## Spring checklist for your Subaru

- ✓ Replacing a dirty air filter can improve MPG by as much as 10%.
- ✓ Check the battery and replace if necessary. Make sure the connection is clean, tight and corrosion-free.
- ✓ Help keep dust and pollen out of your passenger cabin with a new cabin air filter.
- ✓ Check the wipers and lighting so that you can see and be seen. We now offer Genuine Subaru Hybrid Blades.
- ✓ Call us to schedule your multi-point inspection. We want to help make sure your Subaru remains the reliable ride you count on.
