## SUV VERSATILITY. OMG DESIRABILITY.

You can have it all in the new 2018 Acadia. Inside, a premium, quiet, versatile cabin is ready for anything. Outside, the sculpted design looks good everywhere. Acadia is a reminder that the same passion and purpose that drive you also drive us to set our own standards and prove that Professional Grade isn't merely a label, it's a way of life. Acadia is a shining example that, like you, we are all pros. We take a strong stance for what we believe in—and pursue it like a pro.

# THE ART OF UTILITY

ACADIA SLT-2 IN BLUE STEEL METALLIC  
shown with available equipment.

DESIGN

# **CAPTIVATE LIKE A PRO**

A BLANK SLATE. A TRADITION OF BOLDNESS. AND A PERSONALITY  
THAT CUTS THROUGH THE BLAND. OUT OF THIS ARRIVES ACADIA.

## THE PEAK. THE PINNACLE. THE NAME SAYS IT ALL.

Acadia Denali is the highest elevation of Professional Grade. Up front, its purposeful styling begins with a unique dimensional chrome grille and HID headlamps with LED signature lighting. And it continues with a hands-free power liftgate, 20" bright aluminum wheels with Midnight Silver accents, body-colour lower cladding, chrome-accented door handles and an available dual SkyScape sunroof.

ACADIA DENALI IN CRIMSON RED TINTCOAT  
shown with available equipment.

## REFINEMENT: THE NEXT LEVEL

Acadia Denali accommodates family and friends in refined, quiet and comfortable surroundings. It offers authentic materials such as wood accents, warm-tone burnished aluminum trim and Denali-specific leather appointments with a smooth, premium feel. Refinements continue with Denali-embroidered head restraints, heated and ventilated front seats, heated second-row outboard seating positions accentuated with French seam stitching and an automatic heated steering wheel. Denali also offers an easy second-row pass-through to the third row.

shown with available equipment.

## DESIGNED AROUND YOU

Slide into the 2018 Acadia and discover it's made for you. We set out to create unsurpassed levels of fit, finish and overall craftsmanship. It's the key to an outstanding level of refinement throughout Acadia.

**PREMIUM SEATING** To enhance ride enjoyment, the seats are designed to provide exceptional comfort. Choose available heated or heated and ventilated (on Denali) front seats and available heated rear (second-row only) outboard seating positions.

**AUTHENTIC MATERIALS** The satin-finish aluminum trim is inspired by today's refined products and furnishings. Denali presents real wood accents and embroidered front head restraints and its own warm-tone burnished aluminum for a distinctive style.

**INTEGRATED STORAGE** Ingeniously positioned storage bins don't interrupt cabin flow. In the second row, a rear-facing console drawer (not available on All Terrain) is the ideal place to secure small electronics.

**INSTRUMENT PANEL DESIGN** To provide the best ergonomics, information and controls are presented in an easy, at-a-glance style, while a soft-touch surface offers a premium feel.

**RELAXED CABIN LIGHTING** Blue and white lighting on the instrument panel and touch-screen display provide a warm welcome. This combination creates a calming atmosphere that forms the centrepiece of the interior design.

**PRECISE FIT AND FINISH** Throughout the cabin, elements come together precisely—from the way the aluminum integrates with trim panels to how the centre console and the doors flow smoothly into the instrument panel.

ENGINEERING

# **| PERFORM LIKE A PRO**

THE GREATEST INNOVATIONS SHARE THE UNCOMMON TRAIT OF MAKING OUR LIVES EASIER,  
MORE EXCITING AND BETTER OVERALL. THEN AND ONLY THEN HAVE WE ACHIEVED PROFESSIONAL GRADE.

## TRAVEL AT THE SPEED OF LIFE

For all its premium refinements, versatility and life-enhancing technologies, Acadia is still about your ride. That's why we tuned the 2018 Acadia to seamlessly integrate a multitude of available advanced technologies. Choose the effortless acceleration of the available 3.6L V6 with Active Fuel Management or the impressive efficiency of the 2.5L I-4 with Stop/Start technology. Acadia also offers powerful braking, an electronically controlled Drive Mode Selector and an available, highly capable off-road All-Wheel-Drive system. They all produce a memorable driving experience. For a closer look, simply turn the page.

ACADIA DENALI IN IRIDIUM METALLIC  
shown with available equipment.

## THE ROAD: GAIN CONTROLLING INTEREST

We can't repave the roads or change the weather, but now Acadia can help make it seem that way. To do that, Acadia offers several ride and handling technologies, as well as powerfully efficient engine options.

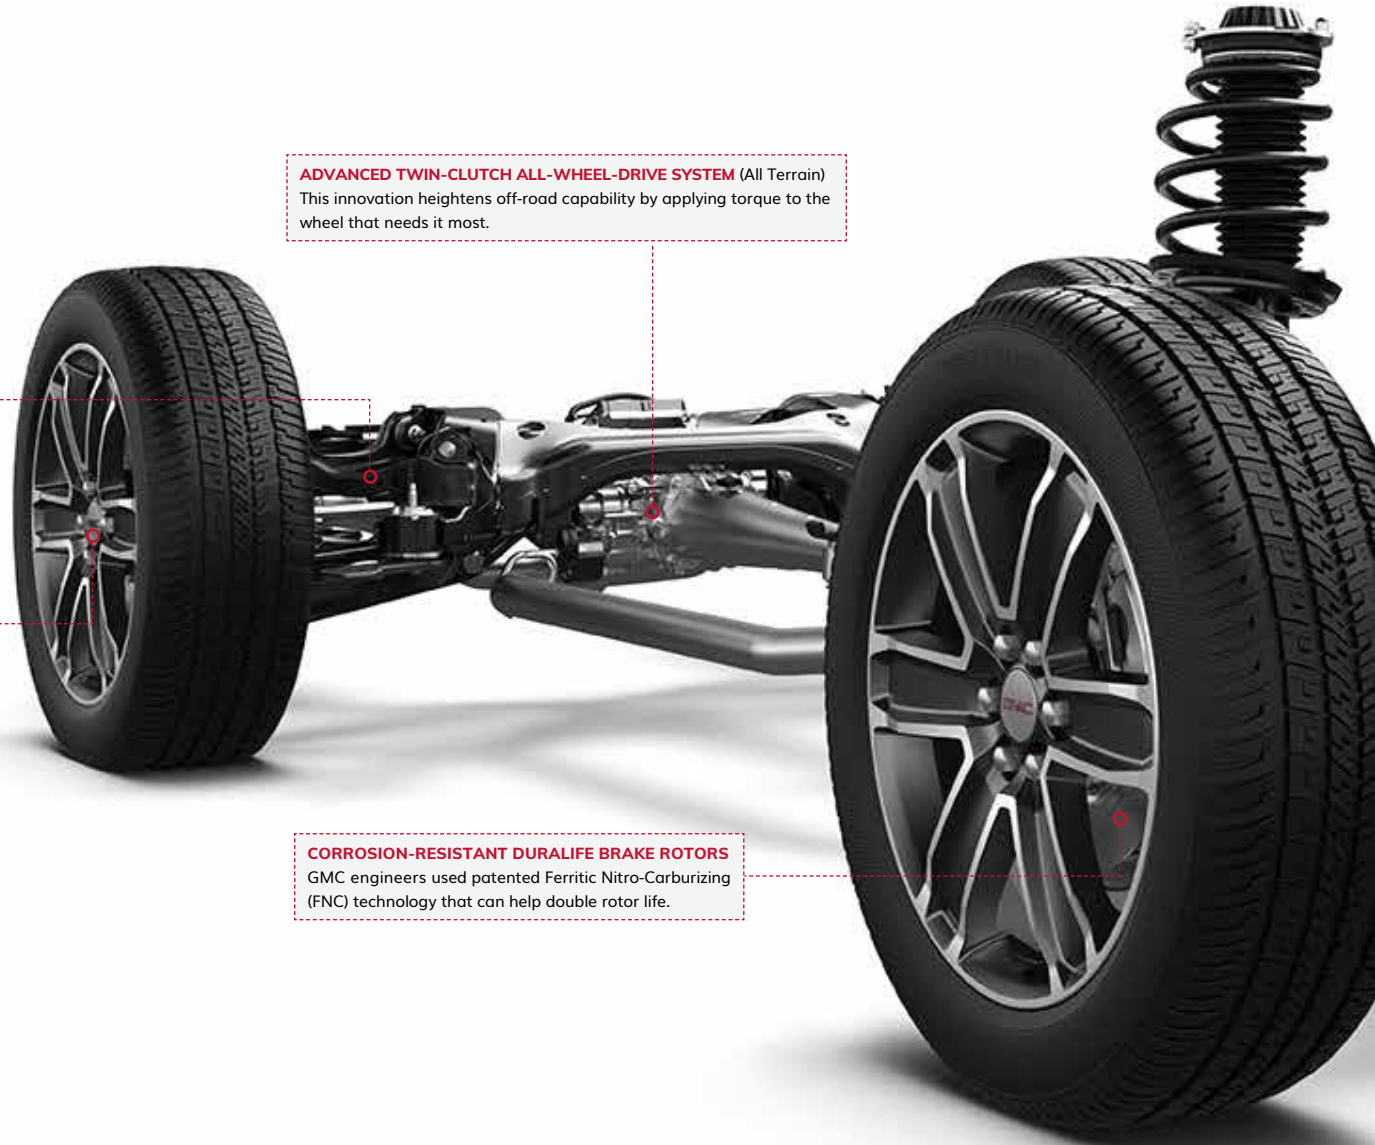

**RACK-MOUNTED ELECTRONIC POWER STEERING** The electric variable-assist power rack-and-pinion steering system on Acadia provides precise handling.

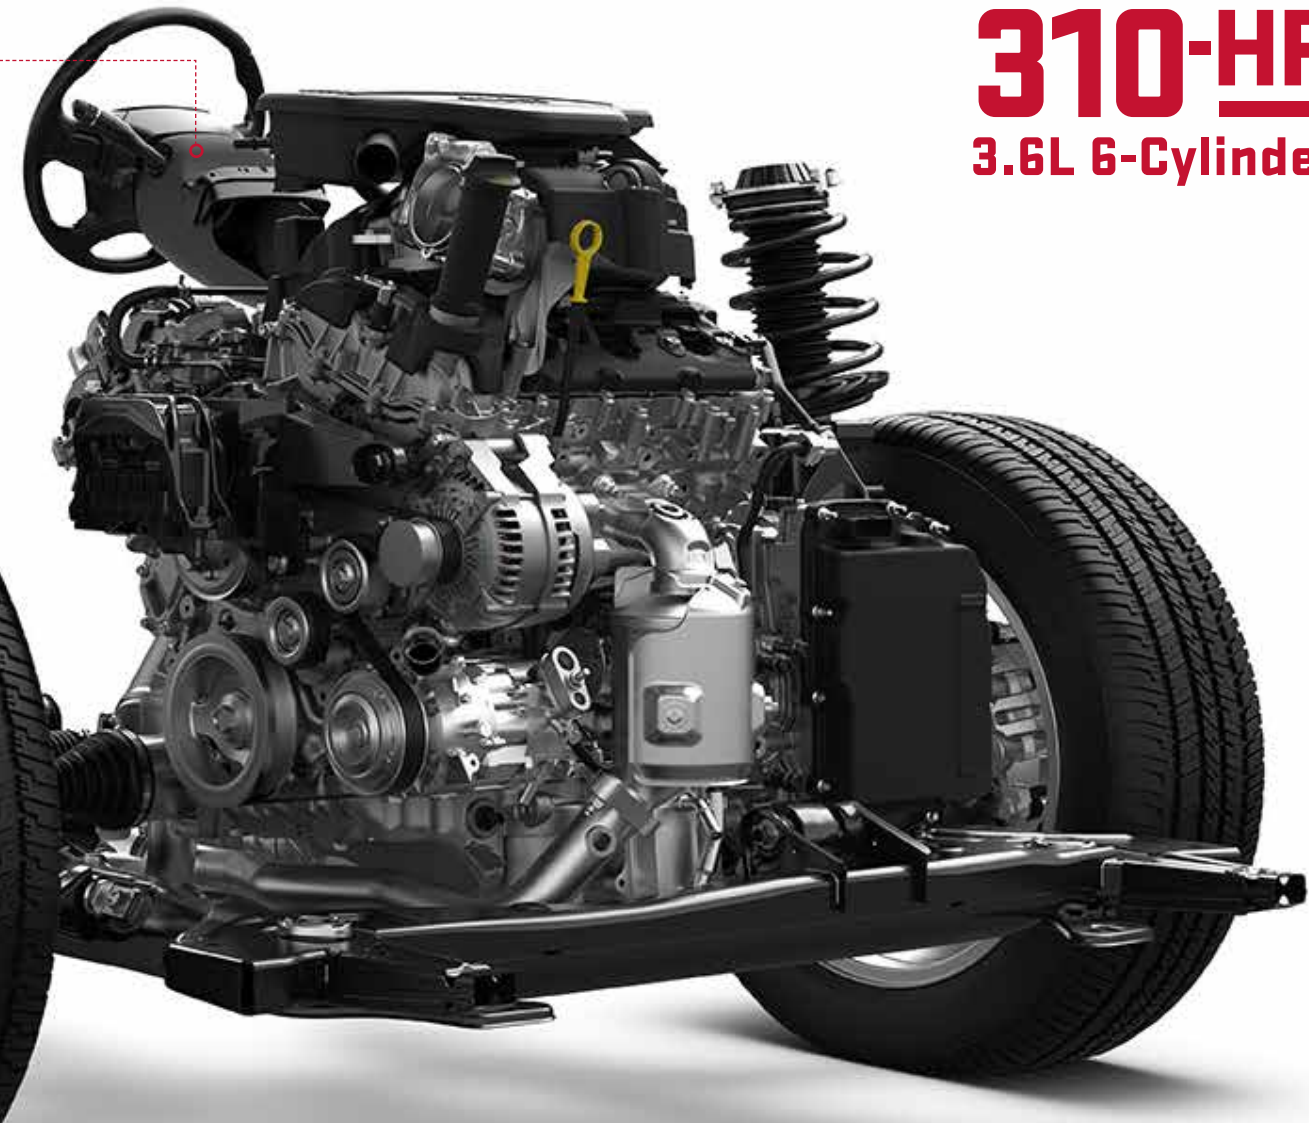

**CONTINUOUSLY VARIABLE REAL-TIME DAMPING** To produce a smoother, controlled ride, the available system on SLT-2 and Denali trims automatically minimizes vibrations using sophisticated sensors to tailor the suspension personality to fit the moment.

**TRACTION SELECT DRIVE MODE SELECTOR** For the ultimate in versatility, this standard feature allows you to select how Acadia responds and adapts to various driving conditions. You select the desired driving mode in real time to adapt to terrain and weather—Sport, Snow, Tow/Haul (if equipped) and, on AWD models, going from FWD to AWD and vice versa on the fly.

**ADVANCED TWIN-CLUTCH ALL-WHEEL-DRIVE SYSTEM (All Terrain)** This innovation heightens off-road capability by applying torque to the wheel that needs it most.

**CORROSION-RESISTANT DURALIFE BRAKE ROTORS** GMC engineers used patented Ferritic Nitro-Carburizing (FNC) technology that can help double rotor life.

# 310-HP

## 3.6L 6-Cylinder

This available engine incorporates continuously Variable Valve Timing and Active Fuel Management, so it's smart enough to efficiently switch to four cylinders when less power is needed, such as at cruising speeds.

# 193-HP

## 2.5L 4-Cylinder

The direct-injected engine utilizes Stop/Start technology. It shuts down when Acadia comes to a stop for remarkable efficiency and starts up again seamlessly. Also included are active grille shutters for maximum aerodynamic efficiency.

ACADIA ALL TERRAIN IN EBONY TWILIGHT METALLIC  
shown with available equipment.

## A PASSION FOR TRAILERING

To help you pursue your weekend passions, we engineered Acadia with a trailering capability of up to 1814 kg (4000 lb.)<sup>1</sup> with the available 3.6L V6.

**HILL START ASSIST** Sensors automatically detect when Acadia is on a 5 percent grade or more. The system holds the brakes momentarily, preventing rollback.

**TOW/HAUL MODE** To give you even more power to accelerate when trailering or hauling heavy loads, the available Tow/Haul mode feature raises transmission upshift points.

**REAR VISION CAMERA AND ACTIVE TOW SYSTEM** The centre screen serves as your monitor for the camera. Its dynamic grid lines help when hitching a trailer. The available Active Tow System adds a centre grid line to help when backing up or hitching a trailer and real-time viewing of your trailer while you're moving.

**V6 TRAILERING PACKAGE** This includes a factory-installed hitch, seven-pin wiring harness, Class III trailer hitch, heavy-duty cooling system and the Active Tow System in the Rear Vision Camera. This available package boosts Acadia's trailer weight rating up to 1814 kg (4000 lb.)<sup>1</sup>

**TRAILER SWAY CONTROL** This helps keep both you and your trailer heading in the same direction, automatically. It detects a swaying trailer and applies Acadia's brakes to help bring it back in line.

<sup>1</sup>Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

FUNCTIONALITY

# **| EFFORTLESS LIKE A PRO**

AN OBJECT'S TRUE BEAUTY GOES BEYOND ITS FORM. THE MARK OF WELL-CONCEIVED AND -EXECUTED FUNCTIONALITY IS WHEN IT MAKES EVERYDAY TASKS A PLEASURE.

## TIME WELL SPENT

You spend a lot of time behind the steering wheel. Acadia is designed to ensure it's the most comfortable, sophisticated, quiet and accommodating time of your day. Acadia SLT begins with seats that support your body for exceptional ride enjoyment no matter how far you travel. Acadia also offers available heated front and heated rear (second-row only) outboard seating positions. And getting to the third row is simple with just one hand thanks to the easy-to-use second-row Smart Slide seats.

On the outside, Acadia SLT's style fits in everywhere. It introduces itself with a signature dimensional grille and nearly seamless wraparound rear-window glass. To help Acadia SLT maintain its style over time, lower bodyside cladding adds a rugged, durable finish.

ACADIA SLT-2 IN QUICKSILVER METALLIC  
shown with available equipment.

ACADIA SLT-2 INTERIOR IN COCOA/LIGHT ASH GREY  
shown with available equipment.

## ADAPTS AS EASILY AS YOU DO

Because your life is all about being productive during the day and enjoying a night out with family and friends, Acadia is here to accommodate. Perhaps the best enablers of this versatility are the second-row Smart Slide seats that require just one hand to easily access the third row.

**SMART SLIDE SEATS** The second-row passenger-side Smart Slide seat tips, pitches and slides for easy third-row access—even when a forward-facing child seat is attached using the LATCH system. The tip/slide option on the driver's side of the seat folds and slides the second row, offering ample room for entry and exit. And it can all be done using just one hand.

**REAR SEAT REMINDER<sup>1</sup>** This feature is activated when a second-row door is opened or closed during or just before a trip. When Acadia is turned off, under certain conditions, an audible chime and a message in the Driver Information Centre remind you to check the second row.

**NUMEROUS SEATING/CARGO ARRANGEMENTS** Acadia's remarkable versatility ensures comfortable accommodations for all passengers while still providing expansive cargo capacity. A flat 50/50 split-folding third-row bench seat makes cargo loading easier while preventing items from sliding around. Release levers allow you to easily fold the second-row seat from the rear of Acadia.

**POWER LIFTGATE** Select Acadia models benefit from an available key fob-operated programmable and height-adjustable power liftgate. Acadia Denali features the convenience of a foot-activated hands-free power liftgate.

<sup>1</sup>Does not detect people or items. Always check rear seat before exiting the vehicle.

ACADIA ALL TERRAIN IN EBONY TWILIGHT METALLIC  
shown with available equipment.

## REFINED. NOT RESTRAINED.

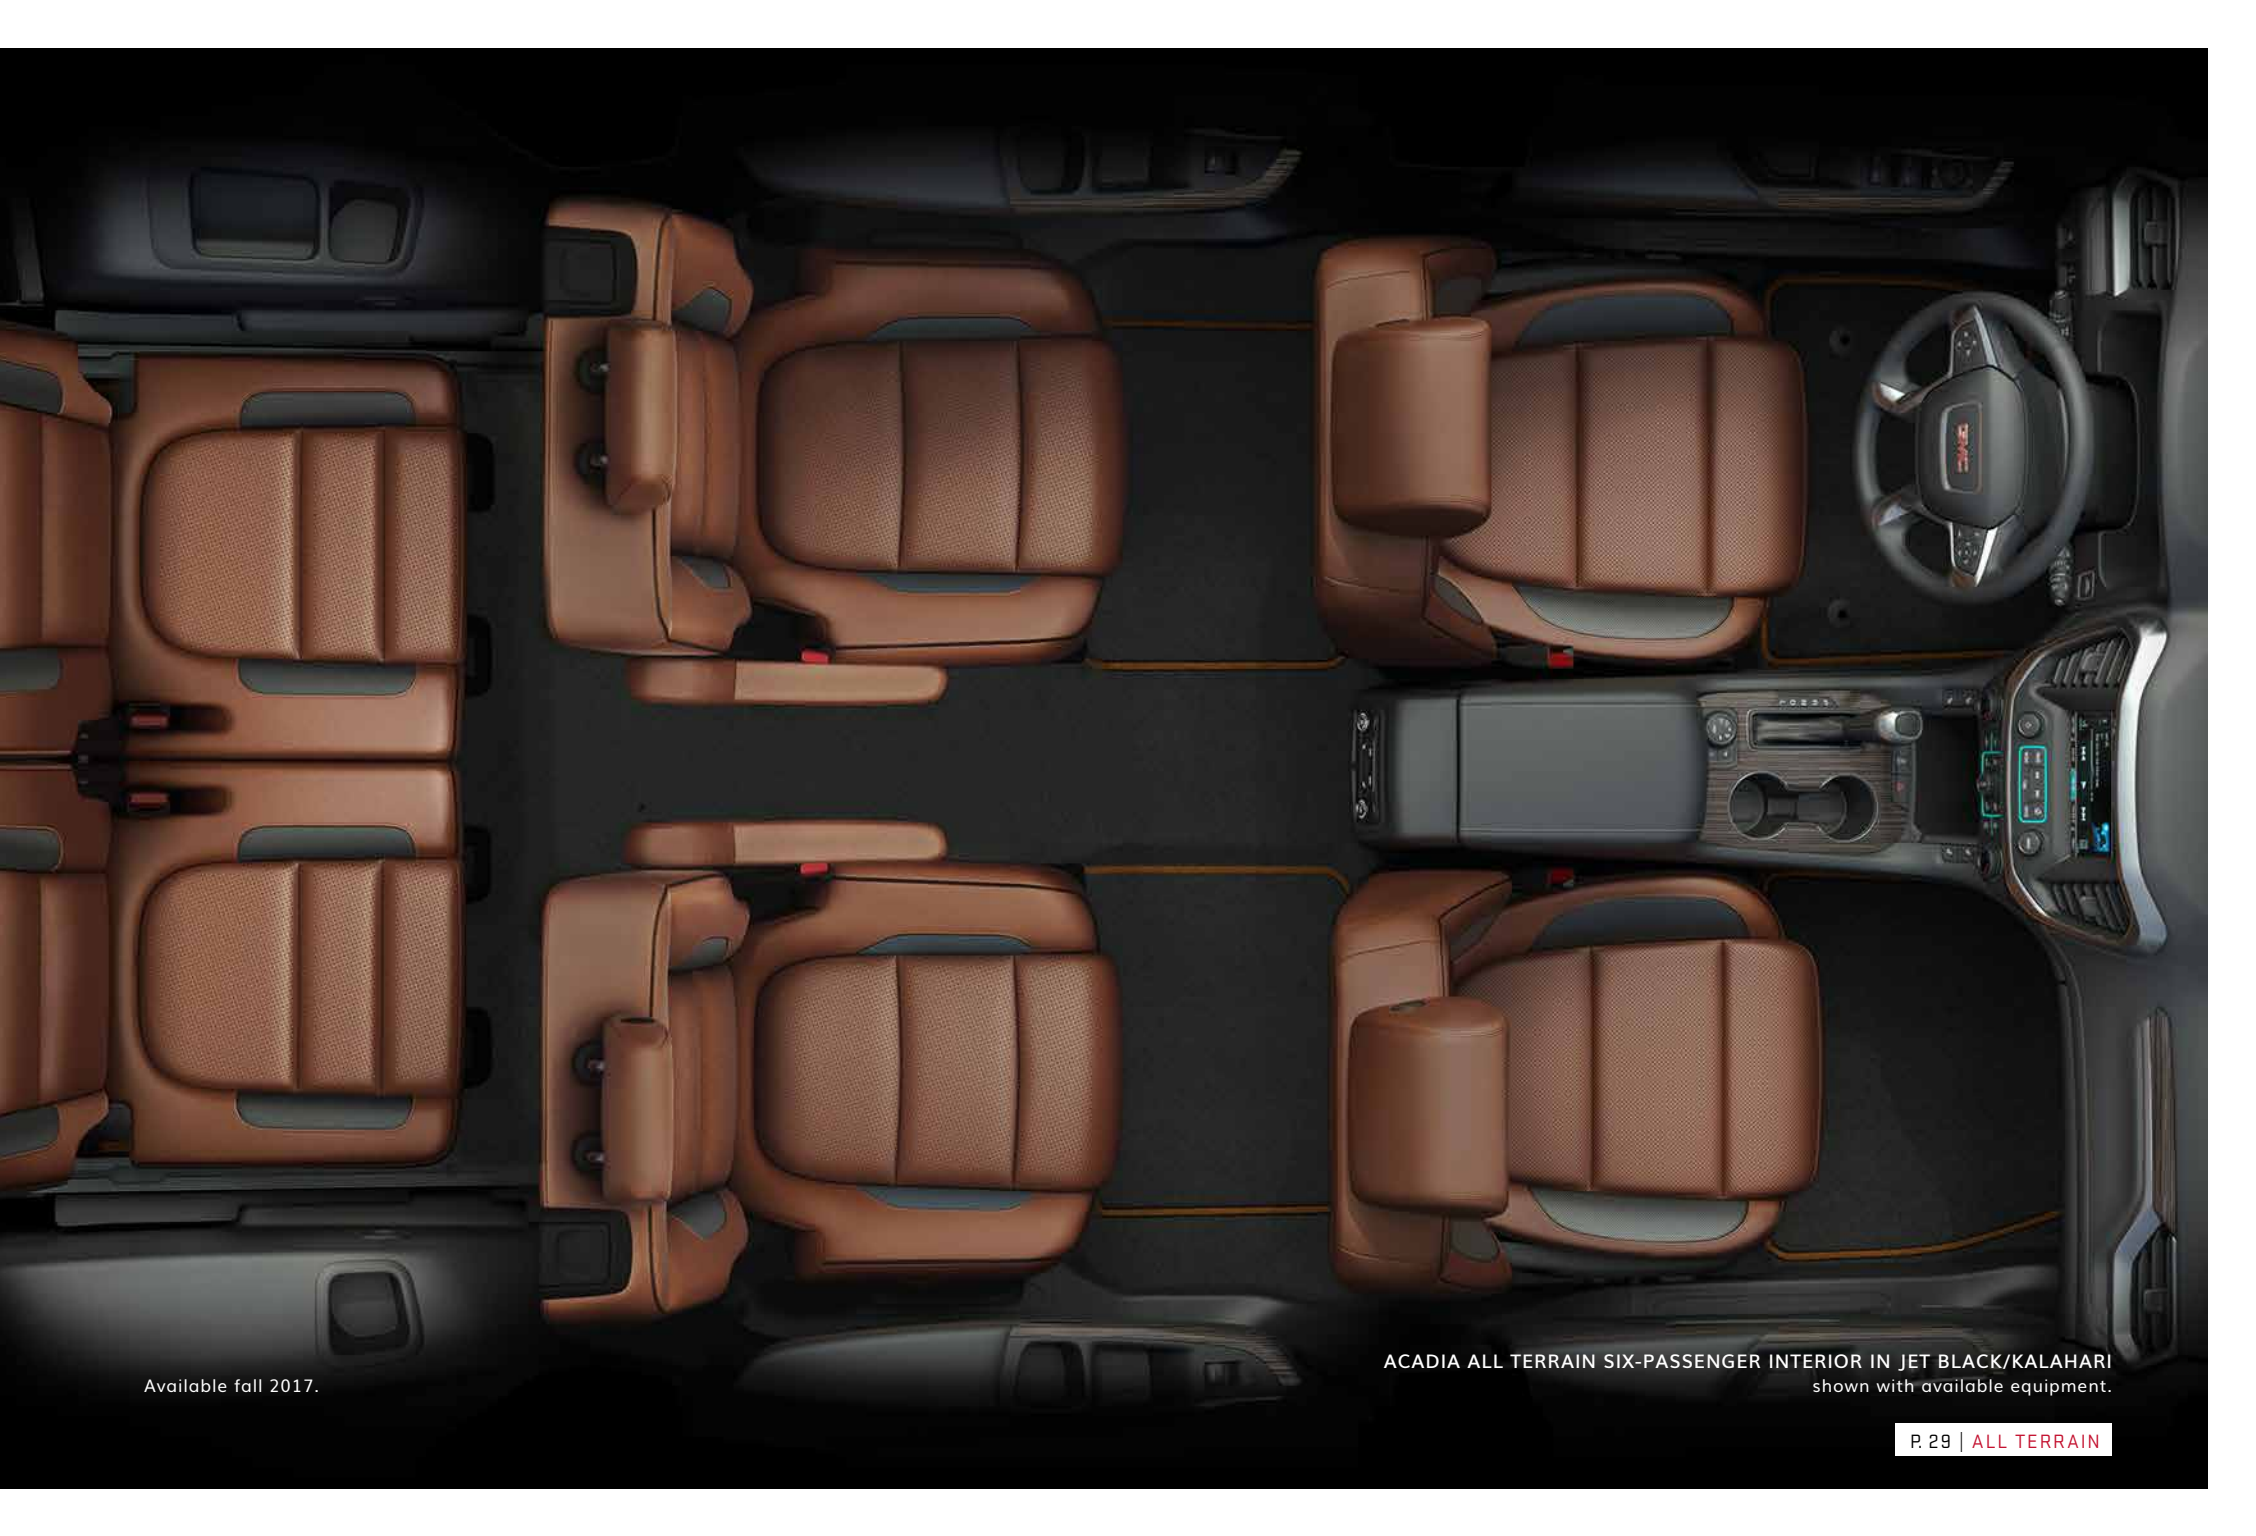

Some of the best areas of our country have no paved roads. But that won't stop you thanks to the Acadia All Terrain with an advanced twin-clutch AWD system. In true GMC dedication, style didn't lose out to rugged capability. In fact, refinement is quickly apparent in All Terrain's exclusive stealthy, sporty design. Its unique tone-on-tone look utilizes black chrome and dark accents to create a distinctive appearance, as do the All Terrain grille, badge, skid plates, roof rails, aluminum wheels and mirror caps.

## GET AWAY WITHOUT ROUGHING IT

Creating the Acadia All Terrain meant balancing its obvious rugged capabilities with a premium, ultra-supportive environment. We began by designing a cabin and seating environment inspired by outdoor gear. Then, we added seats that are comfortable even when the going gets rough. For 2018, choose five- or available six- or seven-passenger seating. All Terrain five-passenger models also add two covered under-floor bins to store your gear in a safe, secure, easily accessible location.

Available fall 2017.

ACADIA ALL TERRAIN SIX-PASSENGER INTERIOR IN JET BLACK/KALAHARI  
shown with available equipment.

## OUT AND ABOUT. ALWAYS IN TOUCH.

When it comes to keeping us connected, informed and entertained, we believe the smarter the technology, the more mobile, intuitive and easy to use it has to be. The 2018 Acadia is all about that.

**PHONE INTEGRATION** Acadia offers Apple CarPlay™ and Android Auto™ compatibility<sup>2</sup> for hands-free undistracted driving. With Apple CarPlay™, the apps you love on your iPhone® come alive through Siri® or the built-in display, while Android Auto easily integrates the power and functionality of your Android™ phone into Acadia. Just plug into the USB<sup>3</sup> outlet and go.

**CUSTOMIZED DRIVER DISPLAY** Denali's reconfigurable gauge cluster allows you to personalize the 8" diagonal colour Driver Information Centre to control what you see and how you see it.

**VOICE AND TOUCH-SCREEN NAVIGATION<sup>4</sup>** In response to your voice or touch, Acadia's available Navigation System displays 2-D or 3-D map graphics. Also included, SiriusXM Traffic<sup>5</sup> (with 3 trial months of SiriusXM<sup>5</sup>) incorporates real-time traffic and road conditions.

 **ONSTAR 4G LTE WITH BUILT-IN WI-FI® HOTSPOT<sup>1</sup>**

Wi-Fi (comes with 3-month or 3 GB data trial, whichever comes first) means a fast internet connection for web-enabled devices when Acadia is running. It's reliable, powerful and easy to use, and can connect up to seven devices up to 15 metres (50 feet) around Acadia.

**INFOTAINMENT SYSTEM<sup>6</sup> WITH 7" OR 8" SCREEN** The GMC Infotainment System features full-colour, 7" or available 8" diagonal screens for easy viewing and voice-activated control of your smartphone. You can receive vocalized text messages, benefit from Siri<sup>®</sup> Eyes Free<sup>7</sup> assistance, connect libraries from multiple devices and store phone contacts.

**SURROUND VISION** On Denali models, the available system provides a bird's-eye view around Acadia. It's helpful for reducing blind spots and in low-speed situations such as parking. Also available is the Active Tow System to help when hitching a trailer.

**BOSE<sup>®</sup> PREMIUM SOUND SYSTEM** The optional Bose eight-speaker system with subwoofer is engineered to give you the realism and presence of a live performance.

<sup>1</sup>Visit [onstar.ca](http://onstar.ca) for coverage maps, details and system limitations. Service plan required. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans provided by AT&T.<sup>®</sup> Services vary by model, service plan, conditions as well as geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Vehicle must be started or in accessory mode to access Wi-Fi. <sup>2</sup>Vehicle user interfaces are products of Apple<sup>®</sup> and Google<sup>™</sup> and their terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply. <sup>3</sup>Not compatible with all devices. <sup>4</sup>At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. <sup>5</sup>SiriusXM satellite radio service and SiriusXM Traffic are sold separately after trial period. SiriusXM Traffic is available in select markets and requires SiriusXM satellite radio service. If you decide to continue service after your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See complete terms and conditions at [siriusxm.ca/terms](http://siriusxm.ca/terms). <sup>6</sup>Full functionality requires compatible Bluetooth<sup>®</sup> and smartphone, and USB connectivity for some devices. Data plan rates apply. <sup>7</sup>Requires GMC Infotainment System and compatible iPhone<sup>®</sup> running iOS 6 or newer.

## SURROUNDED BY CONFIDENCE

Since we only have eyes in the front of our heads, Acadia Denali offers GMC's available expansive Surround Vision system. Gain a bird's-eye view of the area surrounding your Acadia. This is just one example of GMC's comprehensive approach to intuitive safety technologies to help safeguard you and your passengers from potential mishaps.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

**REAR CROSS TRAFFIC ALERT** This available feature helps alert you to oncoming traffic, especially in parking lot situations. Using radar technology, it looks about 20 metres (65 feet) to the left and right behind Acadia and uses the Rear Vision Camera screen and Safety Alert Seat (if equipped) to issue warnings.

**SURROUND VISION** On Denali models, an available Surround Vision system replaces the Rear Vision Camera to offer a view around Acadia. It is helpful for reducing blind spots and viewing pavement markings, other vehicles, curbs and general surroundings.

**LANE KEEP ASSIST WITH LANE DEPARTURE WARNING** This available feature helps the driver keep Acadia in its lane to avoid unintentional lane changes. It assists by gently turning the steering wheel if Acadia approaches a detected lane marking without the turn signal being activated.

**SAFETY ALERT SEAT** Relaying inputs from available features such as Forward Collision Alert and Lane Keep Assist, this available seat helps alert the driver of potential traffic threats using directional vibration pulses within the seat cushion.

**ADAPTIVE CRUISE CONTROL**<sup>2</sup> Available on Denali models, Adaptive Cruise Control uses a radar-based system and Forward Automatic Braking<sup>3</sup> to allow the vehicle to automatically follow a detected vehicle at the driver-selected following gap while the driver steers.

**FORWARD COLLISION ALERT** This available system helps warn you when you're rapidly approaching another detected vehicle and it appears a front-end collision is imminent.

**FRONT PEDESTRIAN BRAKING** This available system issues visual and seat-vibration alerts when Acadia is getting too close to a detected pedestrian and will take measures to reduce Acadia's speed to help avoid or reduce the impact.

**LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT**<sup>1</sup> Working with Side Blind Zone Alert, available Lane Change Alert uses long-range radar to help detect and warn you of fast-approaching traffic in the next lane. Available Side Blind Zone Alert uses sensors to monitor blind spots, alerting you via visual warnings in the exterior mirrors.

<sup>1</sup>Before making a lane change, always check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards and start the turn signal. <sup>2</sup>Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. The Front Automatic Braking feature may help reduce crash damage under certain conditions discussed in the Owner's Manual. Never rely on this feature to brake the vehicle. <sup>3</sup>The Forward Automatic Braking feature may help reduce crash damage under certain conditions discussed in the Owner's Manual. Never rely on this feature to brake the vehicle.

## ADD YOUR OWN STYLE

GMC Accessories are designed so you can personalize your Acadia to fit your style as well as your needs. They're also engineered and tested to meet Professional Grade standards.

**ASSIST STEPS** Get into and out of your Acadia with ease, and improve your reach to roof-mounted cargo, with these stylish integrated assist steps. They feature an integrated step pad for sure-footed traction.

**REAR-SEAT ENTERTAINMENT SYSTEM** The system has dual LCD monitors and DVD players mounted on the rear of the front-seat head restraints. Wireless headphones and a remote control allow rear passengers to enjoy the audio. Includes USB and RCA inputs.<sup>1</sup>

**ROOF RACK CROSS RAIL PACKAGE** Make it easy to attach a cargo carrier with these roof rack cross rails. They add functionality and style and can accommodate up to 100 kg (220 lb.).<sup>2</sup>

**INTEGRATED CARGO LINER** The liner covers the cargo-area floor as well as the back of the third-row seats, providing enhanced protection for Acadia's interior. It articulates with the third-row seatbacks and doesn't need to be removed when carrying passengers in the third row. Not available on All Terrain.

**PREMIUM ALL-WEATHER FLOOR LINERS** These liners expand their all-weather coverage with raised edges that follow and protect the floor and trim contours. They offer a textured anti-slip pattern that helps trap debris and water for maximum carpet coverage. Second-row liners have an interlocking feature that enables easy removal for cleaning. Available in Jet Black, Dark Ash Grey and Cocoa.

**CARGO SECURITY SHADE** Keep the cargo area of the Acadia hidden with this retractable cargo security shade. Available in Jet Black, Light Ash Grey and Shale.

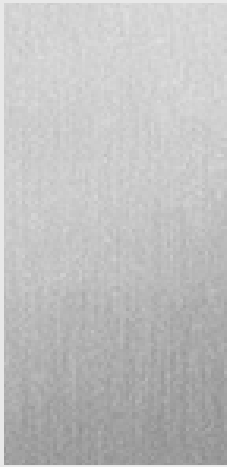

**ALL TERRAIN CARGO STABILIZER** It mounts to the cargo-area floor rails in your All Terrain. The stabilizer helps prevent shifting of cargo while Acadia is moving and helps keep larger items contained.

**ALL TERRAIN TIE-DOWN RINGS** These sliding rings (set of four) mount to the floor rails in the cargo area of your All Terrain. They can be positioned anywhere along the length of the rails, providing flexibility to secure cargo of varying sizes.

<sup>1</sup>Not compatible with all devices. <sup>2</sup>Cargo and load capacity limited by weight and distribution.

Second and third rows folded	2237 (79.0)
Behind second row/third row folded	1181 (41.7)
Behind third row	363 (12.8)

<sup>1</sup>Before making a lane change, always check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards and start the turn signal. <sup>2</sup>The Forward Automatic Braking feature may help reduce crash damage under certain conditions discussed in the Owner's Manual. Never rely on this feature to brake the vehicle. <sup>3</sup>Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. The Front Automatic Braking feature may help reduce crash damage under certain conditions discussed in the Owner's Manual. Never rely on this feature to brake the vehicle. <sup>4</sup>Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. <sup>5</sup>Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Data plan rates apply. <sup>6</sup>SiriusXM satellite radio service and SiriusXM Traffic are sold separately after trial period. SiriusXM Traffic is available in select markets and requires SiriusXM satellite radio service. If you decide to continue service after your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See complete terms and conditions at [siriusxm.ca/terms](http://siriusxm.ca/terms). <sup>7</sup>Not compatible with all devices. <sup>8</sup>Vehicle user interfaces are products of Apple® and Google™ and their terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply. <sup>9</sup>At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. <sup>10</sup>The OnStar Basic Plan is available on eligible new vehicles for 5 years and is transferable to subsequent owners for the remaining term. It includes the monthly Diagnostics Report emails (capabilities vary by model), Dealer Maintenance Notification, access to select vehicle mobile app features and more. This plan does not include emergency, security or navigation services. These and other services require a paid or Add-On Plan. Visit [onstar.ca](http://onstar.ca) for vehicle availability, coverage maps, details and system limitations. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans are provided by AT&T. <sup>11</sup>Visit [onstar.ca](http://onstar.ca) for coverage maps, details and system limitations. Service plan required. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans provided by AT&T. Services vary by model, service plan, conditions as well as geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Vehicle must be started or in accessory mode to access Wi-Fi. <sup>12</sup>Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. <sup>13</sup>Cargo and load capacity limited by weight and distribution.

## PEACE OF MIND

Pro Grade Protection is standard on every 2018 Acadia. From maintenance to protecting your entire vehicle, you can drive with confidence.

**2-YEAR/48,000 KM LUBE-OIL-FILTER MAINTENANCE<sup>1</sup>**

**3-YEAR/60,000 KM NEW-VEHICLE LIMITED WARRANTY<sup>2</sup>**

**5-YEAR/160,000 KM POWERTRAIN LIMITED WARRANTY<sup>2</sup>**

**5-YEAR/160,000 KM ROADSIDE ASSISTANCE/COURTESY TRANSPORTATION<sup>2</sup>**

<sup>1</sup>Whichever comes first. Limit of four complimentary Lube-Oil-Filter services in total. Fluid top-offs, inspections, tire rotations, wheel alignments and balancing, etc., are not covered. Conditions and limitations apply. See your dealer for details. <sup>2</sup>Whichever comes first. Conditions and limitations apply. See your dealer for details.

## WE'RE AS CLOSE AS THE BLUE BUTTON

Connect to an OnStar<sup>1</sup> Advisor just by pushing the blue OnStar button in your Acadia. Every 2018 Acadia includes the OnStar Basic Plan<sup>2</sup> for 5 years, plus a limited service trial of the Guidance Plan that includes a comprehensive suite of emergency, security, navigation and diagnostic services.

**EMERGENCY: HELP WHEN IT MATTERS MOST.** With Automatic Crash Response,<sup>3</sup> you can be immediately connected to the help you need the moment you need it, even if you can't ask for it. If you're stranded, have a flat tire or need a tow truck, use Roadside Assistance<sup>4</sup> and an OnStar Advisor can locate a nearby service provider and direct them to your exact location.

**SECURITY: IT CAN HELP RECOVER YOUR VEHICLE IF IT'S EVER STOLEN.** Breathe easy knowing a comprehensive suite of Stolen Vehicle Assistance<sup>5</sup> services is available to help recover your vehicle. With Theft Alarm Notification,<sup>6</sup> OnStar can alert you if your vehicle's alarm is sounding, and if your vehicle is stolen, OnStar will work with authorities to help locate and recover it quickly.

**NAVIGATION: TRAVEL MADE EASY.** Turn-by-Turn Navigation<sup>7</sup> makes everywhere you go as familiar as your own neighbourhood. And with OnStar AtYourService,<sup>8</sup> an Advisor can help you book a hotel room on the go.

**CONNECTIONS: FAST AND RELIABLE.** Stay connected almost anywhere, anytime with the built-in Wi-Fi hotspot and connect up to seven devices at fast speed.

**VEHICLE MANAGER: PREPARING YOU FOR WHAT'S AHEAD.** Enjoy the ultimate ownership experience with your myGMC mobile app.<sup>9</sup> Use Remote Access<sup>10</sup> to start your engine, lock and unlock your doors, honk the horn and flash the lights from anywhere there is cellphone service. Get real-time Diagnostic Alerts<sup>11</sup> or a monthly diagnostics report of the vehicle's engine, transmission and more with Advanced Diagnostics.<sup>11</sup>

<sup>1</sup>Visit onstar.ca for coverage maps, details and system limitations. Service plan required. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans provided by AT&T. Services vary by model, service plan, conditions as well as geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Vehicle must be started or in accessory mode to access Wi-Fi. <sup>2</sup>The OnStar Basic Plan is available on eligible new vehicles for 5 years and is transferable to subsequent owners for the remaining term. It includes the monthly Diagnostics Report emails (capabilities vary by model), Dealer Maintenance Notification, access to select vehicle mobile app features and more. This plan does not include emergency, security or navigation services. These and other services require a paid or Add-On Plan. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Available 4G LTE with Wi-Fi hotspot requires WPA2-compatible mobile device and data plan. Data plans are provided by AT&T. <sup>3</sup>Visit onstar.ca for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. <sup>4</sup>Roadside service provided by Allstate Roadside Services. Limitations and restrictions apply. <sup>5</sup>Service varies by model and conditions. Visit onstar.ca for details and system limitations. Stolen Vehicle Slowdown and Remote Ignition Block are available on select 2009 and newer GM vehicles. <sup>6</sup>Capability varies by model, conditions as well as geographical and technical restrictions. Visit onstar.ca for vehicle availability, details and system limitations. Requires factory-installed theft-deterrent system and Security or Guidance plan or Stolen Vehicle Assistance Add-On Plan and selected notification preference(s). Vehicles must be locked electronically to arm the factory-installed theft-deterrent system. Messaging and data rates may apply. <sup>7</sup>Requires Basic Plan and navigation system to send directions through the mobile app. Turn-by-Turn directions and Destination Download also available through an advisor with the Guidance Plan or Navigation Add-On Plan. Visit onstar.ca for coverage maps. Services vary by model. ABS required. <sup>8</sup>Not available on Basic Plan. Hotel booking and billing done through Priceline.<sup>9</sup> Offers may vary. Check AtYourService through a blue OnStar button press for latest offers. <sup>10</sup>Available on select Apple® and Android™ devices. Some features may require a paid OnStar service plan. Features and capability may vary by vehicle, device, conditions as well as geographical and technical restrictions. Device data connection required. <sup>11</sup>Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions as well as geographical and technical restrictions. Unlock feature requires automatic locks. Remote start requires factory-installed and enabled remote-start system. <sup>12</sup>Availability and capabilities vary by model. Visit onstar.ca for details and system limitations. Message and data rates may apply. Requires active OnStar service, email address on file and enrolment in Advanced Diagnostics which may include access to the monthly Diagnostics Report emails, Diagnostic and Proactive Alerts, Dealer Maintenance Notification and On-Demand Diagnostics (requires paid service plan). Other factors may affect vehicle performance. Not all issues will deliver alerts. In certain scenarios, a dealer service check may be required to confirm the accuracy of the Diagnostic and Proactive Alerts.

## CONVERSATION STARTER

At GMC, we'd like to start a dialogue with you so we can learn more about each other. Join the conversation and share your passion for all things Professional Grade.

## IMPORTANT WORDS

### PEACE OF MIND, STANDARD WITH EVERY GMC MODEL

When you build them with quality, you can back them with confidence. That's why General Motors of Canada backs every GMC model with the best coverage in Canada. Program highlights include:

- 2-year/48,000 km Lube-Oil-Filter Maintenance<sup>1</sup>
- 3-year/60,000 km New-Vehicle Limited Warranty<sup>2</sup>
- 5-year/160,000 km Powertrain Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge<sup>2</sup>
- 5-year/160,000 km Courtesy Transportation<sup>2</sup>
- 5-year/160,000 km 24/7 Roadside Assistance<sup>2</sup>
- 6-year/160,000 km rust-through perforation coverage<sup>2</sup>
- 8-year/130,000 km coverage on catalytic converters and Powertrain Control Modules (PCMs)<sup>2</sup>

### OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:<sup>3</sup>

- **GM Protection Plan (GMPP)**—The only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New-Vehicle Limited Warranty period.
- **Certified Service**—With GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.
- **GMC Owner Centre**—As an owner, take advantage of the GMC Owner Centre. This online owner's destination gives you access to contests, current offers and helpful resources such as Owner's Manuals. Find out more at [gmcowner.ca](http://gmcowner.ca).

### TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **Purchase Financing and Leasing**—On-the-spot financing, see dealer for full details.<sup>4</sup>
- **GM Student Bonus Program**—Students or recent graduates of high school, college or university<sup>3</sup> may be eligible to receive a Student Bonus vehicle redemption allowance of \$500 or \$750<sup>5</sup> (tax inclusive) (purchased vehicle dependant) to use toward the purchase, lease or finance of one eligible new GMC vehicle.
- **GM Card**—Cardholders may redeem Earnings toward the total purchase price or lease down payment of an eligible new GMC truck, SUV or crossover. Restrictions and limitations apply.<sup>5</sup> For full program details, visit [gmccard.ca](http://gmccard.ca).

### INFORMATION RESOURCES:

You can find more information about these programs from your GMC dealer, or at these information centres:

- The GM website at [gmccanada.ca](http://gmccanada.ca)
- The GM Customer Care Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users)

### A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your GMC dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

### A WORD ABOUT ASSEMBLY

GMC vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.
