

Innovation
that excites

2014 **LEAF[®]**

Zero Emission

WELCOME TO THE 2014 100% ELECTRIC NISSAN LEAF[®] DIGITAL BROCHURE

Full of images, feature stories, and all the specification, trim level
and charging information you need to help select your 100% electric LEAF[®].

[Click here](#) to sign up for news and updates on the 2014 Nissan LEAF[®].

START YOUR DAY WITH ALL ENERGY, NO EXHAUST.

You can wake up fully charged, and get where you're going with no gas, no tailpipe, no emissions.¹ Nissan LEAF[®] is the world's first mass-market all-electric vehicle, and it's quickly becoming what people depend on as their primary car. An impressive 126 city MPGe² makes a world of a difference in your wallet. And of course, fewer parts under the hood means less maintenance, so you'll save on more than just gas. With all the comforts of a conventional car and the innovation Nissan is known for, LEAF[®] makes going electric an everyday reality.

¹For tailpipe emissions. ²2014 EPA Fuel Economy Estimate 126 city, 101 highway. Based on EPA formula of 33.7 kW/hour equal to one gallon of gasoline energy, EPA rated the LEAF[®] equivalent to 126 MPG measured as gasoline fuel efficiency in city driving, and 101 MPG in highway driving. Actual mileage may vary with driving conditions — use for comparison only. 2014 EPA range of 84 miles.

**“We have absolutely no idea
what the price of gas is.”**

– Shannon | Windermere, FL

“We wake up every morning to a full charge and never run out... We only go to the gas station to clean the windshield.”

– Daniel | Marina Del Rey, CA

“The car is saving me tons of money on gas and maintenance, and electric costs are minimal.”

– Ken | Mesa, AZ

PEOPLE EVERYWHERE ARE TALKING ABOUT THE LEAF®.

Over 35,000 drivers across the country have made LEAF® part of their daily lives. And the love for LEAF® has gone global. In fact, it's the best-selling electric car in the world, with over 82,000 global owners and over 580 million gas-free miles driven. Go to bit.ly/leafreviews to see what owners are saying about their LEAF®.

“I bought my LEAF® as an experiment as a second car. I now drive it 95% of the time.”

– Jim | Seattle, WA

REMEMBER WHEN DRIVING FELT EXCITING AND NEW?

WELCOME BACK.

100% torque off the line and seamless acceleration bring a fun, new kick to your everyday to-do list. The LEAF®'s low center of gravity means curve-hugging and easy control in the driver's seat. Whether you're on the freeway, running errands or getting from point A to point B, getting into your Nissan LEAF® will become one of your favorite parts of the day.

Nissan LEAF® SV shown in Pearl White with optional equipment.

SAY HELLO TO YOUR FILLING STATION.

All you have to do is plug it in like your laptop or mobile phone. “Fill up” at home and you’re good to go for 84 miles.¹

For charging, you’ve got options:

Normal Charge:

Your home charging dock will be your primary charging station, but you may also be able to charge at work and public stations. With the 240-volt home charging dock, LEAF[®] SV and SL charge in as little as 5 hours, while the S trim charges in about 8 hours – or in as little as 5 with the available S Charge Package.²

Quick Charge:

This available feature allows you to plug in at a DC fast-charge station, and reach 80% charge in about 30 minutes.² Ideal for when you’re out and about and want to top off your charge.

Opportunity Charge:

Nissan LEAF[®] comes with a 110/120-V opportunity charge cable. Although the rate of charging is slow, this allows you to access charging anywhere there is a suitable outlet.³

Public Charge Availability:

We’re working with government and private companies to develop a wide public charging network. Approximately 20,000 public charging stations will be in place by 2015.⁴

Click this link

<http://Nissan.chargepointportal.net/external/nissanmap/> to find a ChargePoint[®] station near you.⁴

Click here to learn about installation of your 240-volt home charging dock.

Quick Charge

Normal Charge

Click the button to see a short video on how to get your home charging dock installed. Or go to bit.ly/leafdock

¹2014 EPA Fuel Economy Estimate 126 city, 101 highway. Based on EPA formula of 33.7 kW/hour equal to one gallon of gasoline energy, EPA rated the LEAF[®] equivalent to 126 MPG measured as gasoline fuel efficiency in city driving, and 101 MPG in highway driving. Actual mileage may vary with driving conditions — use for comparison only. 2014 EPA range of 84 miles. ²Approximate time, with available 240-V home charging dock, purchased separately. ³Use only a 110-120 volt, 15 amp dedicated outlet for charging. ⁴ChargePoint[®] charging network is a third party not within Nissan’s control. Availability/accessibility of charging stations is not guaranteed.

EFFICIENCY, CELEBRATED.

Packing power.

LEAF®'s compact lithium-ion battery is twice as powerful and half the weight of nickel-metal hydride batteries used in traditional hybrid cars. Its arrangement in the floor of the vehicle means interior roominess and even more cargo space in the 2014 model.¹

Generate energy while you drive.

Every time you slow down, the regenerative braking system stores that energy in the Nissan LEAF® battery. That means your car charges anytime you brake.

Never be a drag.

LEAF® is aerodynamically designed to keep wind resistance down and efficiency up. A drag coefficient of 0.28 is something to celebrate. Low-resistance rolling tires also come standard, and reduce the vehicle's energy output.

It's easy to see the bright side.

Available LED low-beam headlights use half as much energy as traditional headlights. Plus, they're aerodynamically designed to maximize efficiency.

How does a solar-powered radio sound?

Like music to your ears. The photovoltaic solar-panel spoiler (SL trim only) converts sunlight into energy. It helps power your A/C, your 12-volt outlet and your stereo.

BATTERY LIMITED WARRANTY²
100,000 MILES
8 YEARS

The comprehensive Nissan LEAF® lithium-ion battery limited warranty also protects against capacity loss below 9 bars of capacity (out of 12) as shown on the LEAF®'s capacity gauge for a period of 5 years/60,000 miles (whichever occurs first).²

¹Cargo and load capacity limited by weight and distribution. Always secure all cargo. ²The limited Nissan LEAF® lithium-ion battery warranty includes coverage for defects in materials or workmanship for 8 years/100,000 miles (whichever occurs first) as well as protection against capacity loss below 9 bars of capacity (out of 12) as shown on the LEAF®'s capacity gauge for a period of 5 years/60,000 miles (whichever occurs first).

A FULL DAY ON A FULL CHARGE.

On average, Americans drive less than 33 miles a day.¹ Nissan LEAF[®] gets you 2 ½ times that on a single charge.² Just plug it in to charge overnight, and in the morning you'll be ready to go.

8am | **Fully charged.**
Start off comfy with available remote climate control (a great way to help extend range).

8:30am | **Drop the kids off.**
Plenty of room with seating for five.

9am | **Arrive at work.**
Single-occupancy carpool access is always a perk.⁴ Zoom ahead with instant torque.

5:30pm | **Errand time on Eco Mode.**
Get to-do list done as efficiently as possible. Stop-and-go traffic is your friend with regenerative braking.

7pm | **Family night out.**
Check range, grab the kids and head out.

9pm | **Home, sweet home.**
Rest easy with scheduled off-peak charging.

Check out your savings in gas.
At this rate, you might start a whole new savings account.

AVG. SAVINGS	AVG. SAVINGS	AVG. SAVINGS	AVG. SAVINGS
\$9.30	\$62.25	\$282.75	\$3,393
PER DAY	PER WEEK	PER MONTH	PER YEAR ³

Above calculations are based on driving an average of 84 miles per day.

Calculate your savings:
http://www.nissanusa.com/leaf-electric-car/savings-calculator?next=model.overview.leaf.savings_calculator.button

¹U.S. Department of Transportation Federal Highway Administration, 2011. ²2014 EPA range of 84 miles. Actual range may vary. Use for comparison only. ³Your Annual Gas Savings is the result of Daily Savings multiplied by the number of days in the month (30) and the number of months per year (12). Daily Savings is the Nissan LEAF[®] Daily Cost (miles driven daily/Nissan LEAF[®] MPG, multiplied by MPG) subtracted from Daily Cost (miles driven daily/MPG, multiplied by the cost of gas). Your actual gas savings will vary due to a number of factors, including driving conditions, vehicle maintenance, and changes in energy costs. ⁴HOV access varies by state. Please consult state laws for eligibility.

TALK TO YOUR LEAF® – IT'S LISTENING.

- find a charging station¹
- get the latest traffic reports³
- learn your drivable distance²
- activate climate control remotely
- start or stop charging
- see how you rank in energy consumption
- check battery status from your phone or computer

FROM YOUR SMARTPHONE.

With the available CARWINGS® app, you can connect to your LEAF® to start and stop charging, access climate control, see your driving range and get alerts and updates.⁴

CARWINGS® is a telematics system that lets you connect with your Nissan LEAF® using web-enabled devices, like your smartphone, iPad® or computer. The app is a great way to keep tabs on your LEAF® and take care of some functions remotely.⁴

FROM YOUR COMPUTER.

In addition to all that you can do from your phone, log into your CARWINGS® account online to learn your driving history, plan your route and even see how your driving efficiency ranks among other LEAF® owners.⁴

¹Availability/accessibility of charging stations not guaranteed. ²Mileage estimates only. Range will vary depending upon driving/charging habits, speed, conditions, weather, temperatures, and battery age. ³Required SiriusXM® Satellite Radio, NavTraffic® and NavWeather® subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic® available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2013 Sirius XM Radio Inc. Sirius® XM® and all related marks and logos are trademarks of Sirius XM Radio Inc. ⁴SV and SL models only. CARWINGS® requires compatible 2G GSM/GPRS cellular network provided by AT&T. 2G cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's control. AT&T has announced that on December 31, 2016,

AT&T will terminate 2G network availability. Like other devices that rely on 2G network coverage, once the 2G network is terminated, CARWINGS® will not function unless equipment replacements, upgrades, or alternative 2G network coverage are available at that time, which Nissan cannot guarantee. Nissan not responsible for associated costs that may be required for continued CARWINGS® operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Certain remote functions require compatible smartphone, not included with vehicle. CARWINGS® subscription service requires owner consent to activate and may require purchase. See dealer for details. Standard text rates and/or data usage may apply to CARWINGS® communications received by email or SMS/text message. Terms and conditions of Subscription Agreement apply. iPad® is a registered trademark of Apple, Inc. All rights reserved. iPad® not included.

A DASH WITH A WHOLE LOT TO SAY.

Wouldn't you like to see just how much energy you used while driving? LEAF® tells you this and more – everything you need to know about range management and energy consumption, all from your dash. So you can get the most out of every charge.

Nissan LEAF® SV shown in Light Gray Cloth with optional equipment.

RANGE MANAGEMENT MADE EASY.

When you have the right tools, optimized range and conscientious driving come naturally.

Eco Drive Indicator:

Ever thought of growing your own forest? Watch the virtual trees appear in response to your efficient driving. Happy growing.

Eco Mode:

Switch to Eco Mode for your most efficient power usage. It can improve range up to 10% in certain conditions, by limiting motor output, increasing regenerative braking and cutting back on climate control.

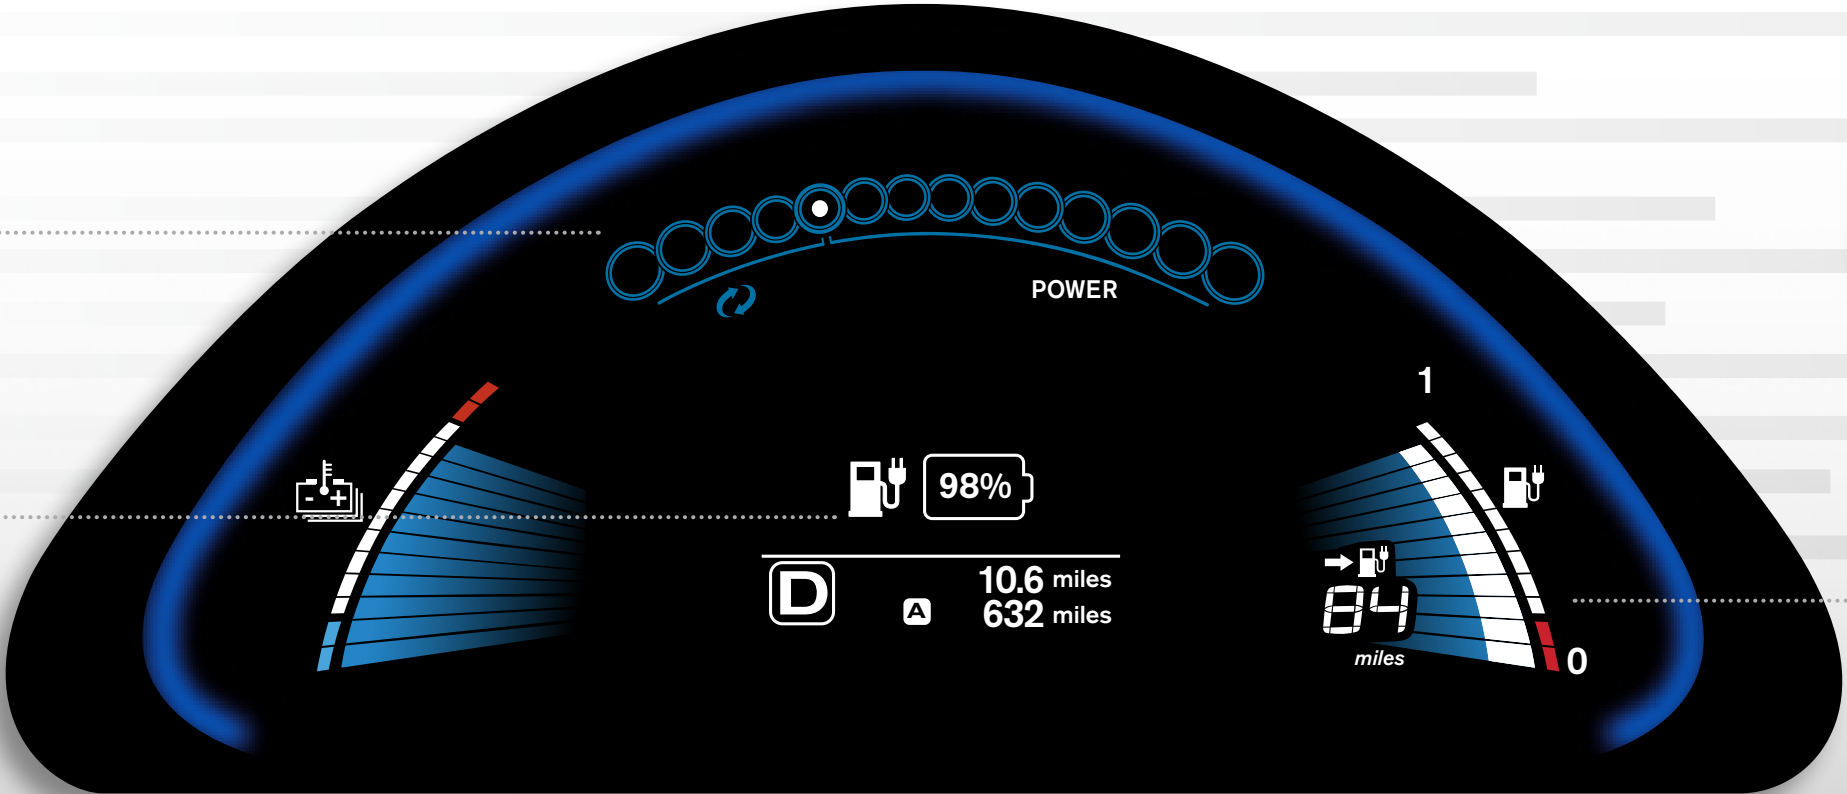

Driving Range and Nearby Charging:

Press the available Zero Emissions button to look up the most economical route, see a radius of your driving range and find nearby charging spots.¹

Power Meter:

Keep an eye on your power consumption. Lights tracking left or right show how much power you're using – or generating, thanks to LEAF's regenerative braking system.

Remaining Battery Charge:

You'll always know exactly how your battery is doing. Which means you'll always know when it's time to start or schedule charging.

Estimated Range:

How many miles remain in your driving range? Easy, this meter updates regularly based on power use and your driving style.²

¹Availability/accessibility of charging stations not guaranteed. ²Mileage estimates only. Range will vary depending upon driving/charging habits, speed, conditions, weather, temperatures, and battery age. The driver's display shown does not show default screen settings.

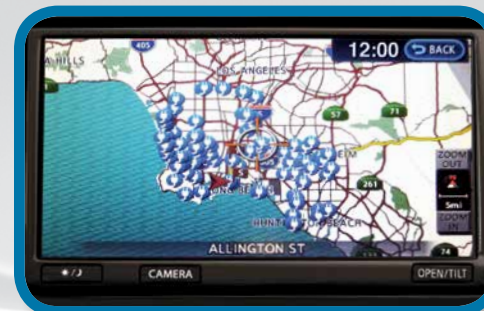

ONE SCREEN DOES IT ALL.

Please refer to Features and Specifications for availability of all the features shown here.

NISSAN AROUND VIEW® MONITOR: INNOVATION THAT SEES THE BIG PICTURE.

How often have you wished that parallel parking was easier?

A standard RearView Monitor is great when backing up² – but when it comes to parking, it's nice to see more than just what's directly behind you. That's why LEAF® offers the available Around View® Monitor.¹ Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.³ Now that's smart.

¹Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ²Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ³Virtual composite 360° view.

Don't bump your nose.

In Drive, the display gives you both a front and overhead view, so you can pull all the way into your spot (or garage) – but not too far.

CAMERA

1

CAMERA

4

CAMERA

2

Don't scratch your wheels.

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

CAMERA

3

Look out below.

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with shorter objects otherwise hidden below your window.

LOOKS GOOD, SOUNDS GOOD, FEELS GOOD.

Choose from three ambient start-up sounds – your greeting when you power up your LEAF[®] with the push-button start. And when you take a look around, you'll find high-tech features you'd expect from a vehicle this innovative, like a Nissan Navigation System and Pandora.^{®1} Of course, you'll also find the essentials for comfort and ease, like an illuminated glove compartment, generous cup holders and smart storage throughout. A RearView Monitor, Bluetooth[®], iPod[®] connectivity, heated front and rear seats and a heated steering wheel come standard, too.^{2,3,4} Available black leather-appointed seats are a sleek touch to top it off.

choose from 3 unique start-up sounds
Press to Hear

Enjoy the amazing sound quality of an available energy-efficient Bose[®] audio system. Bose[®] came on board with a design that reduces energy usage by nearly 50%. This ultra-lightweight, compact, energy-saving speaker system custom-tuned for LEAF[®]'s interior acoustics delivers the concert hall sound for which Bose[®] is so well-known.

DID YOU KNOW THAT YOU DON'T HAVE TO SACRIFICE SPACE FOR EFFICIENCY?

In the LEAF,[®] you get double the trunk space of a Chevy Volt,[®] with nearly 24 cubic feet. That's up to five pieces of luggage or two golf bags, while still fitting your friends in back. Convenient 60/40 split folding rear seats can give you an additional six cubic feet of space, providing plenty of cargo options. Five doors and a roomy interior makes for easy coming, going, loading and unloading.¹

5 PIECES OF LUGGAGE

2 GOLF BAGS

1 FULL-SIZE ADULT BIKE

3 LARGE COOLERS

¹Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution. Chevy Volt[®] is a registered trademark of General Motors LLC.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn't it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a standard rearview camera that helps you see something behind you, or a system that helps ensure you're travelling on properly inflated tires.

Tire Pressure Monitoring System with Available Easy-Fill Tire Alert.^{1,2} Lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you've reached the correct pressure.

Available Around View® Monitor³

RearView Monitor⁴

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.⁵

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers. The battery is encased within a triple-protection structure system to help it stay intact.

6 STANDARD AIR BAGS*

Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat-belt and occupant-classification sensors*

Front seat-mounted side-impact supplemental air bags*

Roof-mounted curtain side-impact supplemental air bags*

LATCH System (Lower Anchors and Tethers for Children)

snuggly kids® Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

Click the button to see a short video on how Snug Kids® helps you find the right CRS for your Nissan. Or go to bit.ly/NissanSnugKids

¹Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ²Vehicle must be on for the Easy-Fill Tire Alert to operate. ³Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁵VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ⁶Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated air bags shown for illustration purposes only, actual coverage area may differ. Air bags deflate after deployment.

GENUINE NISSAN ACCESSORIES.

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan's 3-year/36,000-mile (whichever occurs first) limited warranty; and can be financed when installed by dealer at time of purchase.¹ See your Nissan dealer for more information on accessories, or go to parts.NissanUSA.com.

A. Holographic Kick Plates (2-piece set)

For a grand entry every time.

B. Rear Cargo Cover²

No one needs to know what's in there.

C. Center Console Appliqué

Because everyone needs something bright and sparkly.

D. All-Season Floor Mats³

Neither sleet, snow nor mud shall mess up your ride.

E. Clear Charging Port Protector

Keep your port in top condition, even with everyday charging.

F. Rear Bumper Protector

Scratches? What scratches?

G. Splash Guards

Avoid an unwelcome mud bath, nicks or scratches.

H. Cargo Organizer²

Indulge your inner neat freak.

Additional Accessories:

- Sorona® Carpeted Floor Mats⁴
- Cargo Net
- Carpeted Cargo Mat
- Nose Mask
- LEAF® Recycling and Shopping Bags
- And More

¹Covered by Nissan's Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. ²Cargo and load capacity limited by weight and distribution. Always secure all cargo. ³Image may not reflect actual product. ⁴Sorona® contains 37% annually renewable plant based ingredients by weight (28% bio-based carbon). ¹Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ²Required SiriusXM[®] Satellite Radio, NavTraffic[®] and NavWeather[®] subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic[®] available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2013 Sirius XM Radio Inc. Sirius[®], XM[®] and all related marks and logos are trademarks of Sirius XM Radio Inc. ³Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁵Availability of specific features is dependent upon the phone's Bluetooth[®] support. Please refer to your phone Owner's Manual for details. Bluetooth[®] word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. ⁶CARWINGS[®] requires compatible 2G GSM/GPRS cellular network provided by AT&T. 2G cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's control. AT&T has announced that on December 31, 2016, AT&T will terminate 2G network availability. Like other devices that rely on 2G network coverage, once the 2G network is terminated, CARWINGS[®] will not function unless equipment replacements, upgrades, or alternative 2G network coverage are available at that time, which Nissan cannot guarantee. Nissan not responsible for associated costs that may be required for continued CARWINGS[®] operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Certain remote functions require compatible smartphone, not included with vehicle. CARWINGS[®] subscription service requires owner consent to activate and may require purchase. See dealer for details. Standard text rates and/or data usage may apply to CARWINGS[®] communications received by email or SMS/text message. Terms and conditions of Subscription Agreement apply. ⁷Post-consumer recycled material will exceed 30%. ⁸Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. iPod[®] is a registered trademark of Apple, Inc. All rights reserved. iPod[®] not included. ⁹Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. ¹⁰VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ¹¹Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ¹²Vehicle must be on for the Easy-Fill Tire Alert to operate. Bose[®] is a registered trademark of The Bose Corporation. HomeLink[®] is a registered trademark of Johnson Controls Technology Company. Pandora[®] is a registered trademark of Pandora Media.

BUYING/OWNING

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus® For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus® This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF.® Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee.
