ONLY USE GENUINE MAZDA PARTS AND SERVICE

If you are thinking parts, think original and genuine.

- 1. Mazda-trained Service Professionals:** They understand all the critical systems that give your Mazda the soul of a sports car like nobody else can.
- 2. Genuine Mazda Parts:** When it comes to repairs and maintenance you want parts that meet the exact specifications of your vehicle – otherwise, performance suffers.
- 3. One-stop shop:** Visit your Mazda Dealer for all your maintenance needs – including an affordable selection of tires, parts and accessories.
- 4. Body Shop:** Site of art master technicians. Full service body collision repair.

Nothing compares to the original.

- 5.** Unlike generic aftermarket parts, Genuine Mazda Parts have been made from the same blueprints as the original. And every part is guaranteed to perform and wear the same as the day you first drove your new Mazda.
 - 6.** Without access to original specifications, aftermarket parts are often manufactured with a fit and finish that falls below Mazda standards. Worse yet, your original warranty could become invalid if aftermarket parts contributed to the damage of the original parts. Only Genuine Mazda Parts are specifically covered by the Mazda warranty.

MAZDA FULL CIRCLE SERVICE

At Romano Mazda, you will receive a Full Circle Service Inspection and Full Video Report. Mazda Service Professionals will check the status of the following parts and systems of your vehicle:

- » Brakes
- » Tires (tread depth)
- » Automatic transmission fluid condition
- » Power steering fluid condition
- » Cooling system
- » Drive belts
- » Battery performance
- » Cabin air filter
- » Engine air filter
- » Wiper blades and operation
- » Brake lines, hoses, parking brake
- » Suspension system
- » Interior and exterior lights
- » Windshield cracks, chips and pitting

You will receive a Full Circle Service Report Card that summarizes your vehicle's condition. Following these recommendations will help ensure your Mazda is properly maintained and will continue to perform at its best. The following Report Card codes are used to communicate your vehicles status:

Green Items that are in "good" condition and do not show evidence of unusual or significant wear.

Yellow Items that are wearing significantly but are not likely to fail before the next scheduled maintenance interval.

Red Items that require immediate attention or will likely wear out before the next maintenance interval.

MAZDA FULL CIRCLE SERVICE

IMPORTANT NOTE:

Brake pads and rotors are not covered by Mazda's Factory Warranty, these are considered normal wear and tear items. However, doing the recommended brake services will enhance the life of your brakes and will save you money long term due to our climate conditions.

Genuine Mazda Oil is formatted for your vehicle. When you want the best, use the best

Quality is our top commitment when it comes to your Mazda. It's the reason we recommend top-quality engine oil. Starting with the 2011 model year, Mazda recommends (for specific models) using full synthetic, OW-20 viscosity engine oil. Genuine Mazda OW-20 engine oil is specifically formatted for your new Mazda vehicle and provides benefits that conventional engine oil simply cannot deliver:

- » Improved cold-engine start protection
- » Improved fuel mileage
- » Reduced emissions
- » Superior engine wear protection
- » Advanced protection against oil breakdown

Please refer to your vehicle owner's manual or MazdaUSA.com for model-specific maintenance schedule.
