Tire & Wheel

Protection Plan

Protect Yourself from the Repair Costs Caused by Road Hazards

With our Tire & Wheel Coverage you will have peace of mind knowing your tires and/or wheels are covered in the event they are damaged as a result of a road hazard such as nails, screws, glass, potholes and cracks on the road.

Coverage Options:

Tire Coverage

The Tire Coverage covers the repair or, if unrepairable, the replacement of tires damaged by road hazards. Coverage includes the following as applicable: mounting, balancing, wheel weights, valve stems, patches/patch plugs and taxes required to complete a covered repair.

Tire & Wheel Coverage

In addition to the Tire Coverage, the Tire & Wheel Coverage covers the repair or replacement of wheels that will not seal or hold air after a tire is repaired or replaced due to a road hazard.

Tire & Wheel with Cosmetic Repair Coverage

The Tire & Wheel with Cosmetic Repair Coverage covers the tires, wheels and appearance of wheels damaged by a road hazard. Coverage includes the repair of repairable abrasions, scuffs, scratches or scrapes to wheels that are caused by a road hazard.

Wheels will not be replaced or remanufactured if cosmetic damage is not repairable or if repair results do not exactly match other wheels attached to vehicle.

Additional benefits*

Towing / flat tire allowance

We will reimburse you up to \$100 per incident for towing assistance or flat tire replacement expenses incurred due to damage to tire(s) and/or wheel(s) from a road hazard. This allowance comprises towing service and flat tire replacement using the vehicle's inflated spare.

Substitute transportation

We will reimburse you up to \$50 per day, for a maximum of 2 days per occurrence, for expenses incurred to rent a substitute vehicle from a licensed rental car agency or for public or private commercial transportation. We will reimburse you for one day of substitute transportation expenses if it takes a Repair Facility 8 or more hours to complete a Covered Repair, and 2 days if the Vehicle is kept overnight to complete a Covered Repair.

*You must make your own arrangements for towing, flat tire assistance and substitute transportation. Substitute Transportation is not available for repairs solely for Cosmetic Damage.

Tire & Wheel Limits and Exclusions

Coverage is subject to limits and exclusions, including tread depth of 3/32 of an inch or more. Under some circumstances, a tire or wheel may not be covered (for example, manufacturer's defects, damage caused by collision with a curb, and dry rot). Please see the service contract for details. The replacement tire and/or wheel is limited to the same tire and/or wheel as the vehicle's original equipment manufacturer's tire and/or wheel or a comparable tire and/or wheel of like kind and quality if the original equipment manufacturer's tire and/or wheel is not available or out of production.
