DODGE **CHARGER** 

2014 

DODGE CHARGER

When did we become okay with compromise? Being flexible about dinner is one thing. Willingly getting behind the wheel of a zero-personality box on wheels is another. No one hoped for basic transportation on their 16th birthday. We wanted fast. We wanted sporty. We wanted to be envied. And if we could get it in Red, all the better. It's time to want again. It's time to demand. It's time to get behind the wheel of Dodge Charger. Designed with passion. Engineered to perform. Packed with technology and with the power to move you in more ways than one.

BEST-IN-CLASS HORSEPOWER¹

POWERFUL INSIDE AND OUT.

The name is iconic. The design is modern. The feeling you get when you're behind the wheel is amazing. The race-inspired details, bold colours, premium soft-touch surfaces and available sport seats flood the driver-centric cockpit. You'll feel confidently in control with your hand on the available leather-wrapped, eight-speed E-shift knob. Gauges on the Billet Aluminum instrument panel feature LED lighting for easier reading while the full-colour Electronic Vehicle Information Centre (EVIC) features driver-selectable vehicle and personal settings.

The five-passenger interior is designed for comfort with impressive rear-seat legroom and available heated rear seats. Or opt for performance leather-faced ventilated front seats that use small seatback fans to keep the seating surface cool.

SOUND APPEAL.

With the available Beats Audio™ Premium Sound System, tuned by Dr. Dre himself, specialized fully integrated speakers allow you to not only hear the music but to feel it. Reach the peak of your desired tuning through the available Uconnect™ 8.4-inch touch screen, allowing music selections from your music library, radio, CD or any other compatible device.

SIMPLY INTUITIVE.

Uconnect acts as the central hub for your most important media. Available voice command⁴ allows you to use your voice to select AM/FM radio stations and SiriusXM Satellite Radio² channels, as well as make/receive calls and select destination entries with the available navigation³. You'll have multiple ways to access audio, including a USB port, available iPod® control with voice command⁴, Bluetooth® streaming audio and SiriusXM Satellite Radio² which features song/artist alerts, game alerts, favourites and replay (one-year service is included).

REDLINE YOUR SENSES.

STATE-OF-THE-ART VARIABLE VALVE TIMING (VVT). The improved fuel economy via VVT is twofold. First, VVT reduces the engine's pumping work by closing the intake valve later. Second, it increases the expansion process of the combustion event. This allows more work to be transferred to the crankshaft instead of being ejected out of the exhaust port as heat.

PERFORMANCE WITH A CONSCIENCE. FuelSaver MDS technology enables the legendary HEMI® engine to perform well on the road and at the gas station by deactivating four cylinders when all eight are not needed. By transforming the engine from a powerful V8 to a fuel-sipping four-cylinder in milliseconds, then back again when full power is needed, you get the best of all worlds.

44 MILES PER GALLON

3.6L PENTASTAR™ VVT V6. With Best-in-Class¹ standard V6 horsepower, the award-winning 3.6-litre Pentastar™ VVT V6 engine draws on advanced automotive engine technology. The numbers speak volumes — 292 horsepower — or upgrade to 300 hp with the Blacktop Package, Rallye Group or AWD Sport Package.

EIGHT-SPEED TRANSMISSION WITH E-SHIFT. Dodge Charger equipped with the 3.6-litre Pentastar VVT V6 ups the ante with an available eight-speed automatic transmission. In addition to three more gear ratios, it also features two shift systems: a standard pattern where the low position limits the top gear and modifies shift points, and a Sport mode with the sport position replacing low for a more aggressive feel and extended shift points. Included in the Blacktop Package and Rallye Group, steering wheel-mounted paddle shifters provide manual control similar to that of the Auto/Stick.™

6.4L HEMI V8. Exclusive to Charger SRT® Super Bee and Charger SRT, this awe-inspiring engine is infused with modern advancements that include Variable Cam Timing, active intake runners and FuelSaver MDS technology. An active intake manifold creates variable-length runners that help the system harvest pressure waves to improve volumetric efficiency. With the intake able to switch between short and long runners, 90 percent of peak torque is available between 2800 and 6000 rpm. Backed by 470 hp and 470 lb-ft of torque, enthusiasts have full authority to rule every road.

*See page 19 for full details.

Charger R/T All-Wheel Drive with Sport Appearance Group.

RIDE ON THE DARK SIDE. Charger Blacktop builds off the already well-equipped Charger SXT, SXT Plus and R/T trim levels while putting its own spin on the details. Charger Blacktop features a body-coloured rear spoiler, gloss black grille with black honeycomb insert, performance suspension, P245/45R20 BSW All-Season Performance tires, 20-inch Gloss Black aluminum wheels, steering wheel-mounted paddle shifters with Sport mode and the industry-exclusive Beats Audio™ system. The unique true dual exhaust nets extra horsepower for a commanding total of 300 horsepower on SXT and SXT Plus models. For an even sportier appearance, opt for the black painted roof.

MISSION: CONTROL. Charger offers available class-exclusive¹ all-wheel drive (AWD) with automatic front-axle disconnect on Charger SXT, SXT Plus and R/T. The system seamlessly transitions between rear-wheel drive and AWD with no driver intervention. It provides power on demand between the front and rear differentials as needed. When AWD is not required, the front axle automatically disconnects and opens the transfer case from the drivetrain to reduce friction and rotational mass and maximize fuel efficiency. AWD is automatically triggered when one or more of the following occurs: wheel slip is detected, Auto/Stick™ is engaged, the Electronic Stability Control⁵ system is turned off, windshield wipers are activated or the temperature is below 3° Celsius.

SAFETY: TECHNOLOGY

BLIND-SPOT MONITORING⁶ WITH REAR CROSS-PATH DETECTION⁷

Dual radar sensors constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminating icons on the sideview mirrors and by audible chime. The system includes Rear Cross-Path Detection⁷, which monitors for vehicles/objects in perpendicular relationships to the vehicle while backing out of parking spots. Available.

ELECTRONIC STABILITY CONTROL (ESC)⁵

When road conditions are not at their best, ESC⁵ helps the driver maintain vehicle directional stability and limits oversteer or understeer. ESC includes All-Speed Traction Control and Brake Assist. Standard.

ENHANCED ACCIDENT RESPONSE SYSTEM

This system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps and unlocking doors after air bag deployment. It also shuts off the flow of fuel to the engine. Standard.

REACTIVE FRONT HEAD RESTRAINTS⁸

Our reactive front head restraints⁸ automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint and the occupant's head, helping provide added neck protection for both the driver and front passenger. Standard.

RAIN BRAKE SUPPORT

When the windshield wipers have been activated, it pulses the brake pads closer to the spinning rotors — helping keep the rotors and pads dry for greater control and operator security. Standard.

ADAPTIVE CRUISE CONTROL⁹

Automatically adjusts cruising speed to maintain a preset distance between your vehicle and the one ahead. Available.

FORWARD COLLISION WARNING⁹

Radar sensors detect when the vehicle may be approaching an object too rapidly, alerting the driver with both an audible chime and a visual warning. Available.

PARK-SENSE[®] REAR PARK ASSIST⁷

When in Reverse, sensors detect the presence of objects within 1.83 metres (6.5 feet) in the backup pathway and provide both an audible chime and a visual warning. Available.

SEVEN STANDARD AIR BAGS¹⁰

Advanced multistage driver and front-passenger air bags, supplemental side-curtain air bags, supplemental front-seat side air bags and driver's knee blocker air bag all provide enhanced protection in the event of an impact. Standard.

READY ALERT BRAKING

Utilizes intelligent software connected to the brake pedal and system. It can sense the rate of pressure on the brake pedal and, when it senses an emergency stop, it instantly applies the greatest possible pressure to the brakes, stopping the vehicle in the shortest time possible. Standard.

CHARGER SRT.® Its driver must be passionate about the drive, live for tight corners and long for vast straightaways. The intimidating front and rear styling, side sill trim, 20-inch split-spoke aluminum SRT design wheels with Black painted pockets, unique body-colour spoiler and enormous twin four-inch round dual-exhaust pipes ensure Charger SRT stands out in a crowd.

A leather-wrapped, flat-bottomed steering wheel features a unique satin chrome rim section and palm rests. Other SRT features include heated and ventilated sport-bolstered, leather-faced front seats with perforated suede inserts, special bolstering on door panels, carbon-fibre weave aluminum interior accents, and a standard five-gear paddle shifter.

Drivers can keep track of their stats with exclusive SRT Performance Pages displayed on the Uconnect™ 8.4 multimedia centre, which can be customized to view driver preferences, provide instant feedback on steering input, horsepower and torque, as well as additional info like g-forces and 0-100 km/h, 100 km/h-0 braking and 400-metre (1/4-mile) times!¹ Even the sound system exudes amped-up attitude with a harman/kardon® 900-watt amplifier and 19-speaker surround sound.

The three-mode Adaptive Damping Suspension featuring Sport, Track and Auto modes uses a wide range of on-road and driver inputs to automatically tune the suspension for the specific condition. The four-wheel disc antilock brakes are outfitted with vented rotors and four-piston Brembo® calipers for even clamping. Air ducts integrated into the front fascia help reduce brake temperatures.

Charger SRT® in Bright White.

POWERTRAIN

- 3.6L Pentastar™ Variable Valve Timing (VVT) V6 with 5-speed automatic transmission (23G)
- 3.6L Pentastar VVT V6 with 8-speed automatic (28G)

INTERIOR AMENITIES

- Premium cloth seats
- Power 6-way driver's seat
- 60/40 split-folding rear seat with armrest and cup holders
- Uconnect™ 4.3 with 4.3-inch touch screen and six speakers
- Auxiliary input jack and remote USB port for mobile devices
- Acoustic windshield and front-side glass
- Steering wheel-mounted cruise and audio controls
- Tilt/telescoping steering column
- Power windows, front one-touch up/down
- Illuminated front cup holders and rear assist handles
- Rear cargo net and front and rear floor mats
- Front full-length floor console
- Rearview day/night mirror
- Sun visors with illuminated vanity mirrors
- Power exterior mirrors; manual folding
- Air conditioning with dual-zone temperature control and air filtering
- Custom-defined, colour Electronic Vehicle Information Centre
- Power trunk lid release
- Front and rear reading/courtesy lamps
- 12-volt power outlet in centre console
- Outside temperature display

EXTERIOR FEATURES

- 17-inch aluminum wheels
- P215/65R17 BSW All-Season Michelin® tires
- Dual exhaust with bright tips
- Automatic, halogen headlamps with black headlamp surround
- Body-colour exterior mirrors and door handles
- Black grille with bright surround
- Capless fuel filler with remote door release
- Centre High-Mounted Stop Light
- Engine block heater

SAFETY & SECURITY

- Electronic Stability Control (ESC)⁵ with Hill Start Assist and All-Speed Traction Control
- Four-wheel disc antilock brakes
- Brake Assist, Rain Brake Support and Ready-Alert Braking
- Reactive front head restraints⁶

PACKAGE DETAILS //

CONNECTIVITY GROUP

- Leather-wrapped steering wheel and shift knob
- Auto-dimming rearview mirror with microphone
- Hands-free communication⁴ and Bluetooth® streaming audio

BLACKTOP PACKAGE

- Sport cloth seats (SXT)
- Sport leather-faced seats (SXT Plus and R/T)
- Gloss black grille with black honeycomb inserts
- Beats Audio™ with 10 speakers and 552-watt amplifier
- 300 hp vs. 292 hp (SXT and SXT Plus)
- Performance suspension
- 20-inch Black aluminum wheels
- P245/45R20 BSW All-Season Performance Firestone® tires
- Steering wheel-mounted shift control, Sport mode 2
- Rear body-colour spoiler
- 3.06 rear axle ratio, high-speed engine controller (R/T only)
- 215-mm rear axle
- Ventilated front seats (SXT, SXT Plus)

CONVENIENCE GROUP II

- Remote start system
- Air conditioning with automatic dual-zone temperature control
- Universal garage door opener¹²
- Humidity sensor
- Park-Sense® Rear Park Assist System⁷

SUPER TRACK PAK

- Three-mode Electronic Stability Control⁵ (ESC)
- Heavy-duty four-wheel disc antilock brakes
- Performance steering and sport suspension
- P245/45ZR20 BSW Goodyear® Performance tires

DRIVER CONFIDENCE GROUP

- Power-heated mirrors, manual folding
- Rain-sensing windshield wipers
- Auto-dim exterior driver's mirror
- Exterior mirrors with courtesy lamps, auto-adjust-in-Reverse
- Low-beam HID headlamps with automatic high-beam control
- Memory for radio, driver's seat and exterior mirrors
- Centre High-Mounted Stop Lamp
- Park-Sense Rear Park Assist System⁷
- ParkView® Rear Back-up Camera⁷
- Blind-Spot Monitoring⁶ and Rear Cross-Path Detection⁷

ADAPTIVE CRUISE CONTROL GROUP

- Adaptive Cruise Control⁹ with Forward Collision Warning⁹
- Heated/cooled front cup holders
- Heated steering wheel (R/T AWD only)

8.4-INCH PREMIUM AUDIO GROUP

- 6 premium speakers and 276-watt amplifier

DRIVER CONVENIENCE GROUP

- Sport perforated leather-faced seating and ventilated front seats
- Auto-dimming exterior driver's mirror
- Power-heated mirrors, manual folding
- Memory for radio, driver's seat and exterior mirrors
- Auto-adjust-in-Reverse exterior mirrors
- Power tilt/telescoping steering column
- Power-adjustable pedals with memory

RALLYE REDLINE APPEARANCE PACKAGE (RWD MODEL)

- 300 hp
- 20-inch Black Chrome aluminum with red lip/backbone
- Performance-tuned suspension
- Sport seats
- Rear body-colour spoiler
- Beats Audio System
- Sport-tuned dual exhaust
- Cold-air induction
- Steering wheel-mounted paddle shifters
- Sport mode

RALLYE GROUP

- Sport cloth seats (SXT)
- Sport leather-faced seats (SXT Plus)
- Beats Audio with 10 speakers and 552-watt amplifier
- 300 hp vs. 292 hp
- Performance suspension
- 20-inch chrome-clad aluminum wheels
- P245/45R20 BSW All-Season Performance Firestone tires

WARRANTIES: 2014 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres.* Rust-through coverage on all body sheet metal is for 3 years. The Cummins® Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.* The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance!

*Whichever comes first. Some conditions may apply. †The 5-year/100,000-kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

SERVICE CONTRACTS: Chrysler Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Chrysler Canada Service Contracts offer extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram Retailer, call 800-465-2001, or visit chryslercanada.ca/owners

DISCLAIMERS: 1 Based on 2013 *Ward's* Large/Regular Car Segmentation. 2 Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca 3 Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 4 Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 5 No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 6 Always check visually for vehicles prior to changing lanes. 7 Always check entire surroundings before manoeuvring your vehicle. 8 Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 9 This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 10 The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 11 Drive Responsibly. Always obey the rules of the road. 12 Not compatible with all garage door openers.

100 YEARS OF **DODGE**

One hundred years ago, the first Dodge vehicle was introduced ... and the roads have never been the same since. Dodge was, and still is, a brand that stands for standing out. A brand with the inherent belief that your vehicle should move you in more ways than one. This is Dodge.
