Can you think of a better way of traveling overseas and making your souvenir part of an unforgettable experience?

1927 saw the birth of the first Volvo car. It also marked the first solo flight across the Atlantic Ocean when Swedish descendant Charles Lindbergh and his Spirit of St. Louis captured the imagination of America. Now we would like you to imagine yourself on a flight (much more comfortable than Lindbergh's) to Europe to pick up your new car, compliments of Volvo.

"Cars are driven by people. The guiding principle behind everything we make, therefore is – and must remain – safety" (Gustaf Larson and Assar Gabrielsson, Volvo's founders). These days we are driven by other things too; innovative technology, beautiful design, environmental care, quality. All to ensure we build great cars.

ON THE ROAD TO NEW ADVENTURES AND DISCOVERIES

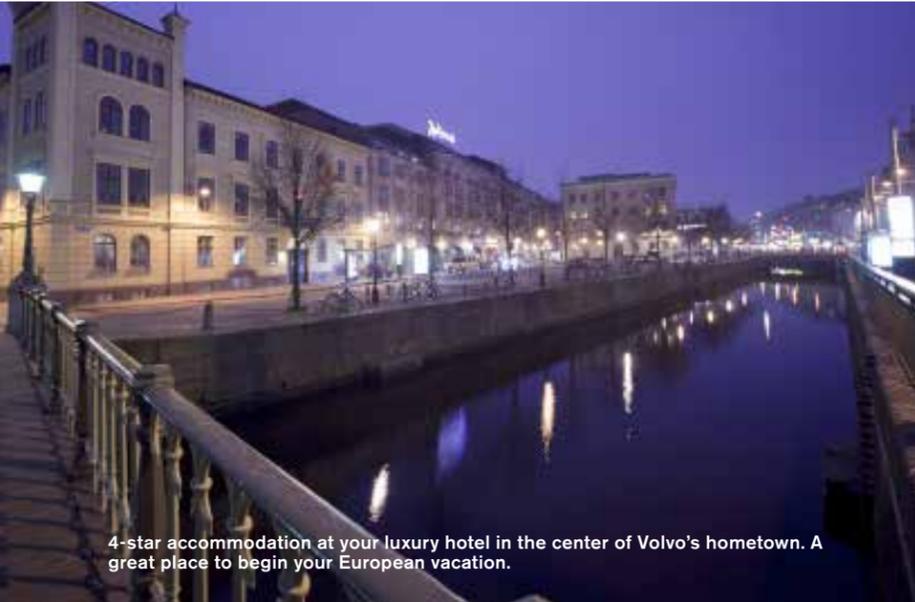

Breathtaking natural beauty. From Nordic fjords and majestic Alps to Mediterranean beaches, lush vine districts, unspoiled lakes and forests. Historic heritage evident everywhere. Fabulous winter and summer sports. Great art and music. Paris, London, Stockholm – and a host of other vibrant and exciting cities.

Now you can experience it all. At your own pace, in your own Volvo.

Gothenburg, Sweden is an ideal starting point for a tour of beautiful Scandinavia, continental Europe or the UK. But you can also begin your adventure from a number of other delivery locations across the European continent.

And when it's time to return to the USA, simply drop-off your Volvo in Gothenburg or any other official drop-off location. We'll take care of all the shipping arrangements.

Pick up your new custom-built Volvo at any of our official delivery locations. For a complete list please visit: www.volvocars.us/mybagsarepacked. Please note: additional charges apply for drop-off and delivery at other locations than Gothenburg.
