

THE NEW VOLVO XC40

INNOVATIVE. BY DESIGN.
Presenting the Volvo XC40,
the compact SUV born from
Swedish innovation. Built for
city life and designed around you.

YOU'RE IN CONTROL

Experience the feeling of confidence and control on every journey in the XC40, with a high seating position and agile handling that puts you in command.

AN SUV.
WITH A TWIST.

The XC40 is the authentic SUV for the city. High ground clearance, large wheels and true SUV proportions give it a powerful stance. And from the bold front grille to the beautifully detailed taillights it's every inch a Volvo. Uniquely Scandinavian and unmistakably urban, it's built for city life.

STAND TALL

High ground clearance gives the XC40 a powerful stance and excellent visibility. Large wheels and tyres cope effortlessly with any road. This is the SUV that allows you to rise above it all.

STRENGTH OF CHARACTER

The XC40 expresses toughness, and is unmistakably a Volvo, through features such as its proud grille, T-shaped light signatures and sculpted front bumper with skid plate.

ALWAYS READY

Large alloy wheels and a wide body give the XC40 a strong presence. This is an SUV that's ready for anything.

MAKE A BOLD IMPRESSION

Make a statement with a choice of contemporary colours. And, depending on trim level, the roof and door mirror housings can be specified in a contrasting colour for an even bolder look.

LIGHTING WITH DISTINCTION

See and be seen, day or night, with LED headlights that feature Volvo's unique T-shaped light signature. They automatically adjust the beam height, and switch between dipped and full beam, to provide the best view and avoid dazzling other road users. The optional high-level LED headlights include active bending lights that turn with the steering (by up to 30°), to provide a better view through corners.

SPECIALLY DESIGNED ALLOY WHEELS

A selection of alloy wheels helps you to create your perfect XC40. Each one has a bold, dynamic design, as well as the attention to detail and high-quality finish you expect from a Volvo car.

WHY WE INNOVATE

Because you have a wave to catch
And a mountain to climb
Because you promised the kids to go skiing tomorrow
Because you need a break
And sometimes a brake
Because elks don't read road signs
And neither do cows or kangaroos
Because parallel parking should be a cakewalk
Because you appreciate beauty and craftsmanship
Because you love the feel of hand-stitched nappa
Because you like your coffee hot and your water chilled
Because you have blind spots
Because it's been a long day
And you deserve a massage from your car seat
Because you don't have eyes in the back of your neck
Because you want to be in control
Because you expect to be entertained
And informed
And occasionally pampered
Because you forgot where you parked
Because you would rather share than own
Because there are road works today
Where there were none yesterday
Because we want to impress you
And that isn't easy
Because you care about the future
Because we live on a finite planet with finite resources
Because you're human
Because time is not money, but life

WHEN WE INNOVATE, THE CAR IS NOT TOP OF MIND.

We admit it. You fascinate us. We think and talk about you all day. Everything about your life – its ups and downs, joys and disappointments, needs, demands, frustrations and hopes – captivates us.

So when we innovate, every detail – from service design right down to the teeniest screw – has to justify itself to you. Does it add anything? Is it useful?

All this time spent thinking about your life has allowed good things to happen. Perhaps you didn't know, but we have a vision that by 2020 nobody dies or is seriously injured in a new Volvo. Nice-sounding words? Not at all, it's realistic and achievable.

We know you live a rich, fulfilling life in almost every way. We say almost, because there's one commodity you seem to be short of. Time. So by 2025, we aim to pack every new Volvo with enough smart solutions to free up a whole week of quality time per year. 168 hours to do with as you please.

We also know you care about the future of the planet. That's why our Drive-E technologies allow you to drive sustainably – without compromising on performance. We know you want to stay connected to the world around you. Our Sensus solutions ensure you are. We know you always want to feel in control. Our IntelliSafe technologies not only help to save lives, but also give you more enjoyment behind the wheel.

And we know you're interested in self-driving cars. Each day we take pioneering steps in our quest to deliver a safe and relaxing autonomous driving experience. The same goes for fully electrified powertrains. And even smarter services.

We happily walk the extra mile to give you what you want.

You are why we innovate.

AN INTERIOR TO INSPIRE

Bold, progressive design is the hallmark of the Volvo XC40, and the cabin embodies forward-thinking Scandinavian style. An uncluttered layout lets you focus on the beautiful details, while the high seating position means you always feel in control. Carefully crafted and selected materials indulge the senses, and intuitive technology puts you in command. The cabin of the XC40 is a place that will inspire you on every journey.

BEAUTY IN DETAIL

It's details that set Volvo Cars' interiors apart. The thought, effort and craftsmanship that go into the smallest elements in the cabin of the XC40 help to create a unique and special feeling each time you climb inside.

Natural light from the panoramic roof, our characteristic frameless rear-view mirror, and LED lighting on the distinctive concave decor panels on the dashboard are just a few of the visual highlights in a cabin designed to look great – and to make you feel good.

DOOR HANDLES

The bold, finely crafted door handles in the XC40 echo those in our larger SUVs, while their metallic finish feels great to the touch. The XC40 is a car that rewards all your senses.

LAVA CARPETING

One of the highlights of the R-Design variant is the availability of Lava carpeting and door inserts. It has a rich, bold colour that perfectly expresses the youthful character of the XC40.

LED LIGHTS

The XC40 is available with special LED interior lighting that highlights the beautifully sculpted dashboard and smart decor panels at night.

SUSTAINABLE BEAUTY

Made from 100% recycled material, the textile interior mats of the XC40 combine modern style with a sustainable, environmentally responsible approach.

AIR VENTS

The air vents in the XC40 are an example of our designers' ingenuity, with an innovative design that combines a beautiful minimalist appearance with effortless functionality.

PANORAMIC ROOF

The interior of the XC40 is shaped by a uniquely Swedish appreciation of light. A panoramic roof floods the interior with natural light by day.

REALLY CLEVER STORAGE

The **inventive storage** solutions in the XC40 are the result of us listening to our customers and understanding what they want from their cars. The front door pockets are each large enough for a laptop, or which can hold three large drinks bottles. This feature is made

possible by Air Woofer Technology, a Volvo Cars innovation that uses an audio speaker mounted behind the dashboard, rather than the doors, to free up space where you need it most. It's just one of the many ways that the XC40 helps to make every day easier.

WIRELESS PHONE CHARGING

There's a space beneath the centre touch screen where a mobile phone can be stored and wirelessly charged, helping to reduce clutter and make it easy to reach when you need it.

LARGE DOOR BINS

Doors free of speakers means that there is space for front door pockets that are each large enough to fit a laptop, or which can each hold three one-litre drinks bottles.

CARD HOLDER

A card holder integrated neatly into the dashboard allows you to keep a credit or toll card easy to find and reach when you need it.

SMART STORAGE

The storage bin under the front centre armrest is large enough to hold a small handbag or even a full-size tissue box, and has a removable storage box ahead of it.

BAG HOOK

Keep a small bag or takeaway food secure with a hook that folds neatly out of the glove-box and prevents items moving around or spilling while you're driving.

A VERSATILE SPACE

Everything starts with people at Volvo Cars – it's why we look, listen, and design cars around their needs. And it's why the XC40 is full of practical, versatile features that help you carry what you want as easily as possible. Load and unload your car with ease thanks to a large cargo area that can be accessed by a hands-free power-operated tailgate.

Valuable items can be stored securely out of sight under the locking load floor. And, to make the load area as versatile as possible, the folding floor can be placed in multiple positions. There are also four load-securing eyelets to keep delicate items safe and to protect the car's occupants, plus two bag hooks that ensure your shopping doesn't move around or spill in transit. Whatever type of load you need to carry – large or small – your XC40 helps make it effortless.

Go hands-free
When your hands are full, the power-operated tailgate on the XC40 makes life easy. And when combined with the keyless entry option it means you only need to move your foot under the rear bumper to open or close it automatically.

The right fit
The XC40 helps you fit your life into your car. The load compartment is one of the largest in the class, with a regular shape that helps you make the most of the space. And the folding load floor helps you adapt it to whatever you're carrying.

IN SYNC WITH YOU

Your guide
Sensus Navigation is your guide, helping you to find your destination and keeping you informed.

Every interaction in the XC40 feels natural and intuitive. From the easy-to-use centre touchscreen to the high-resolution driver display and voice control that understands normal speech, technology is there to make things simple.

It's as familiar and intuitive as using your phone. You can control most functions via the centre display with touchscreen – its portrait format and bold, clear graphics make it easy to read, and it's so responsive that you can use it wearing gloves.

The 31.24 cm (12.3 inch) digital driver display helps you keep focused on the road ahead by putting as much information as possible directly in front of you. And it automatically adapts to the surrounding light conditions, becoming brighter or dimmer depending on the light coming from outside the car.

DESIGNED FOR SOUND

We understand that music can make the difference, and the XC40 has been engineered to let you enjoy your favourite music to the full. Every XC40 features Air Woofer Technology that delivers precise, powerful bass.

For an even more immersive experience, choose the optional Harman Kardon® Premium Sound audio system. This top-of-the-range audio system – a collaboration with one of the world's leading audio brands – has 13 speakers for a beautifully balanced, powerful sound.

All about the bass

The XC40 features Air Woofer Technology – a new type of audio speaker that brings you precise sound and great bass reproduction. And because it's mounted behind the dashboard, rather than the doors, it frees up the cabin for valuable extra storage space.

Streaming. On demand.

Access to streaming services is just the touch of a button or a voice command away in the XC40. And support for Apple CarPlay™ and Android Auto™ means that you can listen to music, news, and audiobooks easily via your favourite apps.

Harman Kardon® Premium Sound

Enjoy your favourite music to the full with the Harman Kardon® Premium Sound in the XC40. This top-of-the-range audio system draws on the expertise of one of the world's leading audio brands to provide powerful, detailed sound.

EXPERIENCE CONTROL

The XC40 has a high seating position that puts you in command and gives you a great view of the road ahead. It is a car that elevates you above the everyday, with thoughtful, uncluttered design that means you always feel in control behind the wheel. Intuitive technology is

there to make your life less complicated – the easy-to-use centre touchscreen is so responsive that you can use it wearing gloves, while the high-resolution driver display looks great and is easy to use in any light.

The human touch
At the heart of the cabin is our centre display with touchscreen – a feature familiar to the new generation of Volvo cars that blends beautiful design with ease of use. The portrait format makes reading information – and following sat-nav maps – especially easy.

TECH THAT HELPS

Every journey is easy in the XC40, thanks to a range of helpful Volvo Cars innovations. Pilot Assist technology makes driving in heavy traffic less tiring. It helps you keep a set distance to the vehicle in front and uses small steering inputs to help you keep the car in the centre of the lane, at speeds of up to 130 km/h. Adaptive Cruise Control lightens the load by keeping the XC40 at a set distance from the car in front; you set the gap and the XC40 will adapt its speed to maintain that distance.

CITY SAFETY: PROTECTING WHAT'S IMPORTANT

Volvo Cars is synonymous with safety, and the advanced features in the XC40 are the result of decades of experience and innovation – they are there to help you avoid a collision and protect you and your passengers if one should occur.

At the heart of everything is City Safety. This innovation identifies other vehicles, pedestrians, cyclists and large animals ahead, even at night, and warns you if a collision is imminent. If you don't react in time, it will apply the brakes automatically to help avoid or mitigate a collision.

City Safety is standard for every XC40. It will play a key role in helping us to realise our vision that, by 2020, no one will be killed or seriously injured in a new Volvo car.

Oncoming Lane Mitigation
Using automatic steering assistance, this system helps you avoid collisions with oncoming vehicles. If you drift across the lane markings in the way of an oncoming vehicle, your car steers back.

Intersection Braking
City Safety includes an intersection braking function that can help to make an accident at a road junction less likely or less harmful. This feature – a world-first when it was introduced in the Volvo XC90 – automatically brakes the car if the driver turns into the path of an oncoming vehicle.

Run-off Road Mitigation
Our Run-off road Mitigation technology helps to keep you safe by keeping you on the road. If this innovation detects you are about to leave the road unintentionally at any speed between 65 – 140 km/h, it uses steering input and, if necessary, brake support to guide you back on track.

Lane Keeping Aid
Fitted as standard, this feature monitors the road ahead and gently steers the car back into its lane if it detects that you're about to cross a lane marking unintentionally. If the car's steering adjustment isn't enough, or if you cross into the other lane, you'll be alerted by gentle vibrations through the steering wheel.

PARKING. MADE EASIER.

Parking is easy in the XC40 thanks to its compact dimensions, elevated seating position and responsive steering – and technology is there to help.

Park Assist Pilot is a self-parking function that can steer the XC40 into a parallel space just 1.2 times the car's length, or into a standard parking bay. All you need to do is operate the accelerator and brakes (when the car advises you to).

Park Assist Pilot also helps you find a space, by alerting you if one is big enough as you drive by it, and can also assist when leaving it.

SAFER THAN EVER

Protecting you and your passengers has always been at the heart of every Volvo car, and the advanced safety features in the XC40 are the result of our decades of innovation.

As with all of our cars, the XC40 surrounds you with strength. The passenger compartment uses a high percentage of ultra high-strength boron steel to create a protective cage around you and your passengers. Specially designed front seat structures minimise the risk of spinal injury on impact. The front seats incorporate our Whiplash Injury Protection System to minimise the risk of neck injuries if the car is hit from behind. If your XC40 leaves the road, Run-off Road Protection reduces your chance of serious injury. And optional prepared front safety belts automatically tighten if the car senses that an impact is imminent, putting you in the safest possible position if a collision occurs. All this, and more, makes the XC40 a safe place to be.

AGILE. RESPONSIVE. IN CONTROL.

Wherever you take your XC40, you'll always feel in control. Enjoy agile, energetic responses from behind the wheel – whether you're in the city or out on the open road – thanks to sophisticated suspension that makes extensive use of lightweight aluminium. Selectable drive modes allow you to set your car's responses to suit your mood, adjusting settings for the engine, automatic gearbox, Electronic Stability Control, steering and Start/Stop function. The optional Four-C chassis features electronically controlled suspension dampers for an even greater degree of versatility and control over how your XC40 drives. Models equipped with all-wheel drive give improved traction, for the most efficient acceleration from a standstill and an even more secure feel in slippery conditions or when towing. And Hill Descent Control is available, to make descending steep or slippery slopes as safe as possible.

Smart powertrains give you the responsiveness you want, and low emissions and fuel consumption. There's no need to compromise. It's all thanks to our new family of sophisticated turbocharged engines. These compact, lightweight powertrains balance smooth power with efficiency. And they keep weight at the front of the car to a minimum, which improves handling agility.

Power is transmitted to the road by highly efficient, smooth-shifting transmissions, including an eight-speed automatic transmission that allows you to shift using steering wheel-mounted paddles. The XC40 is a car that allows you to take control, and which inspires confidence, however long or short the journey.

YOUR JOURNEY BEGINS HERE

We created the new XC40 with one single purpose: to provide you with a city SUV that perfectly fits you and your lifestyle. It's a car that meets your expectations of a fun, agile drive with exceptional comfort and distinctive Scandinavian design – built with care for people and the world we share. And designed to be intuitive to use and to make life easier, the XC40 is a pleasure to live with every day.

At the heart of your XC40 is an efficient, responsive diesel or petrol powertrain. Whichever you choose, you will enjoy our latest Drive-E technology that gives you responsive power. Fuel consumption and

CO₂ emissions are kept low, and our powertrain already complies with future exhaust emission legislation.

The engine is mated to our eight-speed Geartronic™ automatic gearbox or six-speed manual gearbox for a smooth and intuitive drive. For an extra edge, you can add our responsive AWD all-wheel drive technology that gives you increased driving stability and traction on all roads and in all weathers.

D4 AWD
Our powerful 190hp/400Nm D4 AWD diesel powertrain allows you to enjoy more while using less. Twin-turbo engine technology, our 8-speed Geartronic™ automatic gearbox and all-wheel drive add to instant control and an efficient driving experience.

CREATE YOUR OWN SWEDISH CITY SUV

Our approach in everything we do is to always put people first. This also includes allowing you the freedom to create a Volvo that reflects your individuality and fits perfectly into your life.

Inspired by the pulse of urban city life and fashion, the new XC40 is just as individual as you are. We have created three different design expressions – each with a very distinctive style and character: the sporty XC40 R-Design, the more luxurious XC40 Inscription, the vivid XC40 Momentum.

Whatever you prefer, you can rest assure there's a Volvo XC40 for you. Read on, and see what your new XC40 will look like.

VOLVO XC40 R-DESIGN

Inspired by performance, with contrasting sporty design into every detail, inside and out.

VOLVO XC40 INSCRIPTION

A fresh flair of Swedish luxury.

VOLVO XC40 MOMENTUM

Strong, contemporary style with a confident urban look.

RDESIGN

THE SPORTY LOOK

The XC40 R-Design expression catches the sporty soul of your Swedish SUV with a glossy black colour theme including the roof and other distinctive exterior design details. The large alloy wheels enhance the car's road presence and add to the powerful look. It's an expression that catches the eye from every angle and hints at the promise of an amazing drive.

Inside the driver-focused charcoal interior, you're surrounded by bespoke materials and trim. Your body is comfortably supported by the R-Design seats in Perforated Fine Nappa Leather/Nubuck Textile upholstery. Everything – from the R-Design sport steering wheel with optional gearshift paddles to the charcoal headliner – is there to inspire and put you in control. And unique for the XC40 R-Design, the optional Lava interior carpeting creates a youthful, stylish ambience that will energise your every drive.

INSPIRED BY THE ART OF DRIVING

The XC40 R-Design is our most powerful expression, characterised by dynamic contrasts and a confident presence. Unique exterior design details in glossy black, such as the front grille, the roof and the door mirror caps, together with large alloy wheels make it possible to create a truly distinctive look. The sporty theme continues on the inside, with R-Design Perforated Fine Nappa Leather/Nubuck Textile seats, optional Lava carpeting and concave cutting edge aluminium decor. A sport chassis ensures you're in control with maintained ride comfort.

The glossy black roof creates a strong character – depending on your choice of exterior colour, it can make a dramatic impact on the look of your XC40 R-Design. The embossed R-Design logo in the rear-most door pillar makes a subtle yet distinct statement about the car you drive.

The Black Diamond Cut design Alloy Wheel add to a powerful stance in perfect harmony with the signature design T-shaped LED headlights and glossy black design elements such as the front grille, the door mirror covers, the roof and the integrated roof rails.

Enjoy the dynamic feeling inside your XC40 R-Design. The Charcoal interior with optional Lava carpeting and door inserts create energizing contrasts, while the exclusive R-Design seats, the cutting edge aluminium decor and the R-Design Leather gear knob and gaiter with white stitching enhance the car's sporty soul.

The XC40 R-Design grille features a glossy black frame and a high-gloss black insert with a horizontal mesh for a unique look.

From the rear, the integrated dual tail pipes and glossy black rear skid plate add to the impression of sporty elegance.

The concave cutting edge aluminium decor with integrated LED light guides creates a sporty, exclusive ambience inside your XC40 R-Design – day and night.

Upholstered in exclusive Perforated Fine Nappa Leather/Nubuck Textile, the multi-adjustable R-Design seats provide generous body support wherever you go. Contrasting white stitching and piping adds to the sporty ambience, while the manual seat cushion extensions provide extra thigh support.

The driver-focused XC40 R-Design interior with R-Design steering wheel partly clad in Perforated Leather, a Leather gear knob, aluminium sport pedals and optional gear shift paddles puts you in the centre of action.

Inscription

THE FRESH FLAIR OF LUXURY

We created the XC40 Inscription to give you a new take on Swedish luxury. It's about stylish detailing and a meticulously crafted interior with fine, authentic materials – all to give you the very best of contemporary Scandinavian design.

Already the exterior hints the experience that awaits you inside the XC40 Inscription. Two unique metallic body colours, tastefully composed chrome details, skid plates in silver finish and unique Black Diamond Cut alloy wheels make up for a harmonic yet distinctive look.

Inside the XC40 Inscription you can relish in exclusive leather seats, surrounded by thoughtful design and natural materials such as the exclusive yet rugged handcrafted driftwood decor in genuine ash veneer and a gear shifter in Swedish crystal. A large exterior colour palette and many available interior colour combinations make it easy to create the XC40 Inscription that's really you.

CONTEMPORARY LUXURY

The XC40 Inscription brings luxury with a contemporary Swedish twist. Perfectly blending into urban life, its stylish exterior with chrome detailing and large Black Diamond Cut alloy wheels add to a confident appearance wherever you go. Leather seats, illuminated decor in genuine driftwood, a unique crystal gear shifter and exclusive Inscription textile mats give a relaxed, pampered feeling as you drive through the city.

The Inscription grille with high-gloss black inserts, vertical chrome bars and chrome frame together with our signature design LED headlights and matt silver finish front skid plate create a distinctive and luxurious look.

The chrome lower window frames and the integrated roof rails in bright aluminium add a jewel touch to the exterior of your XC40 Inscription. In the rear pillar, the embossed Inscription logotype hints at a new kind of luxury.

The XC40 Inscription radiates style and confidence from any angle, not least from behind with its beautifully sculpted, uncluttered rear section with a matt silver rear skid plate and integrated dual tailpipes.

Experience modern Swedish luxury inside the XC40 Inscription. You are comfortably seated in leather seats and can enjoy the sight of handcrafted concave decor in genuine driftwood. At night, our interior illumination further enhances the exclusive ambience.

The metal front tread plates give a sophisticated welcome every time you enter your XC40 Inscription.

Our concave driftwood decor in genuine ash veneer resembles the look and feel of wood shaped by the natural force of water, wind and waves. Integrated LED light guides further enhance the interior ambience when it's dark.

The Leather comfort seats are ergonomically designed to provide excellent comfort – wherever you go.

XC40 MOMENTUM. CONTEMPORARY URBAN STYLE

The XC40 Momentum takes the urban experience to the next level. It's a more playful expression of urban style, where smart features and contemporary design interact to create a confident and vivid look. Designed and built for a better life in the city, the XC40 Momentum is well equipped with everything you need for successful living.

The exterior is available in a range of solid and metallic full-body colours, each with a distinctively contemporary look.

On the inside, you can relax in the ergonomically designed seats with contemporary upholstery. And the many different interior colour combinations make it easy to tailor your own, personal experience.

CONFIDENTLY URBAN

Everything with the XC40 Momentum is self-assured and confident. Both variants are genuinely urban with a Scandinavian twist. With a distinct monochromatic colour theme, the standard variant of the XC40 proudly expresses the car's purposeful soul. And choosing the XC40 Momentum, the optional white roof and many interior combinations allow you to tailor a Volvo city SUV that reflects your style and preferences. The contemporary upholstery and the concave Urban Grid aluminium decor, add a touch of luxury to the interior ambience.

Equally at home in all city environments, the XC40 Momentum features a distinct front grille with bright chrome frame, signature design LED headlights, bright integrated roof rails and optional contrasting white roof, white door mirror caps and 18-inch white spoke alloy wheels.

A confident grille with LED headlights and a black front skid plate combined with large wheels and matt black roof rails – the standard variant of the XC40 is a pure statement of urban living.

The glossy silver skid plate with hidden tailpipes gives the XC40 Momentum a robust yet stylish impression from behind.

The XC40 Momentum interior with textile/vinyl seats, concave Urban Grid aluminium decor, leather steering wheel and textile mats reflects the essence of contemporary Scandinavian design.

The concave Urban Grid aluminium decor enhances the modern interior ambience of the XC40 Momentum.

The monochromatic charcoal interior of the standard XC40 has a strong purposeful character, with ergonomically designed textile seats, leather-clad steering wheel and our unique engraved Origin decor.

ACCESSORIES. YOUR XC40 – THE WAY YOU WANT IT

We created the new XC40 to make your life easier and better. And with Volvo Cars accessories designed around you and your car, you can create an XC40 that's perfect for the way you live.

Adding the exterior styling kit to your XC40, you'll add a rugged, sporty touch to your city SUV's confident and contemporary presence. The stainless steel design elements enhance the car's high stance and harmonise perfectly with the distinctive exterior. Our large 53.34 cm (21-inch) 5-triple open spoke alloy wheels lend your XC40 an even more powerful look.

FIND MORE ACCESSORIES AT [ACCESSORIES.VOLVOCARS.COM](https://accessories.volvocars.com)

The Volvo styling accessories are created by our design team to perfectly complement the lines of the XC40 and enhance its bold, contemporary character. This is your opportunity to express yourself and come up with a look that is all yours.

53.34 cm (21-inch) 5-TRIPLE OPEN SPOKE BLACK DIAMOND CUT ALLOY WHEELS
For the strongest expression of the tough, sporty character of the XC40 choose our large 53.34 cm (21-inch) 5-triple open spoke alloy wheel in distinctive Black Diamond Cut design. These impressive, beautifully crafted wheels perfectly complement the uncluttered lines of your Swedish city SUV and give it a truly powerful look.

ROOF SPOILER
This stylish roof spoiler further enhances the sporty character and aerodynamics of your Volvo SUV and is colour-coordinated with the roof. Fits perfectly with the exterior styling kit.

EXTERIOR STYLING KIT
Give your XC40 an even more distinctive look with this rugged yet sporty exterior styling kit. The front skid plate, rear skid plate and the lower door trim mouldings in brushed stainless steel enhance the powerful stance of your city SUV, while the integrated dual tailpipes add a stylish finish.

BRING IT ON

The XC40 is there to help you pursue your passions, and our interior and exterior load carrying accessories allow you to take what you love with you. Designed to look good and work flawlessly, they make life less complicated and ensure that you can fully utilise the capacity

of your Volvo SUV. And because these accessories are designed by Volvo Cars, you can be assured that they are built to last, effortless to use and fit your XC40 perfectly.

STEEL GRILLE
Our strong steel grille provides a sturdy barrier between the passenger and load compartments, helping to prevent unsecured loads from causing harm in the cabin when braking sharply. It's easily installed and removed, and folds conveniently against the roof when not needed.

LOAD COMPARTMENT MATS
Our load compartment mats help you keep the interior of your XC40 as good as new, whatever you're doing. There's a tough plastic mat with raised edges that's rugged and easy to clean, and a reversible mat that has high-quality textile on one side and durable plastic on the other, to suit differing needs.

LOAD CARRIER
Easy to fit, our load carriers instantly allow you to fit our load carrier accessories, from a bike rack to a canoe holder.

FOLDABLE TOWBAR
Our folding towbar is there when you need it – and out of the way when you don't. Press a button in the load compartment and it slides out electrically. All you have to do is lock it into position with one click. A range of bike racks designed especially to fit the towbar are also available.

ALL-WEATHER MATS
Soft and flexible with the characteristics of rubber, these durable mats protect the carpeting of your XC40 from muddy boots and shoes. Shaped to fit perfectly, they won't slip or shift on the move. Raised edges stop wet and dirt leaking into the car's carpet.

MUD FLAPS
Keep your car looking good with specially designed mudflaps that fit the body of the XC40 perfectly, deflecting grime and dirt from the car's bodywork.

WELCOME TO VOLVO CAR LIFESTYLE COLLECTION.

Our lifestyle collection includes a wide range of lifestyle accessories – from Swedish crystal and crafted leather bags to clothing, watches and more selected items. To view the complete collection, please visit collection.volvocars.com

ON SWEDISH TIME
Distinctive yet subtle, the first watch from Volvo Cars' design department – now available as part of the Volvo Car Lifestyle Collection – is an example of refined Scandinavian design.

TAKE YOUR MUSIC WITH YOU
These Harman Kardon® Soho Wireless headphones combine sleek styling with exceptional sound quality. With Bluetooth® connectivity and a clever fold-flat design, they're perfect for enjoying your favourite music on the go.

TRAVEL IN STYLE
Designed by Volvo Cars and made by Swedish leather goods brand Sandqvist, our weekend bag and the matching leather card holder and leather passport sleeve allow stylish travelling. Available in black and cognac leather.

Please note: Some of the information in this brochure may be incorrect due to changes in product specifications that may have occurred since printing. Some of the equipment described or shown may now only be available at extra cost. Before ordering, please ask your Volvo Cars dealer for the latest information. The manufacturer reserves the right to make changes at any time and without notice to prices, colours, materials, specifications and models.
