

2015 Sienna XLE vs. 2015 Dodge Grand Caravan R/T

VS.

2015 Sienna XLE

2015 Dodge Grand Caravan R/T w/ Uconnect® 430N and Convenience Group

Dodge Grand Caravan is in its fifth generation and hasn't seen a remodel since 2011. The low price leader in the minivan segment, Grand Caravan starts as low as \$21,000 and stretches all the way up to \$30,000. However, at the low and mid trim levels, it has very few features and amenities that are often standard on other minivans. Known for its affordability and versatile Stow 'n Go® seating, Grand Caravan is practical, but little else.

Competitor Highlights

- Most affordable minivan in its class¹
- Impressive horsepower and towing capacity²
- Available Stow 'n Go® 2nd- and 3rd-row seats with 3rd-row tailgate seating
- Available Uconnect® with navigation and 1-year complimentary satellite radio
- Available dual-screen Blu-Ray™ and DVD Video Entertainment System (VES)

Sienna Key Advantages & Accolades

PERFORMANCE: The 2015 Sienna comes standard with front-wheel drive and offers available all-wheel drive, making it the only³ minivan to offer both drivelines

STYLING: The 2015 Sienna offers a more upscale and luxurious interior, with soft touch padding, chrome accents, touchscreen audio and contrast stitching available. In comparison, Dodge Grand Caravan is stark and lacks advanced audio technology until higher trim levels

COMFORT: Sienna offers more passenger capability and storage space, and adds the versatility of tip-up and long-slide second-row seating for easy ingress and egress to the third row. Plus, its 3-zone climate control features partial sync technology allowing driver, passenger front, and rear passengers to adjust temperatures independently

SAFETY: For 2015, Sienna includes four sets of LATCH anchors, and eight standard airbags⁴, while Grand Caravan has three sets of LATCH anchors and seven airbags⁴. Sienna offers more safety technology in upper trim levels, like Blind Spot Monitoring (BSM)⁵ with Rear Cross-Traffic Alert (RCTA)⁶ standard on Sienna XLE versus available on Dodge Grand Caravan R/T

VALUE: Sienna comes standard with ToyotaCare⁷ no-cost scheduled maintenance for two years or 25,000 miles, whichever comes first, and an "Excellent" value rating from IntelliChoice.com⁸. Grand Caravan doesn't offer complimentary maintenance and received a "Poor" rating from IntelliChoice⁸

REPUTATION: JD Power ranked Sienna the "Most Dependable Minivan" while Grand Caravan ranked fifth with 196 problems per vehicle, with multiple complaints related to transmission, brakes, and sliding doors⁹

2014 KBB.com Best Resale Value¹⁰

2015 NHTSA 5-Star Safety Rating¹¹

2014 Best Overall Value in its Class¹²

2015 IIHS Top Safety Pick Plus¹³

2015 Sienna XLE vs. 2015 Dodge Grand Caravan R/T

1. Comparison of base model MSRPs for 2015 Toyota Sienna, 2014 Honda Odyssey, 2014 Chrysler Town & Country, 2014 Nissan Quest, 2014 Dodge Grand Caravan and 2014 Kia Sedona models. Excludes dealer, processing and handling fees. Actual price will vary. 2. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with the new SAE J2807 method. 3. Based on manufacturers estimates. 4. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner's Manual for further information/warnings. 5. Do not rely exclusively on the blind-spot monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the monitor. For a complete list of limitations and directions regarding use of the monitor, please see the Owner's Manual. 6. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. To learn more, see Owner's Manual. 7. Covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska. 8. 2014 Sienna LE FWD and 2014 Dodge Grand Caravan R/T. IntelliChoice, www.IntelliChoice.com. 9. The Toyota Sienna received the lowest number of problems per 100 vehicles among midsize cars in the proprietary J.D. Power 2014 Vehicle Dependability StudiesSM. Study based on 41,688 original owners of 2011 model year vehicles after three years of ownership about problems experienced in the past 12 months. Proprietary study results are based on experiences and perceptions of consumers surveyed October-December 2013. Your experiences may vary. Visit jdpower.com. 10. Vehicle's projected resale value is specific to the 2014 model year. For more information, visit Kelley Blue Book's KBB.com.
