A WHOLE NEW ERA OF PICKUP TRUCK SOLUTIONS.

**DESIGNED FOR YOU,
MANUFACTURED IN 5 DAYS,
WARRANTIED BY ONE COMPANY.**

Adrian Steel, your trusted partner for cargo van upfitting, now leads in pickup truck solutions. We offer the same dependable lead times and a simplified ordering process, making us your one-stop shop for truck upfitting needs. Our cargo truck solutions provide unmatched lead times and a variety of products designed to work seamlessly together.

A WARRANTY YOU CAN COUNT ON

**CHOOSE ADRIAN STEEL FOR
QUALITY PRODUCTS YOU CAN TRUST,
BACKED BY A WARRANTY YOU CAN COUNT ON.**

We stand by the quality of every product we craft, offering you peace of mind with our comprehensive warranty. Unlike other warranties, ours is straightforward and hassle-free, providing you with the assurance you need, should you need it. Don't settle for less when it comes to quality and reliability, choose Adrian Steel.

ADRIAN TRUCK CAP

WHERE UNMATCHED LEAD TIMES MEET SIMPLIFIED ORDERING.

BENEFITS

30% MORE SQ. FT. OF CARGO ACCESS (patent pending)

- // Easy access and storage for tools and consumables.
- // Side doors are 30% larger than current toppers.

WEATHER AND DUST RESISTANT (patent pending)

- // Tight seal helps prevent tools and consumables from being impacted by water and dust.
- // Integrated rain gutters push water away from assembly seams.
- // Pre-installed rubber gaskets prevent runoff from entering the access doors.

COMPRESSION HANDLE

- // The only handle on the market designed with a seal that offers better weather and dust protection.

MODULAR DESIGN

- // Customize your topper specifically to your business with our add-on accessories.
- // Minimize the cost of body repairs (only replace panels impacted).
- // Modular parts create flexibility when ordering. Enjoy the ability to add toolboxes and ladder racks at anytime.

LADDER RACK READY

- // No need to order extra parts. This topper comes ready to install Adrian Steel ladder racks.
- // Integrated ladder rail also boosts the topper's strength and rigidity.

PROLIFT™ TRUCK CAP LADDER RACK

THE PERFECT COMBINATION OF SAFETY, EFFICIENCY AND SECURITY.

1

LOCKABLE ATTACHED HANDLE (STANDARD-DROP)

Prevents losing your ladder rack handle and wasting time obtaining a new one. Pad-Lock capable to prevent theft.

2

PULL ASSIST GAS SPRINGS

Dampens the load during operation to prevent damage to the vehicle while also reducing operating force.

3

RUGGED WEAR STRIPS

Protects and helps increase the life of your ladders.

4

ADJUSTABLE CLAMP PADS

Get a snug fit on any ladder with just a half inch wrench or ratchet/socket.

5

LADDER GUIDE / TRUCK GUARD

Help guide the ladder into the front bracket while also preventing damage to the truck from the ladder.

6

SECONDARY SLIDE (MAX-DROP)

The secondary slide lowers the ladder to a lower more ergonomic reach height to prevent back and shoulder injuries during operation. (not shown below)

7

EASY RELEASE T-HANDLE (MAX-DROP)

Press and release with thumb to active the secondary slide. (not shown below)

PROLIFT

LADDER
COMPATIBILITY

BED SIZE	RACK SIZE	WHAT FITS?
4.6" - 6'1"	4'	Extension: 16'-28' Step Ladder: 6'-10'
6'2" - 6'10"	5'	Extension: 16'-30' Step Ladder: 6'-10'
8'+	6'	Extension: 16'-32' Step Ladder: 8'-12'

UP TO 50% LIGHTER OPERATION

The ProLift™ is up to 50% lighter to operate than other drop-down ladder racks, making it the easiest and safest option available. Its patent-pending mechanical advantages and high-performance spring assist struts allow for almost effortless ladder raising and lowering, saving time, energy, and reducing the risk of injuries.

- The Standard-Drop ProLift™ lowers the ladder to a fixed height using hook brackets for secure holding.
- The Max-Drop ProLift™ lowers the ladder to a fixed height with a secondary drop for a more ergonomic loading height.

GRIP-LOCK™ TRUCK CAP LADDER RACK

STOW & ACCESS YOUR LADDERS QUICKLY AND SAFELY.

Securing ladders to your truck shouldn't be a hassle. We've taken our popular van Grip-Lock ladder racks and built them to support trucks. With an easy one-handed operation, you can secure your ladder tightly in place without the headache of bungee cords. Bumpy roads and sharp turns won't move it an inch! And when you need it, it's just as easy to take your ladder down and get to work.

SIMPLE 3 STEP OPERATION

RELEASE HANDLE

LIFT LADDER OVER SIDE RAIL

REMOVE LADDER FROM RACK

1 CORROSION RESISTANT

All components are aluminum with a plastisol or powder-coat finish to withstand the elements and help prevent rust.

2 LOCKABLE ATTACHED HANDLE

Pad-Lock capable to prevent theft.

3 LOAD ASSIST BRACKET

Integrated resting and rotational point to assist in loading and unloading ladders.

4 RUGGED WEAR STRIPS

Protects and helps increase the life of your ladders.

5 ADJUSTABLE CLAMP PADS

Get a snug fit on any ladder with just a half inch wrench or ratchet/socket.

6 LADDER GUIDE / TRUCK GUARD

Help guide the ladder into the front load assist bracket while also preventing damage to the van from the ladder.

HD-UTILITY™ TRUCK RACK

WHERE SMART DESIGN MEETS CARGO HAULING

It's smartly designed to make hauling cargo easier. It's low, aerodynamic, and lightweight yet tough. With its simple, corrosion-resistant construction, stainless steel hardware, and durable powder coat finish, it can handle heavy use and last for years. Perfect for drivers who need to carry a variety of cargo like multiple ladders, lumber, scaffolding, doors, or conduit that won't fit inside their truck bed.

MINIMALISTIC DESIGN

- 1 Sleek, low-profile for great looking integration on any vehicle and was specifically designed and tested to minimize wind noise.

SAFE, SECURE LOADING

- 2 Multiple integrated tie-down points come standard for quick and safe transportation.

INDUSTRY-LEADING CUSTOMIZATION

- 3 Profile™ Crossbars have built-in channels for adding Ladder Stops, Rear Roller Assist, Built-In Ratchets, Conduit Kits and additional accessories.

RUGGED WEAR STRIPS

- 4 Protects and helps increase the life of your ladders.

300LB. LOAD CAPACITY

- 5 3" x 1.5" Heavy Duty, reinforced extruded aluminum crossbars are tested to support up to 150 lbs. per crossbar for maximum loading capacity. (Always follow OEM weight rating standards for safest loading capacity)

FAST, SAFE & EASY ACCESS

**BRINGING THE INSIDE OF YOUR TRUCK BED
ALL THE WAY OUT.**

BENEFITS

EXTENSION PAST TAILLIGHTS (110%)

- // Complete access to your tools and consumables without reaching or leaning into the truck minimizes your risk of injury.

Increased safety = increased savings (e.g., one back injury may cost up to \$50,000 in a worker's comp claim).

- // Full extension provides you with greater side access on the slide out.

Other slide outs can still be up to 8" – 12" inside the truck/van bed even at 100% extension, reducing side access.

COMMERCIAL GRADE CONSTRUCTION

- // A fully welded steel frame provides for increased load capacity of 1,200 lbs.
- // Ease of use with 2 3/8" high-capacity roller bearings.
- // Simple 4-bolt/bracket installation
- // 20 Year Warranty

INCREASED JOB SITE EFFICIENCY

- // Shelving and accessories attached to the deck of the slide out are available to get work crews on/off job sites quicker.
- // Organized supplies and tools means no more wasted trips back to the warehouse to get items that are on the truck/van but can't be easily found.

VEHICLE PLATFORM	BED LENGTH	EXTENDED BED

* Must order **HDW71974** Riser Kit for proper functionality.

QUICK ROI!

A PEST CONTROL COMPANY DETERMINED THAT EACH VEHICLE CAN SERVICE APPROXIMATELY 20 MORE CLIENTS PER MONTH WITH EXTENDED BED.

\$80 SERVICE FEE PER CLIENT
X 20 CLIENTS PER MONTH

= \$1,600 ADDITIONAL
REVENUE PER MONTH/PER VEHICLE

\$1,600 X 12 MONTHS
= **\$19,200 ADDITIONAL
REVENUE PER VEHICLE**

EXTENDED SHELVE

MAXIMIZE THE STORAGE CAPACITY OF YOUR TRUCK BED

Unleash the full potential of your Extendedobed with our cutting-edge Truck Shelving system, expertly designed to stand freely on your Extendedobed platform. Say goodbye to space constraints and hello to increased carrying capacity, allowing you to transport more of what matters most. Engineered for resilience, our slides handle uneven weight better, offering you unparalleled flexibility without the worry of strict weight distribution. Revolutionize your storage solution with Extendedobed Truck Shelving – combining robust storage capacity with the easiest access you can get.

¹ Single Pack, ³ 3-Pack

PURPOSE BUILT FOR TRUCKS

- // The only shelving designed to work in the bed of the truck on a sliding platform.
- // No cutting or modification required.
- // Designed to be free-standing on Extendobed.

MODULAR DESIGN

- // Configure the space between shelves for better customization.

TESTED TOUGHNESS

- // Strength-to-weight ratio of 50lbs matches/exceeds competitors. 50 lbs. capacity per 12" of shelf width.

STREAMLINED INSTALLATION

- // Fewer parts with standard fasteners.

LOAD RUNNER TRUCK RACK

THE PERFECT COMBINATION OF STRENGTH, DURABILITY AND FLEXIBILITY.

Features two-inch high-strength round tubing, a removable rear crossbar that allows tall items to be carried in the truck bed and convenient tie-down cleats to help secure loads on top or in the truck bed.

FLEXIBLE HAULING

- 1 The center and rear crossbars can be removed to allow tall items or pallets to be loaded and carried in the truck bed.

CONVENIENT TIE DOWN POINTS

- 2 Each vertical has a welded tie down cleat to secure loads to the rack.

MAXIMUM LOAD RATING

- 3 Constructed with high-strength 2" round tubing the Load Runner is rated for the maximum load allowed by truck manufacturers.

SERVICE BODIES

The standard rack fits 8' service bodies with either a regular cab truck or an extended cab truck.

The Service Body Load Runner is universally designed to accommodate single and dual wheel chassis. Bodies that are 9' long will require the SBE9 that adds one foot of length to the standard rack. 11' long bodies will require the SBE11.

	BED SIZE	REGULAR CAB	EXTENDED CAB

CROSSBOXES & SIDEBOXES

BUILT TO BRAVE THE ELEMENTS, GUARD YOUR GEAR, AND OUTLAST THE COMPETITION.

SECURE & WEATHERPROOF

1. Fully welded 3-piece construction for strength & leak protection
2. U-Channel lid design with 4 side rubber gasket coverage
3. Automotive grade push button with locking mechanism
4. Integrated linkage guard for long lasting functionality

EASY OPERATION, DRIVER SAFETY & VEHICLE PROTECTION

1. Heavy duty interior gas struts assist with lid operation
2. Lid(s) open automatically with a push of a button
3. Low profile lids maximize driver visibility through the rear window
4. No-Drill installation preserves the vehicle's value in case of resale
