

## "HAIL DAMAGE NOTICE"

Hail damage is classified as an "Act of Mother Nature" and it simply is out of your control and ours. In the event a hail storm passes through our area and your vehicle would sustain additional damage from the storm you would be required to file an additional claim with your insurance company.

Should you have any questions please speak with your estimator. Thank you for your business and we look forward to providing you a "Great Repair Experience"!

## Thank You
