Benefits of Becoming an Auto Technician

COLLEGE NOT FOR YOU?

TRAINING THE NEXT GENERATION

*2019 NADA Workforce Study. FCA US LLC figures.

*Earning potential is 100K+.

The narrative of what success looks like has changed greatly. Technicians not only make a good living but their salary only increases with career growth. Since not everyone desires a four-year degree, discovering the many opportunities available to one of our graduates is worthwhile.

Automotive Student Service Education Training

- ▶▶ **CERTIFIED INSTRUCTORS** ▶▶
- ▶▶ **LOWER TUITION RATES**
- DEALER SPONSORED** ▶▶
- ▶▶ **PAID CO-OP EXPERIENCE**

GM ASEP students pay only a third of the normal tuition cost for a college student.

Paid in-dealership rotations.
Each 8 to 12 week on-campus session is followed by an 8 to 12 week in-dealership session at student's sponsoring dealership.

Students can complete the program with a certificate or an associate degree within 12-24 months.

Students receive real-world training both in the classroom and on the job!

GM ASEP graduates receive an Associate Degree of Applied Science and guaranteed full-time employment from their sponsor!
