

SANTA FE XL

2019 Hyundai

Can a set of car keys be the key to happiness?

It seems the keys to a Hyundai can start more than just the vehicle. They can start a long-term relationship: For the 9th year in a row, Hyundai was ranked #1 for customer loyalty among all automotive brands.¹

How does Hyundai earn the loyalty of so many of its owners? It starts with the design and engineering of our vehicles. We gave the 2019 Santa Fe XL the V6 power, roominess and versatility you want from a 3-row SUV. And whether you choose seating for 6 or 7 passengers, you're protected by advanced safety systems like available Automatic Emergency Braking with Pedestrian Detection,² Blind Spot Detection,³ and more.

Every new Santa Fe XL is also backed by America's Best Warranty, contributing to Kelley Blue Book's KBB.com awarding Hyundai with the lowest 5-Year Cost to Own designation for any automotive brand in 2018.⁴

It doesn't stop there. We've also designed a better way to keep you and your Hyundai connected. With Amazon Alexa[®] voice services, you can talk to your Santa Fe XL remotely without reaching for your smartphone.⁵ Ask your Amazon Echo[®] device to start the engine and set the temperature controls, and they switch on while you finish getting ready to leave. It's just one example of how Hyundai Blue Link[®] connected car technologies have earned industry accolades for their ease of use.⁶

At Hyundai, we know that making things better isn't just the key to our success. It's the key to your happiness, too.

Hyundai has the lowest 5-Year Cost to Own of all brands for 2018 according to Kelley Blue Book's KBB.com, highlighting our industry-leading ownership value.⁴

¹Based on 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017 and 2018 Brand Keys Customer Loyalty Engagement Index*. ²Automatic Emergency Braking (AEB) with Pedestrian Detection detects pedestrians, but not in all conditions. AEB is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. AEB may not stop the vehicle completely and will not avoid all collisions. See Owner's Manual for details. ³Standard on Santa Fe XL Limited Ultimate, available on Santa Fe XL SE. Do not rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD may not detect every object or vehicle and will not prevent accidents. See Owner's Manual for details. ⁴2018 model-year vehicles' projected cost to own for the initial five-year ownership period is based on the average Kelley Blue Book 5-Year Cost to Own data, which considers depreciation and costs such as fuel and insurance. For more information, visit www.kbb.com. ⁵Requires Blue Link Remote package. Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. ⁶Hyundai Blue Link is complimentary for the first 3 years of ownership and requires an active Blue Link subscription. Three-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. Only use Blue Link and corresponding devices when it is safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees vary by subscription plan and are subject to change. For more on details and limitations, visit hyundai.com or your authorized Hyundai dealer.

¹Standard on Santa Fe XL Limited Ultimate, available on Santa Fe XL SE. Rear Cross-traffic Alert (RCTA) is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. Never rely exclusively on the RCTA. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual to learn more. ²Smart Cruise Control (SCC) is not a collision avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and reengages if the vehicle ahead moves forward within 3 seconds. See Owner's Manual for further details. ³Claim based on comparison of specifications on manufacturer websites. ⁴TOP SAFETY PICK+ rating applies to vehicles equipped with available Automatic Emergency Braking and specific headlights and is based on an Insurance Institute for Highway Safety Good rating in the driver-side small overlap front, moderate overlap front, side, roof strength and head restraint tests, as well as an Acceptable or Good rating in the passenger-side small overlap front test. It also must earn an Advanced or Superior rating for front crash prevention and a Good headlight rating. For details, visit iihs.org. Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA) New Car Assessment Program (safercar.gov). ⁵Features vary by model. For details, refer to the Features chart in the back of this brochure or visit hyundai.com.

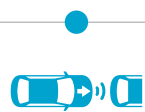

Driving made easier. Safety made smarter.

Santa Fe XL can carry three rows of people and their cargo while easily towing up to 5,000 lbs., thanks to a 290-hp V6 that's one of the most powerful engines in its class. With Hillstart Assist Control and Downhill Brake Control, it knows how to keep you poised under pressure, too.

But Santa Fe XL helps you carry an even heavier load: The responsibility that comes with being head of the family. Safer driving starts the moment you back out of your driveway. In reverse gear, available Rear Cross-traffic Alert warns you of vehicles approaching from either side.¹ The standard rearview camera can be enhanced with an available Around View Monitor to ease the hassle of maneuvering in and out of tight parking spaces.

On the road, available Smart Cruise Control with stop/start automatically adjusts your speed to maintain a safe distance from the vehicle ahead, making long distance journeys safer and more relaxing.² And Santa Fe XL's Automatic Emergency Braking features Pedestrian Detection – a safety innovation you won't find on the 2018 Nissan Pathfinder, Ford Explorer or Dodge Durango.³ Collectively, our fusion of advanced safety technologies helped the Santa Fe equipped with available Automatic Emergency Braking and HID headlights with Dynamic Bending Light rank as the only midsize SUV to earn both NHTSA 5-Star Safety and IIHS Top Safety Pick+ ratings in 2018.⁴

Smarter All Wheel Drive

The Santa Fe XL's available Active Cornering Control All Wheel Drive enhances cornering with Torque Vectoring Control, which brakes the inner front wheel and sends torque to the outer wheel with more grip to minimize under-steer for more precise handling.

A Brighter Idea

When driving through a turn, Santa Fe XL's available Dynamic Bending Light feature moves the headlight beams in sync with your steering to improve your vision through corners. It's not quite X-ray vision...but it might be the next best thing.

You're The Boss

A feature called Drive Mode Select lets you tune your vehicle's shift points and steering feel to one of three modes - Eco, Sport or Normal. So the feel behind the wheel of your Santa Fe XL responds exactly the way you want.

The three-row SUV that treats everyone first-class.

Whether you choose seating for up to seven or 2nd-row captain's chairs with seating for up to six passengers, Santa Fe XL is where luxury lives. Step inside a leather-clad Limited Ultimate model, and you're greeted by the rich character of its premium wood-finish interior accents. Secure yourself into the leather driver's seat and reach for the warmth of a heated steering wheel. Seat controls at your fingertips activate an Integrated Memory System, power lumbar support and soothing heat or cooling ventilation. Heated and reclining 2nd-row seats are onboard as well.

To make loading easy, an available hands-free smart liftgate opens automatically when you approach your Santa Fe XL from the rear! Whatever you're carrying, there's plenty of room. With 160 cubic feet of total interior volume, Santa FE XL offers more room than Toyota Highlander, Dodge Durango or Mazda CX-9. And there's more 3rd-row leg room than the Highlander, CX-9 or Nissan Pathfinder.²

An available panoramic sunroof bathes the interior in light. Inside of the cabin, the air is automatically cleansed by a CleanAir Ionizer. Even the music you fill that air with is pure. The available Infinity® Premium Audio System with 12-speaker Quantum Logic® Surround Sound uses Clari-Fi™ Music Restoration Technology to analyze digital or streaming audio files during playback and restore sound qualities lost in compression.

Plug And Play

Hyundai knows how much your 3rd-row passengers like to stay entertained. Which is why Santa Fe XL is available with a 3rd-row USB outlet to keep those electronic devices charged up when you're on the road.

Enjoy The Views

Onboard your Limited Ultimate, an upgraded 8" touchscreen navigation system features a faster processor, new bird's-eye views, mixed AM/FM/XM presets and HD+ Traffic with free real-time traffic updates. The touchscreen display's split screen lets you view navigation maps and music apps simultaneously.

This Is Sure Handy

Approach your Santa Fe XL from the rear with the key fob in your pocket or purse, and the height-adjustable hands-free smart liftgate opens automatically. Freeing your hands for more important tasks...like carrying groceries or bags of gear for your weekend camping trip.

¹The hands-free smart liftgate will open when your Proximity Key is within 3 feet of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere in normal operation. Please consult your Owner's Manual for details.

²Claim based on comparison of specifications on manufacturer websites.

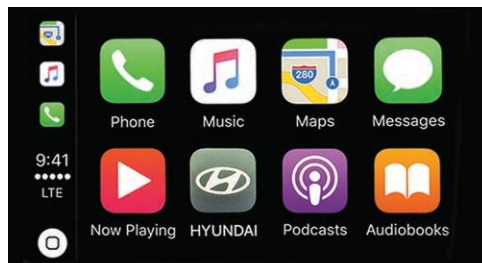

¹Blue Link agents will contact existing emergency service responders. ²Requires navigation-equipped vehicle and Blue Link Guidance package. ³Requires Blue Link Remote package. ⁴Apple CarPlay works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple is a registered trademark of Apple Inc. Android Auto works with smartphones running on Android 5.0, Lollipop and higher. Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ⁵All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. All fees and programming are subject to change. To cancel, please call 1-866-635-2349. See our Customer Agreement for complete terms at siriusxm.com. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. ⁶Smartphone GPS location must be within a 1-mile radius of the vehicle's location to display searched location.

It's time you felt a truly special connection with your SUV.

Hyundai's award-winning Blue Link® technology keeps you connected to the services, information and entertainment you want and need on the road. It starts with Blue Link Connected Care. Complimentary for your first three years, it offers exceptional peace of mind. Wherever you may roam, trained operators are standing by to provide emergency roadside assistance in the event of an accident where airbags are deployed.¹

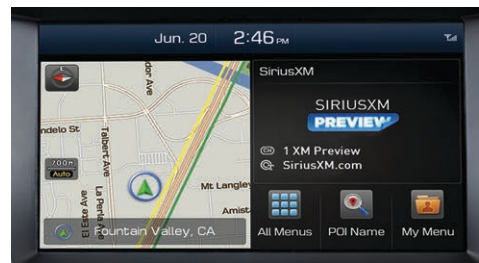

Then there's Blue Link Guidance. It lets you search, download and navigate to addresses and points of interest using voice commands from the driver seat or your smartphone before entering your vehicle.² Santa Fe XL's available navigation system has been enhanced with HD+ Traffic, which shows traffic flow and incident data without requiring a subscription.

If you're like most Hyundai owners, the Blue Link feature you'll love most is Remote Access.³ Using your MyHyundai app, you can turn your smartphone into a remote control that locks/unlocks and starts/stops your Santa Fe XL before you walk out the door. You can also use voice commands with your Amazon Echo® or Google Home™ device to set your car's cabin temperature from the comfort of your office or kitchen. Your Blue Link app can even help law enforcement recover your vehicle if it's ever stolen. Visit hyundaibluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

The Smartphone, Now Smarter

Standard Apple CarPlay™ and Android Auto™ are onboard, integrating your smartphone with Santa Fe XL's large touchscreen display. Seamlessly access maps and navigation, contact lists, texts, calls, your music library and more using the car's touchscreen or simple voice commands.⁴

We're Sirius About Radio

Santa Fe XL comes with a free 3-month activation of SiriusXM® Satellite Radio that lets you enjoy over 150 channels of music, sports, news and entertainment. Switch to one of your preset SiriusXM channels, and a feature called Tune Start lets you hear songs from the beginning.⁵

Hyundai Blue Link®

What gives Santa Fe XL owners a better connection to the things they need? Hyundai's Blue Link Connected Car System, complimentary for the first 3 years of ownership. For details on all of the Blue Link features offered, visit hyundaibluelink.com.

Automatic Emergency Assistance

Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics

Run vehicle diagnostics from your Hyundai's touchscreen, report issues at the press of a button, and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Destination Send-to-Car

Use your smartphone to find restaurants or points of interest that may not be updated on your vehicle's maps, then send the destination to Santa Fe XL's navigation system.

Remote Controls

Use your smartphone, home assistant or wearable device to remotely start your Hyundai's engine, unlock the doors, set the cabin temperature and more.

Car Finder

Our Car Finder smartphone feature lets you navigate your way through crowded parking lots back to your Hyundai.⁶

Service Link

Conveniently schedule your vehicle for service from the driver seat of your Santa Fe XL or MyHyundai smartphone app.
