*This program is made available to individuals, company employees and retirees, and members of eligible associates/organizations designated by Chrysler LLC. The Program is designed to recognize companies, associations, and organizations that have a special business relationship with Chrysler LLC or its affiliates, as well as Chrysler supported marketing events where Affiliate Rewards 'Preferred Price' coupons are distributed. Examples could include, but are not limited to: employees, retirees (spouse, surviving spouse, and same sex domestic partner as recognized by eligible company) of corporations, companies, and divisions. Each eligible individual may

purchase or lease (2) Chrysler Group new and unused vehicles at the 'Preferred Price' (a maximum of 1% below factory invoice plus a \$75 administration fee) per calendar year, as long as the company stays on Chrysler LLC's company eligibility list. The list presented here is complete and correct to the best of David Stanley Dodge's knowledge. List may not reflect the most current eligibility list. See a sales associate for complete details and eligibility requirements, and to confirm your company's current eligibility.
