

2018

SIERRA HD

UNRELENTING LIKE A PRO

There are trucks, and then there are the 2018 Sierra 2500HD and 3500HD. They go all in on premium with quiet, refined interiors that put you in command of an available 6.6L Duramax Turbo Diesel engine—our most powerful ever—for robust hauling and trailering. They're the latest reminders that the same passion and purpose that drive you also drive us. We set our own standards and prove that Professional Grade isn't merely a label, it's a way of life. Sierra HD is a shining example of how we take a strong stance for what we believe in and pursue it like a pro.

ENGINEERING

WHEN YOU'RE KNOWN FOR AMAZING FEATS OF ENGINEERING, YOU'RE CONSTANTLY LOOKING FOR A NEW GEAR TO SHIFT INTO. FORTUNATELY, WE FOUND IT WITHIN OURSELVES. YOU'LL FIND THE RESULT IN SIERRA HD.

WORKS HARD. HARDLY BREAKS A SWEAT.

Sierra HD trucks are designed, engineered and built to help you achieve more with the heavy-duty capability of the available 6.6L Duramax Turbo Diesel paired with the Allison® 1000 transmission. Sierra 3500 Denali HD offers robust payload and trailering as well as premium comfort and technology. Sierra 2500 Denali HD packs the same craftsmanship and un-truck-like accommodations. And for those who venture off pavement, the HD All Terrain tackles roads less paved. They all feature quiet cabins and innovative cargo boxes.

445
HORSEPOWER
910
lb.-ft. of
TORQUE
DURAMAX

OUR MOST POWERFUL DURAMAX DIESEL-EVER

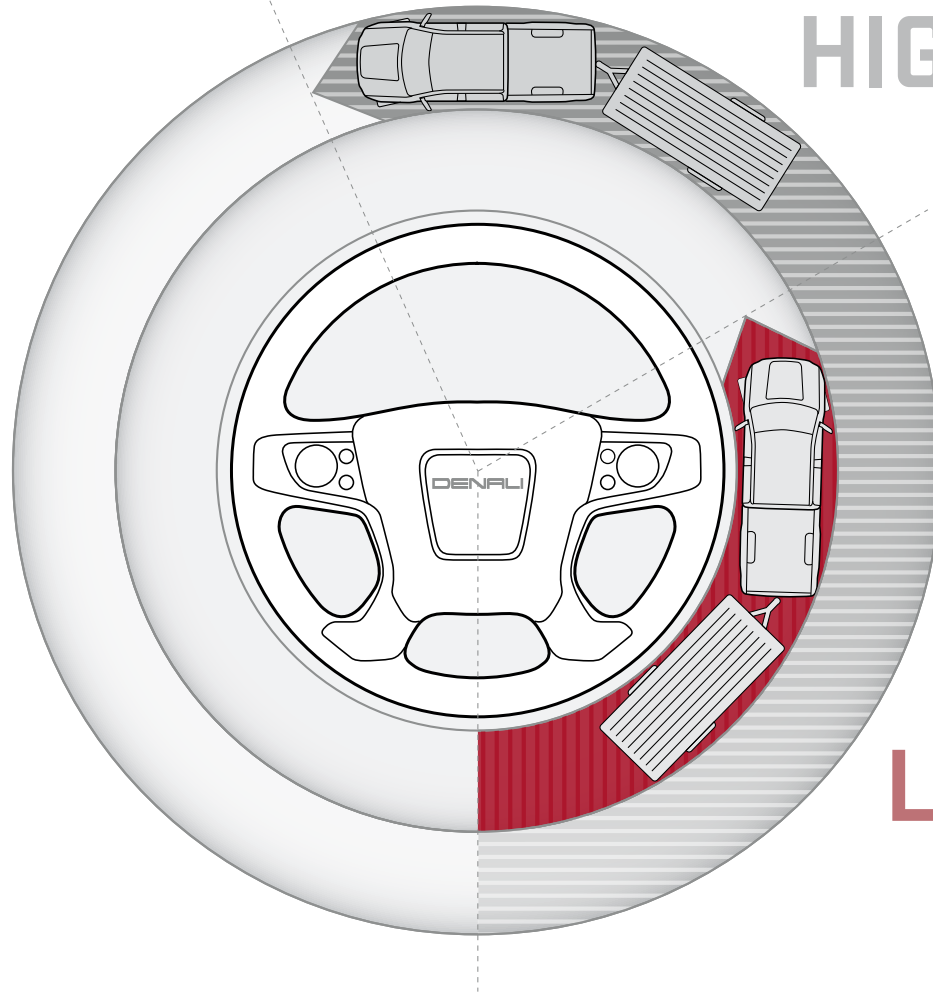

Sierra HD gets its heavy-duty power from a proven source, the available Duramax 6.6L V8 Turbo Diesel with 910 lb.-ft. of torque and 445 hp under your right foot. Prefer your power gasoline-fuelled? Sierra HD comes standard with the force and efficiency of our 330-hp Vortec 6.0L V8.

- + Hood-Scoop Induction System Provides Cooler Induction Air Temperatures to Maximize Horsepower (Duramax)
- + Large Radiator Capacity for Excellent Cooling Performance (Duramax)
- + Allison 1000 6-Speed Automatic Transmission (Duramax)

THE TURNING POINT

GMC engineers love challenges. Sierra HD offers a steering system smart enough to tailor its response to your unique driving situation, in real time. Available Digital Steering Assist senses speed (especially important when trailering) to enable ease of handling at low speeds and improved steering feel at highway speeds. It also changes when the Tow/Haul button is activated, providing additional assist at reduced speeds and less at highway cruising speeds.

HIGHWAY SPEED

HIGHWAY DRIVING While cruising at highway speeds, Digital Steering Assist decreases power assist to enhance road feel for heightened confidence and reduced driver fatigue on uneven roads.

LOW SPEED

TRAILERING & PARKING In low-speed situations, such as hitching up to a trailer or parking, Digital Steering Assist increases power steering assist for easier low-speed manoeuvrability.

A STRUCTURE OF STRENGTH

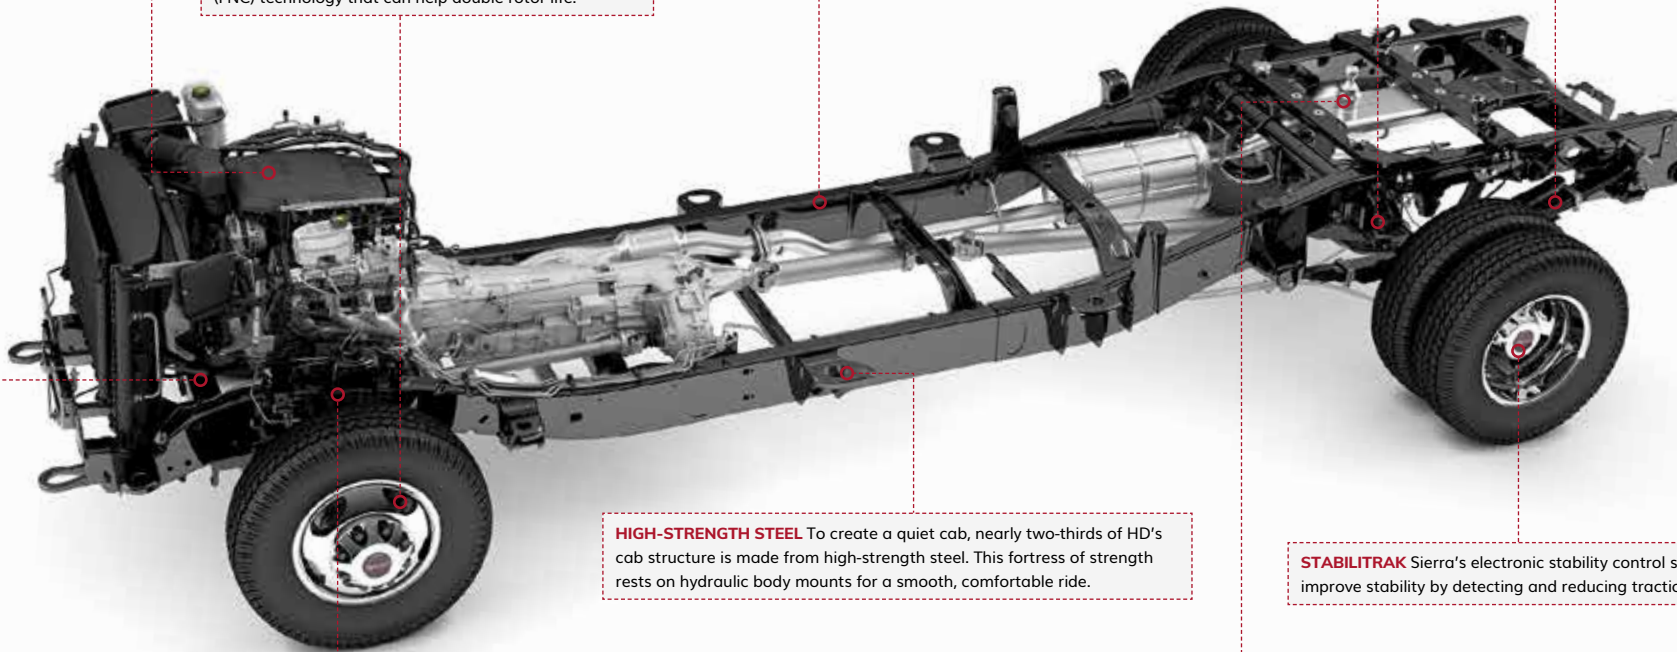

VORTEC 6.0L V8 It's standard on Sierra HD for uncompromised power. Developed for heavy-duty performance, it's paired with a 6-speed heavy-duty automatic transmission for maximum fifth-wheel towing of up to 6713 kg (14,800 lb.).¹

FULLY BOXED FRAME The Sierra HD frame is fully boxed, with the front segments hydroformed to minimize weight without sacrificing strength to tackle the toughest heavy-duty demands.

EATON® HEAVY-DUTY AUTOMATIC LOCKING REAR DIFFERENTIAL No other class² competitor offers a fully automatic locking rear differential for on- and off-road use.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS GMC engineers used patented Ferritic Nitro-Carburizing (FNC) technology that can help double rotor life.

MULTILEAF REAR SPRINGS Mounted to the rear frame are 3"-wide leaf springs that help achieve a maximum payload rating of up to 3245 kg (7153 lb.).³

HIGH-STRENGTH STEEL To create a quiet cab, nearly two-thirds of HD's cab structure is made from high-strength steel. This fortress of strength rests on hydraulic body mounts for a smooth, comfortable ride.

STABILITRAK Sierra's electronic stability control system helps improve stability by detecting and reducing traction loss.

INDEPENDENT FRONT SUSPENSION Sierra HD's independent front suspension is designed for heavy-duty punishment as well as ride comfort. With the available Snow Plow Prep Package, Sierra HD achieves a Front Gross Axle Weight Rating of up to 2722 kg (6000 lb.).⁴ You can make seasonal ride-height adjustments in minutes with a single wrench.

HEAVY-DUTY-CAPABLE HITCHES For heavy loads, the available conventional hitch mounted to the rear of Sierra HD offers optimal weight-carrying and weight-distributing properties of up to 9072 kg (20,000 lb.)¹ when properly equipped. And for trailering the heaviest of loads of up to 10,569 kg (23,300 lb.)¹ when properly equipped, the available Gooseneck/Fifth-Wheel Prep Package makes Sierra HD models ready right from the factory to tow larger trailers. It features a frame-mounted hitch platform welded in place underneath the pickup box that accommodates a gooseneck ball hitch or fifth-wheel hitch-mounting brackets and includes a cargo-bed-mounted trailer harness.

¹Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ²Comparison based on wardsauto.com 2017 Large Pickup segment and latest competitive information available at the time of printing. Excludes other GM vehicles. ³These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. ⁴Capabilities and weight ratings are dependant upon model, engine, transmission and GVWR combinations. See your GMC dealer for details.

OUR REPUTATION FOLLOWS US

We believe that it's not just how much you tow, it's how well you tow that matters. That's why Sierra HD's available Duramax Diesel combined with seamlessly integrated trailering technologies generate the confidence to control heavy loads, especially in challenging situations. Because we're not only building Professional Grade trailering machines, we're building confidence in those who drive them.

GOOSENECK/FIFTH-WHEEL PREP PACKAGE Available on all cab and box types, this package includes a box-mounted seven-pin trailer harness and hitch platform to fit a gooseneck or fifth-wheel hitch for factory-installed durability.

PREMIUM TRAILERING MIRRORS The available heated, power-adjustable trailering mirrors include segment-first¹ LED rear guidance lamps. The lamps are integrated into each mirror to enhance trailer visibility when backing up. Also included are amber auxiliary clearance lamps. When equipped on All Terrain, SLT and Denali models, the mirrors include driver memory and can also power-fold to help in car washes and other tight places.

DIESEL EXHAUST BRAKE SYSTEM The available switch-activated Diesel Exhaust Brake System offers exhaust braking capability at low engine speeds. It's combined with the Allison 1000 transmission's Tow/Haul mode and Automatic Grade Braking features to reduce the amount of conventional braking needed while trailering or travelling downhill.

TRAILER BRAKE CONTROLLER For control and easy monitoring of your trailer brakes, Sierra HD offers an available integrated trailer brake controller. It's located high and in easy reach of the steering wheel for quick adjustments and is included on 2500HD SLE, SLT, Denali and all 3500HD models.

8210 KG
(18,100 LB.)

2500HD

Sierra 2500HD Regular Cab 4x2 with the available Duramax Turbo Diesel and equipped with a gooseneck or fifth-wheel hitch allows you to trailer up to 8210 kg (18,100 lb.)²

¹Comparison based on wardsauto.com 2017 Large Pickup segment and latest competitive information available at the time of printing. Excludes other GM vehicles. ²Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

REAR VISION CAMERA The centre screen serves as your monitor for the Rear Vision Camera. Its dynamic grid lines help when backing up or hitching a trailer.

TRAILER SWAY CONTROL Helps keep both Sierra HD and your trailer heading in the same direction, automatically. Sensors help detect a swaying trailer, and the system helps bring it back in line by applying both the truck's and the trailer's brakes (when properly equipped).

TOW/HAUL MODE To accelerate when trailering or hauling heavy loads, Tow/Haul mode raises transmission upshift points. It also raises downshift points using engine compression to help slow your Sierra HD instead of merely braking.

HILL START ASSIST To give you extra time to switch from the brake pedal to the accelerator on a 5 percent grade or more, Hill Start Assist holds the brakes momentarily to help prevent rolling back.

TRANSMISSION TEMPERATURE GAUGE Located in the Driver Information Centre (DIC), it allows you to monitor the transmission fluid operating temperature in real time.

9072 KG
(20,000 LB.)

3500HD CONVENTIONAL HITCH

With the available Duramax Turbo Diesel engine, 3500HD dual-rear-wheel models offer a max conventional trailer weight rating of up to 9072 kg (20,000 lb.), when properly equipped.²

10,569 KG
(23,300 LB.)

3500HD GOOSENECK/FIFTH-WHEEL HITCH

The Sierra 3500HD Regular Cab 4x4 dual-rear-wheel model with the available Duramax Turbo Diesel and equipped with a gooseneck or fifth-wheel hitch can pull even larger equipment, up to 10,569 kg (23,300 lb.), when properly equipped.² The Double Cab, as shown, can pull up to 10,523 kg (23,200 lb.), when properly equipped.²

DESIGN

WHOEVER SAID YOU CAN'T JUDGE A BOOK BY ITS COVER NEVER LOOKED IN OUR DIRECTION. WITH STRENGTH AS A GUIDING PRINCIPLE, SIERRA HD IS HONED TO HINT AT THE CAPABILITIES THAT LIE BENEATH.

DENALI

THE PEAK

Denali is the height of premium. With Sierra HD, Denali also becomes the pinnacle of engineering and design, producing nothing short of Professional Grade capability. Its purposeful design creates an impactful presence and helps reduce wind noise for a quiet premium cabin. Not to be outdone, our most innovative cargo box also offers features to help you load and secure cargo. Choose Denali in either 3500HD or 2500HD and know you've reached the peak of GMC craftsmanship.

+ **New for 2018, the Iconic Denali Grille Makes a Powerful Statement**

+ **6" Chrome Assist Steps Serve Aesthetic and Practical Functions**

+ **Power-Folding Vertical Trailing Mirrors Help When Pulling a Wide Load** (Available 2500HD; Standard 3500HD)

+ **20" Chromed Aluminum Wheels (2500HD Models)**

SIERRA 2500 DENALI HD CREW CAB IN DARK SLATE METALLIC shown with available equipment.

QUIETLY GOES ABOUT ITS BUSINESS

The Sierra Denali HD cabin combines triple door seals, inlaid doors, specialized powertrain mounts and other engineering achievements to create an exceptionally quiet environment. It's the solitude, comfort and craftsmanship you never expected in a heavy-duty pickup. Denali is also loaded with premium materials, along with French seam stitching, supportive heated and ventilated Denali-embroidered leather-appointed front bucket seats and generous storage. A hand-stitched heated leather-wrapped steering wheel and soft-touch instrument panel with burnished aluminum trim distinguish the premium-duty Sierra Denali HD from all others.

+ **12-Way Power Front Seats With Driver Memory**

+ **Standard Driver Alert Package**

+ **Denali-Exclusive Customizable Driver Display**

+ **Bose® Premium Seven-Speaker Sound System**

SIERRA 2500 DENALI HD INTERIOR IN JET BLACK
shown with available equipment.

SLT

BOLDLY GOES WHERE YOU WANT

The first thing you notice about the Sierra SLT is its bold, precisely sculpted design that not only looks smart, but also works efficiently. The large three-dimensional grille is designed to capture air to help cool the engine, while the remaining air flows smoothly around the truck. And since it's a Sierra HD, it produces robust payload and trailering capabilities.

+ **HID Projector-Beam Headlamps**

+ **Inlaid Doors Improve Aerodynamics to Reduce Wind Noise**

+ **Chrome-Accented Mirror Caps, Chrome Front Bumper, Bodyside Mouldings and Door Handles**

+ **20" Six-Spoke Polished Aluminum Wheels** (Available on 2500HD Models)

SIERRA 3500HD CREW CAB SLT WITH DUAL REAR WHEELS IN DARK SLATE METALLIC shown with available equipment.

FUNCTIONALITY

WE ALL NEED HOBBIES. BUT WHEN IT COMES TO GETTING THE GENUINELY HARD WORK ACCOMPLISHED, WHY GO AMATEUR WHEN ONLY PROFESSIONAL GRADE WILL DO?

ALL TERRAIN

SIERRA 2500HD CREW CAB ALL TERRAIN IN DARK SLATE METALLIC shown with available equipment.

FOLLOW YOUR IMAGINATION, NOT A MAP

Canada's roads are great for taking us where we need to go. But to take us where we want to go, there's the Sierra HD All Terrain. It's available on 2500HD and 3500HD SLT Crew Cab single-rear-wheel models—all with 4x4. Sierra HD All Terrain is engineered to help you handle a variety of surfaces and conditions. So go where you want.

+ **Z71 Off-Road Suspension With Twin-Tube Rancho® Shocks**

+ **Protective Underbody Shield**

+ **Selectable Electronic 4x4 Transfer Case**

+ **Front and Rear Park Assist**

+ **Driver-Selectable Hill Descent Control**

+ **Off-Road Inclinometer in Driver Information Centre**

+ **Available 20" Polished Aluminum Wheels With Dark Argent Accents (2500HD Models)**

+ **All-Terrain Tires**

+ **Spray-On Bedliner**

+ **Exclusive All Terrain Cabin Design**

+ **Black Tubular 4" Round Assist Steps**

ALL TERRAIN X

DREAM BIGGER. A LOT BIGGER.

Enhanced capability. Trail-ready style. Signature refinement. The 2018 Sierra HD All Terrain X adds off-road style and attitude to an already bold truck. The All Terrain X Package is available on Sierra SLT 2500HD Crew Cab Standard Box 4x4 models.

All Terrain X Tires The LT275/65R18 Mud-Terrain-rated Goodyear® Wrangler DuraTrac® MT tires (shown at right) are designed for off-road competence in dirt, gravel or mud, with on-road composure in dry, wet or wintry conditions.

Black Bed-Mounted Sport Bar It's designed to support the available accessory Off-Road LED Lighting Package.¹

Engines A 6.0L V8 with Direct Injection (DI) and Variable Valve Timing (VVT) is standard. A Duramax Turbo Diesel engine with 445 hp and 910 lb.-ft. of torque is available.

PLUS:

- + **Black B-Pillar Vinyl Wrap**
- + **Black, Heated, Power-Adjustable Trailering Mirrors With Memory, Power-Folding, Integrated Turn Signals and LED Rear Guidance Lamps**
- + **18" Black Painted Aluminum Wheels**

¹Optional equipment shown. Roll bar lights are intended for off-road use only. Consult the Owner's Manual before using.

LOOKS LIKE A COCKPIT. PERFORMS LIKE A CONTROL TOWER.

Information gives us power. That's why Sierra HD positions information where it's easy to read at a glance (gauges are LED back-lit for enhanced night viewing) and controls are within reach. Sierra also offers advanced technologies to keep you connected, informed and in control of your surroundings.

A :: ONSTAR 4G LTE WITH BUILT-IN WI-FI® HOTSPOT¹ Available 4G LTE built-in Wi-Fi (3-month or 3 GB data trial, whichever comes first) means a fast internet connection for up to seven web-enabled devices when Sierra is running. It's reliable, easy to use and can connect up to 15 metres (50 feet) around Sierra.

B :: GMC INFOTAINMENT SYSTEM² It features full-colour, 7" or available 8" diagonal screens for easy viewing and hands-free, voice-activated control of your smartphone. Stream music, sync MP3 music, receive vocalized text messages, benefit from Siri® Eyes Free³ assistance, connect libraries from multiple devices and store phone contacts.

C :: VOICE AND TOUCH-SCREEN NAVIGATION⁴ In response to your voice or touch, Sierra HD's available Navigation System⁴ displays 2-D or 3-D map graphics on the 8" diagonal centre-mounted screen. Also included, SiriusXM Traffic⁵ (with 3 trial months of SiriusXM⁵) incorporates real-time traffic and road conditions, directing you toward the most efficient route.

D :: REAR VISION CAMERA The centre screen also serves as your monitor for the Rear Vision Camera. Its dynamic grid lines help provide the perfect target when backing up or hitching a trailer.

E :: CUSTOMIZABLE DRIVER DISPLAY Denali's 8" diagonal colour Driver Information Centre (DIC) lets you choose from three selectable themes—Standard, Technology and Media—to select the information you see and how you see it. The display can be navigated with steering-wheel-mounted controls.

F :: CENTRE CONSOLE WIRELESS CHARGING MAT⁶ Available wireless charging located on the centre console lets you power up your compatible phone or device anytime the vehicle is running. No cords necessary.

¹Visit onstar.ca for coverage maps, details and system limitations. Service plan required. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans provided by AT&T.® Services vary by model, service plan, conditions as well as geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Vehicle must be started or in accessory mode to access Wi-Fi. ²Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices. Data plan rates apply. ³Requires GMC Infotainment System and compatible iPhone® running iOS 6 or newer. ⁴At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ⁵SiriusXM satellite radio service and SiriusXM Traffic are sold separately after trial period. SiriusXM Traffic is available in select markets and requires SiriusXM satellite radio service. If you decide to continue service after your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See complete terms and conditions at siriusxm.ca/terms. ⁶The vehicle must be on or Retained Accessory Power must be active. Remove all objects from the charging pad. Place the compatible mobile device face up on the charging symbol on the charging pad. Move the device slowly until the battery charging symbol displays on the touch-screen, indicating the device is charging. See your Infotainment System Owner's Manual.

SIERRA 3500 DENALI HD CREW CAB WITH DUAL REAR WHEELS IN RED QUARTZ TINTCOAT
shown with available equipment.

STOPS JUST SHORT OF LOADING ITSELF

Get to work. To help you do just that, Sierra HD offers our most innovative cargo box ever. The highlight of this collaboration between engineering and design is the widely acclaimed CornerStep rear bumper. But we didn't stop there.

CORNERSTEP REAR BUMPER AND INTEGRATED

HANDGRIPS Crafted into the corners, the bumper steps make it easy to access the cargo box. The depth of the step accommodates large boots, and ergonomically designed handgrips on the top of the side rails help give you a boost into the bed.

REMOTE POWER-LOCKING TAILGATE This available convenience allows you to lock or unlock the tailgate from the key fob.

EZ-LIFT AND LOWER TAILGATE Loading the cargo box takes less effort thanks to an available EZ-Lift and Lower Tailgate. It also keeps the tailgate from slamming down.

SPRAY-ON BEDLINER To provide a permanent, durable, nonskid surface, the available (standard on Denali, All Terrain and All Terrain X) black liner covers the entire bed below the side rails, including the tailgate, front box top rail and lower tie-down hooks. It's designed to protect Sierra's premium fit and finish.

LED UNDER-RAIL LIGHTS Available LED lights are conveniently positioned under each cargo box rail to make it easier to load or unload at night, or when the box is enclosed by a tonneau cover.

EIGHT TIE-DOWN HOOKS In addition to four lower stationary hooks are four patented, load-bearing movable upper hooks. Rated at 113 kg (250 lb.)¹ each, the upper hooks can be repositioned in several places around the box depending on the cargo being secured.

BED RAIL PROTECTION Simple yet all-too-important elements like standard rail protectors at the top of the box improve damage resistance. And to help reduce turbulence, a rear spoiler is integrated into the top of the tailgate.

HIGH-STRENGTH STEEL BED Unlike the stamped-steel process, a roll-formed process is used in Sierra HD's cargo bed floor to allow for a higher-grade steel that's stronger, lighter and more durable. Sierra HD offers a maximum payload capacity of up to 3245 kg (7153 lb.)² on 3500HD 4x2 Regular Cab models with dual rear wheels and 6.0L V8 engine.

¹Cargo and load capacity limited by weight and distribution. ²These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb.

YOU CAN'T BE TOO AWARE

Sierra HD elevates pickup-truck safety by offering the Driver Alert Package.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

REAR PARK ASSIST This available feature alerts you to objects behind the truck.

REAR VISION CAMERA The centre screen serves as your monitor for the Rear Vision Camera. Its dynamic grid lines help when backing up or hitching a trailer.

¹Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information.

SAFETY ALERT SEAT This available seat warns you of potential traffic danger using directional vibration pulses from the seat cushion. Works with Forward Collision Alert, Lane Departure Warning and Front and Rear Park Assist.

LANE DEPARTURE WARNING It's available to alert you when Sierra HD drifts over a lane line without signalling while travelling at least 56 km/h (35 mph).

FRONT PARK ASSIST This available feature alerts you to objects in front of the truck.

FORWARD COLLISION ALERT To help you prevent frontal crashes, this available technology alerts you when you are closing in on a vehicle ahead too quickly.

AIRBAGS* Sierra HD offers up to six airbags (standard on 2500HD and select 3500HD models), including frontal, head-curtain with rollover protection and front-seat-mounted side-impact airbags.

BECAUSE NOT JUST ANY WHEELS WILL DO

Building a premium-duty truck like the 2018 Sierra HD means engineering every millimetre of it from the ground up—including the wheels it rides on. That's why you'll find a selection of GMC wheels in a range of styles and sizes for your Sierra HD. See your dealer for more availability details.

ACCESSORIES

DIY

Go ahead, equip your Sierra HD exactly the way you want. Engineered to the same Professional Grade standards as your Sierra HD, GMC Accessories range from functional enhancements such as assist steps and storage systems to stylish accents.

GOOSENECK HITCH COMPLETION PACKAGE Tow heavy loads confidently with your Sierra HD using this available gooseneck hitch completion package.

PREMIUM ALL-WEATHER FLOOR LINERS Sierra's available floor liners take all-weather floor mat coverage further with raised edges to help protect floor and trim contours.

STATIONARY TOOLBOX This available diamond-patterned toolbox features a cover with dual gas shocks for smooth opening and closing, and it features the GMC logo.

TONNEAU COVERS The available soft cover shields cargo and easily rolls up to allow full access to the bed. The available hard cover is tri-folding and adds strong content protection.

SRW-Single Rear Wheel DRW-Dual Rear Wheel ³Maximum weight, kg (lb.) of removable snow plow blade and blade hardware. Maximum plow weights based on a vehicle with average manufacturer option content and 68 kg (150 lb.) each for driver and one additional front-seat occupant. Additional equipment and occupants will reduce maximum plow weight. Rear compensating weight may be required to maintain front axle weight below 65% of total vehicle weight when equipped with snow plow. Consult your snow plow manufacturer for specific compensating weight recommendation.

MAXIMUM PAYLOAD,¹ kg (lb.)

¹Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Data plan rates apply. ²At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ³Visit onstar.ca for coverage maps, details and system limitations. Service plan required. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans provided by AT&T.® Services vary by model, service plan, conditions as well as geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Vehicle must be started or in accessory mode to access Wi-Fi. ⁴Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. ⁵Not compatible with all devices. ⁶Available in 10 Canadian provinces, three territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca/terms. ⁷The OnStar Basic Plan is available on eligible new vehicles for 5 years and is transferable to subsequent owners for the remaining term. It includes the monthly Diagnostics Report emails (capabilities vary by model), Dealer Maintenance Notification, access to select vehicle mobile app features and more. This plan does not include emergency, security or navigation services. These and other services require a paid or Add-On Plan. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans are provided by AT&T.

EVEN OUR PROTECTION IS HEAVY-DUTY

Pro Grade Protection is standard on every 2018 Sierra HD. From maintenance to protecting your entire vehicle, you can drive with confidence.

- + 2-Year/48,000 km Lube-Oil-Filter Maintenance¹
- + 3-Year/60,000 km New-Vehicle Limited Warranty²
- + 5-Year/160,000 km Powertrain Limited Warranty²
- + 5-Year/160,000 km Roadside Assistance/Courtesy Transportation²

¹Whichever comes first. Limit of four complimentary Lube-Oil-Filter services in total. Fluid top-offs, inspections, tire rotations, wheel alignments and balancing, etc., are not covered. Conditions and limitations apply. See your dealer for details. ²Whichever comes first. Conditions and limitations apply; see your dealer for details.

WE'RE AS CLOSE AS THE BLUE BUTTON

Connect to an OnStar¹ Advisor just by pushing the blue OnStar button in your Sierra HD. Most 2018 Sierra HD models include the OnStar Basic Plan² for 5 years (available on base Sierra trim), plus a limited service trial of the Guidance Plan (available on base Sierra trim) that includes a comprehensive suite of emergency, security, navigation and diagnostic services.

EMERGENCY: HELP WHEN IT MATTERS MOST. With Automatic Crash Response,³ you can be immediately connected to the help you need the moment you need it, even if you can't ask for it. If you're stranded, have a flat tire or need a tow truck, use Roadside Assistance⁴ and an OnStar Advisor will locate a nearby service provider and direct them to your exact location.

SECURITY: IT CAN HELP RECOVER YOUR VEHICLE IF IT'S EVER STOLEN. Breathe easy knowing a comprehensive suite of Stolen Vehicle Assistance⁵ services is available to help recover your vehicle. With Theft Alarm Notification,⁶ OnStar can alert you if your vehicle's alarm is sounding, and if your vehicle is stolen, OnStar will work with authorities to help locate and recover it quickly.

NAVIGATION: TRAVEL MADE EASY. Turn-by-Turn Navigation⁷ makes everywhere you go as familiar as your own neighbourhood. And with OnStar AtYourService,⁸ an Advisor can help you book a hotel room on the go.

CONNECTIONS: FAST AND RELIABLE. Stay connected almost anywhere, anytime with the built-in Wi-Fi hotspot¹ and connect up to seven devices at fast speed.

VEHICLE MANAGER: PREPARING YOU FOR WHAT'S AHEAD. Enjoy the ultimate ownership experience with your myGMC mobile app.⁹ Use Remote Access¹⁰ to start your engine, lock and unlock your doors, honk the horn and flash the lights from anywhere there is cellphone service. Get real-time Diagnostic Alerts¹¹ or a monthly diagnostics report of the vehicle's engine, transmission and more with Advanced Diagnostics.¹¹

¹Visit onstar.ca for coverage maps, details and system limitations. Service plan required. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans provided by AT&T. Services vary by model, service plan, conditions as well as geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Vehicle must be started or in accessory mode to access Wi-Fi. ²The OnStar Basic Plan is available on eligible new vehicles for 5 years and is transferable to subsequent owners for the remaining term. It includes the monthly Diagnostics Report emails (capabilities vary by model), Dealer Maintenance Notification, access to select vehicle mobile app features and more. This plan does not include emergency, security or navigation services. These and other services require a paid or Add-On Plan. GMCCANADA.CA

IMPORTANT WORDS

PEACE OF MIND, STANDARD WITH EVERY GMC MODEL

When you build them with quality, you can back them with confidence. That's why General Motors of Canada backs every GMC model with the best coverage in Canada. Program highlights include:

- 2-year/48,000 km Lube-Oil-Filter Maintenance¹
- 3-year/60,000 km New-Vehicle Limited Warranty²
- 5-year/160,000 km Powertrain Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge²
- 5-year/160,000 km Courtesy Transportation²
- 5-year/160,000 km 24/7 Roadside Assistance²
- 6-year/160,000 km rust-through perforation coverage²
- 8-year/130,000 km coverage on catalytic converters and Powertrain Control Modules (PCMs)²

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:³

- **GM Protection Plan (GMPP)**—The only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New-Vehicle Limited Warranty period.
- **Certified Service**—With GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.
- **GMC Owner Centre**—As an owner, take advantage of the GMC Owner Centre. This online owner's destination gives you access to contests, current offers and helpful resources such as Owner's Manuals. Find out more at gmcowner.ca.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **Purchase Financing and Leasing**—On-the-spot financing, see dealer for full details.⁴
- **GM Student Bonus Program**—Students or recent graduates of high school, college or university³ may be eligible to receive a Student Bonus vehicle redemption allowance of \$500 or \$750⁵ (tax inclusive) (purchased vehicle dependant) to use toward the purchase, lease or finance of one eligible new GMC vehicle.
- **GM Card**—Cardholders may redeem Earnings toward the total purchase price or lease down payment of an eligible new GMC truck or SUV. Restrictions and limitations apply.⁵ For full program details, visit gmccard.ca.

INFORMATION RESOURCES:

You can find more information about these programs from your GMC dealer, or at these information centres:

- The GM website at gmccanada.ca
- The GM Customer Care Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users)

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your GMC dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GMC vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.
