

In order to help you keep up with regularly servicing and maintaining your Nissan LEAF vehicle we have provided Nissan's recommended service schedule\* below.

**7,500 miles/6 months:**

- Rotate tires
- Inspect:
  - Axle and suspension
  - Brake pads and rotors
  - Drive shaft boots
  - Front suspension ball joints
  - Steering gear and linkage
  - Steering linkage ball joints

**15,000 miles/12 months:**

- Replace brake fluid
- Replace in-cabin microfilter
- Rotate tires
- Inspect:
  - Axle and suspension
  - Brake pads and rotors
  - Brake lines & cables
  - Drive shaft boots
  - Charging port
  - Front suspension ball joints
  - Steering gear and linkage
  - Front suspension ball joints
  - Steering gear and linkage
  - Steering linkage ball joints
  - Drive shaft boots
  - EV Battery Usage Report<sup>1</sup>
  - Reduction gear oil
  - Steering linkage ball joints

**22,500 miles/18 months:**

- Replace Nissan Intelligent Key™ battery<sup>1</sup>
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Drive shaft boots
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage

**30,000 miles/24 months:**

- Replace brake fluid
- Replace in-cabin microfilter
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Drive shaft boots
  - Charging port
  - Charging port sealing cap
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage
  - EV Batter Usage Report<sup>1</sup>
  - Reduction gear oil

### **37,500 miles/30 months:**

- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Drive shaft boots
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage

### **45,000 miles/36 months:**

- Replace Nissan Intelligent Key™ battery<sup>1</sup>
- Replace brake fluid
- Replace in-cabin microfilter
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Brake lines and cables
  - Drive shaft boots
  - Charging port
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage
  - EV Batter Usage Report<sup>1</sup>
  - Reduction gear oil

### **52,500 miles/42 months:**

- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Drive shaft boots
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage

### **60,000 miles/48 months:**

- Replace brake fluid
- Replace in-cabin microfilter
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Brake lines and cables
  - Drive shaft boots
  - Charging port
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage
  - EV Batter Usage Report<sup>1</sup>
  - Reduction gear oil

### **67,500 miles/54 months:**

- Replace Nissan Intelligent Key™ battery<sup>1</sup>

- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Drive shaft boots
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage

**75,000 miles/60 months:**

- Replace brake fluid
- Replace in-cabin microfilter
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Brake lines and cables
  - Drive shaft boots
  - Charging port
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage
  - EV Batter Usage Report<sup>1</sup>
  - Reduction gear oil

**82,500 miles/66 months:**

- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Drive shaft boots
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage

**90,000 miles/72 months:**

- Replace Nissan Intelligent Key™ battery<sup>1</sup>
- Replace brake fluid
- Replace in-cabin microfilter
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Brake lines and cables
  - Drive shaft boots
  - Charging port
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage
  - EV Batter Usage Report<sup>1</sup>
  - Reduction gear oil

**97,500 miles/78 months:**

- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Steering linkage ball joints

- Brake pads and rotors
- Drive shaft boots
- Front suspension ball joints
- Steering gear and linkage

**105,000 miles/84 months:**

- Replace brake fluid
- Replace in-cabin microfilter
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Brake lines and cables
  - Drive shaft boots
  - Charging port
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage
  - EV Batter Usage Report<sup>1</sup>
  - Reduction gear oil

**112,500 miles/90 months:**

- Replace Nissan Intelligent Key™ battery<sup>1</sup>
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Drive shaft boots
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage

**120,000 miles/96 months:**

- Replace brake fluid
- Replace in-cabin microfilter
- Rotate tires
- Inspect:
  - Axle and suspension parts
  - Brake pads and rotors
  - Brake lines and cables
  - Drive shaft boots
  - Charging port
  - Steering linkage ball joints
  - Front suspension ball joints
  - Steering gear and linkage
  - EV Batter Usage Report<sup>1</sup>
  - Reduction gear oil

<sup>1</sup>This check is based ONLY on the number of service months, not the mileage.
