2020 MAZDA MX-5 MIATA

caranddriver.com

Overview

Since its introduction in 1989, the Mazda MX-5 Miata has been beloved by drivers all over the world, and for 2020 this automotive icon continues to be the focused sports car we love. Its chassis is playful, its engine is eager to rev, and its standard manual transmission is a joy to use. While it isn't a practical choice, it represents the best and most affordable four-wheeled thrill ride this side of a go-kart.

New for 2020

Mazda has given its signature sports car a smattering of small updates for 2020, including a new key fob, updated badging font, and new interior and exterior colors. More important, the Miata receives Mazda's i-Activsense suite of driver-assistance features as standard; the package includes forward-collision warning, automated emergency braking, blind-

SEVEN TRUCK SERVICE TIPS

We know standing on the sidelines – especially as a business owner – can be frustrating. But we thank you for helping keep your employees, your customers, and our communities safe.

Before you and your Hino return to work, consider these seven simple service tips:

1) Fluids and Filters – Now may be a great time to tend to important scheduled maintenance, like changing engine oil and oil filters. Remember, your Hino engine is a precisely engineered machine, and requires the proper protection and filtration that only Hino Genuine engine oil and oil filters can provide.

2) Fuel Filter Inspection – Diesel fuel (particularly some biodiesel blends) that has sat for an extended time may develop algae contamination in the tank

Schwartz Mazda has saved 1,357,272 lbs. of carbon entering our atmosphere through our solar panel energy source.

SCHWARTZ MAZDA LIFETIME WARRANTY PROTECTION

When you purchase a Mazda, you can feel confident in knowing that you're the proud, new owner of a quality vehicle. Other dealerships may promise that their vehicles are solid, in great shape and without problems, but our dealership warrants the engine of this vehicle with a Lifetime Engine Limited Warranty.

For more information, contact our Service Dept.

MAZDA TIRE PROGRAM

If you purchase 4 tires from Schwartz Mazda, you have a free tire rotation for life. Most tires come with a 24-month Road Hazard Coverage.

This includes the following:

- 100% replacement the first year
- 50% replacement the second year
- Flat tire repair coverage (up to \$20 per occurrence)

spot monitoring, and lane-departure warning. Apple CarPlay and Android Auto capability is now standard on Club and Grand Touring models. The top-of-the-line Grand Touring trim inherits the sport suspension and limited-slip rear differential from the Club model.

Pricing

Sport: \$27,500
Club: \$31,210
Grand Touring: \$32,590

The mid-range Club trim strikes the best balance of features and performance here, and it comes with Apple CarPlay and Android Auto integration as standard. The Miata is available with both an automatic transmission, or the joyful six-speed manual, and either the convertible or the hardtop RF model.

Engine, Transmission, and Performance

The Miata's 2.0-liter engine revs eagerly and is powerful enough to deliver stirring acceleration.

Exploring the engine's high-revving personality is encouraged by the direct, easy-to-shift manual transmission. Even the optional automatic impresses, with quick shifts and sporty programming. The soft top model ran from zero to 60 mph in just 5.7 seconds in our testing; the slightly heavier hardtop RF model needed 5.8. Miata's ride firmly. The mid-level Club's firmer shocks and springs return the stiffest ride of the lineup. The handling is eager, and the Miata changes direction promptly. We especially enjoy the light, tactile steering; it responds immediately and keeps the driver informed of what the front tires are doing. This is a fun car, plain and simple.

Fuel Economy and Real-World MPG

The 2.0-liter engine manages relatively high EPA fuel-economy numbers and outperforms them in the real world. On our 200-mile highway fuel-economy test route, a soft top Grand Touring model delivered 36 mpg and a hardtop RF Club managed 37 mpg, both

or lines. Inspect – and if necessary, replace – the fuel filters on your truck to provide proper protection.

3) Animal Debris – Animals may view vehicles parked for extended periods of time as prime real estate, and build nests in air ducts, radiators, or other small spaces under hood. Look carefully to see that no nests or debris are present – if so, clear them out, and inspect any nearby wiring or air lines for associated damage.

4) Air System Draining/ Inspection – On trucks with air systems, compressed air left in a system for an elongated period can retain condensation, which is detrimental to the system. Drain your truck's air system and inspect and replace air dryer cartridges to help further prevent moisture. Before taking to the road, make sure your truck can build and maintain adequate air pressure, and inspect the system to ensure there are no air leaks.

5) Brake Inspections/ Wheel End – While you're looking at wheels, look to see if the hubs are missing caps, plugs, and are properly lubricated. Likewise, make sure your brake hardware and components are in good condition and functioning properly.

6) Tires – Inspect not only for correct inflation and adequate tread depth, but also that there are no bulges, cuts, or other signs of tire damage. Likewise, inspect wheels and rims for damage or missing lugs.

7) Cab Cleaning – Maintaining a clean work environment is more important than ever, and that extends to your cab. Take special care in cleaning your Hino's interior properly to ensure materials are protected or function as designed. For plastic trim components, use only a cleaner designed for use on plastic materials. Vinyl seating and upholstery should be cleaned with mild soap or detergent and water. For seat belts, it's important to clean only with mild soap and water, as harsher chemical cleaners

ROOT BEER RIBS

Ingredients:

- 1 rack of pork back ribs about 2-4 lbs)
- 2-4 tbsp barbecue rub (1 tbsp rub per 1 lb ribs)
- 6 oz root beer
- 1-1½ cups barbecue sauce

Directions:

1)Remove the membrane from the rack of ribs by laying the rack meaty-side down. Use the tip of a small knife to gently cut under the membrane on one corner. Lift the corner of the membrane and gently pull it away from the bones.

2)Season both sides of the ribs with the barbecue rub, and then cut between the bones to separate into four portions.

3)Add the root beer to a slow cooker and then add the ribs. Cover and cook on low for 6-8 hours or on high for 4 hours. During the last hour of cooking, add the barbecue sauce.

equipped with Mazda's excellent six-speed-manual transmission.

Infotainment and Connectivity
The Miata boasts a touchscreen infotainment system that is made better by an easy-to-reach control knob and hard buttons on the center console. Every Miata comes standard with Bluetooth connectivity, as well as a CD player. Navigation is standard on the Grand Touring and a dealer-installed accessory on Club models. Also included is HD radio compatibility. Apple CarPlay and Android Auto are standard on both the Club and Grand Touring models.

Safety & Driver-Assistance Features

The Miata's driver-assistance features are all standard.

Key safety features include:

- Standard automated emergency braking with forward-collision warning
- Standard blind-spot monitoring with rear-cross traffic alert
- Standard lane-departure warning
