VS.

2014 model shown

### 2015 4Runner Limited 4WD

### 2015 Nissan Xterra® Pro-4X®

Aside from 4Runner, Nissan's Xterra® is one of the last few midsize SUVs with body-on-frame construction. With its solid off-road capability, NissanConnect audio system, and spacious cabin, Xterra® makes for stiff competition. However, 4Runner makes no sacrifice in comfort, including upscale amenities, new technology, a more refined cabin and better fuel economy ratings<sup>1</sup>. And for 2015, the new TRD Pro model takes off-road capability to the next level.

### Competitor Highlights

- Body-on-frame construction
- Available Bilstein® off-road performance shock absorbers
- Standard rear side bumper steps and roof rack with available attachable gear box
- Easy Clean® cargo area
- Available Utili-track® Cargo Channel System with four adjustable cleats
- Available NissanConnect with Navigation and Mobile Apps

### 4Runner Key Advantages & Accolades

**VALUE:** 4Runner comes standard with ToyotaCare's no-cost scheduled maintenance plan for two years or 25,000 miles, whichever comes first, and 2 years of roadside assistance. Plus, 4Runner is a KBB.com 2014 Best Resale Value Top 10<sup>2</sup> winner while Xterra® is not. 4Runner also received a better value rating from IntelliChoice<sup>3</sup> than Xterra®

**PERFORMANCE:** While 4Runner and Xterra® both feature 4.0L V6 engines and optional 5-speed automatic transmissions, 4Runner has 9 more horsepower than Xterra® and offers higher EPA-mpg ratings<sup>1</sup>. And while Xterra® lists a 5000-lb. towing capacity<sup>4</sup>, it's not SAE J2807-certified<sup>4</sup> like 4Runner, and it also doesn't include the convenience of a standard tow hitch and receiver

**COMFORT & CONVENIENCE:** Inside, 4Runner offers a sliding rear cargo deck and third row of seats for seven-passenger seating with more cargo space<sup>5</sup> than Xterra®

**TECHNOLOGY:** 4Runner comes standard with a 6.1-in. touch-screen, SiriusXM All Access Radio<sup>6</sup> with 3-month complimentary trial, HD Radio<sup>TM7</sup> and Bluetooth<sup>®8</sup> streaming audio. Satellite radio and streaming audio only come standard on S and Pro-4X grades and HD Radio<sup>TM7</sup> isn't available. Plus, NissanConnect with Navigation and Mobile Apps doesn't match the level of functionality of the Entune<sup>®</sup> App Suite, with the ability to order movie tickets or make dinner reservations via the head unit

**SAFETY:** 4Runner comes with eight standard airbags, including driver and front passenger knee airbags while Xterra® has six. Also, 4Runner Limited features front and rear parking sonar and Safety Connect<sup>®</sup> with emergency assistance, stolen vehicle locator, roadside assistance and automatic collision notification. Xterra® doesn't have anything comparable

Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with the new SAE J2807 method. 5. Cargo and load capacity limited by weight and distribution. 6. SiriusXM services require a subscription after 3-month trial period. Subscriptions governed by SiriusXM™ Customer Agreement available at SiriusXM.com. If you decide to continue your SiriusXM™ service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-866-635-2349 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 7. Based on 2014 model year study. 10. MSRP excludes the Delivery, Processing and Handling Fee of \$825 for cars, \$885 for Small/Medium Trucks (Sienna, RAV4, Highlander Gas, Highlander Hybrid, FJ Cruiser, 4Runner and Tacoma), \$925 for Large SUVs (Sequoia, Land Cruiser) and \$1100 for Large Trucks (Tundra). Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyota's charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyota's overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee. Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, FL, GA, NC, SC, AR, LA, MS, OK and TX will be higher. Actual dealer price will vary. 11. Manufacturer's Suggested Retail Price (MSRP) excludes \$885 destination and handling charge, tax, title, license and options. Dealer sets actual price. 12.
