancellation (ANC) and triple-seal doors contribute to what makes Pacifica the quietest vehicle in its class.<sup>2</sup>

Utility gets a new platform.

The all-new architecture and independent rear suspension optimize ride and handling with a front suspension cradle configured for strength, stiffness and redefined driving dynamics. The low rolling-resistance tires are a key component to unsurpassed highway fuel efficiency in its class,<sup>3</sup> while stiffer wheel designs reduce NVH factors.

\*Based on latest available competitive information and manufacturer's estimated 18 city / 28 hwy mpg with 3.6L engine and nine-speed transmission.

## Serene attention and respect.

The Hybrid powertrain provides highly efficient delivery of intuitive power and range. Modern exterior features include LED lighting, chrome accents, unique Silver Teal body color, as well as signature Teal badging accents, grille design and wheels exclusive to the Pacifica Hybrid. Bringing the outside in, Anodized Ice Cave interior accent finishes and Ice Blue stitching give a soothing sense of cabin serenity.

### Day-tripping on a single charge.

Whether you're driving in the city or on the highway, the smart Pacifica Hybrid technology seamlessly transfers between gas and electric power based on how you're driving at that moment. It's about providing maximum efficiency and capability to cover lower-range daily driving, such as errands and carpooling, all within a single charge. A convenient five-point charging indicator on the instrument panel is visible from outside the vehicle to easily identify the battery's charge level.

84 MPGe\* / 33\* electric miles for 566\*-mile combined range.

Look to the Hybrid technology for outstanding fuel economy of 84 MPGe\*, a 33-mile electric range\*, and a total driving range of 566 miles\* with V6 powertrain and charge. The Hybrid model may be plugged in and electrically charged, as well as through regenerative braking by the gasoline engine.

### Smart app.

The Hybrid-exclusive Uconnect® app lets you get your vehicle information remotely, so you can always be prepared and plan your charging schedule accordingly.

### Hybrid screens.

Uconnect offers Hybrid Electric Pages on the Driver Information Display (DID), providing customizable efficiency and power-usage details.

### Two-hour charge.\*

The Pacifica Hybrid enables recharging of the battery via a standard 120v outlet or charge in as little as two hours\* with an available 240v charging system.

\*Based on manufacturer's testing. Actual mileage may vary.

Unsurpassed highway fuel economy in its class.<sup>3</sup>

### 18 MPG city / 28 MPG highway.\*

When you choose the Pacifica, you get a powerful yet economic powertrain with a standard 3.6L Pentastar® Variable Valve Timing (VVT) V6 engine with 9-speed automatic transmission that delivers an impressive best-in-class<sup>1</sup> 287 horsepower and 262 lb-ft of torque.

When seats are in the upright position, in-floor bins provide storage and gear organization.

### EasyTilt third-row access.

Passengers can easily climb in and out of the third row using the class-exclusive,<sup>1</sup> second-row Easy Tilt seat feature. At the simple pull of a lever, the second-row seat shifts forward, even with an unoccupied installed child seat in place.

### No-fumble entrance made easy.

### KeySense makes handing over the keys easier.

Put limits on speed, audio volume, SiriusXM® Channel<sup>12</sup> skip and more, as well as activate safety and security settings for additional drivers with the available KeySense feature. All can be assigned easily from the Uconnect® touchscreen to be utilized with a programmable key fob.

### Acoustically sound with Active Noise Cancellation (ANC).

Contributing to the quietness of the cabin, the standard built-in ANC technology means engine and street noise are subdued through white-noise wavelengths. The all-new Pacifica offers three levels of audio systems, which are equipped with six ANC microphones to enhance noise quality.

### Personalize the vehicle information you see.

An available 7-inch full-color Driver Information Display (DID) delivers configurable and incredibly crisp graphics that are seamlessly integrated with cluster gauges. The display allows for a wide range of driver assist settings, such as digital speedometer, fuel economy, available Adaptive Cruise Control with Stop and Go,<sup>13</sup> LaneSense® Lane Departure Warning with Lane Keep Assist,<sup>14</sup> and turn-by-turn navigation. A host of trip, audio and vehicle settings and information are also customizable to what you would like to view.

## Date night.

The life of the modern family is about quality time — wanting the most for each other while making time for yourself. The gorgeous and sleek all-new Pacifica silhouette makes a good case for parents' night out.

## Advanced evolution.

The upper body and frame of the all-new Pacifica's unibody structure are engineered as a single unit, bringing a superior foundation for achieving premium sedan-like agility. This architecture carries exceptionally solid strength, advanced structural applications, optimized proportions, and dynamic qualities like an enhanced grade of high-strength steels. The new door design also increases visibility around the front windows and pillars while sound-absorbing barriers in body cavities and the engine area reduce overall passenger-compartment noise, contributing to less driver distraction.

Your family's safety and security are what matter most.

Over 100 standard and available safety and security features include advanced driver assistance features which help you to park, brake in the event you need it, as well as alert you of vehicles in your blind spot.

The modern minivan driver shows off power moves with confident agility and precision.

Tuned and calibrated on rural roads, thoroughfares, highways, and at validation facilities, Pacifica is equipped to deliver the ride, feel and comfort of a premium vehicle with precision-tuned handling for more aggressive driving characteristics and precise, responsive steering. The Pacifica utilizes approximately 65-percent high-strength steel for maximizing stiffness and strength — for vehicle dynamics and crash performance — while optimizing weight efficiency.

### No guesswork required.

Whether parking, changing lanes, or simply backing out of your driveway, the available full-surround camera views<sup>15</sup> — with visual and audio alerts — provide a new level of technology. Along with keeping an eye on blind spots<sup>16</sup> and the road ahead, Pacifica offers features that automatically slow and stop the vehicle if it's too close to another,<sup>17</sup> or help steer it back into your lane if you've unintentionally drifted.<sup>14</sup>

Available Blind Spot Monitoring (BSM)<sup>16</sup>

BSM<sup>16</sup> notifies you when another vehicle is present with illuminated icons in the outside rearview mirrors and chimes when selected. The system alerts you of vehicles in the blind areas when passing or changing lanes. Rear Cross-Path Detection<sup>15</sup> notifies of vehicles crossing your path when your Pacifica is in reverse.

Make pro-tip parking skills part of your daily routine.

With Parallel and Perpendicular Park Assist,<sup>15</sup> your spot is open.

Helping to guide you into place confidently, the available ParkSense® Rear Park Assist with Stop capability<sup>15</sup> and Parallel and Perpendicular Park Assist<sup>15</sup> help you in your daily maneuvers.

Optional LaneSense® Lane Departure Warning (LDW) with Lane Keep Assist<sup>14</sup> will automatically help guide you back into your lane if you've crossed the line without using your turn signal.

Available Adaptive Cruise Control (ACC) with Stop and Go<sup>15</sup> identifies vehicles driving in front of yours and maintains a set distance between you, including Full Stop functionality if necessary.

Pacifica helps to keep you at a safe distance.

Preventing potential impact, available Forward Collision Warning (FCW) with Active Braking<sup>17</sup> will slow, as well as stop in some instances, your Pacifica to help prevent an impact.
