

# S60

## ACCESSORIES

### Exterior Styling Kit

This sporty kit consists of a Rear Skid Plate, Side Scuff Plates and a Front Bumper Bar. All components are available in Silver, Iron Stone or Terra Bronze.

### Rubber Floor Mats

Volvo's Rubber Floor Mats are made of sturdy rubber with raised edges to help protect against moisture and dirt.

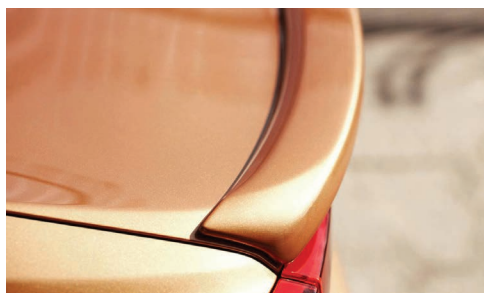

### Luggage Compartment Mat (Plastic)

This stylish plastic mat features a high-friction coating to stop loads from sliding around. It also prevents dirt and water from running into the luggage compartment.

### Load Bars

These heavy-duty arched aluminum profile bars integrate perfectly into the hidden built-in mounts in the roof molding.

### Trunk Spoiler

Adding to the S60's superb handling, this color-coordinated Trunk Spoiler enhances the sporty looks while increasing down force at higher speeds.

### Illuminated Sill Moldings

Aluminum Illuminated Sill Moldings are a stylish addition to the S60 that will be noticed every time a front or rear door is opened.

### Rear Seat Entertainment Multi-Media System

System includes two 8" touch screens, two DVD players, wireless headphones and connections for most external media.

### Front Blind View Camera

Negotiate tight exits with ease, even when visibility is restricted. This camera allows you to "see around corners" with a 180° field of vision in front of the S60.

### Glasses Holder

Suitable for most glasses, this practical/functional holder mounts at the grab handle over the driver's side window. Color coordinated with the interior.

### Sport Pedals

Brushed aluminum racetrack-inspired Sport Pedals with raised rubber accents – specially designed to complement the rest of the interior sport accessories.
