Winston-Salem H.O.G. Monthly Journal 2011

- Sun. April 3rd Marc & Patsy Leonard started selling Freedom Memorial Wall raffle tickets at Smokin' H-D.
- The first Road Captains' Ride for the 2011 season was led by Don Adams & Dave Nicholetta and had 6 bikes & 8 riders. They rode to the Radford General Store to eat their famous fried bologna sandwiches.
- Mon. April 4th The Winston-Salem H.O.G. Chapter had it's monthly meeting.
- Thurs. April 7th Smokin' H-D & Freeborne's had a huge Bike Night.
- Fri. April 8th Jerry Wells was a long-time member of the W-S H.O.G. Chapter. He passed away on Tuesday April 5th, 2011. On Thursday April 7th, Jerry's family & friends received several H.O.G. members at Salem Cremations & Funerals. On Friday April 8th, 25 W-S H.O.G. Chapter members, on their motorcycles, led Jerry's funeral procession behind his long-time friend, Freeman. Zack Lancaster, son of Doc Lancaster, presented the family with the American flag for his years of service.
- Sat. April 9th Several H.O.G. members practiced riding on the BB&T field for the Dash pre-game to be held Friday April 15th.
- Sun. April 10th Cheryl Hughes submitted the following: "My first ride as a Road Captain turned out to be a huge success. At first the weather looked questionable. There was a dreary overcast, and it was a little cool. At 1:15 PM, I had approximately 6 bikes. Then the bikes started rolling in. And the sun was breaking through the clouds. I ended up with 16 bikes and 18 riders. I led the riders out of Smokin HD to Hwy 158E, on to 220N into Virginia, with Dick bringing in the rear. In Virginia, we picked up US 58E and took it into Danville. I had searched the web when I was planning the ride to try to find somewhere good to eat in Danville that wasn't a chain restaurant. I found the restaurant called "The Checkered Pig" which had been featured on the Food Network, and had won numerous trophies for their ribs and bbq. It turned out to be a winner. Everybody enjoyed the food. Not bad for taking a leap of faith. When we came out of the restaurant, the weather had warmed up, and most of us had to come out of our leather jackets. I led the group to US 29S out of Danville, and then onto Hwy 158W, which we followed on in back to the dealership. I don't think I could have asked for anymore. We had great weather, great food, and great riders. I don't think we could have had a more perfect ride. Thanks to all my riders who made it look easy."
- Thurs. April 14th Don Adams rode in the funeral procession for Kenneth Wood's brother, Bobby Eugene Wood. He served in the Air Force from 1955 to 1959. He was an aircraft mechanic from 1955 to 1990 & worked on experimental aircraft. Mr. Wood was laid to rest in Mocksville.
- The Ladies of Harley had their monthly meeting at the Ham's in Kernersville. Please read about it in the L.O.H. section.
- Smokin' H-D had Bike Night, along with Freeborne's.
- Fri. April 15th Jesse Stigall & "Bolt" (the mascot for the Dash), led 20 bikes around the BB&T ball field for the W-S Dash while Dash staff rode as passengers & threw out t-shirts. They were shown on the big screen, excited the fans & revved up their engines when the players were being introduced.

Winston-Salem H.O.G. Monthly Journal 2011 (cont'd)

Sat. April 16th Pat Kelly & Don Adams were at Smokin' H-D at 6:00 a.m. in the wind & driving rain to gladly go to PTI airport to see our WWII veterans off to Washington, D.C. for the Flight of Honor. Guy Maffett was a flight director on this trip. Pat Kelly & Joe Womack were back at Smokin' at 6:00 p.m. to go to PTI airport for the veterans' return. Steve & Janice Pegram and Jeff & Cassandra Rauhauser were at the airport, but the flight was delayed until 11:00 p.m. because of bad weather.

Sun. April 17th Ozzie Scofield & Peter Colvill left Smokin' at 8:30 a.m. with 7 bikes & 9 riders for the Blue Ridge Bike Fest in Roanoke, VA. 4 more H.O.G. members left at 9:30 a.m.

Submitted by Cheryl Hughes: "Where were you Sunday, April 17th? If you weren't at Smokin' H-D Demo Rides, you missed a great time. The rides were originally planned for Saturday, April 16th, and Sunday, April 17th. With all the bad weather on Saturday, no rides went out. But Sunday was a different story. It was a huge success due to the organization of the event by Dick Hughes, and all the other volunteers. They kept us on track, and all the rides went on without any problems. We had a full day, with 15 rides going out, one about every 30 to 45 minutes with seventeen (17) 2011 Harleys, not counting the road captains. I saw a lot of grinning faces going out on bikes, and even bigger smiles coming back. I was pleasantly surprised at all the people that showed up for the event, or just stopped by Smokin HD on such a beautiful riding day. A big thank you goes out to our fearless leader, Dick Hughes, and to Pat Kelly, Betsey Kelly, Dave Nicoletta, Mary Nicoletta (the most popular lady out there since she was the one who handled the scheduling of all the bikes), Patty Cole, Steve Cole, Marc Leonard, Charlie Ball, Cassandra Rauhauser, Jeff Rauhauser, Joe Womack, Robert Tayloe, Travis Leonard, Tommy Young, and Steve Pegram, for all their hard work. Without them, this couldn't have been pulled off. I am sure that Smokin HD appreciates all that we did to help, as we appreciate them." In addition to the 108 demo bikes going out, there was a stationary bike called the "H-D Jumpstart Experience". We were told this normally doesn't attract many people, but with the sweet & patient nature of Cassandra & Jeff Rauhauser and Janice Pegram, 18 people tried shifting gears & riding a Harley for the 1st time. From their expressions, they got the H-D fever!

Thurs. April 21st Smokin' H-D & Freeborne's Bike Night.

Mon. April 25th Lee Murray held his safety course for W-S H.O.G. members. Several people participated in riding the course while others watched.

Photo Tip for the Month:

For the best pictures it may be time to upgrade your media card to a class 6 or class 10 card. For example if you use a SD card and it is a older one it will write your photos slower and will be slow for shooting video with your new camera. To get the most out of your HD photos and video change your card it is worth the money.

Remember if you are at the rallies or on a trip this year, I welcome your pictures. You can burn me a cd or send them to toppingbruce@yahoo.com.

Have fun and ride safe.

New Member Road Captain's Corner

Anyone wishing to get together and ride during the week email me or give me a call. There are several retired guys that ride a lot during the week. We usually get together on Fridays for a "lunch ride".

Group Riding Tip

Group riding requires an extreme level of awareness and concentration. Clear your mind of distractions and strong emotions (anger, frustration, etc.).

Know your limits and ride within them; never ride above your abilities.

- Mental
- Physical
- Motorcycle
- Environment
- Experience level

Come to the ride prepared.

- Arrive with a full tank of gas and an empty bladder
- Bring appropriate riding gear for the expected range of conditions

Maintain a constant speed. This helps prevent the "rubber band effect."

Always ride in a tight but courteous staggered formation or single-file line.

Your eyes should be watching a few bikes up the road from you, not fixed on the bike directly in front of you.

Always look at least 4 seconds ahead.

Riding side by side is very dangerous and against the law in many states.

The only time bikes are to be side by side is when the group is stopped at an intersection.

Never come up on the motorcycle in front of or beside you.

In a staggered or single-file formation, do not pass the bike in front of you.

If an exit is missed, stick together as a group, proceed to the next exit, then return to the correct exit.

When in a curve, the rider on the outside of the curve is required to give room to the rider on the inside of the curve, in case the inside rider has to use the full width of the lane to safely negotiate the curve.

Activity Director's Corner

I need to hear no later than Monday, May 2, if you are planning to ride the Motorcycle Museum Marathon to: (1) the American Motorcyclist Association Hall of Fame in Pickerington OH; (2) the Harley-Davidson Museum in Milwaukee WI, and; (3) the National Motorcycle Museum in Anamosa IA. We will leave Smokin' early on Wednesday, June 1, and be back in Winston Salem late on Sunday, June 5. This 2,300 mile tour will allow you to document many points for the HOG ABCs of Touring competition including brief stops at the H-D home office and the Pilgrim Road factory. Our time in Anamosa will allow us to participate in the Heritage Rally, bike show and swap meet associated with the Museum. Please email me or call me at 336-775-7259 before the deadline. I will be happy to share with you contact information for the motels so you can book accommodations. Complying with this sign-up deadline is essential so that I can make proper arrangements with personnel at each museum to maximize the value of our visits. I will be happy to answer your questions about the trip and discuss it with you at any time.

Please remember that there will be no formal membership meeting in May because the Ladies of Harley are having an exciting fund raiser at Kernal Kustard on our usual meeting date to fund their Horizons Center goal.

Editor's Corner

The Harley-Davidson Museum® invites you to live the legend. _Whether you've been a rider for a week, a month, a year, or a lifetime, you are part of the Harley-Davidson family. As a H.O.G.® member, you know how important the spirit of connection is to our heritage – a heritage built upon the individual stories, passion, and experiences of each rider, dealer, and friend. After all, our stories, passion and experiences form the very connections that make Harley-Davidson what it is.

The Harley-Davidson Museum, in Milwaukee, Wisconsin, has a unique way for everyone to tell their stories and share their experiences through Living the Legend™. Living the Legend showcases the spirit of camaraderie that is so important to our heritage. Stainless steel rivets, symbolizing strong bonds, can be customized with your name and a personal statement. The rivets are displayed for the world to see on either curved steel walls or special plazas on the park-like grounds of the Harley-Davidson Museum.

"We've chosen the rivet as a symbol of strength and connection," said Stacey Schiesl, Director of the Harley-Davidson Museum. "Rivets connect everything from I-beams to blue jeans, and represent the strong bonds forged within our Harley-Davidson family." All members of the Harley-Davidson family can create a Living the Legend rivet. Individuals can choose to customize a three-inch or six-inch rivet. The three-inch individual rivets are \$250 and are displayed on curved steel walls on the Museum grounds. The six-inch rivets – created by dealers, H.O.G. chapters, suppliers, friends, and others – are \$1,500 and are displayed within the special plazas on the Museum grounds.

The rivets are made from tough, electro-polished stainless steel, and are displayed outside; taking on whatever nature throws at them. These rivets are built to last another 105 years!

The Living the Legend walls and plazas display thousands of stories, experiences, and connections among Harley-Davidson motorcycle riders, dealers and friends, and will be a favorite destination of Museum visitors for years to come.

Rivets can be purchased online by visiting www.h-dmuseum.com/livingthelegend or via phone by calling 1-877-HD MUSEUM (1-877-436-8738).

Winston-Salem H.O.G. Chapter #2619

LOH & Kernel Kustard Join Forces

On May 2nd at 7pm the regularly scheduled H.O.G. Chapter meeting will not be held in lieu of holding a special fund raising social at Kernel Kustard located at Hanes Mall Boulevard in Winston-Salem. All members are invited to meet at Smokin H-D, kick stands up at 6:30pm. Cassandra Rauhauser will be leading the ride to Kernel Kustard or you may ride directly to the venue. We are asked to park in a special area to show off your bikes, as a reward Kernel Kustard will be giving all riders a free custard dessert. There will be a \$1 raffle held for some exciting prizes and Kernel Kustard pledges to donate 10% of the day's proceeds to the LOH Horizon Park fund. Come early, enjoy a delicious Chicago style sandwich, stay to socialize, and get your FREE custard.

May, Women Riders Month 3 rides planned

To celebrate Women Riders Month, LOH has three exciting rides planned. The first will be a short ride from Smokin H-D to the famed Bowman Gray stadium for \$1 Ladies Night. We will meet on Saturday May 7th, kickstands up at 6:00 pm to enjoy a night of modified racing and a special treat, demolition derby. The second ride will be to participate in the annual H.O.G. Women Riders Day Saturday May 14th, kickstands up at 11:00 am leaving from Smokin H-D. This ride will feature a leisurely ride through Forsyth, Davie, Surry and Stokes counties stopping at Snook's Old Fashion Bar-B-Cue in Advance for lunch. The third ride will leave Smokin H-D on Sunday May 22nd. This ride will be led by Cassandra Rauhauser and Tommy Young, kickstands up at 1:30 pm. As always LOH invites all members to all LOH events.

Harley Davidson Quilt

Time is drawing near; LOH needs your gently used Harley Davidson t-shirts for its unique Harley Davidson quilt which will be raffled off during the late summer and fall months. Please consider donating a shirt or two to this worthy cause which will benefit Horizon Park.

LOH "Change for Horizons" campaign

So far the Change for Horizons campaign looks to be a huge success. Several group members have already submitted a jar full of change, and have elected to keep the jars to fill again and again. We encourage you to pick-up a jar, place it in a convenient place within your home and daily drop a few coins into the jar. When it is full, return the jar and the change will be added to the LOH Horizon Park fund. This really is change you can believe in.

LOH Evening Out

For the April Evening Out, a small group met at Ham's in Kernersville for good food, good fun and lots of jokes. The conversation was relaxing, yet fun, spirited and lively. The May Evening Out event will once again be held at the Marion O'Brien's home on May 17th at 6:30 pm. She is graciously opening her home for the first covered dish Evening Out event. After the dinner we plan to wrap coins from the Change for Horizons campaign and also layout the design for the Harley Davidson quilt. Please see Cassandra or Marion for directions. This is an event you don't want to miss.
