Porsche Approved Certified Pre-Owned Vehicles.

There is an enduring quality to a Porsche. A timelessness that transcends the year it was built or the mileage on the odometer. Over two-thirds of all Porsche vehicles ever made are still on the road today. Not only does this speak volumes about Ferdinand Porsche's original vision in 1948, but it also proves how true we've stayed to that vision over the years.

From the way it's designed and engineered - to the materials it's built with, a Porsche is an invitation to own excellence. So when you make the decision to

realize your dream with a Porsche Approved Certified Pre-Owned (CPO) vehicle, you're not just joining our family. You're continuing a legacy that was meant to go on and on.

Your part in that legacy starts with a visit to your authorized Porsche dealer. And if at first you find it difficult to tell the difference between a Porsche Approved Certified Pre-Owned vehicle and a brand-new model, well, that's precisely the idea.

Keep it pure. Keep it worry-free.
It begins when your dealer selects a Porsche that meets the standard for the CPO program. The vehicle then undergoes a rigorous 111-point mechanical and cosmetic inspection performed by a factory-trained Porsche technician.

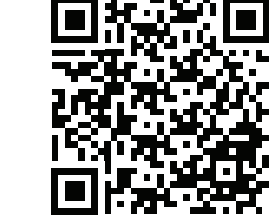

Then the vehicle is reconditioned to our meticulous mechanical and cosmetic standards. Any necessary repairs are made using only Genuine Porsche Parts. That means you can rest assured that your vehicle is 100 percent pure Porsche.

Then and only then do we grant it the Porsche Approved Certified Pre-Owned seal and back it up with a Porsche Approved Certified Pre-Owned Limited Warranty.

Some dreams come true sooner than you think.
The power and precision you experience driving a Porsche inevitably evokes a feeling of supreme confidence. And when you know it's covered by the Porsche Approved Certified Pre-Owned Limited Warranty, that only makes the decision even easier.

Chances are, somewhere nearby at an authorized Porsche dealership, there's one that's waiting for you. The exact model you're looking for – in just the right color, with the right equipment and the right price.

The Porsche Approved Certified Pre-Owned program can be the perfect way to ignite your dream of driving a Porsche. We invite you to visit your local authorized Porsche dealership to see how easy and affordable it can be to realize your dream of driving a Porsche.
